INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
I.D. Systems, Inc. 401(K) Plan

Opinion

We have audited the accompanying financial statements of I.D. Systems, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of I.D. Systems, Inc. 401(k) Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of I.D. Systems, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**I.D. SYSTEMS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021**

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the I.D. Systems, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for the Plan’s provisions.

General

The Plan was originally established by I.D. Systems, Inc. (“I.D. Systems”) in 1998 for the purpose of providing retirement benefits for eligible employees of I.D. System, Inc. The Plan was amended on July 24, 2017. Effective January 1, 2020, I.D. Systems adopted the Automatic Data Processing (“ADP”) Defined Contribution Plan 401(k) Profit Sharing Plan. The Plan is a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Trustee of the Plan assets is Reliance Trust Company (the “Trustee”). The named fiduciary for the administration of the Plan is the Director of Human Resources (the “Plan Administrator”).

On October 3, 2019, I.D. Systems became a wholly owned subsidiary of PowerFleet, Inc. (“PowerFleet”), as a result of the acquisition of Pointer Telocation Ltd. (the “Transactions”). Following the completion of the Transactions, employees of I.D. Systems and PowerFleet were eligible to participate in the Plan. Unless otherwise indicated or the context otherwise requires, all references to the “Company” mean PowerFleet and its subsidiaries.

Investments

Participants may direct the investment of their contributions and employer matching contributions into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan offers a money market mutual fund, mutual funds, inflation protection mutual fund, PowerFleet common stock, and a self-directed brokerage account feature that includes individual stocks, exchange-traded funds, fixed income securities and mutual funds through TD Ameritrade. All investments are participant-directed.

Participants may invest in the PowerFleet Stock Fund, which is comprised of a cash component and PowerFleet common stock.

Contributions

Participants in the Plan may elect to defer and contribute from 1% to 90% of their annual eligible compensation, as defined by the Plan, not to exceed dollar limitations that are set by law. Participants aged 50 or older may elect to defer and contribute additional amounts to the Plan up to a maximum that is set by law. Participants may also contribute (rollover) amounts representing distributions from other qualified defined benefit or qualified defined contribution plans.

The Plan includes an auto-enrollment provision whereby all newly eligible participants are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation.

Each year, the Company may contribute to the Plan a discretionary matching contribution. Matching contributions are subject to vesting requirements. For the plan years ended December 31, 2022 and 2021, the Company’s matching contributions were \$289,314 and \$-0-, respectively.

Participant Accounts

Each participant account is credited with the participant’s share of any employer contributions, any contributions made by the participant, and the participant’s share of any investment earnings (losses) and increases (decreases) in the value of investments. All reasonable costs and expenses incurred by the Administrator and the Trustee in administering

the Plan are charged against the accounts of all participants unless the Company elects to pay such expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Participants vest in the Plan's discretionary match portion of their accounts as follows:

Years of Vesting Service	Percentage Vested
Less than 1 year	0%
1 but less than 2 years	20%
2 but less than 3 years	40%
3 but less than 4 years	60%
4 but less than 5 years	80%
5 or more years	100%

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

The Plan permits participants to borrow from their vested account balance. A participant is permitted to borrow up to 50% of his or her vested account balance, not to exceed \$50,000. The minimum loan a participant may take is \$1,000. All loans must be repaid in level payments on at least a quarterly basis over a five-year period unless the loan is for the purchase of a principal residence in which case the loan may be repaid within a reasonable period of time determined at the time the loan is made. The loans are secured by the balance of the participant's vested account and bear interest at a rate commensurate with market rates.

Payment of Benefits

A participant's vested account balance is payable upon retirement, disability, death or other termination of employment. Distributions are payable in a lump sum or in installments over a period not exceeding the participant's life expectancy. However, if the value of a participant's vested account is \$5,000 or less, it is only payable in a lump sum.

A participant may withdraw all or a portion of his or her vested account during employment if he or she has reached age 59-1/2. A participant may withdraw his or her own contributions (but not earnings on those contributions) during employment for certain hardship reasons.

Upon the death of an active participating employee, such employee's beneficiary is entitled to the total amount of the employee's account without penalty plus an allocation of any Company contribution relating to the year in which the death occurred.

Separated participants with vested account balances exceeding \$5,000 may delay the timing of the receipt of benefits subject to minimum distribution rules required by law. Participants with a balance of \$5,000 or less may be paid out without the participant's consent in a single-sum payment or by direct rollover to an individual retirement account ("IRA") or other eligible retirement plan as soon as reasonably practicable following the date of employment termination.

Forfeited Accounts

If a participant terminates employment with the Company at a time when the participant does not have a fully vested account, the nonvested employer contributions and actual earnings thereon are forfeited. Forfeitures may be used to reduce future discretionary employer matching contributions or cover future administrative expenses. No forfeitures were used during the years ended December 31, 2022 and 2021 to pay for the Plan's expenses. Forfeitures available at December 31, 2022 and 2021 totaled \$9,226 and \$-0-, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and/or to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested with all rights to any amounts in their respective accounts.

December 31, 2022 and 2021**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are participant directed and reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are recorded as deemed distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses, including custodial and administrative fees, are paid by the Plan. Administrative expenses for loans and distributions are paid by the participant. Certain other expenses such as audit and accounting fees are paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reclassification of Prior Year Presentation

Certain prior year amounts have been reclassified for consistency with the current year presentation. This reclassification had no effect on the reported net assets or changes in net assets. Investments in self-directed brokerage accounts were reclassified from Level 1 to Level 2 within the fair value hierarchy.

Subsequent Events

The Plan has evaluated subsequent events through June 29, 2023, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board *Accounting Standards Codification* ("Codification"), *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the Codification are as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

PowerFleet, Inc. unitized account: Valued at closing price reported on active market on which the securities are traded, plus money market funds held.

Self-directed brokerage accounts: Accounts consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The following table presents the fair value hierarchy for the Plan's investments at fair value as of December 31, 2022 and 2021:

	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
PowerFleet, Inc. unitized account	\$ 135,021	\$ -	\$ -	\$ 135,021
Mutual Funds	11,550,850	-	-	11,550,850
Self-directed brokerage accounts	-	409,242	-	409,242
Total assets in the fair value hierarchy	<u>\$ 11,685,871</u>	<u>\$ 409,242</u>	<u>\$ -</u>	<u>\$ 12,095,113</u>
Total investments at fair value				<u>\$ 12,095,113</u>

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
PowerFleet, Inc. unitized account	\$ 204,538	\$ -	\$ -	\$ 204,538
Mutual Funds	14,377,370	-	-	14,377,370
Self-directed brokerage accounts	-	737,802	-	737,802
Total assets in the fair value hierarchy	<u>\$ 14,581,908</u>	<u>\$ 737,802</u>	<u>\$ -</u>	<u>\$ 15,319,710</u>
Total investments at fair value				<u>\$ 15,319,710</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the years ended December 31, 2022 and 2021, other than the reclassification of investment amounts in self-directed brokerage accounts from Level 1 to Level 2, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 4 - RELATED PARTY AND PARTY-IN INTEREST TRANSACTIONS

The Plan engages in certain transactions involving the Company, ADP, and affiliates of TD Ameritrade, which are parties-in-interest under the provisions of ERISA. These transactions involve the purchase and sale of the Company's common stock fund, the payment of trustee fees to ADP, and investments in mutual funds and a self-directed brokerage feature managed by affiliates of TD Ameritrade.

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. The Plan invested in common stock of the Company and issued loans to participants when administered by ADP for the years ended December 31, 2022 and 2021. Fees paid to ADP for the years ended December 31, 2022 and 2021 were \$2,555 and \$1,340, respectively.

As of December 31, 2022 and 2021, the Plan held 41,564 and 35,781 shares, respectively, of the PowerFleet Stock Fund with a fair value of \$135,021 and \$204,538, respectively. For the years ended December 31, 2022 and 2021, the Plan purchased \$52,654 and \$78,955, respectively, and sold \$33,304 and \$11,661, respectively, of the PowerFleet Stock Fund, did not record any dividend income, and had a total unrealized and realized losses of \$(88,867) and \$(117,422), respectively.

As of December 31, 2022 and 2021, through the self-directed brokerage feature, the Plan held investments issued by affiliates of TD Ameritrade totaling \$409,242 and \$737,802, respectively.

As of December 31, 2022 and 2021, the Plan held \$207,264 and \$185,944, respectively, in loans to participants at interest rates that ranged from 5.25% to 9.00% per annum.

NOTE 5 - TAX STATUS

The Plan is based on a "volume submitter" plan document. The sponsor of the volume submitter document has received a favorable determination letter from the Internal Revenue Service ("IRS") dated October 6, 2020, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (the "Code"), and therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2005-16, the Company has chosen to rely on the IRS determination letter issued to the sponsor of the volume submitter document as evidence that the form of the Plan is tax-qualified. The Plan is also required to be operated in conformity with the Code to maintain its tax-qualified status. The Plan administrator believes that the Plan, which has been amended since the date of the determination letter, continues to be tax-qualified in both form and operation.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
