INDEPENDENT AUDITOR'S REPORT

To the Investment Plan Committee and Participants
Vorteq Coil Finishers, LLC Profit Sharing and Savings Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Vorteq Coil Finishers, LLC Profit Sharing and Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Vorteq Coil Finishers, LLC Profit Sharing and Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that covers substantially all nonunion employees of Vorteq Coil Finishers, LLC (Vorteq or the Company). The Company serves as the Plan sponsor. Employees can participate in the Plan in the first full pay period following the date they have reached 18 years of age and have completed three months of service. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the Internal Revenue Code (IRC).

Effective June 1, 2020, as a result of a previous acquisition, the Plan was amended to cover former employees of Western Metal Decorating without entailing the service and age requirement at the time of the amendment.

Contributions - Participants may make before-tax and/or after-tax contributions of 1% to 100% of eligible compensation to the Plan through payroll deductions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Vorteq contributes safe harbor matching contributions to employees who have completed a minimum of one year of service. Safe harbor matching contributions for the year ended December 31, 2022 were equal to 100% of participant's contribution up to 3% of eligible compensation and 50% of the participant's contribution from 3% to 5% of eligible compensation.

The Company may also make discretionary contributions to the Plan that are allocated based on compensation among all participants who have completed one year of service and are employed on the last day of the year or have retired, died or became disabled during the year the contribution is applicable. There were no discretionary contributions made by the Company for the year ended December 31, 2022. All participant and employer contributions are subject to regulatory and Plan limitations, and total contributions credited to a participant's account are further subject to annual addition limitations under the IRC.

Participant Accounts - Each participant's account is (i) credited with the participant's contributions and allocations of the Company's contributions and Plan investment earnings and (ii) charged with an allocation of administrative expenses and Plan investment losses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Upon enrollment in the Plan, a participant may direct employee and Company contributions into any of the investment options offered by the Plan, including mutual funds or insurance contracts.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting - Participants are immediately vested in their contributions and safe harbor match contributions, plus actual earnings (losses) thereon. Vorteq profit sharing contributions and non-safe harbor match contributions are vested on a six-year schedule as follows:

<u>Years of Service</u>	<u>% Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants - Participants may borrow up to the lesser of one-half of their vested account balances (subject to a \$1,000 minimum) or \$50,000. Such loans are secured by the balance in the participant's account. The rate of interest on loans is commensurate with the average interest rate charged by selected major banks for secured personal loans and remains fixed for the life of the loan. Loans are repaid over the period in installments of principal and interest via payroll deductions or ACH account debit for participants who terminate employment subsequent to the loan's execution. A participant also has the right to repay the loan in full, at any time, without penalty. Loan terms may not exceed five years unless the proceeds are being used to purchase a primary residence; in such cases, the loan term may not exceed 10 years.

Payment of Benefits - On termination of service, death, disability or retirement, a participant may elect to receive a lump-sum amount or direct rollover equal to the value of his or her account or elect to receive a partial distribution of a portion of the vested account balance. Participants who terminate before the age of 65 who have an account balance of \$5,000 or less may be subject to mandatory distributions in a lump sum or as a direct rollover. In-service distributions are allowed under circumstances found in the Plan agreement.

Forfeitures - Forfeitures are used to reduce employer contributions. At December 31, 2022 and 2021, there were outstanding forfeitures of approximately \$1,000, and \$2,000, respectively. The amount of forfeitures that were used during 2022 was not significant.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying statements of net assets available for benefits and related statement of changes in net assets available for benefits and the related notes to the financial statements (financial statements) follows:

Basis of Accounting - The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

VORTEQ COIL FINISHERS, LLC
PROFIT SHARING AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates - The preparation of financial statements in accordance with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. The Plan administrator considers delinquent loans to be defaulted on the last day of the calendar quarter following the quarter in which the last payment was made and reclassified as a distribution based on the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan sponsor. Expenses that are paid by the Plan sponsor are excluded from these financial statements. Investment-related expenses are included in net depreciation of fair value of investments. Fees related to specific participant transactions are charged directly to the participant's account and are included in administrative expenses. Substantially all expenses related to the Plan are paid by the Plan. Expenses include fees for recordkeeping services, financial advisor and the trustee.

Subsequent Events - The Plan administrator has evaluated subsequent events through October 6, 2023, the date on which the financial statements were available to be issued.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, the Trustee of the Plan's assets.

NOTE 4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Fair value measurements are assigned a level within the hierarchy based on the lowest significant input level. The three levels of the fair value hierarchy under the Fair Value Measurement topic are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for similar assets or liabilities in inactive markets; (iii) inputs other than quoted prices that are observable for the asset or liability; or (iv) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Inputs reflect management's best estimate of what market participants would use in valuing the asset or liability at the measurement date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual Funds - Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts - Valued at net asset value (NAV) of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value, and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Further, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

		2022			
		Level 1	Level 2	Level 3	Total
Mutual funds	\$	8,216,977	-	-	\$ 8,216,977
Collective investment trusts (a)		-	-	-	552,922
	\$	<u>8,216,977</u>	<u>-</u>	<u>-</u>	<u>\$ 8,769,899</u>
		2021			
		Level 1	Level 2	Level 3	Total

	\$	<u>10,199,327</u>	<u>-</u>	<u>-</u>	<u>\$ 10,199,327</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the total investments in the Plan.

The following table summarizes investments measured at fair value based on NAV per share of common collective trusts as of December 31:

	Fund Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2022	2021			
Vanguard Large Cap Growth Fund II CL R1	\$ 526,348	-	-	Daily	None

	<u>\$ 552,922</u>	<u>-</u>			

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan offers an investment option that is a guaranteed investment contract with The Standard Insurance Company (Standard), which maintains the contributions in a general account. The account is credited with earnings on the underlying investment contract. Standard is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

VORTEQ COIL FINISHERS, LLC
PROFIT SHARING AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

Crediting rates for the Plan's investment contract are set by Standard using a process similar to that used by banks or other insurance companies for similar products. The crediting rate is declared in advance and is reset quarterly. The fund's declared crediting rate will never be below 1% annually.

Certain events limit the ability of the Plan to transact at contract value with the issuer, including the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) divestitures or spin-offs that cause a significant withdrawal from the Plan; (4) corporate relocations; or (5) the failure of the trust to qualify for exemption under ERISA. The Plan administrator does not believe any events that would limit the Plan's ability to transact at contract value with participants are probable.

NOTE 6 - TAX STATUS

The underlying volume submitter plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the written form of the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. In accordance with applicable IRS Revenue Procedures, the Company has determined that it is eligible to and has chosen to rely on the current IRS volume submitter opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. While the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2019.

NOTE 7 - TRANSACTIONS WITH PARTIES-IN-INTEREST

The Standard Insurance Company is the Plan's recordkeeper and also holds an insurance contract with the Plan. These transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in the net depreciation in the fair value of the investments, as they are paid through revenue sharing rather than a direct payment.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 8 - RISK AND UNCERTAINTIES

The Plan utilizes investment instruments that are, in general, exposed to various risks, including interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
