Independent Auditor's Report

To the Plan Administrator of the Central Hudson Gas & Electric Corporation Savings Incentive Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Central Hudson Gas & Electric Corporation Savings Incentive Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets which provide benefits under the plan and certified to by a qualified institution and assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified information in the supplemental schedule related to assets which provide benefits under the plan and certified to by a qualified institution and assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Savings Incentive Plan
Notes to the Financial Statements
Years Ended December 31, 2022 and 2021

1. Description of Plan:

General

The Central Hudson Gas & Electric Corporation (“Central Hudson” or “Company”) Savings Incentive Plan (the “Plan”) is a defined contribution plan subject to the provisions of Section 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended (“IRC”) covering employees at Central Hudson. On March 18, 2016, CH Energy Group, Inc. adopted the Plan and became a participating entity in the Plan (for definitional purposes, CH Energy Group, Inc. is included in the term “Company” but is independently responsible for obligations of employees of CH Energy Group, Inc.). Effective January 1, 2021, FortisUS Inc. adopted the Plan and became a participating entity in the Plan (for definitional purposes, FortisUS, Inc. is included in the term “Company”, but is independently responsible for obligations of employees of FortisUS Inc.). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Participants should refer to the Summary Plan Description for a more complete description of the Plan’s provisions.

The different classes of participants in the Plan maintain unique features relating to eligibility requirements, Company matching percentages and Company nondiscretionary nonelective contributions. All Company employees are eligible to participate in the Plan except for certain temporary employees, seasonal employees, co-ops, interns, and certain employees of FortisUS, Inc. who did not transfer from covered employment under the Plan. See the Contributions section below for further information relating to the unique Company contribution features for the different classes of employees.

Effective December 31, 2022, the Plan’s investments are in a Master Trust established for the investment of assets of the Plan and the Central Hudson Gas & Electric Corporation Supplemental Retirement Plan. As of and for the year ended December 31, 2022 all assets and activity in the Master Trust consisted solely of this Plan’s assets and activity therefore the financial statements have not been updated to reflect Master Trust disclosures for 2022.

Contributions

Participant contributions to the Plan are based on payroll deductions paid directly by the Company to the trustee, Fidelity Management Trust Company (“Fidelity” collectively refers to Fidelity Management Trust Company and Fidelity Investments Institutional Operations Company). Contributions are classified as either basic or voluntary. The basic contribution is the individually authorized pre-tax percentage (1 to 75 percent, subject to Internal Revenue Service (“IRS”) limitations) of a participant’s eligible compensation. Employees are automatically enrolled in the Plan with a pre-tax deferral contribution of 8% unless the employee affirmatively elects not to contribute or elects to contribute at a different percentage.

The Plan also allows for voluntary contributions of up to 5 percent of the participant’s eligible compensation. This is an after-tax contribution and is not matched by the Company. Participants may also contribute funds from another qualified retirement plan or individual retirement account (“rollover contributions”), subject to certain requirements. Participants who are or will be at least age 50 during the year may make additional “catch-up” contributions subject to IRC limitations. Catch-up contributions are not matched by the Company. Additionally, the Plan provides for a Company match of 75 percent of the first 8 percent of such basic contributions that are made by management employees of the Company, Company employees covered by the Systems Operations collective bargaining agreement with the IBEW Local 320, and other Company employees covered by a collective bargaining agreement and hired on or after May 1, 2008, and for a Company match of 50 percent of the first 6 percent of such basic contributions that are made by employees (other than Systems Operations employees) covered by a collective bargaining agreement and hired prior to May 1, 2008. All Company contributions made on behalf of eligible employees shall be paid in cash and allocated in accordance with their investment elections.

Savings Incentive Plan
Notes to the Financial Statements
Years Ended December 31, 2022 and 2021

At the discretion of the Board of Directors, the Company may make additional contributions to employee accounts. No discretionary contributions were made for the plan year ending December 31, 2022. The Plan also provides an additional Company nondiscretionary contribution of 4 percent of eligible compensation (base wage for employees covered by a collective bargaining agreement, other than Systems Operations employees; subject to pro-ratio for part-time employees and employees employed during a portion of a year) during the first quarter of a calendar year for the prior year for Company employees who are not eligible for Central Hudson's Retirement Income Plan. Employees must be employed on the last day of the plan year, or die, become disabled or retired during the plan year to be eligible to receive that plan year contribution. This additional nondiscretionary contribution for Company employees totaled \$3,094,560 for the plan year ended December 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution, the applicable amount of the Company matching contribution, Company discretionary and nondiscretionary contributions, and allocations of the Plan earnings. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the Plan document. Each participant account is charged with an allocation of administrative expenses. Allocations of expenses are made on a per participant, individual transaction, or account balance basis, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participants are immediately 100 percent vested in participant contributions, Company contributions and earnings on such contributions.

Unallocated Assets

The Plan holds assets in a Revenue Credit Account which receives contributions as a result of a revenue sharing agreement with Fidelity. During 2022, contributions to the account totaled \$87,776, which is included in net depreciation in fair value of investments in the statement of changes in net assets available for benefits. Funds in the account are used to pay qualified plan expenses including investment management fees, trustee fees, audit fees and legal fees. During 2022, \$62,871 was used to pay plan expenses. Unallocated assets were \$30,700 and \$5,263 at December 31, 2022 and 2021, respectively.

Administration

The Plan is administered by the Benefits Committee of Central Hudson, which is appointed by Central Hudson's Board of Directors or its delegate. Fidelity is the Plan's trustee and custodian. Record keeping of individual participant accounts is based on information provided directly to Fidelity by the Company's payroll and human resources departments.

