We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Olde Mill Inn 401(k) Salary Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibility for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Olde Mill Inn 401(k) Salary Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Olde Mill Inn 401(k) Salary Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, item 4(i) Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits

Supplemental Schedules Required by ERISA (continued)

of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by Reliance Trust Company, a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

1. Plan description and significant accounting policies:

a. Description of plan:

The following description of the Olde Mill Inn 401(k) Salary Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

b. General:

The Plan is a defined contribution plan covering all full-time employees of the Olde Mill Inn at Bernards, Inc. and affiliated companies (the "Company"), who have completed one year of service and 1,000 hours, and are age twenty-one or older. The Plan is subject to the provisions of the Department of Labor's (the "DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for the oversight of the Plan. The Plan's investment committee determines the appropriateness of the Plan's investment offerings, monitors performance, and reports to the Plan's Board of Trustees.

The affiliated companies consist of the following entities:

- Highland Farms Partners, LP
- Rustic Ridge Associates, LP
- Brookside Village Associates, LP
- Great Notch Village Associates, LP
- Atrium Apartments Partnership
- 100 Marketplace Pizza, LLC
- Sterling Real Estate Management, Inc.
- Clear Creek Management Corp.
- Cascade Property Management, LLC

c. Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefits are recorded when paid.

d. Contributions:

Each year, participants may contribute up to 50 percent of pre-tax annual compensation, as defined in the Plan, up to maximum contribution limitations established by the Internal Revenue Service for the plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers eighteen (18) mutual funds and a common collective trust as investment options for participants. At the option of the Company's board of directors, a discretionary amount of 50% of participant's deferrals not to exceed 50% of 2% of participant's compensation, may be contributed to the Plan. Contributions are subject to certain additional limitations. Participants may change their investment options or transfer funds between investment options at any time.

OLDE MILL INN 401(K) SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

1. Plan description and significant accounting policies: (continued)

e. Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if any, (b) Plan earnings (losses) and charged with an allocation of any administrative expenses paid by the Plan, and (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

f. Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after three years of credited service.

g. Notes receivable from participants:

Participants may borrow from their fund accounts at a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The notes are secured by the vested balance in the participant's account and bear interest at 2% above prime upon inception of the loan, which commensurate with local prevailing rates as determined by the Plan administrator, and the rate is fixed during the repayment period. Interest rates for notes outstanding at December 31, 2022 are between 5.25% and 7.25%. Principal and interest is paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for losses have been recorded as of December 31, 2022 and 2021. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the participant's loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the Plan document.

Notes receivable from participants as of December 31, 2022 and 2021 total \$5,263 and \$10,176, respectively.

h. Payment of benefits:

On termination of service due to retirement, disability, death, or upon reaching age 59-1/2, a participant/beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or monthly payments for as long as the participant/beneficiary lives. For termination of service due to other reasons, or for accounts of \$5,000 or less, a participant may receive the value of the vested interest in his or her account as a lump sum distribution as soon as administratively feasible after separation. Benefits are recorded when paid.

OLDE MILL INN 401(K) SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

1. Plan description and significant accounting policies: (continued)

i. Investment valuation and income recognition:

At December 31, 2022 and 2021, the Plan's investments were held by Reliance Trust Company, the trustee/custodian. Investments are stated at fair value as of December 31, 2022 and 2021. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end as determined by the investment custodian based on quoted market prices. Shares of common collective trusts are valued at fair value reported by the fund manager based on the underlying investments within each fund and are expressed in units representing the net asset value of each fund. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

j. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

k. Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

l. Forfeited accounts:

Forfeitures of non-vested Company contributions are used to reduce future Company contributions. These amounts are allocated pro-rata to all remaining participants. As of December 31, 2022 and 2021, the accumulated forfeited non-vested account balances totaled \$1,200 and \$1,184, respectively.

m. Administrative costs:

All costs incurred to administer the Plan, such as audit and accounting fees exclusive of account fees and commissions, which are allocated to participant accounts, are paid by the Plan Sponsor and are therefore excluded from these financial statements. For the year ended December 31, 2022 and 2021, fees amounted to \$855 and \$855, respectively.

