Independent Auditor's Report

August 18, 2023

To the Participants, Plan Administrator and Trustees of the
Saab 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Saab 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material

misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about of the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAAB 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of plan

The following description of the Saab 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a qualified defined contribution plan, which covers substantially all employees. Employees are eligible to enter the Plan, make salary deferral contributions and receive employer contributions upon their date of hire. The Plan is subject to the provisions of ERISA.

Plan amendments - In February 2022, the Plan was amended and restated to comply with current required Internal Revenue Service rules and regulations.

Plan provisions - The Plan implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), a law which allows immediate changes to the Plan to, among others, allow certain eligible individuals to receive Coronavirus related relief through temporary suspension of loan repayments, temporarily increases loan limits to \$100,000, allows temporary tax relief for Coronavirus related distributions up to \$100,000 and suspends required minimum distributions. The Plan has also implemented certain provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), a law which, among others, extends the age for required minimum distributions to seventy-two. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance.

Contributions - Participants are allowed to make elective 401(k) and Roth salary deferrals up to the maximum amount allowed by the Internal Revenue Code. Participants may also rollover amounts from other qualified plans into the Plan.

The Plan has a Safe Harbor matching provision, which requires the Company to match, at a minimum, 100% of the first 4% of covered compensation, as defined in the plan agreement, and 50% of the next 1% of covered compensation, for a maximum match of 4.5% of the participant’s eligible compensation. Safe Harbor matching contributions amounted to \$3,059,400 and \$2,829,920 for the years ended December 31, 2022 and 2021, respectively. The Company may also elect to make discretionary profit-sharing contributions. There were no discretionary profit-sharing contributions made for the years ended December 31, 2022 and 2021.

Participant accounts - Each participant’s account is credited with the participant’s elective deferrals, allocations of the Company’s contributions, plan earnings, and is charged with an allocation of administrative expenses. Allocations of plan earnings/losses and administrative expenses are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance. Participants can access their account information via Principal Life Insurance Company’s website where they have the ability to change their elective

deferrals and investment options as well as apply for participant notes receivable and request distributions.

Vesting - Effective January 1, 2018, participants are immediately 100% vested in all elective deferrals, employer Safe Harbor matching contributions and employer discretionary contributions plus actual earnings thereon. Prior to January 1, 2018, vesting on employer discretionary matching contributions was based on years of continuous service, where a participant vested at a rate of 20% after one year of service and 20% each plan year thereafter, with full vesting upon completion of five plan years of service.

Forfeitures - Due to the vesting schedule discussed above for employer discretionary matching contributions prior to January 1, 2018, there may be forfeitures on a go forward basis. Forfeitures in a given year may be used to pay administrative expenses or to reduce employer contributions to the Plan for that year. Forfeitures used from terminated non-vested account balances to reduce administrative expenses amounted to \$247 and \$260 for the years ended December 31, 2022 and 2021, respectively. Unused forfeitures amounted to \$484 and \$11 as of December 31, 2022 and 2021, respectively.

Notes receivable from participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000. The notes bear interest at a rate consistent with that, which could be obtained from a commercial lender at the time of the loan. Interest rates on outstanding notes range from 3.50% to 9.50%. Principal and interest are repaid ratably through payroll deductions. The notes are secured by the vested balance in the participant's account. The notes and interest thereon shall be repaid over a period not to exceed five years, except if the loan is used to acquire a residence, then the repayment period may be extended beyond five years. According to requirements of the participant note program, the plan administrator will treat a note as in default if any scheduled payment remains unpaid beyond ninety days.

If a participant defaults on a note and distribution from the participant account has been made during the plan year because the participant has left the Plan, the defaulted note will be reported as benefits paid to participants on the statements of changes in net assets available for benefits and deducted from the notes receivable balance.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on loans for participants who are actively participating in the Plan and have not continued to make payments on the outstanding loans as required under the participant loan program. There were no deemed distributions for the years ended December 31, 2022 and 2021.

Corrective distributions - Corrective distributions represent excess elective deferral withheld from participants that were refunded to the participant. There were no corrective distributions paid to participants for the year ended December 31, 2022. There were \$718 of corrective distributions paid to participants for the year ended December 31, 2021.

Payment of benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the vested value of their account or annual instalments over a period selected by the participant, which may not exceed the participant's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Investment options - Upon enrollment, a participant may direct any portion of their contribution to any of the Plan's investment options. Participants may change their investment options daily through online access.

