Independent Auditor's Report

To the Employee Benefits Fiduciary Committee and Plan Participants
Navient 401(k) Savings Plan

Opinion

We have audited the financial statements of Navient 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Plan Description

General

Navient 401(k) Savings Plan (the "Plan") is a defined contribution plan established for the benefit of certain eligible employees of Navient Corporation (the "Company") and its participating subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The following description of the Plan provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

The Plan covers substantially all employees of the Company and its participating subsidiaries. Eligible employees may participate in the Plan after one month of service. Effective June 1, 2021 the Plan eligibility was amended to include temporary employees who have worked at least 1,000 hours of service in an initial twelve-month period or thereafter, measured as of January 1st.

Fidelity Management Trust Company ("Fidelity") is the Plan Trustee. An affiliate of Fidelity, Fidelity Investments Institutional Operations Company, Inc. ("FIIOC"), serves as recordkeeper.

Contributions and vesting

Participants are eligible to contribute from 1 to 75 percent of their eligible compensation to the Plan, in increments of whole percentages, up to the Internal Revenue Service ("IRS") annual maximum limits. The Plan allows participants who will attain age 50 in the current Plan year to make catch-up contributions into the Plan up to the IRS maximum. The Plan has a qualified automatic contribution arrangement ("QACA") in which eligible employees are automatically enrolled to contribute three percent of their eligible compensation each pay period. This contribution amount automatically increases each year by one percent of eligible compensation, up to a maximum employee contribution equal to 10% of eligible compensation. Participants have the ability to opt out of automatic enrollments and automatic increases. Participants may also contribute amounts into the Plan from other qualified employer plans in which they had previously participated. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective August 2, 2021 Participants are restricted from directing more than 20% of their future contributions into the Navient Stock Fund. In addition, Participants will be restricted from directing more than 20% of their existing aggregate account balance to the Navient Stock Fund.

The Company makes a QACA safe harbor matching contribution on behalf of each participant after the participant has accrued six months of service. This matching contribution is 100 percent of employee contributions (i.e., a dollar-for-dollar match) up to the first five percent of a participant's compensation. These matching contributions and related earnings vest after one year of service. Participants also direct the investments of Company contributions.

Participants forfeit their right to Company contributions that are unvested at the time of their termination of service. During 2021, Company contributions were reduced by $48,547 from previously forfeited non-vested accounts. Unused forfeitures at December 31, 2021 and 2020 totaled $4,944 and $6,183, respectively, which will be used to offset future Company contributions.

The Plan also allows the Company to make a discretionary profit sharing contribution, whereby the Company determines the amount of net profits, if any, to contribute to the Plan. The Company did not make any profit sharing contributions for the year ended December 31, 2021.

Notes receivable from participants
Participants may generally borrow up to 50 percent of their vested benefit to a maximum of $50,000. Participants may have no more than two loans outstanding at any time. The term of a loan will be three or five years, at the election of the participant, except for a loan to purchase the participant's principal residence, which can be repaid over 20 years. Loans are secured by the participant's account balance, bear interest at the prime rate established by the Federal Reserve and are repaid biweekly through automatic payroll deductions. In addition, participants may repay all or a portion (in $500 increments) of such loans at any time. Loans allowable under the Plan, collateralized by participant account balances, are due in varying installments through 2036, with interest rates ranging from 3.25% to 9%.

Investment elections
The Plan offers a variety of investment options, including various registered investment companies, a unitized employer stock fund and a common collective trust fund. In addition, participants have the option to direct investments through a self-directed brokerage account. Under the self-directed brokerage account, participants may direct investments in many eligible security types other than Company stock or other investments offered by Fidelity within the Plan. If a participant does not make an investment election, contributions are made to a qualified default investment. The qualified default investment is the Fidelity Freedom Fund, based on the participant's date of birth and year in which the participant attains age 65.

