INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Taylor Tele-Communications, Inc. 401-k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Taylor Tele-Communications, Inc. 401-k Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Taylor Tele-Communications, Inc. 401-k Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. As discussed in Note 5 to the financial statements, the Company sold substantially all of its assets, effective December 30, 2022, and the Plan was subsequently terminated on February 1, 2023, which indicates that the Plan is not a going concern. The financial statements do not include any adjustments that might be necessary upon termination. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Taylor Tele-Communications, Inc. 401-k Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Taylor Tele-Communications, Inc. 401-k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Taylor Tele-Communications, Inc. 401-k Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DECEMBER 31, 2022 AND 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Taylor Tele-Communications, Inc. 401-k Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General: Taylor Tele-Communications, Inc. (the “Company”) established the Plan effective March 1, 2016. The Plan operates in accordance with Section 401(k) of the Internal Revenue Code. The Plan is a defined contribution plan covering substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was restated, effective January 1, 2022, and also amended as further described below.

Eligibility: To be eligible, an employee must have attained the age of 21 and have completed three months of service, as defined in the Plan. Leased employees are excluded from eligibility. The Plan allows employees to enter the Plan on the date on which the employee completes the eligibility requirements.

Contributions: Each year, participants may contribute up to 100% of their compensation (as defined by the Plan) up to the maximum amount permitted under the Internal Revenue Code in the form of pre-tax 401(k). Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions. Employees of the Company may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective February 1, 2022, the Plan was amended to permit after-tax (Roth) contributions, in-service employee in-Plan Roth rollover contributions, and in-Plan Roth rollover transfers of vested balances equal to or greater than \$1,000.

The Company makes a safe harbor matching contribution equal to 100% of elective deferrals up to 4% of eligible compensation. Additionally, the Company may contribute a discretionary profit-sharing contribution. No discretionary profit-sharing contributions were made for 2022. Contributions are subject to limitations. Participants may change their investment options daily, and have the option to invest all or part of their contributions into the various investment funds offered under the Plan.

Participant accounts: Each participant’s account is credited with the participant’s contributions and an allocation of (a) Company contributions, if any, and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are immediately vested in their voluntary contributions and employer safe harbor matching contributions, plus actual earnings thereon. The participant’s portion of Company discretionary profit-sharing contributions adhere to a six-year graded vesting schedule. Participants become fully vested in the Company discretionary profit-sharing contributions if they are employed upon reaching the normal retirement age of 65 or upon death.

Payment of benefits: Upon separation from service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In the event of the death of a participant, the value of the participant's account is payable to the participant's beneficiary in a lump sum distribution. Effective, January 1, 2022, the Plan was amended to allow involuntary distribution of a terminated participant's vested balance of \$5,000 or less into an individual retirement account. Previously, involuntary distribution of a terminated participant's vested account balance of \$1,000 or less was automatically rolled into an individual retirement account. In-service distributions are not permitted by the Plan. In case of hardship, a participant may apply for a distribution as described in the Plan agreement.

Administrative expenses: Certain administrative expenses of the Plan have been paid by the Company and are, therefore, not expenses of the Plan. Investment related expenses are included in net appreciation or depreciation of fair value of investments. Other plan expenses not paid by the Company, including investment management, recordkeeping, audit fees, and participant distribution administrative fees, are either paid from forfeited non-vested accounts or are paid from other assets of the Plan and allocated to participant accounts.

Notes receivable from participants: The Plan does not allow for loans to participants.

Forfeited accounts: At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$2,964 and \$2,913, respectively. These accounts are to be used to reduce Company contributions. During the year ended December 31, 2022, no forfeited nonvested accounts were used to reduce Company contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value using methodologies described in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, dividends are recorded on the ex-dividend date and capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments are recorded when paid.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 5, 2023, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Newport Trust Company, the trustee, held the Plan's investments and executed investment transactions. The following information, included in the accompanying financial statements and supplemental schedule, was obtained from data that has been prepared and certified as complete and accurate by the trustee:

	<u>2022</u>	<u>2021</u>
Investments, at fair value	\$ 2,860,924	\$ 3,061,678
Additions to net assets:		
Interest and dividends	\$ 72,271	
Deductions from net assets:		
Net depreciation in fair value of investments	\$ 602,759	

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: The stable value collective trust fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. As of December 31, 2022 and 2021, there were no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,836,366	\$ -	\$ -	\$ 2,836,366
Total assets in the fair value hierarchy	2,836,366	-	-	2,836,366
Investments measured at net asset value (a)				24,558
Investments at fair value	<u>\$ 2,836,366</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,860,924</u>

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,054,501	\$ -	\$ -	\$ 3,054,501
Total assets in the fair value hierarchy	3,054,501	-	-	3,054,501
Investments measured at net asset value (a)				7,177
Investments at fair value	<u>\$ 3,054,501</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,061,678</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

NOTE 5 – PLAN TERMINATION

The Company sold substantially all of its assets, effective December 30, 2022, and the Plan was subsequently terminated on February 1, 2023. When a plan termination occurs, full vesting in all employer contributions is required for all participants. Accordingly, all affected employees who were participants in the Plan were fully vested in their account balances at the date of the plan termination. Plan assets were completely distributed from the Plan as of June 30, 2023.

NOTE 6 – INCOME TAX STATUS

Prior to January 1, 2022, the Plan was operating under a volume submitter plan document on which the Internal Revenue Service had issued an opinion letter dated February 28, 2017 that stated that the volume submitter document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The volume submitter document had been amended since issuance of the most recent opinion letter. Effective January 1, 2022, following restatement of the Plan, the Plan is placing reliance on an opinion letter dated June 30, 2020, received from the IRS on the pre-approved plan indicating that the pre-approved plan is qualified under section 401 of the IRC and is not subject to tax under current income tax law. The Plan has not individually sought its own determination letter. The pre-approved plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

NOTE 7 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.
