INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Corelation Inc 401(k) Plan
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Corelation Inc 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for our Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

Auditors' Responsibilities for the Audits of the Financial Statements, Continued

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules identified in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CORELATION INC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. Description of Plan

The following description of Corelation Inc 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, as amended and restated effective February 1, 2015, is a defined contribution plan covering all eligible employees of Corelation, Inc. (the Company). All employees, age 18 or older, hired after the effective date of the Plan are immediately eligible for participation, which shall begin the first month after the date of hire. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Plan participants may elect to have any amount from 1% to 100% of their compensation, not to exceed the maximum limit allowed by applicable law, contributed to the Plan through payroll deductions. Alternatively, Plan participants may elect to have a fixed amount withheld each pay period, not to exceed 100% of compensation for the year. In addition, the Plan allows employees to "roll-over" contributions from other qualified plans.

The Plan also allows for the Company to make discretionary contributions, including matching contributions. Generally, the Company matches 100% of the first 3% of compensation that a participant contributes to the Plan. The Company made matching contributions of \$738,289 for the year ended December 31, 2022. In addition, the Company may, at its discretion, make profit sharing contributions each year as determined by the Company. The Company elected to make profit sharing contributions totaling \$842,471 for the year ended December 31, 2022.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Investment earnings and changes in the fair value of Plan assets are allocated among and credited to each participant's account monthly based upon their pro rata share of the beginning account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

At December 31, 2022 and 2021, the Plan held no forfeited unvested amounts. During the year ended December 31, 2022, forfeitures totaling \$58,822 were used to reduce employer contributions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Company matching contributions vest in accordance with the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants may borrow against their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Loan transactions are treated as transfers between investment funds and participant loan funds, using the same allocation method as contributions. The loans are secured by the participant's vested interest in their account balance and bear a reasonable rate of interest as determined by the Plan administrator. Loan terms range from one to five years, unless used for the purchase of a primary residence, in which case they may mature in up to thirty years. Level payments of principal and interest are deducted from the participant's paycheck each pay period. If a participant's employment is terminated, any outstanding note receivable balance shall be treated as a distribution if not repaid immediately.

Rollovers

The Plan allows participants who had retirement accounts with a previous employer to directly transfer or roll-over the previous balance to the Plan only if they are Participants in this Plan. This is a segregated "Rollover" account in which contributions are 100% vested.

Trustee

Ascensus Trust Company (Ascensus), acting as trustee, is responsible for investing and managing Plan assets, subject to the direction of the Company and the participants.

Investment Options

The Plan provides for participant-directed accounts that allow participants to direct their account balances among various investments that are available under the Plan. The investment mix and elected deferral amounts allocated among the Plan's investment options may be changed at any time.

1. Description of Plan, Continued

Payment of Benefits

Upon termination of service, a participant's vested account balance will be paid in a lump-sum distribution if their vested interest in the Plan does not exceed \$1,000. For vested interests exceeding \$1,000, distribution can be requested, postponed, or rolled into another qualifying plan or IRA at the request of the participant. Participants may also receive distributions due to hardship, subject to approval, as defined by the Plan.

2. Summary of Accounting Policies

General

The Plan maintains its accounts on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles. The significant accounting policies followed are discussed below.

Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates. Plan management periodically evaluates estimates used in the preparation of the financial statements for continued reasonableness. Appropriate adjustments, if any, to the estimates used are made prospectively based upon such periodic evaluation. It is reasonably possible that changes may occur in the near term that would affect Plan management's estimates with respect to the fair value of investments.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note 4 for discussion of fair value measurements.

The Federated Capital Preservation R (the Fund) is valued at fair value as determined in good faith by the Federated Investors Trust Company. The valuation procedures are intended to comply with the American Institute of Certified Public Accountants' Statement of Position 94-4. The Federated Investors Trust Company anticipates that guaranteed investment contracts (GIC) held by the Fund may be valued at contract value, which is expected to approximate fair value.

2. Summary of Accounting Policies, Continued

Investment Valuation and Income Recognition, Continued

The Fund is a common collective trust that is invested in GIC, money market products, and other stable value products deemed to be fully benefit-responsive within the meaning of FASB Accounting Standards Codification 962-325, *Defined Contribution Pension Plans – Investments (Other)* and is recorded at fair value using the net asset value (NAV) practical expedient.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and investment related expenses are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events

Management has evaluated subsequent events through October 9, 2023, the date on which the financial statements were available to be issued. There have been no material subsequent events which would require recognition in the financial statements or disclosure in the notes to the financial statements.

3. Information Certified By The Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, the Plan's trustee, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends and interest
- Interest on notes receivable from participants
- Schedule of assets (held at end of year)

4. Fair Value Measurements

U.S. generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under U.S. generally accepted accounting principles are described as follows:

Level 1Quoted prices in active markets (NYSE, NASDAQ, etc.) for identical assets or liabilities. These are typically obtained from real-time quotes for transactions in active exchange markets involving identical assets.

Level 2Inputs, other than quoted prices included within Level 1, which are observable for the asset or liability, either directly or indirectly. These are typically obtained from readily available pricing sources for comparable instruments and inputs derived from observable market data by correlation or other means.

Level 3Unobservable inputs, where there is little or no market activity for the asset or liability. These inputs reflect the reporting entity's own assumptions of the data that market participants would use in pricing the asset or liability, based on the best information available in the circumstances.

CORELATION INC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED
December 31, 2022 and 2021

4. Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Interest Bearing Cash: Valued at cost, which approximates fair value.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end using quoted prices for identical assets in active markets.

Common/Collective Trust Funds: Units held in collective trusts (CT) are valued using the NAV practical expedient of the CT as reported by the CT managers by subtracting total liabilities from total assets and dividing the remainder by the number of units outstanding. The beneficial interest of each participant in the Fund is represented by units. The Fund will attempt to maintain a stable value of \$10 per unit. However, there can be no assurance that the value of units in the Fund will not fluctuate. Participant directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the Fund. Any transfers out of the Fund must be held in a noncompeting investment option for 90 days before subsequent transfers to a competing fund can occur. There are no unfunded commitments as of December 31, 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements, Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments in the fair value hierarchy:				
Mutual funds	\$ 13,474,587	-	-	13,474,587
Interest bearing cash	553,009	-	-	553,009
Investments measured at the NAV practical expedient:				
Common/collective trust	-	-	-	168,840 *
Total investments at fair value	\$ <u>14,027,596</u>	<u>-</u>	<u>-</u>	<u>14,196,436</u>

Assets at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments in the fair value hierarchy:				
Mutual funds	\$ 12,979,682	-	-	12,979,682
Interest bearing cash	88,400			88,400
Investments measured at the NAV practical expedient:

Total investments at fair value	\$ <u>13,068,082</u>	<u>-</u>	<u>-</u>	<u>13,342,452</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2022 are reported in the net change in fair value of investments.

5. Tax Status

The Plan is a prototype non-standardized profit-sharing plan with CODA for which the Plan administrator has received an opinion letter, dated March 31, 2014, regarding tax-exempt status under the provisions of the IRC.

Although the Plan has been amended since receiving the opinion letter, the Plan administrator and Plan's tax counsel believe the Plan is designed and currently is being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's returns are subject to examination by taxing authorities, generally for three years after they are filed.

6. Reconciliation of Financial Statements to Form 5500

The Plan is required to file an "Annual Return/Report of Employee Benefit Plan" (Form 5500) with the Internal Revenue Service (IRS). These financial statements agree in all material respects with Form 5500, except as described below.

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the Form 5500 as filed:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits as reported on the financial statements	\$ 15,400,750	14,408,449
Participant contributions receivable	(61,116)	(60,045)
Employer contributions receivable	(901,454)	(805,358)
Corrective distributions due to participants	<u>-</u>	<u>7,598</u>
Net assets available for benefits on Form 5500	\$ <u>14,438,180</u>	<u>13,550,644</u>

6. Reconciliation of Financial Statements to Form 5500, Continued

The following is a reconciliation of total additions as reported in the financial statements to total income as reported on Form 5500, as filed for the year ended December 31, 2022:

Increase in net assets available for benefits as reported in the financial statements	\$ 992,301
Participant contribution receivable as of December 31, 2021	60,045
Employer contribution receivable as of December 31, 2021	805,358
Corrective distributions due to participants as of December 31, 2021	(7,598)
Participant contribution receivable as of December 31, 2022	(61,116)
Employer contribution receivable as of December 31, 2022	<u>(901,454)</u>
Net income on Form 5500	\$ <u>887,536</u>

7. Plan Continuity

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Party-in-Interest Transactions

The Plan's investments are administered by a trustee under a trust agreement. Accordingly, all purchases and sales of investments were transacted by the trustee.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain investment and administrative expenses of the Plan are paid directly by the Company.

All of these transactions qualify as party-in-interest transactions.

CORELATION INC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED
December 31, 2022 and 2021

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Operational Failure

As more fully described below, an operational failure was discovered during 2022 related to the Plan year ended December 31, 2021. Plan management and the Company believe this operational failure will not cause the Plan to be disqualified by the IRS and that future corrective actions taken will allow the Plan to be in compliance with the Plan documents and ERISA. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Missed Employee and Employer Matching Contributions

During 2022, it was discovered that during 2021 four participants did not have employee contributions withheld and did not receive employer matching contributions due to the improper setup of one specific pay code in the payroll system. Plan management has indicated that the payroll system was updated in September 2022 to include this pay code in eligible compensation going forward. Qualified nonelective contributions related to the missed deferrals and matching contributions totaling \$403 were remitted to the Plan in November 2022.
