ECG Profit Sharing/401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the ECG Profit Sharing/401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) at December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ECG Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the ECG Profit Sharing/401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all employees of ECG Topco Holdings, LLC (the Company) except employees covered by a collective bargaining agreement, nonresident aliens, leased employees, interns, temporary employees and employees in the initial year of employment after an acquisition. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Managers is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions: Each year, participants may contribute up to 80% of pretax annual compensation limited by the annual dollar limit set by law, as defined in the Plan. The Plan also permits participants to contribute Roth deferrals and after-tax deferrals up to \$22,200. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

The Plan is intended to be a safe harbor 401(k) plan. The Company contributes a traditional safe harbor matching contribution equal to 200% of the salary deferrals to the Plan, up to 3% of plan compensation for each employee every Plan year. In addition, the Company may make contributions at its discretion, which will be allocated amongst all eligible employees who are employed on the last day of the Plan year and worked at least 1,000 hours during the Plan year. Contributions are subject to certain IRS limitations.

Participant accounts: Each participant's account is credited with the participant's contribution, the Company's safe harbor contributions and allocations of: (a) the Company's discretionary contribution; (b) Plan earnings (losses); and (c) administrative expenses associated with the Plan. Allocations are based on participant compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service, defined as 1,000 hours in a year. A participant is 100% vested after four years of credited service. Participants are immediately vested in the Company's safe harbor contribution.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balances. Loan terms may not exceed five years except for the purchase of a principal residence. Loans are secured by the balance in the participant's account and bear an interest rate at the prime rate plus a discretionary rate determined by the Board of Managers. Interest rates for loans outstanding at December 31, 2022, range from 4.25% to 7.25% and mature at various dates through April 2051. Principal and interest are paid ratably through payroll deductions or through external payment schedules set up by the employee directly with the record keeper.

ECG Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account, annual installments or a purchase of an annuity contract. Participants may also take in-service distributions in the form of rollover, transfer or hardship withdrawals in accordance with certain provisions. Upon termination of service for any other reason, a participant with a vested account balance less than \$1,000 may request either immediate distribution of their vested account balance or deferral of this distribution until normal retirement age is met. Participants may also elect to have such distribution paid directly to an eligible retirement plan, specified by the participant, or to receive the distribution directly.

Forfeited accounts: Forfeited nonvested accounts totaled \$620,602 and \$254,702 at December 31, 2022 and 2021, respectively. These accounts are used to reduce the employer's contribution under the Plan. During 2022, \$243,737 of forfeited nonvested accounts was used to reduce the employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting, under accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by investment advisors and the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties: Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported on the statements of net assets available for benefits.

Contributions: Contributions from Plan participants and the safe harbor employer contributions are recorded in the year in which the participant contributions are withheld from amounts paid. All contributions are participant-directed.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed as incurred. Delinquent loans are recorded as distributions based on the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

ECG Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Company and, therefore, are excluded from these financial statements. Participants may select a managed account service. There is a fee for this service based on the participant's account balance that is deducted from the participant's account. Managed account fees totaled \$60,906 for the Plan year ended December 31, 2022.

Investment-related expenses are included in net depreciation in fair value of investments.

Subsequent events: Subsequent events were evaluated through October 6, 2023, the date the financial statements were available to be issued.

Note 3. Information Prepared and Certified by Trustee

The following is a summary of the asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Plan trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certification from Vanguard Fiduciary Trust Company, the trustee, that the information provided to the Plan Administrator by the Plan trustee related to the following assets is complete and accurate as of December 31, 2022 and 2021. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

ECG Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted, quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or the liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4. Fair Value Measurements (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

		2022

Mutual funds		\$ 101,082,989	\$ -	\$ -	\$ 101,082,989
Total investments at fair value					<u>\$ 101,082,989</u>
		2021			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 122,100,831	\$ -	\$ -	\$ 122,100,831
Total investments at fair value					<u>\$ 122,100,831</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6. Tax Status

The Plan adopted a nonstandardized prototype profit sharing 401(k) plan sponsored by a third party, Vanguard Fiduciary Trust Company, which received a favorable opinion letter in June 2020. Although the opinion letter is not specific to the Plan and the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require a plan's management to evaluate tax positions taken by a plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements; therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Administration of the Plan

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. The Company has retained the services of a third-party administrator (The Vanguard Group) to perform other administrative functions and also a consulting company to provide investment advisory services. Administrative expenses paid to the third-party administrator and investment fees are paid by the Plan, as allowed under the Plan documents. These parties are defined as parties in interest under ERISA.

Notes to Financial Statements

Note 8. Related-Party Transactions and Party-in-Interest Transactions

Plan investments are shares of mutual funds managed by The Vanguard Group, the third-party administrator. These transactions qualify as party-in-interest transactions.

