Independent Auditors' Report

The Administrative Committee
Swagelok Retirement Savings Plan
Solon, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Swagelok Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those related to the participant-directed investments agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to participant-directed assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the participant-directed certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the participant-directed certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the participant-directed certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the participant-directed certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the participant-directed certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The participant-directed information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SWAGELOK RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Swagelok Retirement Savings Plan (the "Plan") provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- A. General – The Plan is a defined contribution plan consisting of a 401(k) component and an Employee Stock Ownership Plan (the "ESOP") component covering all eligible full-time domestic employees of Swagelok Company and its participating subsidiaries (the "Company") who have completed at least one hour of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.
- B. Contributions – Generally, participants may make pre-tax and Roth contributions of an amount not less than 1% and not more than 100% of their compensation, subject to certain Internal Revenue Service ("IRS") limitations. Effective April 15, 2022, the Plan has an automatic contribution arrangement in which employees are automatically enrolled when they become eligible. Unless otherwise directed by the participant, 6% of compensation is withheld and invested in the Plan in a qualified default investment alternative. Effective January 1, 2023, participants with plan contribution rates between 0% and 9% of compensation as of April 2023 will automatically have their contribution rate increase by 1%. Automatic escalation will continue as of the start of each subsequent plan year until the contribution rate equals 10%. The Plan states that participants may receive a qualified non-elective contribution and other matching and discretionary contributions as approved by the Board of Directors. For 2022 and 2021, the non-elective (ESOP) contribution equaled 5% of compensation.
- C. Participant Accounts – Each participant's account is credited with the employee's contribution, the Company's contributions, if applicable, and related earnings, and charged with an allocation of administrative expenses as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D. Notes Receivable From Participants – The Plan allows for participant loans, as defined by the Plan document.
- E. Vesting – Participants have a 100% and non-forfeitable vested interest in their employee deferral account balance and any Company qualified non-elective contributions, ESOP contributions and the value of their account merged from the Company's former profit sharing plan, plus the earnings thereon. Participants become vested in the Company match and other discretionary contributions to the 401(k) component of the Plan after three years of service. Participants become fully vested in all balances in the event of death, disability or upon reaching normal retirement age.
- F. Forfeitures – Forfeitures from the Plan are generally used to reduce Company contributions. The Plan applied forfeitures of \$743,111 and \$638,498 for the years ended December 31, 2022 and 2021, respectively. Unapplied forfeitures were \$414,377 and \$604,144 at December 31, 2022 and 2021, respectively.

SWAGELOK RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

- G. Payment of Benefits – A participant or his or her beneficiary, upon termination, death or retirement, is eligible to receive the vested interest in his or her participant account in the form of a single lump-sum payment or installments subject to Plan provisions. Additionally, the Plan has provisions for an active participant to make withdrawals from his/her account, subject to limitations and restrictions.

Distributions from the ESOP accounts generally will not be made until a participant reaches retirement age, retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), becomes disabled, diversifies or otherwise terminates employment with the Company and its participating subsidiaries. Distributions are made in cash. Under the provisions of the Plan, the Company is obligated to repurchase participant shares for distributions. During 2022 and 2021, the Company repurchased from the Plan 63,120 and 43,642 shares, respectively, at prices determined from an independent appraisal.

- H. Diversification – The Plan allows all vested ESOP participants the opportunity to diversify early. Specifically, all vested ESOP participants are able to diversify a percentage of their ESOP account, to other investment options within the Plan, up to a maximum percentage of 20% for 2022 and 2021 as determined by the investment committee.

Diversification continues to be offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 and vested may elect to diversify up to 25% of their ESOP account. Participants who are at least age 57 and vested may elect to diversify up to 50% of their ESOP account. Once normal retirement age is reached, participants may diversify up to 100% of their ESOP account. Diversifications of \$19,141,252 and \$11,533,991 were included in transfers during 2022 and 2021, respectively.

Note 2. Summary of Accounting Policies

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis and in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for further discussion of fair value measurements.

SWAGELOK RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued):

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants:

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Benefit Payments:

Benefit payments are recorded when paid to participants.

Administrative Expenses:

All expenses of the Plan are paid by the Plan, or the Company, at the Company's discretion.

Subsequent Events:

The Company has evaluated subsequent events through September 26, 2023, the date the financial statements were available to be issued.

Note 3. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified to the completeness and accuracy of all participant-directed investments and notes receivable from participants reflected in the statements of net assets available for benefits at December 31, 2022 and 2021, the schedule of assets (held at end of year) at December 31, 2022, the related participant-directed investment and loan interest activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021 and investment related information in the accompanying notes to the financial statements. The above information is unaudited by the Plan's independent auditors.

