INDEPENDENT AUDITORS' REPORT

To the Board of Directors
403(b) Thrift Plan of Side By Side

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of 403(b) Thrift Plan of Side By Side, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2022, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of 403(b) Thrift Plan of Side By Side's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 403(b) Thrift Plan of Side By Side and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of Side By Side's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 403(b) Thrift Plan of Side By Side's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of Side By Side's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of 403(b) Thrift Plan of Side by Side ("the Plan") provides only general information. Participants should refer to the Plan's documents for a more complete description of the Plan's provisions.

General

The Plan is a 403(b) tax-deferred annuity plan covering all eligible employees of Side by Side as defined in the Plan's provisions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Side by Side is the plan sponsor and serves as the plan administrator.

Contributions

Participants may contribute up to $20,500 and $19,500 of pre-tax annual compensation for calendar years 2022 and 2021, respectively, as defined in the Plan in accordance with dollar limits set by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans and Roth deferrals. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. For calendar years 2022 and 2021, $6,500 is allowed as a catch-up contribution for employees who are 50 and older. The Plan also has "automatic contribution arrangement" of 3% of compensation. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a money market fund and various mutual funds as investment options for participants.

Each year, Side by Side will, or may with respect to any discretionary contribution, contribute to the Plan amounts based on the following:

a) The total amount of the discretionary contribution is divided among eligible participants for a share on December 31.

b) Participants will share in this discretionary contribution if the participants are actively employed during the Plan year.

In calculating participant's share, Side by Side multiplies the discretionary contribution by this fraction:

c) Eligible participant's pay divided by the total annual pay of all participants receiving a share.

continued

1. Description of Plan, continued

Participant Accounts

Each participant's account is credited with the participant's contribution, the allocation of Side by Side's discretionary contribution, and the Plan's earnings. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their salary deferral plus actual earnings thereon. Vesting in Side by Side's contributions is based on years of service, as defined. Participants are fully vested in Side by Side's contributions after three years.

Payments of Benefits

In general, on termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the fair value of the participant's account balance or monthly, quarterly, or annual installments over a period of not more than his or her assumed life expectancy (or the participant's beneficiary's assumed life expectancy).

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Presentation

The financial statements of the Plan are reported on the accrual basis of accounting.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion on fair value measurements.

Payments of Benefits

Benefits are recorded when paid.

Fair Value Measurements

Generally accepted accounting principles provide guidance on how fair value should be determined when financial statement elements are required to be measured at fair value. Valuation techniques are ranked in three levels depending on the degree of objectivity of the inputs used with each level:

continued

2. Summary of Significant Accounting Policies, continued

Level 1 inputs – quoted prices in active markets for identical assets
Level 2 inputs – quoted prices in active or inactive markets for the same or similar assets
Level 3 inputs – estimates using the best information available when there is little or no market

The Plan is required to measure certain investments at fair value. The specific techniques used to measure fair value for the financial statement element is described in the notes below that relates to the element.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through October 6, 2023, the date which the financial statements were available for issue. No events or transactions have occurred during this period that appear to require recognition or disclosure in the financial statements.

3. Notes Receivable from Participants

Notes receivable from participants are repaid semi-monthly at varying interest rates. Interest rates on outstanding notes receivable ranged from 3.25% to 4.25% at December 31, 2022 and 2021. Notes receivable from participants outstanding at December 31, 2022 and 2021, were $61,028 and $14,762, respectively.

4. Information Prepared and Certified by the Custodian

No auditing procedures were performed on investments and interest income as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following summarizes the information certified by Mutual of America Life Insurance Company, the custodian of the Plan, as of December 31, 2022 and 2021, respectively:

	2022	2021
Mutual funds	**$4,145,362**	$4,804,977
General account	**177,837**	160,914
	$4,323,199	$4,965,891

During the years ended December 31, 2022 and 2021, the Plan's investments (including investments bought, sold, and held during the year) changed in value by $(773,364) and $627,510, respectively, attributed to registered investment companies.

continued

5. Fair Value Measurements

Investments measured at fair value on a recurring basis consisted of the following types of investments as of December 31, 2022 and 2021:

	Level 1	Level 2	Level 3	Total
December 31, 2022				
Mutual funds	$4,145,362	$ -	$ -	**$4,145,362**
Investments measured at net asset value*				**177,837**
	$4,145,362	$ -	$ -	**$4,323,199**
December 31, 2021				
Mutual funds	$4,804,977	$ -	$ -	$4,804,977
Investments measured at net asset value*				160,914
	$4,804,977	$ -	$ -	$4,965,891

The fair value of mutual funds has been measured on a recurring basis using quoted prices for identical assets in active markets (Level 1 inputs).

*In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

6. Fair Value of Investments in Entities that Use NAV Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021:

Investments	Fair Value as of December 31, 2022	2021	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
General account	$177,837	$160,914	n/a	Daily	12 months

7. Related Party and Party-in-Interest Transactions

Certain administrative functions are performed by officers and employees of Side by Side. No officer or employee received compensation from the Plan for these services.

continued

8. Plan Termination

Although it has not expressed any intent to do so, Side by Side has the right under the Plan to discontinue its contribution at any time and to terminate the Plan, subject to the provisions of ERISA. Upon termination of the plan, participants will become 100% vested in their total accounts.

9. Tax Status

The Plan presently does not have a tax determination letter from the Internal Revenue Service ("IRS") and is awaiting IRS' issuance of a revenue procedure for issuing determination letters to individual 403(b) plans. However, the plan administrator and the plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market volatility, and credit risks. Market risks include global events which could impact the value of investments securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

11. Impact and Response to the COVID-19 Virus

Corona Aid, Relief, and Economic Security Act ("CARES Act") was enacted on March 27, 2020. Under Section 2202 of the CARES Act, plan sponsors are permitted to make qualified corona virus-related distributions available from 401(a), 401(k), 403(b), and governmental 457(b) plans, which are called "CARES Act Distributions".

Enactments to the pension plan due to the COVID-19 virus are as follows:

All vested account balances in all contribution sources were made available for CARES Act Distributions, except for sources that may contain assets transferred from money purchase pension plans or as otherwise directed.

continued

11. Impact and Response to the COVID-19 Virus, continued

Any restrictions based on the participant's age or length of participation in the plan, or how long the contributions were in the plan will not apply to CARES Act Distributions. Plan sponsors are responsible for reviewing the source exclusions implements by the custodian for accuracy.

These distributions are available as pre-approved transactions with participant self-certification of eligibility for the CARES Act Distribution (unless spousal consent is required for certain plans, in which case paperwork is required). The maximum dollar amount that can be requested per participant is $100,000. The custodian will track the overall limit of $100,000 within and across plans of the same controlled group, as established on the custodian recordkeeping system.

Per IRS Notice 2022-45 the notice extends the deadline for adopting amendments for coronavirus-related distributions and loans to December 31, 2025.