Distributions

Payment of benefits may begin at the participant's election following retirement, early retirement, death, termination, or total and permanent disability. In all cases, IRC rules require the distribution of an active participant's account begin no later than April 1 of the year following the year in which occurs the later of the participant reaching 70½ years of age (72 years of age for participants attaining age 70 ½ after December 31, 2019) or retiring regardless of whether a distribution has been elected.

The Plan permits hardship withdrawals on account of certain immediate and heavy financial needs. Hardship withdrawals must be made in accordance with certain provisions defined by the Plan.

The participant may elect to withdraw an amount prior to termination of employment if it is (1) an amount from the participant's voluntary or rollover contribution accounts; (2) an amount equal to the participant's total vested account balance after reaching age 59½; or (3) an amount, in the event of "hardship", as defined in the plan document, from the participant's account provided the participant first exhausts all

Central Hudson Gas & Electric Corporation
Savings Incentive Plan
Notes to the Financial Statements
Years Ended December 31, 2022 and 2021

other distributions. The minimum hardship withdrawal must be \$1,000 and participants are limited to two hardship withdrawals per plan year.

Participants who terminate employment and have a vested account balance of \$1,000 or less will receive a lump sum distribution of 100% of their vested benefits. Terminated participants who have an account balance of more than \$1,000, but not more than \$5,000 will have their balance automatically rolled over into an individual retirement account designated by the Benefits Committee of Central Hudson unless the participant affirmatively elects a lump sum distribution, or a direct rollover selected by the participant. Participants who have a vested account balance in excess of \$5,000 may leave their funds invested in the Plan or may elect a lump sum distribution, partial distribution, equal installments over a number of years (up to 20 years), or annuity payments effective January 1, 2023.

Participant Notes Receivable

All participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to/(from) the investment fund from/(to) the Participant Notes fund. Loan terms may not exceed 5 years. A participant may have no more than three loans outstanding at any time.

The loans are secured by up to 50% of the balance in the participant's account as of the date of loan origination and carry interest rates 2 percent over prime. Once the rate is established, it remains fixed over the life of the loan. Principal and interest are generally paid ratably through payroll deductions each pay period.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become immediately vested and their account balances will be distributed in accordance with the Plan document.

2. Significant Accounting Policies:

Basis of Accounting

The Plan uses the accrual basis of accounting, which recognizes revenue when it is earned and expenses as they are incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Central Hudson Gas & Electric Corporation
Savings Incentive Plan
Notes to the Financial Statements
Years Ended December 31, 2022 and 2021

Expenses of the Plan

Administrative expenses are paid by the Plan, unless paid by the Company, except for costs incurred for the purchase or sale of securities and investment related costs, such as investment manager fees, which are borne by the respective investment funds. Additionally, a quarterly fee of \$10 is paid by each participant. Expenses that are paid by the Company are excluded from these financial statements.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

3. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts – Valued at the net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Redemptions of the common collective trusts held by the Plan are allowed monthly and are subject to a fifteen-day notice requirement for both the Plan and participants. There are no unfunded commitments.

4. Risks and Uncertainties:

The Plan provides for the various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

5. Tax Exempt Status:

The Plan has received a determination letter from the IRS dated October 12, 2022, based on the Plan document amended and restated as of January 1, 2022, stating that the Plan is qualified under Section 401(a) of the IRC. Accordingly, the Plan is exempt from taxation. The Plan has been further amended since January 1, 2022. The Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan remains qualified and tax exempt.

Notes to the Financial Statements
Years Ended December 31, 2022 and 2021

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Certified Investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, and interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

7. Parties-in-Interest:

Certain Plan investments are shares of mutual funds or units of common collective trust funds managed by Fidelity, and an investment contract managed by VOYA Financial (“VOYA”). Fidelity is the trustee as defined by the Plan, and VOYA is a custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Additionally, loans to participants are considered party-in-interest transactions.

8. Contract Investment:

The Plan holds a traditional investment contract issued by VOYA (the “contract issuer”). The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

With traditional investment contracts, the Plan owns only the contract itself. These contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. The crediting rate is currently reset periodically throughout the year. The contract does not have a maturity date.

A 30-day notice period is required to discontinue the contract. If the market value is selected, payment will be made within 30 days. If book value is selected, within 30 days of the date that the contract is discontinued, the balance will be transferred to a settlement account and a new credit rate period will commence on the date of transfer. The Plan may select an account which would support a credit rate of at least 5% determined by VOYA at the date of commencement. If it is determined that an account supporting a credit rate of at least 5% is not available, the only account available is the account with the longest remaining to its final liquidation date of the target duration of the account that is greater than 4.5 years. If it is less than 4.5 years, VOYA will establish a new account to receive the transfer of the Plan's balance. The balance will then be paid in installments.

Notes to the Financial Statements
Years Ended December 31, 2022 and 2021

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would also limit the ability of the Plan to transact at contract value with the participants.

Certain events and circumstances allow the issuer to terminate the fully benefit-responsive investment contracts with the Plan and settle at an amount different from contract value. Such events include the following: (1) if the Plan sponsor wishes to terminate the Plan's interest, the amount paid out will be the value of the Plan's interest or (2) termination will occur on the date when both no current deposit arrangements have been made between participant and issuer and there are no Guaranteed Interest Funds with a value greater than zero. If such an event should occur, then the Plan can decide between contract value or fair value.

9. Subsequent Events:

The Company has evaluated events through September 26, 2023, the date these financial statements were available for issuance.
