Independent Auditor's Report

Board of Trustees
The Benjamin Rose Institute 401(k) Plan
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Benjamin Rose Institute 401(k) Plan (formerly The Benjamin Rose Institute Defined Contribution Retirement Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Benjamin Rose Institute 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Benjamin Rose Institute 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Benjamin Rose Institute 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Benjamin Rose Institute 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Benjamin Rose Institute 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

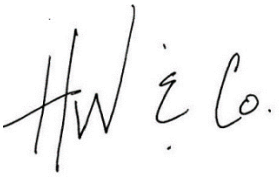

Supplemental Schedule Required by ERISA

The supplemental schedule on page 14 as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE BENJAMIN ROSE INSTITUTE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022 AND 2021

1. Description of the Plan:

General:

The following description of The Benjamin Rose Institute 401(k) Plan (formerly The Benjamin Rose Institute Defined Contribution Retirement Plan) (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Effective January 1, 2022, the Plan was amended and restated as the Benjamin Rose Institute 401(k) Plan and plan assets were transferred to Matrix Trust Company (Matrix) during January 2022. The amended and restated Plan is a fully participant-directed 401(k) Plan which covers eligible employees of The Benjamin Rose Institute (the "Institute" and "Plan Sponsor") who are at least twenty-one years of age.

Prior to January 1, 2022 the Plan was a defined contribution, money purchase plan which provided pension benefits to the employees of the Institute who met the eligibility requirements of service, except if the position was specifically excluded by the plan document. Employees were eligible to become participants upon the attainment of one year of service and age twenty-one.

The Plan is subject to and is in compliance with the funding requirements established by the Employee Retirement Income Security Act of 1974 (ERISA). The Institute's Board of Trustees is responsible for oversight of the Plan. The Board of Trustees determines the appropriateness of the Plan's investments and monitors investment performance.

There were law and operational changes impacting plans due to the passing of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). The Plan adopted the distribution provision of the CARES Act that allows participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. These optional provisions from the recent law changes adopted by the Plan will require written amendments by December 31, 2025 in accordance with applicable law and IRS guidance.

Contributions:

Effective January 1, 2022, the Plan was amended to allow employees deferral options, and provide employer safe harbor nonelective contributions and employer matching contributions. Participants may elect to contribute into the Plan up to the amount set by the Internal Revenue Service on a pre-tax or post-tax (Roth) basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby eligible employees are automatically enrolled in the Plan at 2% of eligible compensation unless they affirmatively elect not to participate in the Plan. These contributions are invested in the American Funds Target Date Retirement Fund until changed by the participant. The Plan does not include any escalation provisions for these contributions.

Participants are eligible after attaining one year of service for employer contributions, which include safe harbor nonelective contributions and matching contributions. Safe harbor nonelective contributions are made equal to 3% of eligible compensation and totaled $139,474 during 2022. Employer matching contributions are made equal to 100% of the first 2% of compensation deferred by participants and totaled $88,575 during 2022.

1. Description of the Plan (continued):

Contributions (continued):

During 2021 the Plan provided that the Institute make an annual contribution to the Plan in an amount equal to 5% of the participant's eligible compensation. In order to receive an allocation of the contribution, the eligible employee must have been employed on the last day of the year or attain age 65 (normal retirement age), become disabled or was deceased during the year. Employer contributions made to the Plan totaled $285,781 for 2021.

Participant accounts:

Each participant's account is credited with employer and participant contributions. Each participant's account is charged with an allocation of Plan gains/losses and administrative expenses. Allocations are based on participant compensation, earnings and account balances, as defined.

During 2021, participant accounts were credited with an allocation of (a) the annual contributions (if eligible) and (b) daily Plan earnings. In order to perform daily valuations, Newport Trust Company (Newport), the trustee of the Plan during 2021, unitized the Plan's investments into a single investment. Unitization is a similar method of accounting used by mutual funds.

Vesting:

Participants are immediately vested in their rollover contributions and related earnings thereon. The employer contributions within participant accounts become 100% vested after three years of credited service.

Forfeitures of nonvested accounts are retained in the Plan and used to offset administrative expenses or reduce future employer contributions. During 2022, forfeitures of $58,490 were used to reduced employer contributions. Unallocated forfeitures amounted to $43 and $47,921 at December 31, 2022 and 2021, respectively.

Payment of benefits:

Participants may elect to withdraw all or a specified portion of their contributions prior to their termination of employment subject to certain restrictions under the Plan. Participants who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs. A participant may not receive an in-service distribution unless the participant is 100% vested in their account. Once participants attain age 59½, they may also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement or death and will be distributed in a single lump sum.

