Report of Independent Auditors

To the Plan Administrator and Participants
Taco, Inc. Profit Sharing & 401(k) Plan

Scope and Nature of the ERISA Section103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Taco, Inc. Profit Sharing & 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Taco, Inc. Profit Sharing & 401(k) Plan's financial statements performed in accordance with the ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

395 Daniel Webster Highway, Unit 6 · Merrimack, NH 03054 · (603) 424-0705 · www.BoivinCPA.com

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for Audit of the Financial Statements section of our report. We are required to be independent of Taco, Inc. Profit Sharing & 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Taco, Inc. Profit Sharing & 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Taco, Inc. Profit Sharing & 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Taco, Inc. Profit Sharing & 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The Taco, Inc. Profit Sharing & 401(k) Plan (the Plan) is a defined contribution plan, established January 1, 1997, and most recently amended and restated June 23, 2021, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). For a description of the Plan, refer to the Plan document that is available at the Human Resource Office of Taco, Inc. (the Company).

Eligibility

The Plan includes a profit-sharing component and a deferred salary plan provision (401(k) component) covering all full-time employees of the Company and eligible employees of Hydroflo Pumps USA, Inc. who have completed one month of service and attained the age of 18. Participants enter the Plan monthly after eligibility is completed.

Contributions and Funding

Under the 401(k) component of the Plan, participant contributions are voluntary, and are limited to a minimum of 1% and a maximum of 100% of participant compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan also permits Roth elective deferrals. Roth elective deferrals shall be treated in the same manner as participant elective deferrals, except that Roth elective deferrals are not “pre-tax” deferrals as defined in the Code.

The Company has a discretionary matching contribution and historically has contributed an amount equal to 50% of the first 6% of a participant’s contribution.

In addition, the Plan may designate an amount as a qualified matching contribution, as defined in the Plan. This amount is allocated only to non-highly compensated employees. No qualified matching contributions were approved for the years ended December 31, 2022 and 2021.

1. Description of the Plan (continued)

Contributions and Funding (continued)

The Plan also includes an automatic enrollment feature. Individuals hired by the Company who do not affirmatively elect not to participate are automatically enrolled in the Plan and will have their compensation reduced by 6% and invested in age-appropriate target retirement-age funds unless electing otherwise. In addition, these employees will have their deferrals increased by 1% per year, not to exceed 10% of their compensation, unless the employee affirmatively elects not to increase their contributions.

Under the profit sharing component of the Plan, the Company's annual contribution is at the discretion of the Company's Executive Chairman and is participant-directed. A participant must have worked 1,000 hours in the plan year and be employed by the Company on the last day of the year to be eligible to receive a profit sharing contribution. No profit sharing contributions were approved for the years ended December 31, 2022 and 2021.

Participants direct the investment of their contributions and the Company match into various investment options offered by the Plan.

Participants Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, and plan earnings (losses). Forfeited balances of terminated participant's nonvested accounts are used to reduce future Company contributions. The benefit to which a participant is entitled is the vested portion from the participant's account.

Forfeitures

At December 31, 2022 and 2021, unallocated forfeited employer contributions amounted to $101,406 and $85,443, respectively. These amounts will be used to reduce future employer contributions or pay plan expenses. During the years ended December 31, 2022 and 2021, $35,234 and $37,986, respectively, were used to offset employer matching contributions. During the years ended December 31, 2022 and 2021, $125 and $187, respectively, were used to pay plan expenses.

1. Description of the Plan (continued)

Vesting

Participant contributions and earnings thereon are always 100% vested. Company contributions are vested at a rate of 20% per year over five years. Additionally, regardless of years of service, a participant's account is 100% vested upon death or disability while employed by the Company.

Payment of Benefits

Upon retirement (defined as age 59 1/2), death, disability, or termination, the vested balance in the participant's account is available to be paid to the participant or beneficiaries in the form of a lump-sum distribution or in installments over a specified period of time.

Notes Receivable from Participants

The Plan permits participants to receive loans from their vested accounts. Participants can have no more than one outstanding loan at a time. The minimum amount of a loan is $1,000. Loans are limited to the lesser of $50,000 or 50% of a participant's vested balance, exclusive of the Company's contributions to the profit sharing component. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid through payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its discretionary contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

2. Summary of Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for the management of investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, certain management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Revenue Credit/Administrative Expenses

The Plan has entered into fixed basis point pricing with Fidelity Workplace Services LLC. The fees related to recordkeeping services were fixed at 5 basis points effective January 14, 2020. Any revenue generated from the various mutual fund investments above this amount was transferred to a suspense account (ERISA Budget Account). This account can be used to cover plan expenses, such as auditing, legal and consultant fees. These amounts are not available to reduce Company contributions. The amounts deducted from participant accounts for recordkeeping fees in 2022 and 2021 was $44,261 and $48,025, respectively.

2. Summary of Accounting Policies (continued)

Revenue Credit/Administrative Expenses (continued)

For the years ended December 31, 2022 and 2021, the amount of excess revenue above the fixed basis pricing amount was $-0- and $-0-, respectively. Excess revenue allocated to participant accounts amounted to $-0- and $-0- for the years ended December 31, 2022 and 2021, respectively.

The amount available in the ERISA Budget account at December 31, 2022 and 2021 is $-0- and $-0-, respectively. During the years ended December 31, 2022 and 2021, $-0- and $-0- , respectively was used from the ERISA Budget account to offset plan expenses.

There is also an annual fee of $25,000 that is deducted from participant accounts, on a quarterly basis, for expenses associated with the Plan investment advisor. The amounts deducted from participant accounts in 2022 and 2021 for these fees was $25,000 and $25,000, respectively.

Certain other expenses such as participant loan processing fees and other specific participant fees are also deducted directly from participant accounts. The amounts deducted from participant accounts in 2022 and 2021 amounted to $18,728 and $14,866, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Investments

All investment information and notes receivable from participants disclosed in the accompanying financial statements and schedule, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of mutual funds, dividends, interest and interest income on notes receivable from participants for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation methodologies used by the Plan. There have been no changes in the valuation methodologies at December 31, 2022 and 2021.

4. Fair Value Measurements (continued)

Mutual funds are valued daily at the closing price per share, as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All mutual fund investments held at December 31, 2022 and 2021, are Level 1 within the fair value hierarchy.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and the management of investments held by the trustee are considered party-in-interest transactions.

Certain plan investments are shares of mutual funds managed by an affiliate of Fidelity Management Trust Company, the plan trustee. In addition, Fidelity Workplace Services, LLC is the plan recordkeeper. These investments and transactions are considered to be party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

7. Income Tax Status

The Plan has adopted the non-standardized pre-approved profit-sharing plan of Fidelity Management & Research LLC. The non-standardized pre-approved profit-sharing plan sponsor received an advisory letter from the IRS dated June 30, 2020 in which the Internal Revenue Service stated that the form of the non-standardized pre-approved profit sharing plan was in compliance with the applicable requirements of the Internal Revenue Code (Code). The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

Management evaluated subsequent events for the Plan through October 3, 2023, the date the financial statements were available to be issued. During this period, there have been no events that would require recognition in the financial statements or disclosures to the financial statements.