Note 2 - Summary of significant accounting policies

Method of accounting - The Plan's accounting records and financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of plan income and expenses during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market risk. Market risks include domestic and global events which could impact the value of investment securities, such as economic concerns, i.e. inflation and international conflicts, respectively. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Valuation of investments and income recognition - Investments held by the Plan are stated at fair value (see Note 6) with the exception of investments held in collective investment trust funds and pooled separate accounts, which are valued at the net asset value (NAV) as a practical expedient as reported by the sponsor of the fund (see below). The Plan invests in flexible investment annuity contracts that are not considered benefit-responsive and are valued at fair value, which approximates contract value (see Note 6). The crediting interest rate is based on an agreed-upon formula with the issuer but cannot be less than zero. All investment values have been determined and certified by Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, the Trustee of the Plan (see Note 4). Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Collective investment trusts and pooled separate accounts invest primarily in equities, bonds and mutual funds, which are mainly publicly traded securities. Collective investment trusts and pooled separate accounts are valued at NAV per share, which serves as a practical expedient to estimate its fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The NAV of each collective investment trust and pooled separate account is not publicly quoted in the active markets. Each collective investment trust and pooled separate account can be redeemed at NAV as of the measurement date and can be redeemed on a daily basis. There were no unfunded commitments or redemption restrictions on these investments as of December 31, 2022 and 2021. Investments measured at NAV are not required to be classified in the fair value hierarchy.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed forty-five days from the date of the most recent payment and, based on the assessment of credit worthiness, estimates the portion, if any, of the balance that will not be collected. Currently, there is no valuation allowance recorded. Management will record an allowance if and when potentially uncollectible notes receivable from participants become material.

Economic dependency and concentration of credit risk - Approximately 37%, 22% and 29% of the Plan's investments were held and administered by Principal Life Insurance Company, The Vanguard Group and The American Funds as of December 31, 2022, respectively. Approximately, 36%, 23% and 29% of the Plan's investments were held and administered by Principal Life Insurance Company, The Vanguard Group and The American Funds as of December 31, 2021, respectively. Accordingly, the Plan is dependent upon the financial condition of these companies.

Administrative costs - Administrative costs, including legal and accounting costs, are the obligation of the Plan; however, the Plan may pay or reimburse the plan sponsor for such expenses. Costs of maintaining participant accounts and managing the investments are paid directly out of plan assets (see Note 5).

Payment of benefits - Benefits are recorded when paid.

Subsequent events - Management has evaluated subsequent events through August 18, 2023, the date that the financial statements were available for issue.

Note 3 - Tax status

The Plan has adopted the Principal Financial Group Prototype for Basic Savings Plans, Basic Plan No. 2. The Internal Revenue Service has ruled that the non-standardized prototype plan of the Principal Financial Group is acceptable under Section 401 of the Internal Revenue Code. Accordingly, the Plan has been accounted for as tax exempt. The Plan has been amended since receiving the determination letter. The management of the Company and the plan administrator are not aware of any matters that would disqualify the Plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2022 or 2021. The Plan is no longer subject to regulatory examinations by tax authorities for the closed years before 2019.

Note 4 - Information certified by the Trustee of the Plan

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2022 and 2021, and net appreciation (depreciation) in investments, interest and dividend income, and interest received on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, the Trustee of the Plan. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to the information except to compare such information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 5 - Related party transactions

Certain plan investments are funds managed by Principal Life Insurance Company (Principal) and the remainder of the investments are managed by various registered investment companies. Fees paid for these services qualify as party-in-interest transactions and are included in the net appreciation (depreciation) in investments on the accompanying statements of changes in net assets available for benefits. In addition, Principal provides third-party administrative services to the Plan which qualify as party-in-interest transactions. Total fees paid by the Plan to Principal were \$218,638 and \$241,031 for the years ended December 31, 2022 and 2021, respectively. The Plan contracts with other service providers for investment advisory and other consulting services, which qualify as party-in-interest transactions under ERISA.

Note 6 - Fair value measurements

The Financial Accounting Standards Board has published authoritative guidance on fair value measurements, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
|---------|---|

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies (i.e., Mutual Funds) - Valued at the quoted closing price reported on the active market on which the individual security is traded (Level 1).

Flexible Investment Annuity Contracts - Fair value is the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. The investment contract will provide information about redemption frequency and notice periods if applicable. There are no unfunded commitments (Level 3).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies used as of December 31, 2022 and 2021.

The following table sets forth by Level within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	<u>\$ 119,025,057</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 119,025,057</u>

Total assets at fair value	<u>\$ 141,294,627</u>	<u>\$ -</u>	<u>\$ 23,180</u>	<u>\$ 141,317,807</u>

The following table sets forth a summary of transfers, purchases, and issuances/sales of the guaranteed interest accounts, the Plan's Level 3 assets:

		Year ended December 31,	
		2022	2021
Purchases		\$ -	\$ 10,350
Issuances/sales		23,180	259,483

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges for those inputs as of December 31, 2021.

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
Flexible investment annuity contracts	<u>\$ 23,180</u>	Assumed proceeds at discontinuation	Composite Guaranteed Rate	1.17% - 1.25%
			Current Rate on December 31, 2021	0.88%

Note 7 - Reconciliation of the financial statements to Form 5500

The Form 5500 has certain investments balances, income and expense items that differ from amounts shown on the accompanying financial statements. These differences relate to classification and rounding only and have no effect on the net assets available for benefits as of December 31, 2022 and 2021, nor changes in net assets available for benefits for the years then ended.
