**TRIDENT SEAFOODS CORPORATION
401(k) RETIREMENT PLAN**

Required Communications From the Auditor

For the Year Ended December 31, 2022

**To the 401(k) Administrative Committee
Trident Seafoods Corporation
Seattle, Washington**

We have conducted an ERISA Section 103(a)(3)(C) audit of the financial statements of Trident Seafoods Corporation 401(k) Retirement Plan (the Plan) as of and for the year ended December 31, 2022 and have issued our report thereon dated August 28, 2023. Professional standards require that we advise you of the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our statement of work dated May 2, 2023, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America (GAAP). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance With All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm and our network firms have complied with all relevant ethical requirements regarding independence.

Significant Risks Identified

As part of our audit planning process, we are required to identify any significant risks in the financial reporting process so that we can incorporate specific audit procedures to address those areas. Significant risks vary and are dependent on factors such as industry, depth of internal control, external factors, financial performance, and other inherent factors. Almost all audits have at least one area of significant risk. In addition, there is a prescribed significant risk as it relates to management override of controls due to their inherent risk of fraud. Professional standards require us to report these risks to those charged with governance so that you may understand those matters and why they require special audit consideration.

We have identified the following significant risks:

Management Override of Controls - Although the level of risk of management override of controls will vary from entity to entity, the risk is nevertheless present in all entities. Due to the unpredictable way in which such override could occur, it is a risk of material misstatement due to fraud and thus a significant risk.

Contributions - Plan assets could be stolen if management withholds and intentionally does not remit participant contributions to the Plan. Additionally, in an effort to reduce costs associated with sponsoring the plan, management could intentionally not fund employer contributions required by the plan document.

The significant risks identified are consistent with the prior year.

Qualitative Aspects of Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Plan is included in Note 2 to the financial statements. These policies are appropriate, comply with GAAP and industry practice, and are adequately described within the notes to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

There are no financial statement estimates that are significant to the Plan. Significant accounting estimates are not commonly inherent in a defined contribution plan with investments that are readily available on public markets.

Financial Statement Disclosures

The financial statement disclosures are neutral, consistent and clear.

Significant Unusual Transactions

Professional standards require us to communicate significant unusual transactions to those charged with governance. We did not identify any significant unusual transactions.

Identified or Suspected Fraud

No such matters came to our attention.

Significant Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. Uncorrected misstatements or matters underlying those uncorrected misstatements could potentially cause future-period financial statements to be materially misstated, even though the uncorrected misstatements are immaterial to the financial statements currently under audit.

There were no corrected or uncorrected misstatements identified during our audit.

Disagreements With Management

Professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested From Management

We have requested that management provide certain representations relevant to balances and disclosures presented in the financial statements that are included in the management representation letter dated August 28, 2023.

Management Consultations With Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Significant Related Party Transactions

We have evaluated whether the identified related party relationships and transactions (if any) have been appropriately identified, accounted for, and disclosed and whether the effects of the related party relationships and transactions, based on the audit evidence obtained, prevent the financial statements from achieving fair presentation.

Other Significant Matters, Findings or Issues

In the normal course of our professional association with the Plan, we generally discuss a variety of matters with management including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the Plan, and business plans and strategies that may affect risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Plan's auditor.

Modification of the Auditor's Report

No modifications were made to the auditor's report.

Noncompliance With Laws and Regulations

If matters involving noncompliance with laws and regulations came to our attention during the course of the audit, they are included in an appendix to this letter.

Internal Control Related Matters and Reportable Findings

See Appendix.

Other Matters

The ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, were subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Management is responsible for the accuracy of the information presented in the Form 5500. Our responsibility is to obtain a substantially complete Form 5500 and consider whether such information, or the manner of its presentation, was materially inconsistent with the presentation in the financial statements. Our responsibility also includes calling to management's attention any information that we believe is a material misstatement of fact. We have not identified any material inconsistencies or concluded there are any material misstatements of facts in the other information.

This communication is intended solely for the information and use of management, the 401(k) Administrative Committee, and others within the organization, and is not intended to be and should not be used by anyone other than these specified parties.

APPENDIX

Internal Control Related Matters and Reportable Findings

We considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control. Our consideration was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be considered material weaknesses or significant deficiencies and/or all reportable findings, and therefore, material weaknesses or significant deficiencies and/or reportable findings may exist that were not identified.

