INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
The Taylor Bank 401(k) Plan
Berlin, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Taylor Bank 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the Financial Statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Taylor Bank 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 10 to the financial statements, the 2021 financial statements have been restated to correct a misstatement. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the Financial Statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Taylor Bank 401(k) Plan's ability to continue as a going concern for one year after the date the Financial Statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering The Taylor Bank 401(k) Plan, and determining that The Taylor Bank 401(k) Plan's transactions that are presented and disclosed in the Financial Statements are in conformity with The Taylor Bank 401(k) Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the Financial Statements. In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the Financial Statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Taylor Bank 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Taylor Bank 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the Financial Statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the Financial Statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Financial Statements or to the Financial Statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE TAYLOR BANK 401(k) PLAN

Notes to Financial Statements

Note 1. Description of the Plan

The following description of The Taylor Bank 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees who are at least 18 years old and have completed three months of service with Calvin B. Taylor Banking Company (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Company oversees governance of the Plan. The Plan's 401(k) Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

In 2022, the Plan was amended and restated to comply with the Internal Revenue Service's Cycle 3 restatement requirements.

Contributions

Each year, participants may contribute up to 90% of their compensation as defined by the Plan, and within IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute distributions from other qualified plans. The Company may make a matching contribution, at a percentage determined annually by management. For the years ended December 31, 2022 and 2021, the matching contribution was 50% of the first 6% of compensation that a participant deferred. The Company may elect to make an additional discretionary contribution to the Plan. The Company's Board of Directors approved a discretionary contribution of \$200,000 and \$185,000 for the years ended December 31, 2022 and 2021, respectively.

Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers a stable value fund (collective trust account) and mutual funds. Participants may change their allocations on a daily basis.

Participants may make pretax and after tax (Roth) contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's matching contribution and discretionary contribution, and Plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant's interest in the matching contribution and discretionary contribution vests 25% after two years of service, and 25% each year thereafter. A participant is 100% vested after five years of credited service.

Forfeited Accounts

Forfeitures of matching and discretionary contributions are allocated to remaining active participants based on eligible compensation. Forfeitures of \$7,154 and \$10,457 were allocated to remaining active participants during the years ended December 31, 2022 and 2021, respectively. There was \$15,140 and \$6,833 of unused forfeitures as of December 31, 2022 and 2021, respectively.

Payment of Benefits

Upon retirement after age 59 ½, death, disability, or termination of employment with the Company, a participant may elect to receive a distribution of his account balance in a lump sum or in installments (provided the account balance is greater than \$5,000). The participant may elect the method and timing of the cash payment in accordance with the Plan Agreement. Participants that remain employed with the Company may not receive benefits from the Plan.

Participants may receive hardship distributions in accordance with Plan provisions.

Notes Receivable from Participants

Participants may borrow from their accounts. The minimum amount of a note is \$1,000 with a maximum amount equal to the lesser of \$50,000 or 50% of their vested balance in the Plan. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.50%, as of December 31, 2022, which represented the Wall Street Prime Rate plus one percent at the time the loans were originated. Loan terms range from one to five years, except that a loan used to purchase a primary residence may be repaid over a longer term. Principal and interest are paid ratably through semi-monthly payroll deductions. A participant may have a maximum of two notes outstanding at any time.

Note 2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Notes to Financial Statements

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain investment advisory and recordkeeping fees are allocated to participants. Other costs of administering the Plan, paid by the Company, are not reflected in these financial statements.

Payment of Benefits

Benefit payments are recorded upon distribution. At December 31, 2022 and 2021, there were no benefit claims filed by terminated employees that had not yet been paid.

Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure from December 31, 2022 through September 12, 2023, the date the financial statements were available to be issued.

Notes to Financial Statements

Note 3. Information Certified by Custodian

The following is a summary of the investment information as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, included throughout the Plan's financial statements and supplemental schedules, that was provided by the Reliance Trust Company (Reliance). The Plan Administrator has obtained certifications from Reliance that the information is complete and accurate.

The following table presents the fair value of the investments in the Plan that was certified by Reliance as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Investments		
Mutual funds at fair value	\$ 9,013,885	\$ 11,169,835
Collective trust account at fair value	\$ 642,332	\$ 819,545
Notes receivable from participants	\$ 155,933	\$ 196,635

The custodian's certified investment income (loss) was \$(1,850,452) and \$1,296,027 during the years ended December 31, 2022 and 2021, respectively. The custodian's certified interest on notes receivable from participants was \$8,446 and \$7,600 during the years ended December 31, 2022 and 2021, respectively.