Participant accounts
Each participant's account is credited with the participant's and the Company's contributions and their portion of the Plan's earnings (losses). Plan earnings (losses) are allocated based on the participant's designated investments of their account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits
Participants may withdraw funds from their account upon retirement, disability, separation from employment, attainment of age 59-1/2, and certain other times as specified in the Plan document. Distributions shall be made in a lump sum in cash, in the Company's common stock, or a combination thereof, reduced by the outstanding balance of any loans not repaid by the participant.

Administrative expenses
Participants pay fees relating to participant's loans and withdrawals. Additionally, participants may pay for commissions associated with common stock purchases and sales and short-term transaction fees in certain funds when participants trade in and out of the funds within the time restriction specified for such funds. Participant costs, including investment management fees charged by the respective funds, are charged directly to the participant's account and are reflected in the statement of changes in net assets available for benefits. The Company bears the remaining cost of Plan administration.

Plan administration
The Navient Corporation Employee Benefits Fiduciary Committee administers the Plan and is responsible for development of Plan investment policies and guidelines. Officers and Directors of the Company or its subsidiaries presently serve as Committee members. The Plan did not pay the Company, its subsidiaries or the Committee members for their services.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Fair value measurements

Financial Accounting Standards Board's ("FASB") Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820"), defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 specifies a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. Classification is based on the lowest level of input that is significant to the fair value of the instrument. The three levels are as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. The types of financial instruments included in Level 1 are highly liquid instruments with quoted prices.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Pricing inputs significant to the valuation are unobservable. Inputs are developed based on the best information available; however, significant judgment is required by management in developing the inputs.

The related disclosures are in Note 3.

Investment valuation and income recognition

Investments held by the Plan at December 31, 2021 consist of various registered investment companies, a unitized employer stock fund, a common collective trust fund ("CCT"), and a self-directed brokerage option. Common stock, securities and brokerage account investments traded on national securities exchanges are carried at fair value based on the closing price on the last business day of the year. The fair value of registered investment companies is determined based on quoted market prices, which represents the net asset value ("NAV") for shares held at year-end. The unit value of the Navient Stock Fund is based on the closing price of the Company's stock and the value of the money market component on the last business day of the Plan year. The Company's stock is listed and traded on the NASDAQ Global Select Market. Investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and asked prices. Investments in CCTs are valued at the NAV of units of a collective trust. The NAV, as provided by the CCT managers, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Dividend income is recorded on the ex-dividend date. Interest earned on investments is recorded on the accrual basis. Purchases and sales of securities are recorded on the trade date.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions
Contributions made by employees electing to participate in the Plan under salary reduction agreements or by automatic enrollment and Company contributions are recorded when payable into the Plan.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties
The Plan provides for various investment options. Such investments are subject to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term, including a decrease in value, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The 2019 novel coronavirus (or COVID-19) was declared a pandemic by the World Health Organization on March 11, 2020. Following the COVID-19 outbreak, the values of investment securities have been subject to significant volatility. Economic and market conditions and other factors of the COVID-19 outbreak may continue to impact the Plan. The extent of the impact of the COVID-19 outbreak on the Plan's investments cannot be predicted at this time.

Benefit payments
Benefits are recorded when paid.

3. Fair Value Measurements

The fair value of Plan investments at December 31, 2021 and 2020 are shown in the tables below.

		Based on		
	Fair Value at December 31, 2021	Quoted prices in active markets (Level 1)	Other observable inputs (Level 2)	Unobservable inputs (Level 3)
Mutual Funds	$ 759,802,817	$ 759,802,817	$ -	$ -
Navient Stock Fund	14,125,528	-	14,125,528	-
Self-directed brokerage account	29,872,504	29,872,504	-	-
Total Investments at Fair Value	803,800,849	$ 789,675,321	$ 14,125,528	$ -
Investments measured at NAV (a)	7,042,562			
Total Investments	$ 810,843,411			

