INDEPENDENT AUDITOR'S REPORT

Santa Barbara Auto Group 401(k) Plan and Participants:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Santa Barbara Auto Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules Form 5500 – schedule H, line 4i – schedule of assets (held at end of year) and Form 5500 – schedule H, line 4a – schedule of delinquent participant contributions as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules

that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SANTA BARBARA AUTO GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan

The following description of the Santa Barbara Auto Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Santa Barbara Auto Group 401(k) Plan, established November 1, 2004, is a defined contribution plan covering all employees of SB Automotive, LLLP, RSM Motors, LP and SBA Automotive, LP (the Company or Plan Administrator), with certain exclusions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective November 25, 2021, the Plan was fully amended and restated. Empower Retirement/Great West Trust Company, LLC was appointed as new trustee, administrator, and custodian of the Plan.

The Plan implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for distributions, waive required minimum distributions for 2020 that were made after April 1, 2020, and increase the age requirement for required minimum distributions. Written amendments to the Plan to reflect these operational changes were adopted in July 2022, in accordance with applicable law and Internal Revenue Service (IRS) guidance.

Contributions

Each year, participants may elect to defer between 1% and 80% of annual compensation, as defined in the Plan document, subject to the annual deferral limitations imposed by the Internal Revenue Service. Pre-tax and Roth contributions are allowed. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan allows participants age 50 or older to make catch-up contributions. The Company can elect to make a discretionary nonelective contribution and/or a discretionary matching contribution. During 2022, there were no employer contributions.

Eligibility and Vesting

Employees become eligible for the Plan following completion of 6 months of employment and attainment of age 21. Entry dates are the first day of the month immediately following the completion of the service requirement. Participants are immediately vested in their contributions plus actual earnings thereon. A participant is 100% vested in employer contributions after six years of credited service.

Note 1 – Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, if any, and allocations of Plan earnings. Allocations are based on participant earnings on account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are first used to pay Plan expenses and then to reduce Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

The Plan includes several sets of provisions for withdrawal or payment of benefits relative to a participant's age and circumstances in compliance with provisions of the Internal Revenue Code (IRC). There are provisions for disability, hardship withdrawal, lump sum benefit payments, in-service distributions at age 59½, and delay of payments to normal-retirement age. During 2020, the plan implemented certain CARES Act provisions to allow for special coronavirus-related distributions up to \$100,000.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of the lesser of (a) 50% of the participant's vested interest under the Plan, as determined on the date of the loan, or (b) \$50,000 reduced by the highest outstanding loan balance during the prior twelve months minus the loan balance on the date of the new loan. At any time, only two loans may be outstanding per participant. The loans are secured by the balance in the participant's account and bear interest at rates based on 2% over the prime rate on the first business day of the month the loan is originated. Principal and interest is paid ratably through regular payroll deductions.

Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to pay certain Plan expenses then to reduce employer contributions. No forfeitures were used during 2022. At December 31, 2022 and 2021, the balance of forfeited non-vested accounts was \$16,529 and \$12,483, respectively.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting and in accordance with ERISA.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would generally be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. As of December 31, 2022 and 2021, an allowance for credit losses of \$11,679 and \$11,312, respectively, has been recorded.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants' and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

SANTA BARBARA AUTO GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 4 – Income Taxes

The Plan has adopted a non-standardized form of a pre-approved plan. The pre-approved plan provider, Great-West Trust Company, LLC has received an opinion letter dated June 30, 2020 from the Internal Revenue Service as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan is no longer subject to income tax examinations for years prior to 2019.

Note 5 – Information Certified by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Great-West Trust Company, LLC. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets certified by Great-West Trust Company, LLC at December 31, 2022 and 2021:

Great-West Trust Company, LLC also certified to the completeness and accuracy of (\$1,414,383) of net depreciation in fair value of investments, \$83,653 of interest and dividends related to the aforementioned investments, and \$6,128 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 6 – Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

SANTA BARBARA AUTO GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6 – Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed actively traded.

Common collective trusts: Valued using the net asset value which is based on the value of each collective trust's underlying investments as reported by the trustee. The NAV is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable value common collective trust: The Plan offers a stable value investment option, the New York Life Anchor Account (the Fund), for which Reliance Trust Company serves as trustee and investment manager. The Fund is valued using the NAV as reported daily by the trust. The NAV is used as a practical expedient to estimate fair value. The Fund is intended to preserve principal and maintain a stable crediting rate that is responsive to changes in interest rates. The Fund is a collective investment trust that invests in a group annuity contract (the Contract), issued by New York Life Insurance Company, which invests in New York Life pooled separate accounts which in turn invests primarily in a diversified portfolio of high-quality fixed income securities, which are owned by New York Life. New York Life guarantees the contract value, which represents contributions, plus interest, less participant-initiated withdrawals or transfers. The crediting interest rate for the SVF is reset daily by the issuer but cannot be less than zero. The crediting interest rate is based on the fair value, duration, and yield-to-maturity of the Contract. The Contract subjects the Fund and its participants to certain restrictions. For example, withdrawals prompted by certain events may be paid at the market value of the Fund's separate accounts, which may be less than book value. The Plan Administrator is not aware of the occurrence or likely occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants.

SANTA BARBARA AUTO GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6 – Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

December 31, 2022				
	Total Fair Value	Level 1	Level 2	Level 3
Mutual Funds	\$ 4,122,166	\$ 4,122,166	\$ -	\$ -
Total assets in the fair value hierarchy	4,122,166	4,122,166	-	-
Investments measured at net asset value (a)	3,104,944			
Total investments at fair value	\$ 7,227,110	\$ 4,122,166	\$ -	\$ -
December 31, 2021				
	Total Fair Value	Level 1	Level 2	Level 3
Mutual Funds	\$ 4,700,579	\$ 4,700,579	\$ -	\$ -
Total assets in the fair value hierarchy	4,700,579	4,700,579	-	-
Investments measured at net asset value (a)	3,526,296			
Total investments at fair value	\$ 8,226,875	\$ 4,700,579	\$ -	\$ -

- (a) In accordance with Subtopic 820-10, investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Changes to Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2022, there were no significant transfers in or out of Level 3.

Note 7 – **Related Party Transactions and Party-in Interest-Transactions**

Plan Expense Account

The Plan has entered into an agreement with Empower Retirement, LLC (Empower), the Plan's recordkeeper, whereby a portion of fees are deposited by Empower into a Plan Expense Account on a monthly basis to pay Plan expenses. Funds remaining after expenses are paid can be allocated to participants at the end of the year at the discretion of the Plan Sponsor. Asset based Plan Expense Account payments are calculated based upon an average daily balance. During 2022, \$39,323 was added to the Plan Expense Account and \$34,415 was used to pay Plan expenses. The amount held by the Plan in the Plan Expense Account at December 31, 2022 and 2021 was \$12,032 and \$12,483, respectively.

Note 8 – **Prohibited Transactions**

During the years ended December 31, 2021 and 2020, the Company failed to remit to the Plan's trustee certain employee contributions totaling \$164,248 and \$186,269, respectively, within the prescribed time frame established by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors. On January 25, 2022, the Plan corrected the 2021 and 2020 late contributions through the Department of Labor's Voluntary Fiduciary Correction Program. A corrective contribution of \$85 was made to affected participants.

Note 9 – **Reconciliation of Financial Statements to Schedule H of Form 5500**

The following are reconciliations of individual line items of the audited financial statements to the Form 5500 as of December 31, 2022.