Note 4. Fair Value Measurements

Accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation method are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation method include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation method are unobservable and include situations where there is little, if any, market activity for the asset or liability. The inputs into the determination of fair value are based upon the best information in the circumstances and may require significant management judgment or estimation.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques should maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above for investments valued using Level 2 or Level 3 inputs may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methods or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methods used at December 31, 2022 and 2021.

Mutual Funds

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Collective Trust Account

The Invesco Stable Value Trust, Class IV may invest in contracts issued by banks, insurance companies, or other financial institutions that hold synthetic guaranteed investment contracts. The fund may also invest in traditional guaranteed investment contracts. The fund, which is designed for stability of principal, is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full or partial redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes to Financial Statements

The following tables set forth the Plan's assets by level within the fair value hierarchy at December 31, 2022 and 2021:

December 31, 2022				
	Total	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Mutual funds	\$ 9,013,885	\$ 9,013,885	\$ - -	\$ - -
Total in the fair value hierarchy	\$ 9,013,885	<u>\$ 9,013,885</u>	<u>\$ - -</u>	<u>\$ - -</u>
Collective trust account measured at net asset value	<u>642,332</u>			
	<u>\$ 9,656,217</u>			

December 31, 2021				
	Total	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Mutual funds	\$ 11,169,835	\$ 11,169,835	\$ - -	\$ - -
Total in the fair value hierarchy	\$ 11,169,835	<u>\$ 11,169,835</u>	<u>\$ - -</u>	<u>\$ - -</u>
Collective trust account measured at net asset value	<u>819,545</u>			
	<u>\$ 11,989,380</u>			

The mutual funds in the Plan have no limits on withdrawal amount or redemption frequency. There is no redemption notice period for any of the funds.

For investments in certain entities that do not have a readily determined fair value, ASC 820 allows the fair value measurements to be based on reported net asset value if certain criteria are met and establishes additional disclosures related to these investments. Due to the nature of the investments in the collective trust account, the redemption frequency is daily and there are no required redemption notices or unfunded commitments. The practical expedient is used for valuation, unless it is probable that the Plan will sell a portion of the investment at an amount different from the net asset value.

Note 5. Risks and Uncertainties

The Plan invests in mutual funds and a collective trust account. Such investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

Note 6. Party-In-Interest Transactions

Reliance is a custodian of the Plan assets. The Plan pays fees to ADP, LLC and ADP Broker-Dealer for recordkeeping and administrative services. The Plan pays fees to Cetera Advisors, LLC for investment advisory services. The Plan lends funds to its participants according to applicable provisions of the Plan Agreement. The Sponsor provides certain accounting and administrative services to the Plan for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

Certain Plan investments are managed by Reliance Trust Company and, therefore, these transactions qualify as party-in-interest transactions.

Reliance Trust Company provides certain administrative services to the Plan, pursuant to an agreement, and receive revenue from mutual fund service providers for services provided to the funds. This revenue is used to offset certain amounts owed to the party-in-interest for administrative services to the Plan.

If the revenue received by this party-in-interest from such mutual fund service providers exceeds the amount owed under the agreement, excess amounts are remitted to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to participant accounts. During 2022, there were no excess amounts allocated to participants based on their respective account balance. The Plan or Plan Sponsor may make direct payments to a party-in-interest for administrative expenses not covered by revenue sharing.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8. Tax Status

The Plan obtained its latest determination letter on October 6, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to Form 5500:

	<u>2022</u>	<u>2021</u>
As reported on Form 5500	\$ 10,101,717	\$ 12,396,601
Contract value to fair value adjustment	<u>(53,167)</u>	<u>6,844</u>
Balance per financial statements	<u>\$ 10,048,550</u>	<u>\$ 12,403,445</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the years ended December 31, 2022 and 2021, to Form 5500:

	<u>2022</u>	<u>2021</u>
As reported on Form 5500	\$ (2,294,884)	\$ 1,652,348
Change in contract value to fair value adjustment	<u>(60,011)</u>	<u>(20,598)</u>
Balance per financial statements	<u>\$ (2,354,895)</u>	<u>\$ 1,631,750</u>

Note 10. Restatement of Prior Year

The Plan determined that the relevant measurement for the collective trust account was fair value. Previously, the collective trust account was reported at contract value. As a result, the financial statements for the year ended December 31, 2021, have been restated to increase investments by \$6,844, decrease investment income by \$20,598, and increase net assets available for benefits as of January 1, 2021 by \$27,442.
