INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Scada Products, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Scada Products, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**SCADA PRODUCTS, LLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

1. DESCRIPTION OF THE PLAN

The following description of Scada Products, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Scada Products, LLC. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code ("IRC"). The Plan was established on January 1, 2007. The Company is the Plan Sponsor.

Eligibility

Substantially all employees of Scada Products, LLC, Scada Services, Inc., and Texas Energy Control Products, Inc., who have reached 19 years of age, are eligible to join the Plan. Employees may join the plan on the first day of the month following their hire date. The Plan has an employee salary reduction or 401(k) component and an employer match component. Eligible employees may enter the Plan on the first day of the month subsequent to the employee meeting the eligibility requirements.

Contributions

The 401(k) feature allows participants to contribute a portion of their compensation to the Plan on a pretax and after-tax basis. Participants may contribute up to 100% of pretax annual compensation not to exceed IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company contributes a safe harbor matching contribution of 100% of the first 3% of base compensation that a participant contributes to the Plan, plus 50% of salary deferrals up to the next 2% of Plan compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and the allocation of Plan earnings; each participant account is charged an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Certain expenses and administrative costs incurred in connection with the general administration of the Plan are paid out of Plan assets.

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions, safe harbor contributions and earnings thereon. The participants' vesting in employer non-elective contributions is 25% per year for each of the first through fourth years of service until fully vested. A participant's account also becomes fully vested upon reaching normal retirement age or upon death or disability.

**SCADA PRODUCTS, LLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

1. DESCRIPTION OF THE PLAN – CONTINUED

Forfeited Accounts

If a participant terminates employment before becoming fully vested in their account balance, the forfeited portion of the account balance is used to reduce future employer contributions to the Plan. No forfeitures were used to reduce employer contributions to the Plan during 2021. At December 31, 2022 and 2021, there were not forfeited nonvested account totals in the Plan.

Notes Receivable from Participants

The Plan allows participants to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years. Only one loan can be outstanding at a time per participant. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions.

Payment of Benefits

Benefits may be withdrawn from the Plan upon termination of employment, retirement, death, or disability. A participant may elect to receive either a lump-sum amount equal to the value of the vested balance in their account or annual or more frequent installments over a period not to exceed the participant's life expectancy or the joint and last survivor life expectancy of the participant and their designated beneficiary. Benefits may also be withdrawn upon attaining the age of 59½ or incurring a qualified financial hardship. In addition, a participant may withdraw any contributions that were rolled or transferred into the Plan at any time.

The distribution will be in the form of a lump sum payment if the participant's vested benefit is \$5,000 or less, unless the participant elects a direct rollover or distribution of their vested account balance. The distribution will be automatically rolled over to an individual retirement account in accordance with the IRC if the participant's vested benefit is greater than \$1,000 (but less than \$5,000) unless the participant elects, within the applicable period, to have the distribution paid to them or rolled over to another IRA or other eligible plan able to receive rollovers.

Plan Merger

Effective August 5, 2022, the Plan was merged with the VanZandt 401(k) Plan. The effect of this merger resulted in net assets of \$2,341,561 transferred into the Plan. The accompanying statement of changes in net assets available for benefits reflects the changes in net assets of the VanZandt 401(k) Plan from August 5 to December 31, 2022.

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets, and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**SCADA PRODUCTS, LLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Brokerage fees are added to the acquisition costs of assets purchased and are subtracted from the proceeds of the assets sold. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments, and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent Events

Management has evaluated subsequent events and their potential effects on these financial statements through the date which these financial statements were available to be issued, October 6, 2023.

3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

All investment information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplementary schedule, was prepared by or derived from information provided by Transamerica, the trustee of the Plan, and furnished to the Plan administrator. The Plan Administrator has obtained certifications from the trustee that such information is complete and accurate.

**SCADA PRODUCTS, LLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED) – CONTINUED

Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information contained within this note and the supplementary schedule.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -

4. FAIR VALUE MEASUREMENTS – CONTINUED

Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV(a)(b):				
Pooled separate accounts				1,682,333
Investments at fair value				<u>\$ 1,682,333</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the statements of net assets available for benefits. Also, in accordance with the adoption of ASU 2015-12, if an investment is measured using the NAV per unit (or its equivalent) as the practical expedient in ASC 820 and that investment is in a fund that files a Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- (b) This category includes various investments measured at fair value using net asset value (NAV) as a practical expedient. The fair value of the funds has been estimated based on the fair value of the underlying investments in the fund as previously discussed in Note 2.

The following table summarized investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. FULLY BENEFIT-RESPONSIVE CONTRACT

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Trans-America Life Insurance Company (Trans-America). Trans-America maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. FULLY BENEFIT-RESPONSIVE CONTRACT – CONTINUED

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Trans-America, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are predominately shares of pooled separate accounts managed by Transamerica. Transamerica is the custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. The Company pays directly any other fees related to the Plan's operations. Totals fees paid by the Plan for investment management services amounted to \$13,711 for the year ended December 31, 2022.

7. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their Employer contributions, and the Plan assets will be distributed according to the provisions of the Plan documents.

8. TAX STATUS

The Plan adopted the Newport Group, Inc. prototype plan that has received an opinion letter from the Internal Revenue Service as of June 30, 2020, stating that the prototype is designed in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2019.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