Note 9. Risk and Uncertainties

The Plan allows participants to direct contributions into a variety of investment vehicles. The underlying investment securities of these funds are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain underlying investment securities and the level of uncertainty related to changes in the value of the investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

ECG Profit Sharing/401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the ECG Profit Sharing/401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) at December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ECG Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the ECG Profit Sharing/401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all employees of ECG Topco Holdings, LLC (the Company) except employees covered by a collective bargaining agreement, nonresident aliens, leased employees, interns, temporary employees and employees in the initial year of employment after an acquisition. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Managers is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions: Each year, participants may contribute up to 80% of pretax annual compensation limited by the annual dollar limit set by law, as defined in the Plan. The Plan also permits participants to contribute Roth deferrals and after-tax deferrals up to \$22,200. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

The Plan is intended to be a safe harbor 401(k) plan. The Company contributes a traditional safe harbor matching contribution equal to 200% of the salary deferrals to the Plan, up to 3% of plan compensation for each employee every Plan year. In addition, the Company may make contributions at its discretion, which will be allocated amongst all eligible employees who are employed on the last day of the Plan year and worked at least 1,000 hours during the Plan year. Contributions are subject to certain IRS limitations.

Participant accounts: Each participant's account is credited with the participant's contribution, the Company's safe harbor contributions and allocations of: (a) the Company's discretionary contribution; (b) Plan earnings (losses); and (c) administrative expenses associated with the Plan. Allocations are based on participant compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service, defined as 1,000 hours in a year. A participant is 100% vested after four years of credited service. Participants are immediately vested in the Company's safe harbor contribution.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balances. Loan terms may not exceed five years except for the purchase of a principal residence. Loans are secured by the balance in the participant's account and bear an interest rate at the prime rate plus a discretionary rate determined by the Board of Managers. Interest rates for loans outstanding at December 31, 2022, range from 4.25% to 7.25% and mature at various dates through April 2051. Principal and interest are paid ratably through payroll deductions or through external payment schedules set up by the employee directly with the record keeper.

ECG Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account, annual installments or a purchase of an annuity contract. Participants may also take in-service distributions in the form of rollover, transfer or hardship withdrawals in accordance with certain provisions. Upon termination of service for any other reason, a participant with a vested account balance less than \$1,000 may request either immediate distribution of their vested account balance or deferral of this distribution until normal retirement age is met. Participants may also elect to have such distribution paid directly to an eligible retirement plan, specified by the participant, or to receive the distribution directly.

Forfeited accounts: Forfeited nonvested accounts totaled \$620,602 and \$254,702 at December 31, 2022 and 2021, respectively. These accounts are used to reduce the employer's contribution under the Plan. During 2022, \$243,737 of forfeited nonvested accounts was used to reduce the employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting, under accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by investment advisors and the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties: Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported on the statements of net assets available for benefits.

Contributions: Contributions from Plan participants and the safe harbor employer contributions are recorded in the year in which the participant contributions are withheld from amounts paid. All contributions are participant-directed.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed as incurred. Delinquent loans are recorded as distributions based on the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

ECG Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Company and, therefore, are excluded from these financial statements. Participants may select a managed account service. There is a fee for this service based on the participant's account balance that is deducted from the participant's account. Managed account fees totaled \$60,906 for the Plan year ended December 31, 2022.

Investment-related expenses are included in net depreciation in fair value of investments.

Subsequent events: Subsequent events were evaluated through October 6, 2023, the date the financial statements were available to be issued.

Note 3. Information Prepared and Certified by Trustee

The following is a summary of the asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Plan trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certification from Vanguard Fiduciary Trust Company, the trustee, that the information provided to the Plan Administrator by the Plan trustee related to the following assets is complete and accurate as of December 31, 2022 and 2021. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2022	2021
Investments at fair value:		
Mutual funds	\$ 101,082,989	\$ 122,100,831
Notes receivable from participants	243,971	289,485

ECG Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted, quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or the liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

ECG Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

		2022			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$101,082,989	\$ -	\$ -	\$101,082,989
Total investments at fair value					<u>\$101,082,989</u>
		2021			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$122,100,831	\$ -	\$ -	\$122,100,831
Total investments at fair value					<u>\$122,100,831</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6. Tax Status

The Plan adopted a nonstandardized prototype profit sharing 401(k) plan sponsored by a third party, Vanguard Fiduciary Trust Company, which received a favorable opinion letter in June 2020. Although the opinion letter is not specific to the Plan and the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require a plan's management to evaluate tax positions taken by a plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements; therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Administration of the Plan

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. The Company has retained the services of a third-party administrator (The Vanguard Group) to perform other administrative functions and also a consulting company to provide investment advisory services. Administrative expenses paid to the third-party administrator and investment fees are paid by the Plan, as allowed under the Plan documents. These parties are defined as parties in interest under ERISA.

Notes to Financial Statements

Note 8. Related-Party Transactions and Party-in-Interest Transactions

Plan investments are shares of mutual funds managed by The Vanguard Group, the third-party administrator. These transactions qualify as party-in-interest transactions.