We are required to communicate, in writing, to those charged with governance, material weaknesses and significant deficiencies in internal control as well as reportable findings. The definitions of a reportable finding, control deficiency, significant deficiency and material weakness are as follows:

Category	Definition
Reportable Finding	Matters that are one or more of the following: - An identified instance of noncompliance or suspected noncompliance with laws or regulations. - A finding arising from the audit that is, in the auditor's professional judgment, significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process. This may include operational errors that have been identified by the auditor. - An indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention.
Deficiency in Internal Control	A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis.
Significant Deficiency	A deficiency, or a combination of deficiencies, in internal control over financial reporting, that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.
Material Weakness	A deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

A reportable finding may also be considered a deficiency in internal control, a significant deficiency or a material weakness.

The following were reportable findings identified during the audit:

Control Deficiencies (Other Than Material Weaknesses or Significant Deficiencies) and Reportable Findings

Eligible Compensation Errors

- Issue:** The plan document defines which types of compensation should be used to calculate contributions. We noted inconsistencies between the plan document's definition of eligible compensation and those used to calculate contributions.
- We noted two pay codes (housing allowance and fringe benefits) are currently considered to be eligible wages within the payroll system; however, they may need to be excluded under the provisions of the plan document. We discussed with management who determined these codes should not be included as eligible compensation. Management will work with their service provider to make the appropriate corrections to employee deferrals and employer match for both 2022 and 2023, including contemplation of any earnings adjustment needed. Management has also updated the payroll system to properly exclude those codes as eligible to be deferred upon.
- Potential Effect:** Operational errors that remain uncorrected could potentially jeopardize the Plan's tax preferred status.
- Recommendation:** We agree with management's proposed correction plan. We also recommend ensuring regular review of the payroll system is setup to align with the plan document's definition of eligible compensation.

Trident Seafoods Corporation
Seattle, Washington**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Trident Seafoods Corporation 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRIDENT SEAFOODS CORPORATION 401(k) RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 1 - Description of the Plan

The following description of the Trident Seafoods Corporation 401(k) Retirement Plan (the Plan) provides only general information about the Plan. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan, established April 1, 1980, covering all eligible employees of Trident Seafoods Corporation (the Company). The Company acts as the plan administrator. The Plan's trustee is Fidelity Management Trust Company (Fidelity). The Plan's recordkeeping service is provided by Fidelity Workplace Services, LLC (Fidelity Recordkeeping).

Eligibility - Employees of the Company who are age 18 or older are eligible to participate in the Plan. The entry date is the first day of the month coinciding with or subsequent to the date on which such employees meet the eligibility requirements. The Plan covers all full-time employees of the Company with the exception of any employee who is covered by a collective-bargaining agreement, unless such agreement expressly provides for coverage under the Plan, or who is a nonresident alien who does not receive any earned income from sources within the United States.

Contributions - Participants may elect to contribute at least 1% but not more than 50% of their annual eligible compensation, subject to certain limitations under the Internal Revenue Code (the IRC). The Plan allows participants to make after-tax deferral contributions (Roth). Such contributions are subject to existing annual contribution limits and are eligible for employer matching contributions. All Roth contributions and earnings thereon will be separately identified in the participant account balance records to facilitate compliance with the regulations prescribed for the tax treatment of distributions. Participants who have attained age 50 before the end of the plan year are eligible to make "catch-up" contributions. Participants who are eligible for "catch-up" contributions, may elect to contribute up to 75% of their annual eligible compensation, subject to certain limitations under the IRC. The Plan also allows for qualifying participants to make rollover contributions to the Plan immediately upon hire.

The Company makes safe harbor matching contributions equal to 100% of the first 3% of deferrals and 50% of the next 2% of deferrals. The Plan includes a true up feature to ensure participants receive their maximum matching contribution for the year, regardless of the timing of contributions, and any incremental amounts due are contributed to the participant's account subsequent to year end.

Participant Accounts - Participant contributions to the Plan are voluntary. Each participant's account is credited with the participant's contribution, the Company's matching contributions, increases or decreases in the market value of investments and any loans and loan repayments. Allocations of earnings and losses are based on a ratio of the participant's account balance to the total Plan account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants are allowed to direct the investments of all contributions into various investment options that offer a diversity of investment risk and return.

Vesting - Participants are immediately vested in their salary deferral contributions and Company matching contributions, and actual earnings thereon.

TRIDENT SEAFOODS CORPORATION 401(k) RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 1 - Continued

Payment of Benefits - Upon termination of service, retirement, death, or disability, a participant or beneficiary may elect to receive installment payments or a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment (in-service withdrawals). The Plan allows for hardship withdrawals in accordance with provisions specified in the plan document. Participants may also elect to receive in-service withdrawals from balances rolled into the Plan.

