Report of Independent Auditors

The Plan Administrator
Wintrust Financial Corporation Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Wintrust Financial Corporation Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from

the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Wintrust Financial Corporation Retirement Savings Plan
Notes to Financial Statements
December 31, 2022

1. Description of the Plan

The following brief description of Wintrust Financial Corporation Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a participant-directed, defined-contribution plan covering all eligible employees, as defined in the Plan, of Wintrust Financial Corporation and its eligible subsidiaries (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended and the Internal Revenue Code (the "Code".)

All employees of the Company are eligible to participate in the Plan, except leased employees, non-resident aliens, employees covered by a collective bargaining agreement, independent contractors, employees who are residents of Puerto Rico or any other U.S. possession and employees of the Company's Canadian subsidiary. Eligible employees may begin to participate in the Plan as soon as administratively possible following their hire date.

Wintrust Financial Corporation (Wintrust) is the plan sponsor and plan administrator. John Hancock Trust Company LLC served as the trustee of the Plan and John Hancock Retirement Plan Services served as the record-keeper for the Plan.

Contributions

The Plan allows participants to make voluntary contributions from 1% to 80% of compensation up to the maximum allowable by the Code, which was \$20,500 in 2022. Participants over the age of 50 had the option of contributing an additional \$6,500 in 2022, as "catch-up" contributions. Participant contributions are tax deferred under the provisions of Code Section 401(k), subject to certain limitations; however, the Plan also has a Roth option, which allows participants to make contributions that are not tax deferred. Participant contributions and earnings thereon are credited directly to the participant's account and are fully vested.

The Plan allows for automatic enrollment at a deferral rate of 6% of compensation for employees without a current deferral in place unless the participant otherwise elects. The Plan also has an automatic increase feature, increasing the automatic deferral rate 1% each year to a maximum deferral rate of 15%.

The Company may elect to make matching contributions to the Plan on behalf of all eligible participants. Generally, participants must be employed on the last day of the Plan year to be eligible for matching contributions. For 2022, the Company's matching contribution was 70% of a participant's contribution up to a maximum of \$5,000 per participant. Matching contributions are fully vested.

December 31, 2022

The Plan allows additional amounts to be contributed at the discretion of the Company. No additional amounts were contributed in 2022.

The Plan accepts rollover contributions from other qualified plans. Rollovers are credited to a participant's rollover account and are not eligible for matching contributions by the Company.

Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, including any rollover contributions, and allocations of (a) the Company's contributions, if any, and (b) the Plan's net earnings/losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investments

The Plan offers a diversified range of investment options intended to satisfy ERISA requirements. The Plan offers flexibility to change the amount of contributions or stop contributions entirely. In addition, the Plan permits changes to investment elections which are generally effective the next business day.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of their account balances. The loans are secured by the balance in the participants' accounts. Loan terms are established by the plan administrator in accordance with the plan agreement. During 2022, the interest rates on new participant loans are a fixed rate of Prime Rate plus 2% at date of origination. Interest rates on notes receivable from participants ranged from 3.25% to 9.50% at December 31, 2022. The loans are for terms up to five years, except that if the loan is for the acquisition of a principal residence the term can be longer. Loans transferred to the Plan in connection with mergers of other plans are administered in accordance with the terms and conditions of any such loan in effect as of the date of such merger. Principal and interest are paid by the participants through payroll deductions authorized by the participants.

Payment of Benefits

The Plan provides that following retirement or other termination of employment, a participant (or his/her beneficiary) may request a distribution in an amount equal to the value of the participant's account. Distribution methods include a single lump-sum payment, two or more partial lump-sum payments, periodic installment payments or the purchase of a nontransferable annuity. Participants can elect to have their distributions paid directly to an eligible individual retirement account or to another eligible retirement plan.

Prior to retirement, participants may elect to withdraw all or any portion of their account balance upon the attainment of age 59½. Hardship distributions can be made from a participant's account balance with the approval of the plan administrator, if specific criteria are met.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants represent participant loans borrowed against an individual's account balance. Notes receivable are recorded at their unpaid principal balance. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the note receivable to be a distribution, the note receivable balance is reduced, and a benefit payment is recorded.

Risks and Uncertainties

The Plan invests in various securities, which may include U.S. governmental securities, corporate debt instruments, corporate stocks, collective investment funds, and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and those changes could materially affect participant account balances and the amounts reported in the financial statements.

Payment of Benefits

Benefits are recorded when paid.

Income Recognition and Investment Valuation

Interest income is recorded on the accrual basis, and dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation/(depreciation) of investments includes the Plan's gains and losses on investments sold during the year and held at year end. See Note 5 for information on investment valuations.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan and the Plan sponsor. Expenses paid by the Plan sponsor are not included in the statements of changes in net assets available for benefits.

3. Investment Information Certification

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and the net depreciation in fair value of investments, interest, and dividends for year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Trust Company LLC.

4. Related Parties

The Plan invests in the Company's common stock, and in 2022, the Plan received \$161,891 in common stock dividends from the Company. Net realized and unrealized losses on the Company's common stock totaled \$689,527. These amounts are included in net investment loss on the Statement of Changes in Net Assets Available for Benefits. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

5. Fair Value Measurements

The Plan measures certain financial assets and liabilities at fair value in accordance with GAAP, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are reported at fair value in accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. Quoted market prices, when available, are used to value equity securities and mutual funds. Shares of mutual funds held by the Plan are actively traded and are valued at quoted market prices, which represent the net asset value of shares held by the Plan. Collective investment funds, are valued at their net asset value ("NAV") as a practical expedient.

Wintrust Financial Corporation Retirement Savings Plan
Notes to Financial Statements
December 31, 2022

The NAV is calculated by the fund based on the fair value of the underlying investments held by the fund less its liabilities divided by the number of units outstanding.

Investment in the common stock of the Company is made through the Wintrust Financial Corporation Common Stock Fund. This fund consists principally of Wintrust Financial Corporation common stock but may also hold cash or other short-term securities sufficient to meet the cash needs of the fund to allow for daily trades. The shares of common stock are valued at the daily closing price. Additional employee contributions to the Wintrust Financial Corporation Common Stock Fund were suspended in 2012.

GAAP establishes a fair value hierarchy to prioritize the inputs to valuation techniques used to measure fair value into three broad levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The level in the fair value hierarchy within which the fair value measurement of the asset or liability in its entirety is classified is based on the lowest-level input that is significant to the instrument's fair value measurement.

Investments for which fair value is measured using the NAV as a practical expedient are not categorized within the fair value hierarchy.

The three levels within the fair value hierarchy are as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets and liabilities in inactive markets, quoted prices for identical assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. The Plan had no Level 2 investments as of December 31, 2022 and 2021.

Level 3 inputs are unobservable inputs for the asset or liability in which there is little, if any, market activity for the asset or liability at the measurement date. Unobservable inputs reflect the Plan's own assumptions about what market participants would use to price the asset or liability. The inputs are developed based on the best information available in the circumstances, which might include the Plan's own financial data such as internally developed pricing models, discounted cash flow methodologies, and instruments for which the fair value determination requires significant judgment. The Plan had no Level 3 investments as of December 31, 2022 and 2021.

Net decrease in net assets available for benefits per the financial statements	\$ (76,293,057)
Net change from deemed distributions of defaulted notes receivable from participants	16,296
Net decrease in net assets available for benefits per Form 5500	<u>\$ (76,276,761)</u>

7. Income Tax Status

On January 20, 2017, the Plan received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code), and therefore, the related trust is exempt from taxation. Subsequent to this determination, by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

Management evaluated subsequent events for the Plan through October 3, 2023, the date the financial statements were available to be issued.
