Independent Auditor's Report

To the Participants and Plan Administrator of
ABS 401(k) Savings Plan

Opinion

We have audited the financial statements of the ABS 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the Plan's financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Plan's Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Plan's Management for the Plan's Financial Statements

Plan management is responsible for the preparation and fair presentation of the Plan's financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Plan's financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the Plan's financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the Plan's financial statements are available to be issued.

Plan management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the Plan's financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Plan's Financial Statements

Our objectives are to obtain reasonable assurance about whether the Plan's financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the Plan's financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the Plan's financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Plan's financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Information Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the Plan's financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022 (Supplemental Schedule) is presented for purposes of additional analysis and is not a required part of the Plan's financial statements but is a supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the Plan's financial statements. The information has been subjected to the auditing procedures applied in the audits of the Plan's financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Plan's financial statements or to the

Plan's financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

In forming our opinion on the Supplemental Schedule, we evaluated whether the Supplemental Schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying Supplemental Schedule is fairly stated, in all material respects, in relation to the Plan's financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2022 and 2021

Note 1: Description of the Plan

General

The following brief description of the ABS 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for complete information.

The Plan is a participant directed, defined contribution plan formed on July 1, 1993. Subject to eligibility requirements, all employees of American Bureau of Shipping and affiliated companies (the Company) are eligible for participation in the Plan, except for employees covered by a collective bargaining agreement, leased employees, nonresident aliens with no U.S. source income, or employees who have waived benefits. Employees are eligible to become participants following the attainment of age 21, and may enter the Plan on the first day of the month following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each participant may contribute up to 60% of their compensation on a pretax basis, as defined in the Plan document. These contributions are considered primary contributions and are subject to certain limitations. The Plan does not allow contributions on an after-tax basis.

Participants who are age 50 or older before the close of the plan year may elect to make a catch-up contribution, subject to certain limitations under the Internal Revenue Code of 1986, as amended (the Code).

Participants may also elect to rollover distributions from a former employer's qualified retirement plan.

The Company may, at its discretion, decide to make an employer matching contribution for the eligible participants of the Company, as defined in the Plan document.

Effective August 1, 2006, the Plan implemented an employer discretionary contribution for eligible participants of ABSG Consulting, Inc. hired after July 1, 2005, limited to 50% of the first 8% of employee deferrals.

Participant Account Balances

Each participant's account is credited with the participant's contribution, rollover contribution, employer matching contributions, if any, and allocations of plan earnings or losses, offset by participant transaction fees, if any. Allocations are based on participant account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon, and any non-elective employer contributions. Discretionary employer matching contributions will vest 20% per plan year and be fully vested after five years of service. Effective January 1, 2022, the Plan was amended to include discretionary match and immediate prospective vesting for American Bureau of Shipping employees hired after January 1, 2022. Discretionary employer matching contributions for ABSG Consulting Inc. employees are fully vested after two years effective January 1, 2022.

ABS 401(k) SAVINGS PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Forfeitures

Forfeitures of Company contributions and earnings thereon may occur if participants terminate employment or withdraw their contributions prior to becoming vested. Amounts forfeited are used to reduce future Company contributions and administrative expenses, as defined in the Plan document. The amount of forfeitures utilized for the year ended December 31, 2022 was \$89,425. Forfeitures are used to pay administrative expenses, true ups, and nondiscrimination testing. The forfeiture balance at December 31, 2022 and 2021 was \$275,328 and \$86,493, respectively.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the prior 12-month period, or 50% of their account balance at the discretion of the plan administrator. Loan terms range from one to five years, or up to 30 years, for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment due to a participant's death, disability, or attainment of age 65 (normal retirement age), the participant's account is considered fully vested and is eligible for distribution in the form of a lump-sum payment. If a participant terminates employment for any other reason, they are eligible for a lump-sum distribution of their vested account balance.

While employed, participants may make in-service withdrawals from their employee contribution and rollover accounts as defined in the plan document. In-service withdrawals are also permitted upon attainment of age 59 ½, or proven financial hardship, subject to limitations under the Plan.

Administrative Expenses

All administrative expenses, unless paid by the Company at its discretion, are paid by the Plan. Certain participant transaction fees are charged directly to participant accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue contributions and terminate the Plan subject to the provisions of ERISA. In the event of such termination, all participants become 100% vested in all balances, and benefits will be distributed in accordance with the provisions of the Plan.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

ABS 401(k) SAVINGS PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to use estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental information. Actual results could differ from those estimates.

Payment of Benefits

Benefits paid directly to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses have been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Note 3: Fair Value Measurements

Accounting standards provide a framework for measuring fair value. The inputs used to measure fair value are assessed using a three-tiered hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Categorization within the fair value hierarchy is determined based on the lowest level input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described below:

- ***Level 1***

Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

- ***Level 2***

Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. These include (a) quoted prices for similar assets and liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in markets that are not active; (c) observable inputs other than quoted prices; (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

ABS 401(k) SAVINGS PLAN
Notes to Financial Statements
December 31, 2022 and 2021

- **Level 3**

Inputs which are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value:

Level 1 consists of mutual funds valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan does not have investments measured at fair value using Level 2 or Level 3 inputs.

The Plan also holds investments in a common collective trust fund (CCT) for which the fair value is determined using NAV as a practical expedient and were not categorized within the fair value hierarchy table.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments carried at fair value as of December 31, 2022 and 2021, respectively:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

ABS 401(k) SAVINGS PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Note 4: NAV per Share

As previously discussed, the Plan has investments in a CCT whose fair value is determined using NAV per share. The NAV per unit of the CCT is determined daily. Units can be issued and redeemed on any business day at the daily unit value. All earnings and gains and losses of the CCT, if any, are reflected in the computation of the daily unit value and are realized by the Fund upon withdrawal from the CCT.

Deposits to and withdrawals from the CCT may be made daily at the current NAV per unit. The CCT may process redemptions in cash, ratably in-kind, or in a combination of the two. The cash portion of the redemptions will be paid as soon as practicable, but payments are not required to be made until after the actual settlement date with respect to raising cash for the redemption. In addition, such payment may be delayed if the CCT determines that it cannot reasonably make such payment due to reasons beyond its control, including orders, directives, or other interference by an official or agency of any government or on account of illiquid markets or illiquid securities. There are currently no redemption restrictions or redemption notice period requirements.

The following table sets forth fair value measurements and a summary of the Plan's investments that calculate NAV per share as of December 31, 2022 and 2021:

	Fair Value as of December 31, 2022	Fair Value as of December 31, 2021	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common collective trust fund	\$21,838,245	\$19,014,126	None	Immediate	None	None

Note 5: Party-in-Interest Transactions

The Plan engages in investment transactions with funds managed by an affiliate of Fidelity Management Trust Company, the trustee, and a party-in-interest with respect to the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Note 6: Risks and Uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Note 7: Income Tax Status

The Plan operates under an Internal Revenue Service (IRS) opinion letter for the Fidelity Volume Submitter Profit Sharing Plan dated March 31, 2014, that rules the Plan constitutes a qualified plan under section 401(k) of the Code and is, therefore, exempt from federal income taxes under provisions of applicable sections of the Code. The Plan has been amended since receiving the opinion letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ABS 401(k) SAVINGS PLAN
Notes to Financial Statements
December 31, 2022 and 2021

US GAAP requires the plan administrator to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8: Subsequent Events

Plan management evaluated subsequent events through October 6, 2023, which is the date the financial statements were available to be issued.
