To the Plan Administrator of Access CIG, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2022 financial statements of Access CIG, LLC 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from a qualified institution as of December 31, 2022 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Access CIG, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Access CIG, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Access CIG, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Access CIG, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedule Required by ERISA

The 2022 supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

Other auditors, who joined Mazars USA LLP, performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 12, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements December 31, 2022 and 2021

1. Description of Plan

The following description of Access CIG, LLC 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established to provide employees of Access Information Management (the “Company”) with retirement benefits in accordance with Section 401(k) of the Internal Revenue Code (“IRC”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan was last amended and restated effective March 31, 2022.

Eligibility

All Company employees are eligible to participate in the Plan if they are at least 21 years of age, except for employees subject to a collective bargaining agreement, interns, non-resident aliens and others, as defined in the Plan document.

Participant Contributions

Eligible participants may make voluntary contributions through salary reductions from 1% to 95% of their annual eligible pre-tax compensation, as defined by the Plan, limited to the maximum amounts allowed under the provisions of the IRC (\$20,500 in 2022). Further, participants who are 50 years of age or older as of December 31, 2022 may contribute an additional “catch up” contribution (\$6,500 in 2022). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an investment contract as investment options for participants.

The Plan also allows participants to defer funds into a “Roth 401(k) deferral.” These deferrals are subject to federal income taxes, and the maximum allowable combined contributions of the Roth 401(k) deferrals and pre-tax deferrals is \$20,500. Participants may also roll over eligible amounts from other qualified plans to the Plan.

Eligible participants are automatically enrolled into the Plan at a pre-tax deferral rate of 3%, which will be automatically invested in a default investment option as provided for in the Plan document, unless affirmatively elected otherwise. The Plan has an automatic deferral rate increase of 1% per annum up to a maximum of 8% of compensation. Participants automatically enrolled into the Plan have up to 90 days after their automatic enrollment to opt out.

Employer Contributions

The Plan document allows for discretionary matching contributions for all employees who have made voluntary contributions. Employees were matched at 100% of the first 3% of their eligible compensation which totaled \$2,521,298 for the year ended December 31, 2022. The Company may make non-elective contributions to eligible participants’ accounts. No non-elective contributions were made for the Plan year ended December 31, 2022.

Rollover Contributions

Participants may roll over part or all of an eligible rollover distribution of pre-tax contributions received from an eligible retirement plan into this Plan.

Participants’ Accounts

Each participant’s account is credited with the participant’s contribution and its allocation of (a) employer contributions and (b) Plan earnings or losses.

Access CIG, LLC 401(k) Profit Sharing Plan

Vesting

Participants' voluntary contributions, rollover contributions, and earnings thereon vest immediately. Vesting in the Company discretionary matching contributions and non-elective contributions is based on years of continuous service (as defined). Discretionary matching contributions and non-elective contributions are fully vested after completing two years and four years of credited service respectively. In the event of death, disability, or attainment of age 65, participants' accounts become fully vested.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Participants may borrow up to 50% of their vested account balance up to a maximum of \$50,000. Participant loans are subject to approval by the plan administrator at interest rates set periodically. Loan terms range from one to five years. However, the term may be extended up to 30 years if the loan was made for the purpose of acquiring the primary residence of the participant. Loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

During the year ended December 31, 2020, the Plan adopted the loan provisions of the CARES Act, effective for qualified participant loans initiated on or after March 27, 2020 and before September 23, 2020. The CARES Act provided Plan participants with the option to borrow up to 100% of their vested account balance, up to a maximum of \$100,000. Participants also have the option of suspending loan payments due between March 27, 2020 and December 31, 2020 for up to one year, however, originally scheduled payments must resume beginning on January 1, 2021. On July 22, 2022, the Plan has been formally amended to reflect statutory changes pursuant to the CARES Act and any related guidance effective beginning January 1, 2020.

Forfeitures

Forfeitures may be used to reduce future employer contributions or pay Plan expenses, at the discretion of the Plan administrator. Forfeited non-vested account balances totaled \$286,585 and \$304,225 at December 31, 2022 and 2021, respectively, and are invested in the Key Guaranteed Portfolio Fund. During the year ended December 31, 2022, the Company used \$106,188 of forfeitures to reduce employer contributions and no amounts were used to pay Plan expenses.

