To the Participants and Plan Administrator
Massachusetts Higher Education Assistance Corporation
d/b/a American Student Assistance 403(b) Plan
Boston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Massachusetts Higher Education Assistance Corporation d/b/a American Student Assistance 403(b) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the Massachusetts Higher Education Assistance Corporation d/b/a American Student Assistance 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) Plan originally established on January 1, 1992 by the Massachusetts Higher Education Assistance Corporation d/b/a American Student Assistance ("ASA" or the "Employer") for the benefit of its employees and was amended and restated in its entirety on January 1, 2019. All employees are eligible to participate in the Plan on their date of hire upon completion of a salary deferral agreement (the "Participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). In accordance with the agreement, ASA administers the Plan. All investments are participant-directed.

Participant Contributions

Participants may elect in writing to defer up to 100% of their compensation for a Plan year, subject to dollar limits set by Federal law. The Plan includes an automatic enrollment provision for employees hired on or after July 1, 2011, at an automatic deferral of 3% unless an alternative election is made. Seasonal and temporary employees are not automatically enrolled. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("Participant Rollovers").

Employer Discretionary Matching Contributions

The Employer may make matching contributions each year in such amounts as the Employer in its sole discretion shall determine which may be allocated periodically during the Plan year or as of the end of the Plan year, subject to limits imposed by Federal law. In order to receive the matching contribution, participants must have made elective deferrals during the period. For the year ended December 31, 2022, the Employer approved a 100% match up to 7% of compensation amounting to \$693,309.

Employer Discretionary Contributions

Effective January 1, 2021, the Plan permits ASA to make Employer discretionary contributions. The contribution is allocated among the participants' accounts who are employed at the end of the Plan year based on each participant's eligible compensation, as defined by the Plan, as a percent of the total eligible compensation. There was no Employer discretionary contribution made to the Plan for year ended December 31, 2022.

d/b/a AMERICAN STUDENT ASSISTANCE 403(b) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the Participant's contribution, an allocation of Employer contribution, if any, and Plan investment earnings/losses thereon and charged with direct administration fees. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account.

Qualified Nonelective Contributions

The Employer may make a nonforfeitable Qualified Nonelective Contribution for allocation to one or more Participants' Qualified Nonelective Contribution Accounts if such a contribution is deemed appropriate under the Internal Revenue Service's Employee Plans Compliance Resolution System. A Participant may not elect to receive a Qualified Nonelective Contribution in cash until distributed from the Plan, and Qualified Nonelective Contributions are distributable only in accordance with the Plan's distribution provisions that apply to Salary Deferral Contributions and Roth Elective Deferrals, except that they shall not be distributed under financial hardship. For the Plan year ended December 31, 2022, the Employer did not make a Qualified Nonelective Contribution.

Vesting

Participants are immediately vested in their pretax contributions, Employer matching contributions, and rollover contributions, plus actual earnings thereon.

The vested portion of the Employer Discretionary contribution account, plus earnings, of an eligible employee, is based on years of service and determined in accordance with the following schedule:

<i>Years of Service</i>	<i>Percent Vested</i>
Less than 1 year	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Payment of Benefits

Upon death, disability, retirement or termination, a participant may elect to receive either a lump-sum amount or installment payments equal to the value of the Participant's vested interest in his or her account. If a participant's vested account is less than \$1,000, the Plan administrator automatically distributes the account balance to the Participant.

Notes to Financial Statements

Note 1 - Description of the Plan (Continued)

In-Service Withdrawals

In-service withdrawals from a participant's vested account excluding a participant's Qualified Nonelective Contributions Account are permitted due to financial hardship or upon reaching age 59½. Participants must exhaust all other available types of distributions before financial hardship withdrawals are allowed.

Notes Receivable from Participants

Subject to approval of the Plan administrator, participants may borrow a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms are generally for up to five years (or longer for the purchase of a principal residence). Participants may only have one loan outstanding at a time. The loans are secured by the balance in the Participant's vested account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan's administrator. Principal and interest are paid ratably through payroll deductions. Upon termination of service, the entire outstanding principal and accrued interest shall be immediately due and payable.

Administrative Expenses

Individual participant accounts are charged directly for loan recordkeeping and benefit disbursement processing fees, if applicable. All other operating expenses incurred in the administration of the Plan are paid by ASA. Investment related expenses are included in net depreciation in fair value of investments.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefits Paid

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are charged to expenses as they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

During the year ended December 31, 2022, \$24,443 of notes receivable from participants were transferred into the Plan from the American Student Assistance Employee 401(a) Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could vary from the estimates that were used.

Subsequent Events

The Plan administrator has evaluated subsequent events through September 28, 2023, the date that the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

Note 3 - Information Certified by Custodian

Plan investments are held in mutual fund accounts by the Plan's custodian, Charles Schwab Trust Bank. The fair value of investments and notes receivable from participants as of December 31, 2022 and 2021 and all investment transactions for the year ended December 31, 2022, including interest and dividends, and net depreciation in fair values are certified as complete and accurate and reported to the Plan by Charles Schwab Trust Bank. Information contained in the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is also certified by Charles Schwab Trust Bank.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The mutual fund investments held by the Plan as of December 31, 2022 and 2021 amounted to \$28,844,244 and \$38,249,130, respectively, and based on the fair value hierarchy, have been classified as Level I as of December 31, 2022 and 2021.

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict that could have an impact on investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 - Related-Party Transactions and Party-In-Interest Transactions

Plan investments include shares of mutual funds managed by Charles Schwab Trust Bank. Charles Schwab Trust Bank is the custodian and Milliman Benefits is the record keeper, therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. Fees paid to Charles Schwab Trust Bank and Milliman Benefits totaled \$11,528 for the year ended December 31, 2022. Notes receivable from participants are also considered party-in-interest transactions. During the Plan year ended December 31, 2022, the Plan received revenue credits of \$6,868 from Charles Schwab Trust Bank which was utilized to pay Plan expenses during the year.

Note 7 - Plan Termination

Although it has not expressed intent to do so, ASA has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as ASA may determine.

Note 8 - Tax Status

In January 2019, the Plan adopted The Wagner Law Group Volume Submitter 403(b) Plan Document. The Internal Revenue Service ("IRS") has determined that the volume submitter 403(b) plan document is designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and informed the document sponsor, The Wagner Law Group, A Professional Corporation, of such in a letter dated April 13, 2017. The Plan administrative committee/Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