		Based on		
	Fair Value at December 31, 2020	Quoted prices in active markets (Level 1)	Other observable inputs (Level 2)	Unobservable inputs (Level 3)
Mutual Funds	$ 670,610,924	$ 670,610,924	$ -	$ -
Navient Stock Fund	6,753,993	-	6,753,993	-
Self-directed brokerage account	27,504,372	27,504,372	-	-
Total Investments at Fair Value	704,869,289	$ 698,115,296	$ 6,753,993	$ -
Investments measured at NAV (a)	5,944,326			
Total Investments	$ 710,813,615			

(a) In accordance with Subtopic 820-10, investments in common collective trusts that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. There are no participant redemptions restrictions for these investments; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the Internal Revenue Code ("IRC"). In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

5. Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and therefore these transactions qualify as party-in-interest transactions. The Plan also earns "revenue credits" from Fidelity based on certain investments of the Plan. During 2021, $143,490 was earned, net of fees paid to Fidelity, and included in other income on the statement of changes in net assets available for benefits. These fee credits are allocated to participants who invested in the Plan investments that earned the fee credits.

Additionally, the Plan has investments in the Navient Stock Fund comprised principally of Navient Corporation common stock. At December 31, 2021 and 2020, the Plan held 850,642 and 873,186 units, respectively, valued at $14,125,528 and $6,753,993, respectively. During 2020, 137,296 units in the amount of $1,838,215 were purchased and 159,841 units in the amount of $2,087,840 were sold related to the Navient Stock Fund. Such transactions qualify as party-in-interest transactions, as Navient Corporation is the Plan's sponsor. During 2021, the Plan recorded dividend income in the amount of $421,461 from participants' investments in the Navient Stock Fund.

6. Income Tax Status

The IRS has determined and informed the Company by a letter dated August 10, 2016, that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan and related trust are operating in accordance with the IRC and are qualified under Section 401(a) of the IRC. Accordingly, no provision for income taxes has been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions for years since inception; however, there are currently no audits for any tax periods in progress.

7. Subsequent Events

Management has evaluated subsequent events through June 29, 2022, the date the financial statements were issued.

Independent Auditor's Report

To the Employee Benefits Fiduciary Committee and Plan Participants
Navient 401(k) Savings Plan

Opinion

We have audited the financial statements of Navient 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Plan Description

General

Navient 401(k) Savings Plan (the "Plan") is a defined contribution plan established for the benefit of certain eligible employees of Navient Corporation (the "Company") and its participating subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The following description of the Plan provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

The Plan covers substantially all employees of the Company and its participating subsidiaries. Eligible employees may participate in the Plan after one month of service. Effective June 1, 2021 the Plan eligibility was amended to include temporary employees who have worked at least 1,000 hours of service in an initial twelve-month period or thereafter, measured as of January 1st.

Fidelity Management Trust Company ("Fidelity") is the Plan Trustee. An affiliate of Fidelity, Fidelity Investments Institutional Operations Company, Inc. ("FIIOC"), serves as recordkeeper.

Contributions and vesting

Participants are eligible to contribute from 1 to 75 percent of their eligible compensation to the Plan, in increments of whole percentages, up to the Internal Revenue Service ("IRS") annual maximum limits. The Plan allows participants who will attain age 50 in the current Plan year to make catch-up contributions into the Plan up to the IRS maximum. The Plan has a qualified automatic contribution arrangement ("QACA") in which eligible employees are automatically enrolled to contribute three percent of their eligible compensation each pay period. This contribution amount automatically increases each year by one percent of eligible compensation, up to a maximum employee contribution equal to 10% of eligible compensation. Participants have the ability to opt out of automatic enrollments and automatic increases. Participants may also contribute amounts into the Plan from other qualified employer plans in which they had previously participated. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective August 2, 2021 Participants are restricted from directing more than 20% of their future contributions into the Navient Stock Fund. In addition, Participants will be restricted from directing more than 20% of their existing aggregate account balance to the Navient Stock Fund.