Note 9. Risk and Uncertainties

The Plan allows participants to direct contributions into a variety of investment vehicles. The underlying investment securities of these funds are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain underlying investment securities and the level of uncertainty related to changes in the value of the investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

ECG Profit Sharing/401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the ECG Profit Sharing/401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) at December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ECG Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the ECG Profit Sharing/401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all employees of ECG Topco Holdings, LLC (the Company) except employees covered by a collective bargaining agreement, nonresident aliens, leased employees, interns, temporary employees and employees in the initial year of employment after an acquisition. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Managers is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions: Each year, participants may contribute up to 80% of pretax annual compensation limited by the annual dollar limit set by law, as defined in the Plan. The Plan also permits participants to contribute Roth deferrals and after-tax deferrals up to \$22,200. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

The Plan is intended to be a safe harbor 401(k) plan. The Company contributes a traditional safe harbor matching contribution equal to 200% of the salary deferrals to the Plan, up to 3% of plan compensation for each employee every Plan year. In addition, the Company may make contributions at its discretion, which will be allocated amongst all eligible employees who are employed on the last day of the Plan year and worked at least 1,000 hours during the Plan year. Contributions are subject to certain IRS limitations.

Participant accounts: Each participant's account is credited with the participant's contribution, the Company's safe harbor contributions and allocations of: (a) the Company's discretionary contribution; (b) Plan earnings (losses); and (c) administrative expenses associated with the Plan. Allocations are based on participant compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service, defined as 1,000 hours in a year. A participant is 100% vested after four years of credited service. Participants are immediately vested in the Company's safe harbor contribution.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balances. Loan terms may not exceed five years except for the purchase of a principal residence. Loans are secured by the balance in the participant's account and bear an interest rate at the prime rate plus a discretionary rate determined by the Board of Managers. Interest rates for loans outstanding at December 31, 2022, range from 4.25% to 7.25% and mature at various dates through April 2051. Principal and interest are paid ratably through payroll deductions or through external payment schedules set up by the employee directly with the record keeper.

ECG Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account, annual installments or a purchase of an annuity contract. Participants may also take in-service distributions in the form of rollover, transfer or hardship withdrawals in accordance with certain provisions. Upon termination of service for any other reason, a participant with a vested account balance less than \$1,000 may request either immediate distribution of their vested account balance or deferral of this distribution until normal retirement age is met. Participants may also elect to have such distribution paid directly to an eligible retirement plan, specified by the participant, or to receive the distribution directly.

Forfeited accounts: Forfeited nonvested accounts totaled \$620,602 and \$254,702 at December 31, 2022 and 2021, respectively. These accounts are used to reduce the employer's contribution under the Plan. During 2022, \$243,737 of forfeited nonvested accounts was used to reduce the employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting, under accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by investment advisors and the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties: Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported on the statements of net assets available for benefits.

Contributions: Contributions from Plan participants and the safe harbor employer contributions are recorded in the year in which the participant contributions are withheld from amounts paid. All contributions are participant-directed.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed as incurred. Delinquent loans are recorded as distributions based on the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

ECG Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Company and, therefore, are excluded from these financial statements. Participants may select a managed account service. There is a fee for this service based on the participant's account balance that is deducted from the participant's account. Managed account fees totaled \$60,906 for the Plan year ended December 31, 2022.

Investment-related expenses are included in net depreciation in fair value of investments.

Subsequent events: Subsequent events were evaluated through October 6, 2023, the date the financial statements were available to be issued.

Note 3. Information Prepared and Certified by Trustee

The following is a summary of the asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Plan trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certification from Vanguard Fiduciary Trust Company, the trustee, that the information provided to the Plan Administrator by the Plan trustee related to the following assets is complete and accurate as of December 31, 2022 and 2021. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2022	2021
Investments at fair value:		
Mutual funds	\$ 101,082,989	\$ 122,100,831
Notes receivable from participants	243,971	289,485
Interest and dividends	2,778,373	5,605,564
Miscellaneous income	4,793	1,595
Net (depreciation) appreciation in fair value of investments	(25,964,257)	9,662,526
Interest income on notes receivable from participants	13,352	18,174

ECG Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted, quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or the liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

ECG Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

		2022			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$101,082,989	\$ -	\$ -	\$101,082,989
Total investments at fair value					<u>\$101,082,989</u>
		2021			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$122,100,831	\$ -	\$ -	\$122,100,831
Total investments at fair value					<u>\$122,100,831</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6. Tax Status

The Plan adopted a nonstandardized prototype profit sharing 401(k) plan sponsored by a third party, Vanguard Fiduciary Trust Company, which received a favorable opinion letter in June 2020. Although the opinion letter is not specific to the Plan and the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require a plan's management to evaluate tax positions taken by a plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements; therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Administration of the Plan

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. The Company has retained the services of a third-party administrator (The Vanguard Group) to perform other administrative functions and also a consulting company to provide investment advisory services. Administrative expenses paid to the third-party administrator and investment fees are paid by the Plan, as allowed under the Plan documents. These parties are defined as parties in interest under ERISA.

ECG Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 8. Related-Party Transactions and Party-in-Interest Transactions

Plan investments are shares of mutual funds managed by The Vanguard Group, the third-party administrator. These transactions qualify as party-in-interest transactions.

Note 9. Risk and Uncertainties

The Plan allows participants to direct contributions into a variety of investment vehicles. The underlying investment securities of these funds are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain underlying investment securities and the level of uncertainty related to changes in the value of the investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31 to the Form 5500:
