# Independent Auditors' Report

To the Participants and the Komatsu Plan Sponsor Committee
Komatsu Mining Corp. Retirement Savings Plan

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Komatsu Mining Corp. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly US, LLP, trading as Baker Tilly, is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. © 2020-2022 Baker Tilly US, LLP

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. Description of the Plan

The following description of the Komatsu Mining Corp. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). United States employees of Komatsu Mining Corp. (the Company) and certain of its affiliates whose compensation is reported on the Internal Revenue Service (IRS) Form W-2 are eligible to participate, except any employee who is temporary, leased, contracting or part of a collective bargaining agreement, unless the collective bargaining agreement states they are eligible to participate in the Plan, and any employee who is accruing benefits under the target benefit plan sponsored by Komatsu America Corp. An eligible employee may become an active participant in the Plan on the first day of the payroll period beginning after the employee's commencement date.

### Administration

The Company, along with its parent company, Komatsu America Corp. (collectively, the Companies), established the Komatsu Plan Sponsor Committee to act on behalf of the Companies as plan sponsor to the employee benefit plans maintained by the Companies, including the Plan. In addition, the Companies established the Komatsu Pension and Investment Committee (the Committee) to serve as the plan administrator for their employee benefit plans. Fidelity Management Trust Company (the Trustee) serves as the trustee of the Plan, while Fidelity Investments, an affiliate of the Trustee, serves as the recordkeeper of the Plan.

### Contributions

Each year, participants may contribute up to 25% of pre-tax annual compensation and up to 5% of after-tax annual compensation (10% for certain collectively bargained employees). Participants may also contribute to the Plan up to 25% of their after-tax earnings as Roth deferral. Each dollar of the Roth contribution reduces the amount that a participant is able to contribute on a pre-tax basis. Participants aged 50 or over may make additional catch-up contributions. Participants may also contribute amounts representing distributions from eligible retirement plans (rollover contributions). The Plan requires an automatic enrollment of a 6% pre-tax salary deferral contribution for new hires, but employees can opt out or change their contribution percentage at any time. The Plan has an automatic escalation of 1% annually (up to a maximum of 10%) for all newly hired non-union employees and for certain union employees. Contributions are subject to certain limitations.

The Company matches 50% of all employee contributions up to 6% of the participant's compensation. The Plan does not allow Company matching true-up contributions for non-union participants who terminate employment prior to the last day of the applicable plan year in which the true-up is calculated.

The Company is required to contribute a fixed contribution to certain employee groups of 5% of eligible employee compensation, depending on the employee group. The 5% Company fixed contribution is comprised of a safe harbor contribution on behalf of each non-union participant in its employ equal to 3% of the participant’s compensation and a non-safe harbor contribution on behalf of each non-union participant in its employ equal to 2% of the participant’s compensation.

The Company is also required to contribute a retirement contribution of specific dollar amounts per participant based on specific contribution formula for each eligible employee group. These Company contributions comply with safe harbor requirements under the Internal Revenue Code (IRC).

Participants direct the investment of their contributions and Company contributions into any combination of available investment options offered by the Plan.

**Participant Accounts**

Separate benefit accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, rollovers, Company contributions and an allocation of investment earnings or losses based on the investment funds selected and charged with an allocation of administrative expenses and any specific participant transactions such as loans, distributions and the related transaction expenses. Allocations are made to participants' accounts based on the proportion that each participant's balance bears to the total of all participant account balances within each investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately and fully vested in their voluntary contributions, rollovers, Company matching contributions and earnings thereon. Company fixed contributions to salaried and non-bargaining union employees and certain collectively bargained employees are considered 100% vested. All other participants who receive Company fixed contributions are considered 100% vested after three years. Participants who leave the Plan because of death, early or normal retirement, plant closings or disability retirement, as defined in the plan document, are fully vested.

**Forfeited Accounts**

As of December 31, 2022 and 2021, forfeited nonvested accounts totaled $166,838 and $402,492, respectively. These accounts will be used to reduce future Company contributions. During 2022, Company contributions were reduced by $332,965 from forfeited nonvested accounts.

**Payment of Benefits**

Benefits may be paid to the participant or beneficiary upon death, long-term disability, retirement or termination of employment. Participants may be permitted to make withdrawals from the Plan in the event of financial hardship, as defined in the plan document. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, installments over a period not to exceed 15 years or a combination of the two. If no election is made and the participant's vested account balance is less than $5,000, the plan administrator will distribute the balance to an individual retirement account or annuity for the participant's benefit, and if the participant's vested balance is less than $1,000, the balance is automatically distributed to the participant. If a participant's account balance exceeds $5,000, the participant may elect to defer payment. Automatic distribution commences when the participant turns age 72 (age 70 1/2 for participants who were born on or before June 30, 1949) or when the participant terminates employment.

**Termination of Plan**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

### Notes Receivable from Participants

Participants may borrow from their accounts at a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are collateralized by the balance in the participant's account. The notes bear interest at rates ranging from 4.25% to 8.00% as of December 31, 2022 and 2021. These rates are commensurate with the prevailing prime rate plus 1%, as of the origination date. Principal and interest are paid ratably through payroll deductions. Terms range from one to five years or up to twenty years for the purchase of a primary residence.

## 2. Summary of Significant Accounting Policies

### Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

### Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan’s valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on investments bought and sold as well as held during the year.

### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as benefit payments based on the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

### Administrative Expenses

The Company pays substantially all administrative fees associated with the Plan. Certain participant transaction charges are paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements.

### Benefit Payments

Benefits are recorded when paid.

### 3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, the Trustee has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the supplementary schedule Form 5500, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

### 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

*Money market funds* - Valued at the published market price, which is a constant net asset value (NAV) of $1 per unit.

*Collective trust funds* - Valued at the NAV of units of the collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (issuances and redemptions) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment advisor reserves the right to temporarily delay withdrawal from that trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

*Registered investment companies* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Self-directed brokerage accounts* - Valued at the quoted market price of the respective security held within the accounts. All securities within the accounts are traded on an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below present the balances of investments measured at fair value on a recurring basis by level within the hierarchy as of December 31, 2022 and 2021:

| | December 31, 2022 | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Money market fund | $ 27,447 | $ - | $ - | $ 27,447 |
| Registered investment companies | 20,847,662 | - | - | 20,847,662 |
| Self-directed brokerage accounts | 6,845,552 | - | - | 6,845,552 |
| Total assets in the fair value hierarchy | $ 27,720,661 | $ - | $ - | 27,720,661 |
| Investments measured at NAV (a) | | | | |
| Collective trust funds | | | | 670,370,389 |
| Total investments at fair value | | | | $ 698,091,050 |

| | December 31, 2021 | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Money market fund | $ 3,998 | $ - | $ - | $ 3,998 |
| Registered investment companies | 29,022,983 | - | - | 29,022,983 |
| Self-directed brokerage accounts | 8,872,899 | - | - | 8,872,899 |
| Total assets in the fair value hierarchy | $ 37,899,880 | $ - | $ - | 37,899,880 |
| Investments measured at NAV (a) | | | | |
| Collective trust funds | | | | 822,081,219 |
| Total investments at fair value | | | | $ 859,981,099 |

(a) In accordance with U.S. GAAP, investments that are measured at NAV per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy. The fair value of these investments is presented to permit reconciliation of the fair value hierarchy to the total investments at fair value in the Statements of Net Assets Available for Benefits.

The following tables summarize investments for which fair value is measured using NAV per share as a practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

| | December 31, 2022 | | | |
|---|---|---|---|---|
| | Fair Value | Unfunded Commitments | Redemption Frequency (if currently eligible) | Redemption Notice Period |
| Collective trust funds | $609,580,493 | N/A | Daily | None |
| Collective trust fund | 60,789,896 | N/A | Daily | 12 months |
| | $670,370,389 | | | |

| | December 31, 2021 | | | |
|---|---|---|---|---|
| | Fair Value | Unfunded Commitments | Redemption Frequency (if currently eligible) | Redemption Notice Period |
| Collective trust funds | $765,739,056 | N/A | Daily | None |
| Collective trust fund | 56,342,163 | N/A | Daily | 12 months |
| | $822,081,219 | | | |

## 5. Parties In Interest Transactions

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

## 6. Tax Status

The Plan obtained its latest determination letter dated July 22, 2013, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 7. Risks and Uncertainties

The Plan invests in various investment securities that, in general, are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of certain investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2022 and 2021, the Plan held two investments with significant concentration as a percentage of net assets available for benefits totaling $209,006,202 and $263,182,472, respectively.

## 8. Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 2, 2023, the date the financial statements were available to be issued.
