Independent Auditor's Report

To the Plan Trustees of
Edward L. Baker Enterprises, Inc. 401(k) Employee Retirement Plan
Ellington, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Edward L. Baker Enterprises, Inc. 401(k) Employee Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Edward L. Baker Enterprises, Inc. 401(k) Employee Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Edward L. Baker Enterprises, Inc. 401(k) Employee Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Edward L. Baker Enterprises, Inc. 401(k) Employee Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Edward L. Baker Enterprises, Inc. 401(k) Employee Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Edward L. Baker Enterprises, Inc. 401(k) Employee Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

Note 1: Description of Plan

The following description of the Edward L. Baker Enterprises, Inc. 401(k) Employee Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 2001, by Edward L. Baker Enterprises, Inc. (the "Company") and restated on January 1, 2021. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended and restated.

Eligibility

Employees are eligible after having worked at least 1,000 hours within a 12-month period. Employees who do not meet the eligibility requirements in their first year of service will be granted eligibility once they are credited with 1,000 hours of service in a subsequent plan year. Employees may participate on the first day of the Plan year quarter coinciding with or next following the date after satisfying the eligibility requirements in the Plan Agreement.

Contributions

Each year, participants may contribute up to one 100% of compensation, as defined within the Plan Agreement, not to exceed limits established by law. Participants who have attained age 50 are eligible to make catch-up contributions. The total of employee and employer contributions cannot exceed \$61,000 for the year ended December 31, 2022. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides a discretionary employer matching contribution and a discretionary employer nonelective contribution, as determined by the Company. The employer contributions are invested as directed by the participant. The Company provided a matching contribution equal to 100% of the amount of the participant contribution to the Plan for each payroll period up to 3% of eligible compensation for the year ended December 31, 2022. Discretionary employer matching contributions totaled \$154,816 for the year ended December 31, 2022. There were no discretionary employer nonelective contributions for the year ended December 31, 2022.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant account is credited with the participant's contributions, employer matching contributions and an allocation of the Company's nonelective contribution, if any, and Plan earnings. Each account is charged with an allocation of administrative expenses. Allocations of expenses are based on participant earnings or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollovers plus actual earnings thereon. Vesting in the remainder of their account balance is based on years of continuous service. A participant remains 0% vested until they achieve three credited service years, at which point the participant becomes 100% vested.

Notes Receivable From Participants

Loans are not permitted from the Plan.

Forfeitures

Participants who terminate their employment and are less than 100% vested in their employer's contributions forfeit their nonvested portion. Forfeitures are retained by the Plan to reduce employer contributions and administrative expenses. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$1,243 and \$634, respectively. Forfeitures of \$899 were used to reduce asset management fees during the year ended December 31, 2022.

Participant Hardship Withdrawals

Participants may withdraw from the Plan the portion of their account resulting from salary deferrals in the event of undue financial hardship. The maximum hardship withdrawal is the total of a participant's vested balance from elective deferrals.

Payment of Benefits

On termination of service, if the total vested account balance is less than \$5,000, the participants' vested account balance will be distributed in a lump sum within a reasonable period following the date of termination. If the total vested account balance exceeds \$5,000, participants may elect to receive a lump sum amount or take multiple distributions less than their entire vested account balance upon the Plan Administrator's discretion. Upon death, the entire account balance must be distributed in a lump sum by the calendar year containing the fifth anniversary of death, unless the beneficiary elects to receive benefits ratably over a period of time not to exceed the beneficiary's life expectancy.

Notes to the Financial Statements

Note 1: Description of Plan (Continued)

Payment of Benefits (Continued)

Benefits are recorded when paid.

Investment Options

Upon enrollment in the Plan, participants may direct contributions in any of the applicable investment options available to Plan participants.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Administrative Expenses

Administrative expenses of the Plan are paid both by the Company and the participants of the Plan.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from these estimated amounts.

Investment Valuation and Income Recognition

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, recordkeeper, and trustee. See Note 3 for a discussion of fair value measurements.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

The Plan has evaluated subsequent events through September 24, 2023, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level I - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access.

Level II - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3: Fair Value Measurements (Continued)

Following is a description of the valuation methodology used for assets measured at fair value.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These investments are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common collective trust: Composed primarily of fully benefit-responsive investment contracts that are valued at net asset value of units of the fund's collective trust. The net asset value is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an account different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize the valuation of the Plan's investments held as of December 31, 2022 and 2021:

		Fair Value Measurements Using:			
			Quoted Prices in Active Markets for Identical Assets Level I	Quoted Prices in Active Markets for Similar Assets Level II	Significant Unobservable Inputs Level III

Note 4: Party-in-Interest Transactions

The Company, which is the Plan sponsor, provides certain administrative services at no cost to the Plan. Certain Plan investments are shares of mutual funds managed by Alerus Financial N.A. Therefore, these transactions qualify as party-in-interest transactions. The fees paid by the Plan for the investment management services are netted with the investment income (loss) on each investment option of the Plan for the year ended December 31, 2022. The Plan paid an asset management and recordkeeping fee of \$26,275 for the year ended December 31, 2022.

The Plan received revenue sharing income from the trustee of \$2,713 for the year ended December 31, 2022.

Note 5: Excess Contribution Payable

As a result of discrimination testing, excess contributions amounting to \$5,500 were recorded as a liability in the accompanying statements of net assets available for benefits at December 31, 2022 respectively, and as a deduction from net assets available for benefits for the year then ended. The Plan reimbursed these excess contributions to its participants during the 2023 Plan year.

There were no excess contributions at December 31, 2021.

Note 6: Benefit Obligations

Net assets available for benefits may include amounts allocated to individuals who have elected to withdraw from the Plan, but who have not been paid. There were no unpaid benefit obligations at December 31, 2022 and 2021.

Note 7: Tax Status

The Plan is a volume submitter Plan that received a favorable determination letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt, as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 8: Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to be complete and accurate by Alerus Financial N.A. as of December 31:

	<u>2022</u>	<u>2021</u>
Non-interest-bearing cash	\$ 17,434	\$ 27,542
Investments		
Registered investment companies, at fair value	2,765,261	3,444,770
Common collective trust, at net asset value	659,243	303,018
Net depreciation in fair value of investments	\$ (752,841)	
Dividend and interest income	129,896	

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
