Independent Auditors' Report

To the Trustees of the
Unity International Group 401(k) Plan
Flushing, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Unity International Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) as of December 31, 2022 and the Schedule of Delinquent Participant Contributions for the year-ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Unity International Group 401(k) Plan

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Unity International Group 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description (“SPD”) for a more complete description of the plan’s provisions. Unity International Group is comprised of Unity Electric Co., Inc., Unity Electric, LLC, Uni-Data and Communications, Inc. and Unity Data & Electrical Services, LLC, collectively (the “Company”).

General

The Plan is a contributory, defined contribution 401(k) plan available to eligible employees of the Company. Eligible employees are those who have attained age 21 and have completed two months of service. Employees whose employment is governed by the terms of a collective bargaining agreement (union), non-resident aliens and part-time and seasonal employees are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Company serves as the Plan’s sponsor and administrator.

Matrix Trust Company (“Matrix”) is the trustee and custodian and Milliman, Inc. is the Plan’s recordkeeper.

Contributions

All participants in the Plan may make tax deferred cash contributions of 1-25% of eligible compensation up to the maximum allowed by Section 402(g)(1) of the Internal Revenue Code. Effective January 1, 2013, the Plan implemented an automatic deferral amount of 2% from a participant’s eligible compensation, unless the participant selects a different election percentage. The Company may make a discretionary matching and profit-sharing contribution to a participant’s account. For the year ended December 31, 2022, the Company did not make any discretionary matching or profit-sharing contributions. Roth contributions are also permitted.

Notes to Financial Statements

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions and any income or loss thereon. The Plan provides for the Company's matching contribution to become 100% vested upon the completion of 6 years of continuous service. Each participant's nonforfeitable percentage is determined under the following table.

Completed years of service	Nonforfeitable percentage vested
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution and an allocation of plan earnings. Allocations are based on the account balances, as defined. The benefit which a participant is entitled to is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan. Participants have the option to transfer part or all of their fund balances among various funds within the Plan.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant is entitled to receive 100% of the participant's account balance as soon as practicable after the date of retirement, death or termination of employment. For termination of service due to other reasons, as defined, a participant is entitled to 100% of the participant's contributions, and the vested portion of their account attributable to the Company matching contributions. Benefits are recorded when paid.

Notes to Financial Statements

Note 1 - Description of Plan (continued)

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned on the accrual basis. Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. A participant's loan is secured by the balance in the participant's account and bears interest at prime rate plus 1% determined when the participant applies for the loan. The loans are repaid ratably through payroll deductions over a period of five years or less.

No allowance for credit losses has been recorded at December 31, 2022 or 2021. If a participant ceases to make note repayments and the plan administrator deems the participant note to be a distribution, the participant note balance is reduced and a deemed distribution is recorded.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments.

Forfeitures

Forfeiture allocations are retained in the Plan and first used to pay administrative expenses. Any remaining forfeitures will be used to reduce the Company's matching contributions, if applicable. Plan assets include \$0 in forfeited balances at December 31, 2022 and 2021. No amounts were forfeited during 2022 and 2021.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurement

Purchases and Sales of Investments are Recorded on a Trade Date Basis.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Revenue Sharing

The Plan receives revenue sharing fees from the mutual funds that can be used to pay for administrative expenses of the Plan. During 2022, the Plan received revenue sharing fees of \$12,757 and these fees were recorded as Other Income in the Statement of Changes in Net Assets Available for Benefits. This income was used to pay Plan expenses. At December 31, 2022, there were no amounts owed to the Plan from the mutual funds for revenue sharing.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

Note 3 – Investments

During 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value and earned interest and dividends as follows:

Year ended December 31, 2022	
Net depreciation in fair value of mutual funds	\$ (2,584,939)
Net appreciation in fair value of stable value fund	22,159
Interest and dividends:	
Interest on notes receivable from participants	4,308
Interest and dividends on mutual funds	419,604
	<u>\$ (2,138,868)</u>

Note 4 - Information Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 5 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Unity International Group 401(k) Plan

Notes to Financial Statements

Note 5 - Fair Value Measurements (continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund: The fair value of participation units held in the Reliance Trust Stable Value Fund (MetLife Series 25053), a common/collective trust ("CCT") is based on net asset value, as reported by the manager of the collective trust fund, Reliance Trust Company, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The CCT invests in the MetLife Group Annuity Contract 25053 Class 60, which consists of separately managed investment portfolios in fixed income securities, and also enters into wrapper contracts, which are issued by third-parties and are designed to allow the Fund to maintain a constant net asset value. The CCT provides for daily redemptions by the Plan at reported net asset value, with no advance notice requirements.

The following sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of:

December 31, 2022	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 7,404,342	\$ -	\$ -	\$ 7,404,342
Cash	289	-	-	289

Note 5 - Fair Value Measurements (continued)

December 31, 2021	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 9,492,905	\$ -	\$ -	\$ 9,492,905
Cash	144	-	-	144
	<u>\$ 9,493,049</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,493,049</u>
Stable Value Fund, at net asset value ^a				1,472,060
Total				<u>\$10,965,109</u>

^a In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) or at contract value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the Company is required to direct the timely distribution of the participant's account balances. Each participant will receive either the entire amount finally credited to the participant's account, or such amount as may be held by the Custodian until the participant's normal retirement date.

Note 7 - Income Tax Status

The Internal Revenue Service has determined and informed Milliman, Inc., the Plan's recordkeeper, via a favorable opinion letter dated June 30, 2020 that the Milliman, Inc. Prototype Non-standardized Profit Sharing Plan with CODA (the prototype plan upon which the Plan is based) is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is

Unity International Group 401(k) Plan

Notes to Financial Statements

Note 7 - Income Tax Status (continued)

no longer subject to income tax examinations for years prior to 2019.

Note 8 - Party-In-Interest Transactions

A party-in-interest is defined under Department of Labor and ERISA regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The following qualify as a party-in-interest or party-in-interest transactions:

- Matrix Trust Company ("Matrix") is the trustee and custodian and Milliman, Inc. is the Plan's recordkeeper.
- Participant loans granted in accordance with the Plan are secured by the balances in the participants' accounts.
- Administrative fees incurred by the Plan and paid to Milliman, Inc., recordkeeper, amounted to \$45,511 for the year ended December 31, 2022.

Note 9 - Risks and Uncertainties

The Plan invests in various mutual fund investment securities and a CCT. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. We cannot reasonably estimate the length or severity of this pandemic. The impact on our 2023 financial statements is uncertain at this time.

Note 10 – Delinquent Participant Contributions

During 2022, the Company failed to remit certain participant contributions totaling \$43,031 to the Plan within the period prescribed by ERISA. Late transmissions of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality. The Company transmitted delinquent participant contributions of \$43,031 to the Plan in 2022. The total of lost earnings in the amount of \$45 was paid to the Plan on October 6, 2023.

Unity International Group 401(k) Plan

Notes to Financial Statements

Note 11 – Corrective Distributions Payable

Annual contributions for each participant are subject to the participation and discrimination standards of Internal Revenue Code Section 401(k). The statement of changes in net assets available for benefits for the year ended December 31, 2022 includes a reduction for corrective distributions of excess contributions and related earnings of \$417, that was refunded to the participants for the 2022 plan year, in order to meet the necessary compliance requirements under ERISA and IRS rules. Amounts payable to participants for corrective distributions are recorded as a liability. The Plan distributed the 2022 excess contributions of \$417, to the applicable participants in the subsequent year.

Note 12 – Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefit and the changes in net assets available for benefits per the financial statements to the Form 5500:
