INDEPENDENT AUDITORS' REPORT

To the Trustees of
Siteworks Landscape Incorporated 401(k) Plan
Richmond, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Siteworks Landscape Incorporated 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at Year End for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of the Siteworks Landscape Incorporated 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Siteworks Landscape Inc. (the Sponsor) and includes the employees of the Sponsor and its subsidiary Sitecare Landscape Maintenance. As of February 1, 2021, Sitecare Landscape Maintenance is wholly owned by Siteworks Landscape Inc. The Plan became effective on January 1, 2000, for the purpose of providing retirement benefits to eligible employees. The Plan was most recently amended and restated effective January 1, 2022 to combine all prior amendments and to incorporate all recent law changes.

Eligibility

Employees are eligible to enter the Plan on January 1st and July 1st of each year after meeting the eligibility requirements of 1,000 hours of service in a one-year period and have attained 21 years of age. Certain employees are excluded from the Plan, including: (1) union employees, (2) leased employees and, (3) certain nonresident aliens who have no earned income from sources within the United States.

To become eligible for the employer's discretionary profit-sharing contributions, the employee must complete the same requirements as to be eligible for Plan deferrals. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Subject to certain maximum limitations imposed by the Internal Revenue Code (IRC), each year participants may contribute up to 100% of pretax annual compensation, as defined by the Plan document. However, the annual contributions may not exceed the dollar limit specified in Internal Revenue Code Section 402(g). Participants who have attained age 50 before the end of the Plan year are eligible to make annual catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, also referred to as rollovers.

The Sponsor may elect to make discretionary profit-sharing contributions, subject to eligibility requirements. The discretionary profit-sharing contributions will be allocated to participant accounts based on the new comparability rules, which allocates the contribution to each participant group in a manner determined by the Plan Sponsor. No discretionary profit-sharing contributions were made during the years ended December 31, 2022 and 2021.

Note 1 - Plan Description (continued)

Contributions (continued)

The Plan is a safe harbor plan. The Sponsor contributes 100% of the first 3% and 50% of the next 2% (maximum of 5%) of base compensation that a participant contributes to the Plan. All contributions are paid to the Custodian for investment in the appropriate investment fund in accordance with the participant's directives and terms of the Plan. The Sponsor made safe harbor matching contributions totaling $125,753 and $110,143, net of forfeitures, during the year ended December 31, 2022 and 2021, respectively.

Vesting

Participants are immediately vested with respect to employee contribution amounts, rollovers, safe harbor contributions, and discretionary profit-sharing contributions, plus actual earnings thereon.

Participant Accounts

Each active participant's account is credited with (a) individual contributions, (b) an allocation of Plan earnings and/or losses, and (c) the Sponsor's safe harbor and/or discretionary profit-sharing contributions, if any, and (d) charges of an allocation of administrative expenses. Allocations are principally based on the participant's election, or account balance, as defined in the Plan agreement. Investment income or loss is calculated based on the number of shares owned by each participant in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain fees are charged to the funds and are either offset against Plan investment income and loss, or are reported as administrative fees as presented on the Statement of Changes in Net Assets Available for Benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Forfeited Accounts

Forfeited amounts are transferred to a forfeiture account until they are used to reduce future employer profit sharing contributions and/or plan expenses. Due to the Plan's vesting provisions, there were no forfeitures available to reduce future employer profit sharing contributions and/or plan expenses as of December 31, 2022 and 2021.

Note 1 - Plan Description (continued)

Participant Directed Accounts

Upon enrollment in the Plan, a participant may direct his or her contributions into various investment options offered by the Plan. The Plan currently offers a series of mutual funds and a guaranteed investment contract as investment options for the participants. If participants do not choose an investment fund, then their contributions are invested in the Voya Index Solution Portfolio Z Date Fund closest to the date the participant reaches the Plan's normal retirement age. Participants may change their investment options at any time. A description of each fund is provided to participants by the Sponsor.

Payment of Benefits

Participants may withdraw their vested interest upon termination of employment, retirement, death or disability, or if they incur an immediate financial hardship, regardless of their age. Participants may also withdraw while they are employed if they have attained age 65, normal retirement age and age 55 early retirement age. They also may withdraw if the Plan is terminated. Distributions from funds previously rolled over into the Plan from another Plan are permitted at any time. Payments of benefits are recorded when paid.

If the vested amount of a terminated participant's vested account balance is less than $1,000, the vested account balance will be distributed from the Plan. If no election is made for the distribution in a timely manner, the Plan administrator must distribute the vested account balance directly to the participant as a taxable cash distribution. If the account value is between $1,000 and $5,000, a non-taxable rollover is processed.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amount of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from participants to be in default, the notes receivable from participant's balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Contributions

Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from amounts paid. Safe harbor matching contributions and/or discretionary profit-sharing contributions are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed.

Administrative Expenses

Certain Plan expenses are deducted from participants' accounts or investment income, and the remainder of Plan expenses are paid by the Sponsor.