Note 4. Investments

Investments of the Employee Stock Ownership account are carried at fair value and consist of common stock of Swagelok Company. The appraised fair value per share of Swagelok Company's stock is \$1,864 and \$2,011 at June 30, 2022 and December 31, 2022, respectively, and \$1,538 and \$1,748 at June 30, 2021 and December 31, 2021, respectively.

See Note 8 for further information regarding the repurchase receivable.

Note 5. Note Payable

The ESOP was established in 1990 in order to align the employees' interests with the business and the Company's long-term success. These shares were fully allocated in 2006 and contributions were replaced with additional 401(k) contributions. In 2010, the Company announced that it would reinstitute an allocation of Company shares to the employees. As a result, the Plan borrowed \$140,635,547 from the Company to purchase 470,353 shares of voting common stock from a principal shareholder. In 2012, the Plan amended the note to borrow an additional \$70,000,000 from the Company to purchase 148,305 shares of voting common stock from a principal shareholder. In 2016, the Plan further amended the note to borrow an additional \$100,000,000 from the Company to purchase 144,300 shares of voting common stock from a principal shareholder. The interest rate on the loan is 2.24% and is set to mature in 2066. Loan payments are made annually. The balance on the note was \$276,551,372 and \$278,429,049 at December 31, 2022 and 2021, respectively.

SWAGELOK RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Note Payable (Continued)

The Plan will service the loan through Company contributions necessary to release shares valued at amounts equal to 5% of eligible compensation during 2022 and 2021. Shares held by the Plan are allocated to participant accounts in aggregate amounts equal to the ratio of current year debt service payments to total debt service payments over the duration of the loan.

Estimated principal payments to be made are summarized as follows:

2023	\$ 1,683,375
2024	1,722,641
2025	1,766,599
2026	1,794,050
2027	1,846,986
Thereafter	<u>267,737,721</u>
	<u>\$276,551,372</u>

The loan is collateralized by the Plan's investment in Swagelok Company common shares which were purchased with the loan proceeds. At December 31, 2022 and 2021, 9,457 and 9,880 shares, respectively, were released and unencumbered even though principal and interest payments were not made until the following year, in accordance with the Plan. These unencumbered shares have been allocated to the participants of the Plan at year-end.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Fair Value Measurements

The Plan estimates the fair value instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

- The fair values of mutual funds are determined based on their quoted closing market prices in active markets for identical investments and are classified as Level 1.

SWAGELOK RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 7. Fair Value Measurements (Continued)

- The fair value of the investments held in the common/collective trust is valued on its reported net asset value ("NAV"). The NAV is based primarily on observable inputs and the market value of the underlying investments and is classified as Level 2.
- The fair value of the common stock of Swagelok Company is determined by a bi-annual independent appraisal that is based upon commonly used market and income valuation techniques and is classified as Level 3. The appraisers obtain information including business, general economic and other market conditions that reasonably could be evaluated in determining the fair value of the Company. In addition, historical information based on audited financial statements is obtained and considered by the appraisers.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Note 7. Fair Value Measurements (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2022 and 2021:

	Level 3 Years Ended December 31,

Balance, end of year	<u>\$1,892,592,320</u>	<u>\$1,755,411,520</u>

Note 8. Repurchase Receivable/Put Options

The repurchase receivable from Swagelok Company at December 31, 2022 and 2021 was \$4,027,901 and \$3,049,613, respectively. The repurchase receivable represents the obligation of Swagelok Company to repurchase shares held by the Plan which were formerly allocated to participants. The proceeds to the Plan are then utilized to fund participant distributions.

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on the established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is the then fair market value of the stock as determined by the last appraisal. The Company can pay for the purchase in a lump-sum. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Note 9. Federal Income Tax Status

The Plan obtained its latest determination letter on January 27, 2017, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan has been amended since obtaining its latest determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that the Plan does not have any significant unrecognized tax benefits as of December 31, 2022.

SWAGELOK RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 10. Voting Rights

For certain significant transactions involving the Company stock, each participant is entitled to exercise voting rights attributable to those shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. For these transactions, the Trustee is not permitted to vote any allocated shares of the Company stock for which instructions have not been given by a participant.

Note 11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks as well as valuation assumptions. Due to the level of risk associated with certain investment securities and to risks inherent in estimates and assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 12. Party-in-Interest Transactions

Fidelity Management Trust Company is the Trustee of participant-directed investments and receives administrative fees from the Plan. These transactions qualify as party-in-interest transactions.