OLDE MILL INN 401(K) SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

1. Plan description and significant accounting policies: (continued)

n. Investment options:

The Plan is participant directed. Participants may change their investment options; make contribution changes and loan requests, by the internet directly with ADP Retirement Services (the third party administrator). Each participant is provided a list of available investment options that have diverse investment strategies. Neither the Plan administrator nor the trustee provides investment advice to the participants.

o. Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The amount due to participants for excess contributions total \$20,436 and \$17,475 as of December 31, 2022 and 2021, respectively. During 2023, the Plan merged with ADPTS Plan (see Note 8). The ADPTS Plan distributed \$1,758 of the 2022 excess contributions prior to March 15, 2023 and distributed \$11,946 after March 15, 2023. In addition, \$6,732 of the 2022 excess deceased distributions paid in 2022.

p. Date of management's review of subsequent events:

As required by accounting standards, the Company has evaluated subsequent events through October 5, 2023, which is the date these financial statements were available to be issued (see Note 8). There were no subsequent events requiring recognition as of December 31, 2022 and through the report date that would have a material impact on these financial statements.

2. Plan termination:

Although management has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100 % vested in their employer contributions. The Plan has merged into ADPTS Plan in 2023 (see Note 8).

3. Information certified by the trustees/custodians (unaudited):

Management has elected an ERISA Section 103(a)(3)(C) audit pursuant to 29 CFR 2520.103-8.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31,

OLDE MILL INN 401(K) SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

5. Tax status of plan:

The Internal Revenue Service has determined and ruled by a letter dated October 6, 2020 that the Plan as then designed, was in accordance with the applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examination for years prior to 2020.

6. Fair value measurements:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels as follows:

Level 1

Inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.

Level 2

Inputs consist of observable inputs other than quoted prices for identical assets (Level 1).

Level 3

Inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value with the trustee/custodian at December 31, 2022 and 2021, respectively. There have been no changes in the methodologies used at December 31, 2022 and 2021.

OLDE MILL INN 401(K) SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

6. Fair value measurements: (continued)

Level 1 Fair value measurements:

- Registered mutual funds: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair value measurements:

- Common collective trusts: Valued at fair value reported by the fund manager based on the underlying investments within each fund and are expressed in units representing the net asset value of each fund.

Gains and losses (realized and unrealized) included in changes in net assets for the year ended December 31, 2022, are reported in the net depreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

The Plan's policy is to recognize transfers between Level 1 and Level 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2022, there are no Level 3 assets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets fair value as of December 31, 2022 and 2022:

Fair value measurements at the end of the reporting period using:

	Quoted prices in active markets for identical assets	Other observable inputs	Unobservable inputs	Fair value

7. Related party transactions:

Certain Plan investments are assets held and maintained by Reliance Trust Company as the Plan's trustee/custodian. These transactions qualify as exempt party-in-interest transactions.

Notes receivable from participants also qualify as party-in-interest transactions, but are exempt from the prohibited transaction rules of ERISA.

8. Subsequent events:

The Plan's Board of Trustees have approved to merge the Plan into a pre-existing plan named the ADP Total Source Retirement Savings Plan (ADPTS Plan). On December 1, 2022, the Plan participants were notified of the adopted Plan, the blackout period, fee disclosures and enrollment investment options and if no elections were made, their designed default funds.

Subsequent to December 31, 2022, the Plan liquidated all of the investment assets to cash and transferred funds to the ADPTS Plan totaling approximately \$2,364,396 on February 1, 2023. In addition, the third party administrator under the ADPTS Plan assumed the balance of participant notes receivable and the forfeiture balance as of February 1, 2023 totaling \$6,375. The black-out period for the transition ended on March 1, 2023.

After February 1, 2023, the ADPTS Plan distributed the 2022 excess contributions of \$13,704 and received the 2022 employer match contributions of \$18,249.