Financial Investments with Off-Balance Sheet Risk

The Plan held no direct investments in derivatives as of and during the years ended December 31, 2022 and 2021.

Investment Valuation and Income Recognition

Investments of the Plan are held by the Plan's Custodian and are invested in registered investment companies and a guaranteed investment contract. The Plan's investments in registered investment companies (except for the fully benefit-responsive investment contract, which is reported at contract value) are stated at fair value as determined by quoted market prices of the underlying securities held in the funds. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note 6 for discussion of fair value measurements, and Note 7 for discussion of investments at contract value measurement.

Note 2 - Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the declaration date, taking into consideration the ex-dividend date. Net appreciation or depreciation on investments includes both realized and unrealized gains and losses. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments.

The Plan's investments including investments bought, sold, and held during the period, depreciated in value by $1,531,414 in 2022. All individual participant account balances are participant-directed as to investment programs.

Note 3 - Notes Receivable from Participants

Included in assets at December 31, 2022, were four notes receivable from participants, collaterized by their vested account balances at the inception of the loans. The notes mature between one and five years. The loans issued carry interest rates of 4.25% to 6.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions. Interest income is recognized when received. Loans can be made to participants who meet certain loan qualification requirements. The maximum amount of a loan cannot exceed the lessor of 50% of the vested interest in the participant’s account or $50,000, reduced by the highest outstanding loan balance during the preceding twelve consecutive months. The minimum loan amount allowed is $1,000. The maximum number of loans outstanding at any one time by any one participant is three.

Note 4 - Separated Participants

Included in investments at December 31, 2022, were accounts valued at $244,383 representing deferred vested benefits for four separated participants. The Sponsor has notified each separated participant of their deferred vested benefit.

Note 5 - Information Prepared and Certified by the Plan’s Custodian

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure of ERISA. Accordingly, as permitted under such election, the Plan management instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the following information certified to as complete and accurate by Voya Retirement Insurance and Annuity Company, the Custodian, except for comparing such information with information included in the Plan’s financial statements and supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year):

Note 5 - Information Prepared and Certified by the Plan's Custodian (continued)

Investments held and participant loans receivable certified to by Voya Retirement Insurance and Annuity Company, the Plan Custodian, are:

	December 31, 2022	December 31, 2021
Investments at fair value	$ 5,754,518	$ 8,152,018
Investment contract with insurance company	$ 1,403,559	$ 156,223
Notes receivable from participants	$ 52,159	$ 55,805

Voya Retirement Insurance and Annuity Company, the Plan Custodian, also certified to the completeness and accuracy of the investment income for the year ended December 31, 2022:

Net depreciation in fair value of investments	$ (1,531,414)
Interest, dividends, and capital gain income	$ 7,529
Interest income from notes receivable from participants	$ 2,775

Note 6 - Fair Value Measurements

The Plan has investments that are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's own assumptions about the inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuation based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date and have the highest priority.

Level 2 - Valuation based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

Note 6 - Fair Value Measurements (continued)

Level 3 - Valuation based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing model, discounted cash flow models that include investment entities own judgements and estimations, or some other pricing method using unobservable inputs.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Inputs and Valuation Methods - The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes by the Plan in the methodologies used during years ended December 31, 2022 and 2021.

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Group annuity contract with insurance company: The Plan holds an insurance contract with Voya Retirement Insurance and Annuity Company ("Voya"). Voya valued the contract at contract value, which is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive insurance contracts because contract value is the amount participants normally receive if they were to initiate permitted transactions under the terms of the Plan. The contract is fully benefit-responsive and does not have any liquidity or redemption restrictions (see Note 7). Investments at contract value are not included in the fair value hierarchy.

Assets measured at fair value on a recurring basis, based on the fair value hierarchy at December 31, 2022 and 2021 are as follows:

As of December 31, 2022	Fair Value Measurements at Reporting Date Using:			
Description	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets in the fair value hierarchy				
Mutual funds	$ 5,754,518	$ 5,754,518	$ -	$ -
Total investments at fair value	$ 5,754,518	$ 5,754,518	$ -	$ -

Note 6 - Fair Value Measurements (continued)

As of December 31, 2021	Fair Value Measurements at Reporting Date Using:			
Description	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets in the fair value hierarchy				
Mutual funds	$ 8,152,019	$ 8,152,019	$ -	$ -
Total investments at fair value	$ 8,152,019	$ 8,152,019	$ -	$ -

Note 7 – Group Annuity Contract with Insurance Company

The Plan entered into a fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company ("Voya") totaling $1,403,559 at December 31, 2022, and $156,223 at December 31, 2021. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, regardless of market conditions.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The guaranteed investment contract guarantees minimum rates of interest and may credit interest that exceeds the minimum guaranteed rate. Daily credited interest becomes part of principal, and the investment increases through compound interest. All funds invested in the Plan's Voya Fixed Account receives the same credited rate.