The Company makes a QACA safe harbor matching contribution on behalf of each participant after the participant has accrued six months of service. This matching contribution is 100 percent of employee contributions (i.e., a dollar-for-dollar match) up to the first five percent of a participant's compensation. These matching contributions and related earnings vest after one year of service. Participants also direct the investments of Company contributions.

Participants forfeit their right to Company contributions that are unvested at the time of their termination of service. During 2021, Company contributions were reduced by $48,547 from previously forfeited non-vested accounts. Unused forfeitures at December 31, 2021 and 2020 totaled $4,944 and $6,183, respectively, which will be used to offset future Company contributions.

The Plan also allows the Company to make a discretionary profit sharing contribution, whereby the Company determines the amount of net profits, if any, to contribute to the Plan. The Company did not make any profit sharing contributions for the year ended December 31, 2021.

Notes receivable from participants
Participants may generally borrow up to 50 percent of their vested benefit to a maximum of $50,000. Participants may have no more than two loans outstanding at any time. The term of a loan will be three or five years, at the election of the participant, except for a loan to purchase the participant's principal residence, which can be repaid over 20 years. Loans are secured by the participant's account balance, bear interest at the prime rate established by the Federal Reserve and are repaid biweekly through automatic payroll deductions. In addition, participants may repay all or a portion (in $500 increments) of such loans at any time. Loans allowable under the Plan, collateralized by participant account balances, are due in varying installments through 2036, with interest rates ranging from 3.25% to 9%.

Investment elections
The Plan offers a variety of investment options, including various registered investment companies, a unitized employer stock fund and a common collective trust fund. In addition, participants have the option to direct investments through a self-directed brokerage account. Under the self-directed brokerage account, participants may direct investments in many eligible security types other than Company stock or other investments offered by Fidelity within the Plan. If a participant does not make an investment election, contributions are made to a qualified default investment. The qualified default investment is the Fidelity Freedom Fund, based on the participant's date of birth and year in which the participant attains age 65.

Participant accounts
Each participant's account is credited with the participant's and the Company's contributions and their portion of the Plan's earnings (losses). Plan earnings (losses) are allocated based on the participant's designated investments of their account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits
Participants may withdraw funds from their account upon retirement, disability, separation from employment, attainment of age 59-1/2, and certain other times as specified in the Plan document. Distributions shall be made in a lump sum in cash, in the Company's common stock, or a combination thereof, reduced by the outstanding balance of any loans not repaid by the participant.

Administrative expenses
Participants pay fees relating to participant's loans and withdrawals. Additionally, participants may pay for commissions associated with common stock purchases and sales and short-term transaction fees in certain funds when participants trade in and out of the funds within the time restriction specified for such funds. Participant costs, including investment management fees charged by the respective funds, are charged directly to the participant's account and are reflected in the statement of changes in net assets available for benefits. The Company bears the remaining cost of Plan administration.

Plan administration
The Navient Corporation Employee Benefits Fiduciary Committee administers the Plan and is responsible for development of Plan investment policies and guidelines. Officers and Directors of the Company or its subsidiaries presently serve as Committee members. The Plan did not pay the Company, its subsidiaries or the Committee members for their services.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Fair value measurements

Financial Accounting Standards Board's ("FASB") Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820"), defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 specifies a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. Classification is based on the lowest level of input that is significant to the fair value of the instrument. The three levels are as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. The types of financial instruments included in Level 1 are highly liquid instruments with quoted prices.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Pricing inputs significant to the valuation are unobservable. Inputs are developed based on the best information available; however, significant judgment is required by management in developing the inputs.

The related disclosures are in Note 3.

