Independent Auditor's Report

The Plan Administrator
Empire Kosher Poultry, Inc.
401(k) Profit Sharing Plan
Mifflintown, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Empire Kosher Poultry, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Empire Kosher Poultry, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of the Plan

The following description of Empire Kosher Poultry, Inc. 401(k) Profit Sharing Plan (the Plan) provides general information about the Plan's provisions. Empire Kosher Poultry, Inc. (the Company) is the Plan sponsor and administrator. Participants should refer to the Plan document and Summary Plan Description for a complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was restated effective January 1, 2022.

The individual trustees of the Plan are members of management of the Company. The Plan's trustees are responsible for oversight of the Plan. Nationwide Trust Company, FSB (Nationwide) is the custodian and recordkeeper, and Delaware Valley Retirement, Inc. is the third-party administrator for the Plan.

Participation

The Plan is available to substantially all employees of the Company who are not members of the collective-bargaining unit, unless the collective-bargaining agreement provides for coverage. Each employee is eligible to participate in the Plan as of the first day of the month immediately following the first day of employment. There is no age requirement to enter the Plan. Nonresident aliens and leased employees are excluded from participation.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Participants may designate all or a portion of their elective deferrals as Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to certain annual limitations, as imposed by the Internal Revenue Code (IRC), which were \$20,500 and \$19,500 in 2022 and 2021, respectively, for elective deferrals, and \$6,500 in 2022 and 2021 for catch-up contributions. The Company's safe harbor matching contribution is calculated as an amount equal to the sum of 100% of the amount of the participants' elective deferrals that do not exceed 3% of the participants' compensation, plus 50% of the amount of the participants' elective deferrals between 3% and 5% of the participants' compensation. The Company may make a discretionary matching contribution on up to 6% of participants compensation, as defined. The Company may also make non-elective and qualified non-elective contributions (QNEC) to participants employed on the last day of the Plan year. In addition, discretionary profit sharing contributions may be made to the Plan by the Company. No discretionary profit sharing contributions, discretionary matching contributions or non-elective and QNEC contributions were made to the Plan in 2022. Contributions from Plan participants and the safe harbor matching contribution from the Plan sponsor are recorded in the year to which such contributions relate. There were \$516,427 in safe harbor matching contributions during the year ended December 31, 2022.

Participants may also make rollover contributions of amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Empire Kosher Poultry, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Administrative Expenses

For the year ended December 31, 2022, expenses paid out of the Plan totaled \$126,213, which relate to recordkeeping, custodial, and investment advisory fees. Certain other expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads, or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and, thus, not separately identifiable as an expense.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contributions, the Company's discretionary profit sharing contribution, if any, and an allocation of Plan investment earnings (losses), and is charged with an allocation of administrative expenses. Plan investment earnings and losses are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances or directly charged to their account for expenses that are directly attributable to the use of a particular Plan feature by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, the Company's safe harbor contributions, and earnings thereon.

Vesting in the Company's discretionary profit sharing contribution portion of their accounts, plus earnings thereon, is as follows:

Years of Service	Vesting (%)
1	20
2	40
3	60
4	80
5	100

Payment of Benefits

The value of a participant's account, including both the employee and Company contributions and the actual earnings thereon, is payable in full to the participant upon retirement, disability, or to the participant's beneficiary if death occurs prior to the participant's retirement date or other termination of employment. Additionally, the Plan provides that minimum required distributions commence upon a participant's attainment of age 72, unless the participant is still employed by the Company. Each participant's account is payable upon termination. Payment may be made as a lump sum or partial payments. In service distributions are allowed to participants who are 59½ and have not separated from service.

Empire Kosher Poultry, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Hardship Withdrawal

In cases of serious financial hardship, as defined by the Plan, participants may be eligible to receive a withdrawal distribution of a certain portion of their current account balance.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Generally, participants may borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms may range up to five years or may extend beyond five years if the loan proceeds are used to purchase the principal residence of the participant. Loans are secured by the balance in the participant's account and bear interest at Prime rate plus 1.50%, as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions and may be prepaid at any time. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Each participant may not have more than one loan outstanding at any time.

Forfeitures

Forfeitures from terminated, non-vested Plan participants are used to reduce future employer contributions and administrative expenses under the Plan. The Plan used \$2,260 in forfeitures to pay for administrative expenses for the year ended December 31, 2022. The unallocated forfeited balances were \$0 and \$2,248 as of December 31, 2022 and 2021, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan were prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosures of contingent assets and liabilities. These estimates include the fair value of investments. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Empire Kosher Poultry, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide, a qualified institution, has certified that the following investment information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments reflected on the supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

Empire Kosher Poultry, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for investment assets measured at fair value. There have been no changes in the methodology used as of December 31, 2022.

Mutual Funds - Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2022 and 2021, all of the Plan's investments were held in mutual funds, the fair values of which are based on Level 1 inputs.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination, all participants would become 100% vested in their Company's discretionary profit sharing contributions and their accounts would be distributed, in accordance with the provisions of the Plan.

6. Tax Status

Prior to January 1, 2022, the Plan had adopted a volume-submitter plan sponsored by Delaware Valley Retirement, Inc. On March 31, 2014, the Internal Revenue Service (IRS) stated in an opinion letter that the prototype adopted by the Plan, as then-designed, was in compliance with applicable requirements of the IRC and, therefore, the related trust is exempt from taxation. Effective January 1, 2022, the Plan adopted a Non-Standardized Pre-Approved Profit Sharing Plan sponsored by Delaware Valley Retirement, Inc.. Accordingly, the Plan is permitted to rely on the opinion letter dated June 30, 2020 from the IRS which stated that the pre-approved profit sharing plan was designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed

Empire Kosher Poultry, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and that the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions. The Plan has received a letter from the IRS stating that the December 31, 2016 Form 5500 return was selected for examination. The Plan has not received any further communication regarding such examination at this time.

7. Risks and Uncertainties

The Plan invests in mutual funds, which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Nationwide. Participant loan and distribution processing fees are paid to Nationwide by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 1, the Plan paid certain expenses related to plan operations and investment activity to various service providers. Certain members of management, who are participants in the Plan, are also trustees of the Plan's assets. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

9. Delinquent Participant Contributions

For the years ended December 31, 2022, 2021, and 2020, the Company did not remit certain participant contributions and loan repayments totaling \$35,568 to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Company self-corrected late remittances of \$28,944 during 2022, and intends to self-correct the remaining \$6,624 of late remittances in the subsequent period with a contribution of lost earnings to the accounts of the affected participants. The Company does not expect the lost earnings to be material.

10. Subsequent Events

The Plan has evaluated subsequent events through October 10, 2023, the date the financial statements were available to be issued.

Effective April 1, 2023, OneAmerica Retirement Services LLC became the custodian, recordkeeper, and third-party administrator of the Plan.

There have been no other material subsequent events that occurred through October 10, 2023 that would require disclosure in these financial statements as of or for the year ended December 31, 2022.