Certain investments limit the ability of the Plan to transact at contract value with Voya. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestiture or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974 (ERISA) (5) premature termination of the contract. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 7 – Group Annuity Contract with Insurance Company (continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Note 8 - Income Tax Status

Effective January 1, 2022, the Plan has adopted a non-standardized pre-approved profit-sharing plan with CODA sponsored by Redwood Pensions, LLC, which received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Service Code. The Plan has been amended and restated since the date covered by the opinion letter and the Sponsor has not yet submitted the Plan, as amended and restated, to the Internal Revenue Service for a determination letter. The Sponsor and the Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2022. Therefore, no provision for income taxes has been included in the Plan's financial statements as of December 31, 2022 and 2021.

The Plan files informational tax returns in the U.S. federal jurisdiction (Form 5500). The Plan is no longer subject to U.S. federal tax examinations by tax authorities for years before 2019. The Internal Revenue Service (IRS) is not presently conducting any examinations of the Plan's U.S. informational tax returns for 2019 through 2021. At December 31, 2022, there are no tax provisions for which the deductibility is uncertain, or for which there is uncertainty regarding the timing of such deductibility.

Note 9 – Administration of Plan Assets

Certain administrative functions are performed by officers or employees of Siteworks Landscape, Inc. and Sitecare Landscape Maintenance. No such officer or employee receives compensation from the Plan. The participants of the Plan pay certain administrative expenses relating to their loans and benefit disbursements. The Sponsor pays administrative expenses of the Plan relating to third party administration; to the extent such fees and expenses are for the ordinary and necessary administration and operation of the Plan. The majority of the fees related to the Plan are paid directly by Siteworks Landscape, Inc. and Sitecare Landscape Maintenance.

The Sponsor is the administrator of the Plan, and, as such, carries out the duties imposed by ERISA. The Sponsor delegated certain responsibilities for the operation and administration of the Plan. As of December 31, 2022, custodial services and recordkeeping services were contracted with Voya Retirement Insurance Annuity Company, and third-party administration services were contracted with Redwood Pensions, LLC.

Note 10 - Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully (100%) vested in their accounts.

Note 11 – Party-In-Interest Transactions

Certain Plan investments in mutual funds and the guaranteed investment contract are managed by Voya Retirement Insurance and Annuity Company, the Custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party in interest transactions under ERISA.

Voya Retirement Insurance and Annuity Company (“Voya”) provides certain administrative services to the Plan based on a shareholder servicing agreement between the Sponsor and Voya. Voya receives revenue from certain mutual fund service providers for services Voya provides to the funds. Voya forwards a share of these revenues to Redwood Pensions, LLC, who then reduces the administrative fees charged to the Sponsor for administrative services provided by Redwood Pensions, LLC to the Plan.

Note 12 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 13 - Recent Pronouncements

In December 2022, the Secure 2.0 Act of 2022 was signed into law. The Act contains changes related to qualified retirement plans aimed at increasing retirement savings, simplifying retirement plan rules, increasing age requirements for Required Minimum Distributions (RMD), and makes changes to the catch-up contribution rules. The provisions contain effective dates for plan years beginning on or after January 1, 2023 through December 31, 2026. Plans must be operating in accordance with the effective date of each new provision. The plan has not yet adopted any of the provisions of the Secure 2.0 Act of 2022.

Note 14 – Pandemic and Related Relief Programs

In March 2020, the World Health Organization categorized the Coronavirus Disease 2019 (COVID-19) as a pandemic, and the President of the United States declared a national emergency relating to the disease. In addition to the national declaration, state and local authorities recommended social distancing and imposed quarantine and isolation measures to large portions of the population, including mandatory business closures. Most of these measures were lifted by early 2022. These measures were designed to protect overall public health, however they may have also had material adverse impacts on domestic and foreign economies. As a result of the COVID-19 pandemic, there has been heightened market risk and volatility associated with the pandemic and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Because of the uncertainty surrounding the pandemic, it is difficult to assess or predict the potential economic impact of COVID-19 on the Sponsor and the Plan, and estimates used in preparing these financial statements could change in the near term and those changes could be significant.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE) was signed into law. In addition, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law to assist businesses and individuals during the pandemic by establishing relief for small businesses, certain non-profits, and other employers. If implemented, these laws allow changes to retirement plans to, among others, allow certain eligible individuals to receive coronavirus related relief for loan repayments, suspend required minimum distributions, and delay the commencement date for required distributions. The Plan Sponsor will elect to implement provisions of the Cares Act for the Plan if any participants request them. The deadline for amending the Plan for the provisions was the last day of the first plan year beginning on or after December 31, 2025. The Plan has been amended for the provisions of the CARES Act.

Note 15 - Subsequent Events

The Sponsor has evaluated whether any events related to the Plan occurred subsequent to December 31, 2022, and through September 23, 2023, which is the date the financial statements were available to be issued. The Plan Sponsor is not aware of any other material subsequent events or transactions that have not been properly recognized or disclosed in the financial statements.
