Years Ended December 31, 2022 and 2021

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Jamestown Companies Retirement Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Jamestown Companies Retirement Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022, and delinquent participant contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Jamestown Companies Retirement Plan & Trust (the "Plan") provides only general information. Participants should refer to the plan document or summary plan description, both of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan sponsored by Jamestown Metal Marine Sales, Inc. (the "Company") for the benefit of its full-time employees who have completed at least three months of service, and are not excluded by any other provisions of the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan Administration
Reliance Trust Company ("Reliance") serves as the Plan's trustee, and Transamerica Financial Life Insurance Company ("Transamerica") serves as the Plan's recordkeeper.

Plan Amendments
Effective January 1, 2021, the Plan was restated and amended to allow participant permissible withdrawals within 90 days of the participant's first automatic deferral under the Eligible Automatic Contribution Arrangements. Effective January 1, 2022, the Plan was amended to allow Roth elective deferrals; however, in-plan Roth rollover contributions are not permitted.

Contributions
Participants may contribute any amount of their eligible compensation, as defined in the plan document, without exceeding limitations prescribed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan calls for automatic deferrals of employees' eligible compensation upon reaching eligibility for participation in the Plan at a deferral rate of 2%, unless the employee affirmatively elects not to contribute or makes a different election. Additionally, participants age 50 or older, who are contributing to the Plan, are allowed to make catch-up contributions, as defined in the plan document. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Company may also make contributions to the Plan in the form of matching or profit sharing contributions for eligible participants who have completed at least one year of service. These contributions are determined annually and are made at the discretion of the Company's management. Discretionary profit sharing contributions are allocated to each eligible participant's account in the same proportion that compensation plus compensation in excess of the social security taxable wage base ("Excess Compensation") bears to the total compensation plus Excess Compensation of all eligible participants, provided the total to be allocated for the year does not exceed 5.7% of total eligible compensation plus Excess Compensation. Any remaining Company contributions are then allocated in the proportion of the total compensation paid to the participant for that plan year bears to the total compensation paid to all eligible participants for the same year.

For purposes of determining eligibility for discretionary profit sharing contributions, participants must be employed on the last day of the plan year and have completed at least 1,000 hours of service during the plan year. The Company did not make any discretionary matching or profit sharing contributions applicable to the years ended December 31, 2022 and 2021.

All contributions made by the Plan's participants and the Company are subject to certain limitations as prescribed by the Internal Revenue Code (the "Code").

NOTE 1 – DESCRIPTION OF PLAN, CONTINUED

Participant Investment Account Options
The Plan currently offers various mutual funds, exchange traded funds, and a stable value fund (through a common collective trust) as investment options for participants.

Participant Accounts
Each participant's account is credited with the participant's contributions and the Company's matching contributions, if any, as well as allocations of the Company's profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The expense allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their own contributions plus actual earnings thereon. Vesting in the Company's contributions to their accounts are based on years of continuous service as follows:

Years of Service	Vested %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited Accounts
Forfeited nonvested accounts are first used to pay the Plan's expenses, then may be used to reduce Company contributions, if any. Unused forfeitures at December 31, 2022 and 2021, and forfeited nonvested accounts for the years then ended were not significant.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate as published by the Wall Street Journal on the date of the note, plus 1%. All notes must be repaid to the Plan within five years, unless the funds are used for the purchase of the participant's primary residence in which case the repayment period may be longer. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
On termination of service due to death, disability, retirement, or other reasons, or qualifying under certain hardship rules as prescribed by the Internal Revenue Service ("IRS"), a participant is eligible to receive distributions from the Plan. Participants are also eligible for in-service distributions upon attaining 59 ½ years of age. Distributions greater than $5,000 may be in the form of one lump-sum payment, installment payments, an annuity, or a rollover into another qualified defined contribution or benefit plan or individual retirement account. Distributions less than $5,000 are only made in the form of a lump-sum payment.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Capital gain dividends from the mutual fund investments, exchange traded funds, and common collective trust are reported as a component of interest and dividends.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are expensed as incurred and are recorded as investment expenses, which are netted within net appreciation (depreciation) in fair value of investments on the statements of changes in net assets available for benefits. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain administrative expenses of the Plan are paid by the Company and are not included on the statements of changes in net assets available for benefits. Other expenses, such as trustee, recordkeeping, investment advisory fees, and third party administrator fees are paid for by the Plan and are included in administrative expenses on the statements of changes in net assets available for benefits.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividend income
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE, CONTINUED

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (the "SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange Traded Funds
Valued at the market price as reported by the fund. Exchange traded funds held by the Plan are registered with the SEC. These funds allow intraday trading at market values derived from the underlying securities of the companies comprising the related index. The exchange traded funds held by the Plan are deemed to be actively traded.

Stable Value Common Collective Trust
A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the financial institution collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4 – FAIR VALUE MEASUREMENTS, CONTINUED

The preceding methodologies described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

December 31,	2022	2021
Level I	$ 10,185,280	$ 12,329,309
Level II	-	-
Level III	-	-
Total assets in the fair value hierachy	10,185,280	12,329,309
Investments measured at NAV practical expedient *	1,420,768	1,143,995
Total	$ 11,606,048	$ 13,473,304

* In accordance with Subtopic 820-10, the stable value common collective trust fund was measured at fair value using the NAV per share (or its equivalent) practical expedient and has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the amounts presented on the statements of net assets available for benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is based on NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments.

Investment	Fair Value 12/31/2022	Fair Value 12/31/2021	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value common collective trust	$ 1,420,768	$ 1,143,995	$ -	Daily	None

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's assets are in the custody of Reliance. Reliance is a trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Transamerica is the Plan's recordkeeper, and therefore, these transactions also qualify as party-in-interest. The Plan also utilizes Merrill Lynch, Pierce, Fenner & Smith Inc. as an investment broker and advisor, and Ascensus, LLC ("Ascensus") and Florida Retirement Consultants served as the Plan's third party administrators. Therefore, transactions with each of these entities also qualify as party-in-interest. Aggregate fees paid to these parties-in-interest during the years ended December 31, 2022 and 2021 amounted to $97,261 and $108,536, respectively. The Company directly pays all other expenses related to the Plan's operations.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in the Company's contributions.

NOTE 7 – TAX STATUS

The Company has adopted a non-standardized defined contribution pre-approved plan provided by Ascensus. The IRS has issued an opinion letter to Ascensus dated June 30, 2020 stating that the non-standardized document is designed in accordance with the applicable sections of the Code. Although the Plan has been amended since the date of this letter and has not applied for or received its own determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits in progress for any tax periods.

NOTE 8 – RISKS, UNCERTAINTIES, AND CONCENTRATIONS

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Market risks include global events, such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

At December 31, 2022, approximately 57% of the Plan's investments were invested in three funds. At December 31, 2021, approximately 45% of the Plan's investments were invested in two funds.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

Certain line items reported on Schedule H for Form 5500 have been reclassified in the financial statements. These reclassifications have no impact on net assets available for benefits at December 31, 2022 and 2021, or changes in net assets available for benefits for the years then ended.

NOTE 10 – DELINQUENT PARTICIPANT CONTRIBUTIONS

Employers participating in defined contribution plans are required to remit participant contributions as soon as they can be reasonably segregated from the employer's general assets. Although all participant contributions have been remitted to the Plan, contributions aggregating $15,741 were not timely remitted during the year ended December 31, 2022. The Company is in the process of calculating lost earnings to be remitted to the Plan on behalf of affected participants.

NOTE 11 – SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through September 27, 2023, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