Investment valuation and income recognition

Investments held by the Plan at December 31, 2021 consist of various registered investment companies, a unitized employer stock fund, a common collective trust fund ("CCT"), and a self-directed brokerage option. Common stock, securities and brokerage account investments traded on national securities exchanges are carried at fair value based on the closing price on the last business day of the year. The fair value of registered investment companies is determined based on quoted market prices, which represents the net asset value ("NAV") for shares held at year-end. The unit value of the Navient Stock Fund is based on the closing price of the Company's stock and the value of the money market component on the last business day of the Plan year. The Company's stock is listed and traded on the NASDAQ Global Select Market. Investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and asked prices. Investments in CCTs are valued at the NAV of units of a collective trust. The NAV, as provided by the CCT managers, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Dividend income is recorded on the ex-dividend date. Interest earned on investments is recorded on the accrual basis. Purchases and sales of securities are recorded on the trade date.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions
Contributions made by employees electing to participate in the Plan under salary reduction agreements or by automatic enrollment and Company contributions are recorded when payable into the Plan.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties
The Plan provides for various investment options. Such investments are subject to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term, including a decrease in value, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The 2019 novel coronavirus (or COVID-19) was declared a pandemic by the World Health Organization on March 11, 2020. Following the COVID-19 outbreak, the values of investment securities have been subject to significant volatility. Economic and market conditions and other factors of the COVID-19 outbreak may continue to impact the Plan. The extent of the impact of the COVID-19 outbreak on the Plan's investments cannot be predicted at this time.

Benefit payments
Benefits are recorded when paid.

3. Fair Value Measurements

The fair value of Plan investments at December 31, 2021 and 2020 are shown in the tables below.

		Based on		
	Fair Value at December 31, 2021	Quoted prices in active markets (Level 1)	Other observable inputs (Level 2)	Unobservable inputs (Level 3)
Mutual Funds	$ 759,802,817	$ 759,802,817	$ -	$ -
Navient Stock Fund	14,125,528	-	14,125,528	-
Self-directed brokerage account	29,872,504	29,872,504	-	-
Total Investments at Fair Value	803,800,849	$ 789,675,321	$ 14,125,528	$ -
Investments measured at NAV (a)	7,042,562			
Total Investments	$ 810,843,411			

		Based on		
	Fair Value at December 31, 2020	Quoted prices in active markets (Level 1)	Other observable inputs (Level 2)	Unobservable inputs (Level 3)
Mutual Funds	$ 670,610,924	$ 670,610,924	$ -	$ -
Navient Stock Fund	6,753,993	-	6,753,993	-
Self-directed brokerage account	27,504,372	27,504,372	-	-
Total Investments at Fair Value	704,869,289	$ 698,115,296	$ 6,753,993	$ -
Investments measured at NAV (a)	5,944,326			
Total Investments	$ 710,813,615			

(a) In accordance with Subtopic 820-10, investments in common collective trusts that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. There are no participant redemptions restrictions for these investments; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the Internal Revenue Code ("IRC"). In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

5. Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and therefore these transactions qualify as party-in-interest transactions. The Plan also earns "revenue credits" from Fidelity based on certain investments of the Plan. During 2021, $143,490 was earned, net of fees paid to Fidelity, and included in other income on the statement of changes in net assets available for benefits. These fee credits are allocated to participants who invested in the Plan investments that earned the fee credits.

Additionally, the Plan has investments in the Navient Stock Fund comprised principally of Navient Corporation common stock. At December 31, 2021 and 2020, the Plan held 850,642 and 873,186 units, respectively, valued at $14,125,528 and $6,753,993, respectively. During 2020, 137,296 units in the amount of $1,838,215 were purchased and 159,841 units in the amount of $2,087,840 were sold related to the Navient Stock Fund. Such transactions qualify as party-in-interest transactions, as Navient Corporation is the Plan's sponsor. During 2021, the Plan recorded dividend income in the amount of $421,461 from participants' investments in the Navient Stock Fund.

6. Income Tax Status

The IRS has determined and informed the Company by a letter dated August 10, 2016, that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan and related trust are operating in accordance with the IRC and are qualified under Section 401(a) of the IRC. Accordingly, no provision for income taxes has been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions for years since inception; however, there are currently no audits for any tax periods in progress.

7. Subsequent Events

Management has evaluated subsequent events through June 29, 2022, the date the financial statements were issued.