Benefits are recorded when paid.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Notes receivable from participants:

Effective January 1, 2022, the Plan permits participants considered active employees with a minimum vested account balance of $2,000 to borrow from their accounts. The minimum note is $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested account balance. Repayment of a note must be made over a period not to exceed five years, unless the note is used to purchase a principal residence, in which case the note must be repaid over a period not to exceed fifteen years. The notes are secured by the balance in the participant's account and bear interest at the prime rate published in the Wall Street Journal on the first business day of the month the note is originated. The interest rate is fixed for the life of the note. The notes bear interest ranging from 3.25% to 6.25% at December 31, 2022.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022. If a participant ceases to make note payments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Investment valuation and income recognition:

The Plan's investments are recorded at fair value, which is determined by quoted market prices at December 31, 2022 and 2021. These amount were provided by Matrix at December 31, 2022 and Newport at December 31, 2021, the trustees of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

Assets held in mutual fund accounts reflect unrealized appreciation or depreciation based on the change of the unit value, as provided by Matrix and Newport.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Investments:

The following table presents the fair value of investments at December 31, 2022 and 2021:

	Fair Value	
	2022	2021
Investments, at fair value:		
Mutual funds	$ 5,015,635	$ 2,265,329
Common stock		1,963,108
Corporate bonds		659,777
Money market fund	20	205,144
Common collective trusts	39,581	47,921
Total investments	$ 5,055,236	$ 5,141,279

All investments of the Plan were participant directed at December 31, 2022 and nonparticipant directed at December 31, 2021, and for the years then ended.

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. Fair value (continued):

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies utilized at December 31, 2022 and 2021.

- *Money market fund* – Valued based on face value which estimates fair value (Level 1 & 2). Money market fund held at December 31, 2022 are deemed to be actively traded.
- *Common stock* – Valued at the closing price reported on the active market on which the individual securities traded (Level 1).
- *Corporate bonds* – Valued at quoted market prices for similar assets in active markets (Level 2).
- *Mutual funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price (Level 1 & 2). Mutual funds held at December 31, 2022 are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2022 and 2021:

	2022			2021		
	Total	Level 1	Level 2	Total	Level 1	Level 2
Mutual funds	$5,015,635	$5,015,635	$	$2,265,329		$2,265,329
Common stock				1,963,108	$1,963,108	
Corporate bonds				659,777		659,777
Money market fund	20	20		205,144		205,144
Total assets in the fair value hierarchy	5,015,655	5,015,655		5,093,358	1,963,108	3,130,250
Investments measured at NAV	39,581			47,921		
Investments at fair value	$5,055,236	$5,015,655	$	$5,141,279	$1,963,108	$3,130,250

The plan did not hold any Level 3 assets during the years.

4. Fair value (continued):

Investments measured using the NAV per share practical expedient:

Investments measured at NAV are part of collective trust funds that are composed of a stable value funds that primarily invests in investment contracts and security-backed contracts issued by insurance companies and other financial institutions and common collective trust funds. The collective trust funds are valued at the NAV of units of the collective trust funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. If the Plan initiates a full redemption of the stable value collective trust funds, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice.

The following table presents the fair value, unfunded commitments, redemption frequency, and redemption notice period for plan investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022:

	Fair Value		Redemption	Redemption Notice
	2022	2021	Frequency	Period
Investment*				
Collective trusts:				
Federated Hermes Capital Preservation	$ 43	$ 47,921	Daily	Daily
Putnam Stable Value	35,572		Daily	Daily
US REIT Fund Tier I	3,966		Daily	Daily
	$ 39,581	$ 47,921		

* For the years presented, the Plan did not have unfunded commitments with any of these investments.

5. Administrative and investment expenses:

Certain administrative and investment expenses of the Plan are paid by the Plan Sponsor. Certain administrative functions are performed by employees of the Plan Sponsor. No such employee, nor the Plan Sponsor, receives compensation from the Plan.

Additionally, certain other investment expenses are included in the net change in fair value of investments.

6. Party-in-interest transactions:

The Plan incurred direct fees to Matrix and Newport, the trustees of the Plan, for record keeping, trust and custodial services totaling $3,487 during 2022 and $15,567 during 2021, which are recorded as administrative expenses in the statements of changes in net assets available for benefits and, therefore, transactions qualify as party-in-interest. Certain fees related to the administration of the Plan were paid by the Plan Sponsor, which qualify as party-in-interest transactions.

The Plan issues loans to participants which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

7. Certified investments:

Certain information related to investments and notes receivable disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable held at December 31, 2022, and net change in fair value of investments and interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company.

Certain information related to investments disclosed in the accompanying financial statements, including investments, accrued interest and dividends held at December 31, 2021, and net change in fair value of investments and interest and dividends for the period January 1, 2022 through January 31, 2022 and the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Newport Trust Company.

8. Income tax status:

The Internal Revenue Service has determined that the prototype plan under which The Benjamin Rose Institute 401(k) Plan is organized and is designed in accordance with applicable sections of the Internal Revenue Code (Code). The Plan is required to operate in conformity with the Code to maintain its qualification and the prototype plan received a favorable determination letter from the Internal Revenue Service dated August 19, 2020. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan termination:

The Plan Sponsor expects to continue the Plan but reserves the right at any time and within its sole discretion to reduce, suspend or discontinue contributions to the Plan or to terminate the Plan. In the event of termination, all affected participants will become 100% vested in their accounts.

10. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

11. Subsequent events:

In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through October 9, 2023, the date the Plan's financial statements were available to be issued.
