INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Advisory
Committee and Plan Participants
ACH Food Companies, Inc. Employees' Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of ACH Food Companies, Inc. Thrift Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statements of net assets in liquidation available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets in liquidation available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Assets Held at end of year and Schedule of Reportable Transactions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ACH FOOD COMPANIES, INC. EMPLOYEES' PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the ACH Food Companies, Inc. Employees' Pension Plan (the "Plan") provides only general information regarding the Plan. ACH Food Companies, Inc. is the Plan's sponsor ("Plan Sponsor", "Company" and the "Employer"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions, copies of which are available from the Plan Sponsor.

General and Eligibility. The Plan is a noncontributory, defined benefit pension plan covering all union employees of the Company that are members of one of the following bargaining units:

- International Association of Machinists and Aerospace Workers, District 8;
- United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union ("USW") which shall include the Paper, Allied-Industrial, Chemical and Energy Worker's International Union Local 7-507, which was merged into USW on April 15, 2005;
- National Conference of Firemen and Oilers Local No. 35;
- International Union of Operating Engineers, Local No. 18S; or
- Employees represented for collective bargaining purposes by Teamsters Local 238 Affiliated with the International Brotherhood of Teamsters (Tone Brothers, Inc. Bargained) participate after twelve (12) months following their date-of-hire and 1,000 hours of service; or that were employees of Tone Brothers, Inc. ("TBI") as of the date of acquisition, and were not represented by a collectively bargained agreement.

Plan Termination. Effective September 30, 2021, the Plan was amended to terminate the Plan. All remaining Plan liabilities were satisfied in 2023.

The net assets of the Plan will be allocated, as prescribed by the Employee Retirement Income Security Act of 1974 ("ERISA") and its related regulations, generally to provide the following benefits in the order indicated:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan.
- b. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under the Plan provisions in effect at any time during the five years preceding Plan termination.
- c. Other vested benefits insured by the Pension Benefit Guaranty Corporation's ("PBGC") up to the applicable limitations discussed below.
- d. All other vested benefits that are not insured by the PBGC.
- e. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC upon termination. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Whether all participants receive their benefits upon disbursement of assets will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

In the event that the Plan's net assets at the time of disbursement are in excess of those required to provide all accrued benefits, such excess shall revert to the Company.

Contributions. The Company's funding policy is to make Employer contributions to the Plan in amounts sufficient to fund the Plan's estimated costs and any additional amounts deemed necessary by the Plan's actuary. This funding method and the related actuarial assumptions have been designed to provide sufficient funds to pay benefits as they become payable under the Plan. The Plan has met the minimum funding requirements of ERISA.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Plan Benefits. Information about the Plan agreement, the vesting and benefit provisions, and the PBGC benefit guaranty is contained in the Summary Plan Description ("SPD"). Copies of the SPD are available from the Plan administrator.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates and Assumptions. The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained, and as the operating environment changes.

Investment Valuation and Income Recognition. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between willing market participants as of the measurement date. The Plan's Retirement Plan Advisory Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Regions Institutional Trust (the "Trustee"), a qualified institution pursuant to ERISA. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions. The Plan is to be funded solely by contributions made by the Plan Sponsor. Each year the Plan Sponsor will contribute such amounts as are actuarially determined to be necessary to provide for the benefits under the Plan. The Plan has met the ERISA minimum funding requirements.

See Note 9 for discussion of Plan termination.

Plan Expenses. The Plan Sponsor has absorbed a portion of the Plan's operating expenses.

Benefit Payments. Benefits are recorded when paid.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE

Under the method permitted by United States Department of Labor regulations, the Plan has included certain data in the financial statements and supplemental schedules which are based upon information certified by the Trustee as of and for the years ended December 31, 2022 and 2021, as complete and accurate. Such data includes investments, cash, interest and dividend income, net depreciation in fair value investments, and reportable transactions involving investments.

ACH FOOD COMPANIES, INC. EMPLOYEES' PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated Plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable to the earnings of and years of service rendered by participant employees under the Plan's provisions. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated vested employees or their beneficiaries, (b) beneficiaries of vested employees who have died, and (c) present employees or their beneficiaries.

The actuarial present value of accumulated Plan benefits is determined by the Plan's actuary and represents the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits earned by participants to reflect the time value of money (through discounts for interest), and the probability of payment of benefits (by means of reductions such as for death, disability, withdrawal, or retirement), between the valuation date and the expected date of payment.

The change in the actuarial present value of accumulated Plan benefits was as follows for the period ended December 31, 2022:

	<u>Amount</u>
Balance at beginning of period	\$ 7,776,750
Increase (decrease) during the period attributable to:	
Actuarial losses	422,080
Decrease in the discount period	29,990
Benefits paid	(558,287)
Settlement payments	<u>(7,670,533)</u>
Balance at end of period	<u>\$ -</u>

There was no actuarial present value of accumulated Plan benefits computed on the liquidation basis as of December 31, 2022. The statement of net assets in liquidation as of December 31, 2022 includes accrued expenses to be incurred through the end of liquidation of \$97,311. Accrued interest expected to be earned in liquidation is insignificant.

NOTE 5 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1.** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(Continued)

ACH FOOD COMPANIES, INC. EMPLOYEES' PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 – FAIR VALUE MEASUREMENTS (Concluded)

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Common Stocks. Valued at the closing price reported in the active market in which the individual securities are traded.

Mutual Funds. Valued at the closing price reported on the active market in which the mutual funds are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 97,311	\$ -	\$ -	\$ 97,311
Total investment assets at fair value	\$ 97,311	\$ -	\$ -	\$ 97,311
Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,692,929	\$ -	\$ -	\$ 7,692,929
Interest-bearing cash	69,598	-	-	69,598
Total investment assets at fair value	\$ 7,762,527	\$ -	\$ -	\$ 7,762,527

ACH FOOD COMPANIES, INC. EMPLOYEES' PENSION PLAN**NOTES TO THE FINANCIAL STATEMENTS****NOTE 6 – RELATED-PARTY TRANSACTIONS**

The Plan's investments in interest-bearing cash, U.S. government securities, corporate bonds, common stocks, preferred stocks, and mutual funds are managed by the Trustee through various managers and advisors and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services amounted to \$-0- and \$51,082 for the years ended December 31, 2022 and 2021, respectively.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the accompanying statements of net assets in liquidation available for benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts disclosed in the financial statements.

NOTE 8 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 9, 2022 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. This determination applies to the proposed terminated date of September 30, 2021.

NOTE 9 – OTHER MATTERS

Effective October 31, 2002, no additional benefits were to be accrued on behalf of those participating as of that date. Benefits for former employees of TBI were frozen on June 30, 2005, the date of acquisition. TBI employees represented by Local 238 of the International Brotherhood of Teamsters no longer continue to accrue benefits.

Effective September 30, 2021, the Plan was amended to terminate the Plan. In 2022, all participant-owned assets were disbursed to participants or transferred to the succeeding insurance company at each participant's election. An annuity contract was purchased with the insurance company in the participants' names to fund future benefits. The Company remains in the process of settling remaining Plan liabilities using residual asset balances as of the date the accompanying financial statements were available to be issued.

NOTE 10 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2022 through October 4, 2023, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period that have not been disclosed in the notes to the financial statements.
