Independent Auditor's Report

To the Participants and Administrator of
AGCO Corporation Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of AGCO Corporation Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of the Plan, as listed in the accompanying index, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

To the Participants and Administrator of
AGCO Corporation Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of AGCO Corporation Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of the Plan, as listed in the accompanying index, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of Plan

The following description of the AGCO Corporation Savings Plan (the "Plan" or the "Company") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

The Plan has been amended and restated effective January 1, 2015 for changes that did not impact the primary provisions of the Plan.

Organization

The Plan is a defined contribution retirement plan sponsored by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility for Participation

In general, all employees of the Company, except for casual and leased employees, defined as any employee not hired on a permanent basis, non-resident aliens with no U.S. income and union employees, other than members of the United Steelworker's Union Local 13-25, are eligible participants of the Plan. Salaried employees become participants in the Plan on the first day of the month following 60 days of employment with the Company and become eligible to receive an allocation of the Company's discretionary contributions on the first day of the month following the date of becoming eligible. Union employees covered by the Plan will be eligible to participate in the Plan after 30 days of employment and may enter the Plan during the first payroll period in the next quarter in the plan year following the date the eligibility requirements are satisfied. Union employees covered by the Plan are eligible to receive an allocation of the Company's discretionary contribution on the first day of the payroll period following the date the eligibility requirements are satisfied as defined by the Plan. Eligible employees are automatically enrolled to defer 3% of compensation on a before-tax basis unless the participant chooses to elect a different percentage.

Transfers from Affiliated Plan

During 2022, assets of $1,125,501 were transferred from the AGCO Corporation Hesston Employees' Savings Plan (the "Hesston Plan") to the Plan and assets of $145,853 were transferred to the Hesston Plan from the Plan. Asset transfers between the Plan and the Hesston Plan occur when a participant changes employment classification from hourly (union) to salary (non-union) or from salary (non-union) to hourly (union).

Contributions

Participants may generally contribute up to 50% (for salaried participants) and 20% (for union participants) of their defined eligible compensation, in 1% increments, on a before-tax or after-tax basis, up to an annual maximum amount specified by the Internal Revenue Service ("IRS"). For participants, other than members of the United Steelworker's Union Local 13-25, who do not make an elective deferral upon becoming eligible to participate in the Plan, the Company will automatically withhold 3% of compensation and contribute that to the Plan. The automatic deferral will increase 1% on the first day of each subsequent plan year up to 10% (15% if hired or rehired after June 1, 2021), unless the participant elects otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Participants are permitted to make Roth contributions subject to the above combined Plan deferral limit and the IRS limits applicable to contributions.

The Company makes a safe harbor matching contribution for salaried employees equal to 100% of the first 3% of compensation and 50% of elective deferrals that exceed 3% but do not exceed 6%.

The Company makes a discretionary contribution on behalf of all hourly employees based on the collective bargaining agreement between the United Steelworker's Union Local 13-25 and the Company. For the years ended December 31, 2022 and 2021, the Company contributed 3% of the hourly participants' eligible compensation. Contributions are subject to certain limitations.

As of December 31, 2022 and 2021, the employer contributions receivable includes $353,640 and $291,294 respectively.

Administration

The Plan is administered by the Company and is advised by the Retirement Committee whose members are appointed by the Board of Directors. The Retirement Committee serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits.

The Company has assigned Vanguard Fiduciary Trust Company ("Vanguard" or the "Trustee") as the Trustee of the Plan. Vanguard is responsible for the administration of investments for the benefit of the participants and their beneficiaries. Vanguard receives all contributions made under the Plan, holds the Plan assets, pays benefits as directed by the Plan Administrator and assists in the administration of the Plan. Vanguard serves as the intermediary for all asset purchases and redemptions and manages certain investment options of the Plan (Notes 4 and 6).

Participant Accounts

Each participant account is credited with pretax, after-tax, Roth, and rollover contributions made by the participant, the participant's portion of the Company's matching and discretionary contributions and Plan earnings. Plan earnings, which consist of earnings, expenses and gains and losses on investments, are allocated to participants' accounts as defined in the Plan Document.

Vesting

Participants are 100% vested in their contributions, rollover balances and the investment performance therein. In addition, participants are immediately vested in all the Company's matching contributions and all related investment performance.

Forfeitures

Plan Sponsor contributions are forfeited if the Company's matching contributions relate to participants' excess contributions, as defined in the Plan Document. Forfeitures of Plan Sponsor contributions may be used to either reduce administrative expenses or Plan Sponsor contributions. For the year ended December 31, 2022, no forfeitures were used to reduce Plan Sponsor contributions to the Plan. As of December 31, 2022 and 2021, there were $19,189 and $18,694, respectively, of unapplied forfeitures.

Benefits Paid to Participants

Upon termination of service, death, disability, retirement, age 59½, or separation from service, a participant may elect to receive their benefits as a lump-sum or as an installment amount equal to the value of the participant's vested interest in his or her account. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan Document. Vested balances less than $1,000 (including rollover contributions) may be automatically distributed in the form of cash after termination of employment. Vested balances between $1,000 and $5,000 (including rollover contributions) may be rolled over into a qualified Individual Retirement Account.

Notes Receivable from Participants

Notes receivable from participants consist of those notes transferred into the Plan from other qualified plans. The Plan does not currently allow participants to enter into new loan agreements. The notes receivable are secured by the participant's account, and bear interest at the Wall Street Journal Prime rate. Notes receivable are typically repaid through payroll deductions.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments of 1% (totaling 100%) among various investment options selected by the Plan Administrator, including certain options for which the Trustee or its affiliates serve as investment advisors.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in certain investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Administrative Expenses

Administrative expenses are paid by the Plan as permitted by the Plan Document and to the extent they are not paid by the Company.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and the Common Collective Trusts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan Document. No allowance is considered necessary.

Contributions

Employer and employee contributions are reported in the year services are rendered to the Company by the Plan participants.

Benefits Paid to Participants

Benefits paid include direct payments by the Plan to participants or their beneficiaries. Benefit payments are recognized in the year paid.

Note 3: Fair Value Measurements

In accordance with Accounting Standard Codification 820-10, *Fair Value Measurements and Disclosures*, the inputs to valuation techniques used to determine fair value are categorized into a fair value hierarchy. Observable inputs (highest level) reflect market data obtained from independent sources, while unobservable inputs (lowest level) reflect internally developed market assumptions. The inputs are summarized in a three-level valuation hierarchy as follows:

Level 1: Quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in markets that are not active; and
- model-derived valuations in which all significant inputs are observable or can be corroborated by observable market data for substantially the full term of the investment.

Level 3: Model-derived valuations in which one or more significant inputs are unobservable.

If the inputs used to value the investment fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the investment.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds

Mutual funds are valued using the published quoted price, which is the net asset value ("NAV") of the fund. The NAV is based on the fair value of the underlying securities.

Net appreciation/depreciation in the fair value of mutual funds represents the change in fair value during the year, including realized and unrealized gains and losses.

Common Collective Trusts ("CCTs")

The CCTs are valued at the NAV, which is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund, minus any liabilities. The practical expedient would not be used if it is determined to be probable the fund would sell the investment for an amount different from the NAV. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. Certain events such as plan termination or a plan merger initiated by the Company may limit the ability of the Plan to transact at contract value. The Company does not believe that any events that may limit the ability of the Plan to transact at contract value are probable. The fund is valued daily, can be redeemed daily without restrictions, and without prior notice. There are no unfunded commitments.

The fair values assigned to the Plan's investments are based upon available information and do not necessarily represent amounts which might ultimately be realized. Due to the absence of readily-determinable fair values and the inherent uncertainty of valuations, the estimated fair values may differ significantly from values that would have been used had a ready market for the securities existed. The Company believes the valuation methods are appropriate and consistent with other market participants.

The following tables set forth investments within the fair value hierarchy.

Investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 235,136,410	$ -	$ -	$ 235,136,410
Total assets in fair value hierarchy	235,136,410	-	-	235,136,410
Common collective trust measured at net asset value [(a)]	-	-	-	323,437,454
Total investments at fair value	$ 235,136,410	$ -	$ -	$ 558,573,864

Investments at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 288,318,257	$ -	$ -	$ 288,318,257
Total assets in fair value hierarchy	288,318,257	-	-	288,318,257
Common collective trust measured at net asset value [(a)]	-	-	-	383,145,100
Total investments at fair value	$ 288,318,257	$ -	$ -	$ 671,463,357

[(a)] Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy.

The Plan also holds other assets not measured at fair value on a recurring basis, including employer contribution receivable and notes receivable from participants. The fair value of those assets approximates their carrying amounts in the accompanying financial statements due to the short-term maturity of the financial instruments.

Note 4: Information Certified by the Trustee (Unaudited)

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2022 and 2021, and for the year ended December 31, 2022 in accordance with DOL regulations:

- Investments, at fair value
- Net appreciation/depreciation in the fair value of mutual funds
- Interest and dividend income
- Notes receivable from participants and related interest
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5: Tax Status

The Plan Document received a favorable opinion letter from the IRS dated November 19, 2015, which stated that the Plan and related trust were designed in accordance with the applicable sections of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6: Exempt Party-in-Interest Transactions

Certain Plan investments include shares of mutual funds and a common collective trust managed by Vanguard. Vanguard is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Party-in-interest transactions also include notes receivable made to participants.

Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7: Plan Termination

Although the Company expects to continue the Plan indefinitely, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. Should the Plan be terminated, each participant's account will become fully vested and nonforfeitable.

Note 8: Subsequent Events

In accordance with U.S. GAAP, the Company has evaluated for subsequent events between the date of the Statement of Net Assets Available for Benefits as of December 31, 2022 and the report date, the date the financial statements were available for issuance, and has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.

Effective January 1, 2023 (the "Merger Date"), the Appareo Systems 401(k) Plan (the "Appareo Plan") merged with and into the Plan, and the assets and liabilities of the Appareo Plan were transferred in accordance with Section 414(i) of the Internal Revenue Code ("IRC"). Amounts credited to the Appareo Plan participant accounts under the Appareo Plan were credited to corresponding accounts under the Plan. The benefits and rights of any individual who was an Appareo Plan participant and who terminated employment prior to the Merger Date shall be governed by the terms and provisions of the Appareo Plan as in effect on the date of such termination.

In March 2023, the Plan Sponsor amended the Plan to include commissions to the definition of compensation.
