Independent Auditor's Report

Profit Sharing Trustees Committee
JRACK Holdings, Inc. Profit Sharing Plan
Franklin Park, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of JRACK Holdings, Inc. Profit Sharing Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements of JRACK Holdings, Inc. Profit Sharing Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of JRACK Holdings, Inc. Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about of JRACK Holdings, Inc. Profit Sharing Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of JRACK Holdings, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about JRACK Holdings, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter -Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JRACK Holdings, Inc. Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1: Description of the Plan

The following description of the JRACK Holdings, Inc. Profit Sharing Plan (Plan) provides only general information. Interested parties should refer to the Plan's Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed 401(k) plan covering eligible employees of Hill Mechanical Corp.; Hill Mechanical Services, Inc.; Hill Mechanical Operations, Inc.; Aero Testing & Balancing Systems, Inc.; Precision Control Systems, Inc. and Hill/Ahern Fire Protection, LLC (together, the Company). Employees are eligible to participate and receive a matching contribution upon completion of one month of service and attaining age 21. Employees are eligible for the discretionary profit sharing contribution after completing one year of service with 1,000 hours and attaining age 21. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Contributions

The Plan is funded by voluntary contributions of participants and discretionary matching contributions and profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions and Roth contributions, an amount subject to limitations imposed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company will make matching contributions equal to 100% of participant contributions up to 4% of eligible compensation. The Company made matching contributions of \$1,121,971 and \$1,108,103 to the Plan for the years ended December 31, 2022 and 2021, respectively. The Company made discretionary profit sharing contributions of \$1,596,921 and \$1,458,364 to the Plan for the years ended December 31, 2022 and 2021, respectively. The Board of Directors of the Company determines the amount of the profit sharing contribution for each plan year.

Investment Options

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's discretionary matching and profit sharing contributions, administrative expenses and plan earnings. The Company's discretionary profit sharing contribution is allocated to participants who are employed on the last day of the plan year on a pro rata basis among eligible participants in the Plan, based on the individual participant's eligible compensation as a percentage of total eligible compensation of all participants, as defined by the Plan. Plan earnings are allocated to

JRACK Holdings, Inc. Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes vested based on years of service. A participant is 20% vested after two years of credited service and 20% each year thereafter, becoming 100% vested after six years of credited service. In the event of death or disability, participants become fully vested. Effective September 1, 2016, Precision Control Systems, Inc. participants became 20% vested after one year of credited service, 20% each year thereafter, becoming 100% vested after five years of credited service.

Payment of Benefits

On termination of service, a participant may elect to receive a single lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time, or a direct rollover distribution. A participant is also entitled to withdraw any part of his or her vested balance resulting from rollover contributions at any time. Participants may also withdraw all or a portion of their vested account balances in the event they are still employed by the Company and have reached age 59½, the Plan's normal retirement age, 65 or when the participant reaches the age when minimum distributions are required.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by any outstanding loan balance. The participant must sign a promissory note for the loan. The participant may have only one loan outstanding at a time. The loan period cannot exceed five years unless the proceeds of the loan are used to purchase a primary residence for which the loan period shall not exceed ten years. Loans bear interest at rates commensurate with current interest rates used by the lending industry. The interest rates for the outstanding loans range from 4.25% to 8.00% at December 31, 2022.

Forfeitures

The nonvested account of a participant shall be forfeited as of the date the participant has ceased to be an employee. Forfeitures are first applied to plan expenses which would otherwise be paid by the employer, and any remaining amounts will be allocated to reduce future employer contributions payable under the Plan.

At December 31, 2022 and 2021, there were \$352,751 and \$194,239, respectively, of unallocated forfeitures available for future use. Forfeitures of \$16,805 and \$18,100 were used to reduce

administrative fees during 2022 and 2021, respectively. In 2022 and 2021, no forfeiture amounts were used to reduce employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments in shares of registered investment companies fund are stated at fair value. The money market fund is based on cost, which approximates fair value. The common or collective trust fund is valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability.

Purchases and sales of securities are reflected on a trade-date basis. The realized gains or losses on the sale of securities are based on average cost. Income from investments is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes to Financial Statements

December 31, 2022 and 2021

Administrative Expenses

Certain expenses of administering and operating the Plan are paid by the Company. The Plan pays certain administrative expenses and transaction costs related to withdrawals, notes receivable from participants and investment fees. Investment fees are included in net appreciation (depreciation) in fair value of investments.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Note 3: Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021
- Investment income (loss) components and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021
- Investment information and notes receivable from participants included in the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 4: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

JRACK Holdings, Inc. Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level or any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The fair value of the Plan's money market fund is based on cost which approximates fair value (Level 1).

The fair value of shares of registered investment companies is determined by obtaining quoted market prices on nationally recognized securities exchanges (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Notes to Financial Statements

December 31, 2022 and 2021

Note 5: Income Tax Status

The Plan operates under a non-standardized pre-approved profit sharing plan with CODA sponsored by FMR LLC. This prototype plan document has been filed with the appropriate agency and the sponsor has obtained an opinion letter dated June 30, 2020, from the Internal Revenue Service stating that the non-standardized plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

Note 7: Party-in-Interest Transactions

Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Administrative expenses for investment management services paid by the Plan during 2022 and 2021 were \$41,865 and \$40,209, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 8: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:
