## Report of Independent Auditors

The Plan Administrator  
Kindred 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements**

We have performed an audit of the financial statements of the Kindred 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

### **Opinion on the 2022 Financial Statements**

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the 2022 Financial Statements section.

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion on the 2022 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the 2022 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor’s Responsibilities for the Audit of the 2022 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## **Other Matters**

### *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2022, (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

### **In our opinion**

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

*Report of Other Auditors on 2021 Financial Statements*

Another auditor performed an audit on the financial statements of the Plan as of and for the year ended December 31, 2021. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, their audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. In their report dated October 31, 2022, they indicated that in their opinion (a) the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the financial statements related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C).

# Kindred 401(k) Plan

## Note to Financial Statements

December 31, 2022 and 2021

### 1. Description of the Plan

The following description of the Kindred 401(k) Plan (the Plan) provides only general information. Detailed descriptions of the Plan's benefits and provisions are contained in the Summary Plan Description which can be obtained from Kindred Healthcare, LLC (the Company).

#### General

The Plan was established January 1, 1986 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Document was amended and restated effective January 1, 2019, whereby all previous amendments were consolidated into one restated document. The Plan is a defined contribution plan which provides retirement benefits to qualified employees of the Company and participating employers. The Company is the sponsor, and the Retirement Committee, a committee appointed by the Company's Board of Directors, is the administrator of the Plan (Plan Administrator). The Company appointed T. Rowe Price Retirement Plan Services, Inc. as the record keeper and T. Rowe Price Trust Company as the trustee (the Trustee) of the Plan. The Plan Administrator, as advised by an investment manager, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors. The Plan is funded with contributions from participants and the Company.

On June 21, 2021, the Company announced that it had entered into a definitive agreement under which the Company was to be acquired by LifePoint Health, Inc. (LifePoint). The transaction was completed on December 23, 2021. As a result of the transaction the Company, LifePoint, and a certain of their respective affiliates, entered into a reorganization agreement (the LifePoint Reorganization). Upon closing of the LifePoint Reorganization, a new healthcare services company, Knight Health Holdings LLC, was established operating under the name ScionHealth (Scion). As a result of the LifePoint Reorganization, the Plan Sponsor, Kindred Healthcare LLC, was reorganized under the newly established entity Scion. The Company's former entities that were reorganized under LifePoint as a part of the LifePoint Reorganization continued to be participating employers in the Plan through December 31, 2022.

In December 2022, the Plan was amended to name Knight Health Holdings LLC as the successor Plan Sponsor to Kindred Healthcare, LLC, effective January 1, 2023. Furthermore, the Plan was amended to include the former LifePoint entities, which were reorganized under the Company as a part of the LifePoint Reorganization, as participating employer, and those former Kindred Healthcare LLC entities that were reorganized under LifePoint Health were no longer included as participating employers. Participant accounts were transferred between the Plan and the LifePoint

#### **1. Description of the Plan (continued)**

401(k) Plan and Trust as a result of the amendment. On January 10, 2023, the Plan recorded a net increase in plan assets of \$60 million as a result of \$150 million in plan assets transferred from the Plan to LifePoint 401(k) Plan and Trust, whereas \$210 million in plan assets were received from the LifePoint 401(k) Plan and Trust.

#### **Eligibility**

Employees are eligible to participate in the Plan the first of the month following or coincident with one month of service with no age requirements. Participants are eligible for employer matching contributions the first of the month following or coincident with one year of service.

#### **Contributions**

The Plan provides a savings feature allowed under Section 401(a) of the Internal Revenue Code (the Code). Participants can contribute through payroll deductions an amount not less than 1% but not more than 50% of their compensation as defined in the Plan document. Contributions may not exceed the Code annual limitation of \$20,500 and \$19,500 for 2022 and 2021, respectively. The Plan also allows participants age 50 and older to make catch-up contributions up to \$6,500 in 2022. Employee and employer contributions are invested according to the participant's contribution investment elections.

Effective January 1, 2020, the Plan was amended to add an option for contributions to be made to a Roth account.

The Plan allows controlled group participating employers to set the formula for employer periodic matching contributions for employees of their controlled group, as approved by the Plan Administrator. Periodic matching contributions for 2022 were 10% of the first 4% for all controlled group participating employers except for certain joint venture control groups. The periodic matching contributions for these other joint venture participating employers for 2022 was 50% of the first 6% of pay contributed to the Plan.

At the discretion of each participating employer and as approved by the Plan Administrator, a supplemental matching contribution may be allocated to each eligible participant actively employed on December 31 of a Plan year. Supplemental matching contributions are allocated on a pro-rata basis based on periodic matching contributions. If no periodic contributions are made,

## Kindred 401(k) Plan

### Note to Financial Statements (continued)

#### **1. Description of the Plan (continued)**

then the supplemental match is allocated pro-rata based on a “calculated” annual match using the matching formula of the periodic match. No supplemental matching contributions were made for the years ended December 31, 2022 and 2021.

Each participating employer, with approval by the Plan Administrator, may provide a divisional matching contribution to its eligible non-highly compensated participants actively employed on December 31 of a Plan year. No divisional matching contributions were made for the years ended December 31, 2022 and 2021.

The Company may also make profit-sharing contributions, as determined by the Company’s Board of Directors, allocated to eligible participants actively employed on December 31 of a Plan year and who have been credited with at least 1,000 hours of service during the plan year. Allocations to eligible participants are based on the proportion of each participant’s compensation to total compensation for all participants. No profit-sharing contributions were made for the years ended December 31, 2022 and 2021.

The Plan accepts rollovers of pre-tax distributions in cash from most qualified retirement plans, 403(b) plans, governmental 457 plans, and Individual Retirement Accounts. Participants may take in-service withdrawals of these funds at any time.

#### **Investment Options**

The Plan offers 11 mutual funds and 15 collective trusts as investment options for participants. Participants may change their investment of existing account balances and future contributions daily. In accordance with Code section 404(c), participants are responsible for investment decisions for all balances, including participant-funded and employer-funded balances.

#### **Participant Accounts**

Each participant’s account is credited with the participant’s contributions, employer matching contributions (as applicable), and allocations of Plan earnings or losses. Participant accounts are also charged with an allocation of administrative expenses. Allocations are based upon participant account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

## Kindred 401(k) Plan

### Note to Financial Statements (continued)

#### 1. Description of the Plan (continued)

##### Vesting

Participants are vested immediately in their contributions and earnings thereon. Vesting in employer contributions (as applicable) is based upon the participant's years of service with the Company. A participant becomes fully vested following four years of service.

A participant vests in employer matching contributions as follows:

	<u>Vesting Percentage</u>
<b>Participant years of service</b>	
Less than one	–%
One but less than two	25
Two but less than three	50
Three but less than four	75
Four or more	100

Vesting schedules for employer contributions from merged plans may vary.

##### Forfeitures

Forfeiture of employer contributions by participants who withdraw from the Plan prior to full vesting, first reduces future matching contributions by the employer in accordance with the Plan document, and then is allocated in equal amounts to contributing participants who are actively employed at the end of the year. Forfeited account balances applied to reduce employer contributions for the years ended December 31, 2022 and 2021 totaled \$151,482 and \$185,568, respectively. Forfeited account balances not yet applied to reduce future employer contributions totaled \$1,646 and \$570 at December 31, 2022 and 2021, respectively.

##### Payment of Benefits

Upon termination of service due to retirement, death, or disability, a participant or participant's beneficiary may receive a lump-sum distribution equal to the vested balance of their account, or if the account balance exceeds \$5,000, the participant may defer payment until April 1 following the attainment of age 70 ½ (age 72 if the participant was born after June 30, 1949). In the event of financial hardship, as defined in the Plan document, a participant may withdraw all or any part of their contributed amounts, regardless of age.

## Kindred 401(k) Plan

### Note to Financial Statements (continued)

#### **1. Description of the Plan (continued)**

Participants are limited to two hardship withdrawal distributions per calendar year.

Employees aged 59 ½ or older may request an in-service withdrawal of all or any part of their contributed or vested employer-contributed amounts. All profit-sharing amounts are eligible for in-service withdrawal, regardless of age.

#### **Notes Receivable From Participants**

Although the Plan does not contain a provision that allows participants to take loans from the Plan, it does allow for repayment of loans acquired through plan mergers.

Principal and interest are paid through payroll deductions. In general, the interest rate charged to participants is a fixed rate equal to the Prime Rate, as stated in the Wall Street Journal as of the day the loan is initiated, plus 1%. Outstanding loans become due and payable in full upon each loan's respective maturity date.

#### **Plan Termination**

Although the Company expects to continue the Plan, it reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Should the Company elect to terminate the Plan, participants would become fully vested in their employer matching contribution balances.

#### **2. Accounting Policies**

##### **Basis of Accounting**

The financial statements have been prepared on the accrual basis in accordance with generally accepted accounting principles in the United States of America and may include amounts based upon the estimates and judgments of the Plan's management. Actual amounts may differ from those estimates.

## Kindred 401(k) Plan

### Note to Financial Statements (continued)

#### **2. Accounting Policies (continued)**

##### **Expenses**

Certain of the Plan's expenses are paid directly by the Company and are excluded from these financial statements. Administrative expenses not paid by the Company are paid by the Plan. Participant accounts are assessed a fixed quarterly fee. Any remaining expenses above the fixed fee are allocated to participant accounts on a pro-rata basis in proportion to their account balance.

Investment related expenses incurred for investment management services provided by mutual fund and collective trust service providers are included in net (depreciation) appreciation in fair value of investments.

##### **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Plan's Trustee is responsible for determining the Plan's valuation policies. The Retirement See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized gains or losses on the sale of investments, together with unrealized (depreciation) appreciation in investments, are presented as net (depreciation) appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

##### **Payment of Benefits**

Benefits are recorded when paid.

## Kindred 401(k) Plan

### Note to Financial Statements (continued)

#### **2. Accounting Policies (continued)**

##### **Valuation of Notes Receivable From Participants**

Notes receivable from participants are recorded at their unpaid principal plus accrued interest. Interest is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses was recorded at December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant's note receivable balance is reduced and a benefit payment is recorded.

##### **3. Fair Value Measurements**

The fair value framework establishes a hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The fair value hierarchy gives the highest priority unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The guidance describes three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity that are significant to the fair value of the assets or liabilities. Fair value is determined using pricing models, discounted cash flows methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Mutual funds held by the Plan are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Security and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

## Kindred 401(k) Plan

### Note to Financial Statements (continued)

#### 3. Fair Value Measurements (continued)

Collective trusts held by the Plan are valued at the NAV of units of a bank or a trust company collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the collective trust, the investment manager reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.

The Plan's financial assets measured at fair value on a recurring basis at December 31, 2022 and 2021 were as follows:

	December 31, 2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 326,896,060	\$ –	\$ –	\$ 326,896,060
Investments measured at net asset value using the NAV practical expedient <sup>(a)</sup>	–	–	–	641,356,963
Total investments, at fair value	<u>\$ 326,896,060</u>	<u>\$ –</u>	<u>\$ –</u>	<u>\$ 968,253,023</u>

  

	December 31, 2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 424,961,116	\$ –	\$ –	\$ 424,961,116
Investments measured at net asset value using the NAV practical expedient <sup>(a)</sup>	–	–	–	806,752,445
Total investments, at fair value	<u>\$ 424,961,116</u>	<u>\$ –</u>	<u>\$ –</u>	<u>\$ 1,231,713,561</u>

<sup>(a)</sup> In accordance with Financial Accounting Standards Board Accounting Standards Codification 820-10, *Fair Value Measurement*, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

## Kindred 401(k) Plan

### Note to Financial Statements (continued)

#### **3. Fair Value Measurements (continued)**

While there are no limitations or restrictions on participant-directed transactions for the following investments measured at fair value based on NAV per share, there are restrictions for the investments at the plan level. With the exception of the Stable Value Fund, the common collective trusts have a daily redemption with a 30-day notice. The Stable Value Fund has a daily redemption with a 12-month notice.

#### **4. Risks and Uncertainties**

The Plan provides various investment options in registered investment companies and collective trusts which invest in stocks, bonds, fixed income securities, and other securities. These investments are subject to various risks, including interest rate, market volatility and credit risks. Due to the risks associated with certain investments, it is at least reasonably possible that changes in the value of these investments will impact participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

#### **5. Related-Party Transactions**

Certain Plan investments are mutual funds and collective trusts managed by the Trustee. Transactions in these investments qualify as party-in-interest transactions. These balances totaled \$788,002,058 and \$996,007,424 at December 31, 2022 and 2021, respectively.

The Trustee provides certain administrative services to the Plan pursuant to a Plan Recordkeeping Agreement between the Company and the Trustee.

The Trustee receives revenue from mutual fund service providers for services the Trustee provides for those funds. The revenue is remitted to the Plan and is allocated quarterly to the accounts of the participants who invest in those funds. Trustee remittances to the Plan for revenue received in 2022 totaled \$781,453, which is included in administrative expenses on the statement of changes in net assets available for benefits.

## Kindred 401(k) Plan

### Note to Financial Statements (continued)

#### **6. Information Certified by the Trustee**

All investment information and notes receivable from participants for the Plan presented and disclosed in the accompanying financial statements and supplemental schedule, including investments at fair value and notes receivable from participants at December 31, 2022 and 2021, and net (depreciation) appreciation in fair value of investments, interest and dividend income, and interest on notes receivable for the years ended December 31, 2022 and 2021, were obtained or derived from information provided to the Company and certified as complete and accurate by the Trustee of the Plan.

#### **7. Income Tax Status**

The Plan Administrator received a favorable tax determination letter from the Internal Revenue Service (IRS) dated June 4, 2014, stating that the Plan is qualified under Section 401(a) of the Code, and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. Although the Plan has been amended and restated since receiving the determination letter, the Plan Administrator believes the Plan, as amended and restated, is being operated in compliance with the applicable requirements of the Code, and, therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator believes there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements at December 31, 2022 or 2021. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits in progress for any tax periods and the Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

## Kindred 401(k) Plan

### Note to Financial Statements (continued)

#### **8. Subsequent Events**

On January 23, 2023, Scion completed the acquisition of Cornerstone Healthcare Group, a diversified provider of quality post-acute care services. As a result of the transaction, employees previously covered under Cornerstone Healthcare Group's plan will be added to the Plan.

The Plan Administrator has determined that no other events through October 5, 2023, the date on which the financial statements were available for issuance, were deemed necessary for disclosure.