Upon termination of service, a participant or beneficiary will automatically receive the vested interest in their account as a lump-sum payment if their vested balance is \$5,000 or less.

Notes Receivable From Participants - Participants may obtain loans from the Plan as specified by the plan document. A participant's loan is limited to the lesser of \$50,000 or 50% of the participant's vested account balance. The minimum loan amount is \$1,000. Loans are payable through payroll deductions over a period ranging up to five years, unless such loan is for the purchase of a primary residence, in which case the repayment period may be extended to ten years. The Plan also allows terminated employees to continue making payments on their outstanding loans directly to Fidelity. If such a participant is rehired, their regular loan payment schedule will resume. The interest rate is based on the prime rate published in the Wall Street Journal on the last business day of the month immediately preceding the month in which the loan was issued, plus 1%. Principal and interest are paid ratably through payroll deductions.

Note 2 - Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities with disclosure on contingent assets and liabilities at the date of the financial statements and reported amounts of additions to or deductions from plan assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments represents the change in fair value of assets from one period to the next and includes realized gains and losses on investments.

Notes Receivable From Participants - Notes receivable from participants are measured at the unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been reported as of December 31, 2022 and 2021.

Payment of Benefits - Benefits are recorded when paid.

TRIDENT SEAFOODS CORPORATION 401(k) RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 2 - Continued

Administrative Expenses - Several of the investment fund options are subject to investment management and recordkeeping fees based on a percentage of invested assets, as disclosed in the funds' prospectus. All such fees are charged directly against the funds' investment performance and thus are not separately disclosed in the accompanying financial statements.

The Plan has a revenue sharing account under the fee arrangement between Fidelity Recordkeeping and the Company. Recordkeeping fees that Fidelity Recordkeeping receives in excess of the per participant annual recordkeeping fee are deposited to the plan's revenue credit account. Fees of \$261,652 were incurred during the year ended December 31, 2022. These fees were offset by revenue share credits of \$82,290, resulting in net fees of \$179,362 during the year ended December 31, 2022.

Subsequent Events - The Plan's management has evaluated subsequent events through August 28, 2023, the date on which the Plan's financial statements were available to be issued.

Note 3 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under this guidance are described as follows:

Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than the quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

TRIDENT SEAFOODS CORPORATION 401(k) RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 3 - Continued

Pooled Separate Account - The New York Life Anchor Account is a pooled separate account group annuity contract (PSA) that is valued at their NAV as determined by New York Life. NAV per unit is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Participants eligible to receive benefit payments may withdraw the value of their pooled separate accounts, in whole or in part, at any time. However, transfer restrictions may exist. If the Company terminates the contract, redemption restrictions may apply.

Self-Directed Brokerage Accounts - Accounts include interest-bearing cash, common stocks, certificates of deposit, mutual funds, government bonds, and corporate debt securities. Interest-bearing cash is valued at cost plus accrued interest, which approximates fair value. Common stocks are valued on the basis of readily determinable market prices. Corporate debt securities, government bonds and certificates of deposit are valued using published prices (where available) or pricing models maximizing the use of observable inputs for similar securities.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 169,208,395	\$ -	\$ -	\$ 169,208,395

TRIDENT SEAFOODS CORPORATION 401(k) RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 3 - Continued

- (a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

	<u>2022 Fair Value</u>	<u>2021 Fair Value</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled separate account	\$ 16,278,207	\$ 16,729,010	Daily	Daily to 90 days

Note 4 - Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2022 and 2021, and investment income or loss for the year ended December 31, 2022, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Party-in-Interest Transactions

Certain plan investments are shares of mutual funds managed by an affiliate of Fidelity Recordkeeping. Fidelity Recordkeeping serves as the recordkeeper for the Plan and Fidelity serves as the trustee to the Plan, therefore, these transactions qualify as party-in-interest transactions. Management fees charged by the affiliate on such mutual funds are reflected in the net asset value of shares held by the Plan. Neither Fidelity nor the affiliate charges the Plan a separate fee for administering such mutual funds. The Plan also issues loans to participants which are considered a party-in-interest transaction.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Tax Status

The Company adopted a volume submitter plan document with Fidelity Management & Research Co. Fidelity Management & Research Co. received an advisory letter from the IRS dated June 30, 2020, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

TRIDENT SEAFOODS CORPORATION 401(k) RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events such as a pandemic or international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