Payment of Benefits

Upon termination of employment, retirement, death, or disability, the participant or the participant's beneficiary is entitled to receive the vested portion of the participant's account in a single lump-sum or in installment payments. Further, withdrawals from the Plan before leaving the Company are available for special "hardship" reasons or after attaining the age of 59½. Distributions to participants are recorded when paid. Upon termination of employment, the Plan may distribute the vested portion of the account if it is \$5,000 or less without requiring consent of the participant.

During the year ended December 31, 2020, the Plan adopted the distribution provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. A CARES Act distribution allows certain eligible participants to take a coronavirus related distribution up to \$100,000 from the Plan retroactive to January 1, 2020 and through December 30, 2020. On July 22, 2022, the Plan has been formally amended to reflect statutory changes pursuant to the CARES Act and any related guidance effective beginning January 1, 2020.

2. Summary of Significant Accounting Policies

The following is a summary of significant accounting policies followed by the Plan.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Access CIG, LLC 401(k) Profit Sharing Plan

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Except for a fully benefit responsive contract which is presented at contract value, the plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Sponsor determines the Plan's valuation policies utilizing information provided by the trustees. See Note 9 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold during the year as well as held at year end.

Administrative Expenses

The Company may, at its discretion, pay the expenses incidental to administering the Plan. In the event that the Company does not pay Plan expenses, the expenses shall be paid by the Plan.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants in the subsequent plan year.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2023, which is the date the financial statements were available to be issued.

3. Information Certified by The Plan's Trustees

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America and Empower Trust Company LLC, the trustees of the Plan, have certified that the following data included in the accompanying financial statements is complete and accurate:

	December 31,	
	2022	2021
Investments, at fair value	\$ 38,706,016	\$ 40,444,170
Fully benefit-responsive investment contract, at contract value	1,968,140	1,549,974
Notes receivable from participants	707,651	518,613
	<u>\$ 41,381,807</u>	<u>\$ 42,512,757</u>
		Year Ended December 31, 2022
Dividend and interest income		<u>\$ 1,867,939</u>
Net depreciation in fair value of investments		<u>\$ (8,939,678)</u>
Interest income on notes receivable from participants		<u>\$ 25,487</u>

Access CIG, LLC 401(k) Profit Sharing Plan

4. Tax Status

The Plan operates under a non-standardized pre-approved plan. The plan administrator believes and represents that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Financial Accounting Standards Board has issued a standard regarding the accounting and recognition of income tax positions taken or expected to be taken by the Plan. The plan administrator assesses the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2019.

5. Related Party Transactions

Certain Plan investments are managed by Empower Trust Company, LLC. As Empower Trust Company, LLC is the trustee of the Plan, recordkeeping or other administrative fees paid to them qualify as party-in-interest transactions that are exempt from the prohibited transaction rules, as defined by ERISA. Fees paid by the Plan for recordkeeping and investment management services amounted to \$187,414 for the year ended December 31, 2022.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Risks and Uncertainties

The Plan provides for various investment options in accounts which invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that these changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

8. Investment Contracts

The Plan invests a portion of its assets in a guaranteed interest account. The assets within the guaranteed interest account are invested in the Key Guaranteed Portfolio Fund ("the Fund"). All of the contracts within the Fund are fully benefit-responsive.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value. The plan administrator believes the occurrence of such events, that would also limit the Plan's ability to transact at contract value with Plan participants, is not probable.

9. Fair Value Measurements

Accounting standards require that financial and non-financial assets and liabilities, recognized or disclosed in financial statements on a recurring basis (at least annually), be measured at fair value. These standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Access CIG, LLC 401(k) Profit Sharing Plan

These standards also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. These standards describe three levels of inputs that may be used to measure fair value:

- Level 1 - Quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.
- Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for the assets or liabilities.
- Level 3 - Unobservable inputs for the asset or liability that are significant to the fair value measurement. These inputs reflect the Plan's assumptions about the assumptions a market participant would use in pricing the asset or liability.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are only used when higher level inputs are not available. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the valuation of the Plan's financial assets at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 38,706,016	\$ -	\$ -	\$ 38,706,016
Investments at fair value	\$ 38,706,016	\$ -	\$ -	\$ 38,706,016

The following table summarizes the valuation of the Plan's financial assets at December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 40,444,170	\$ -	\$ -	\$ 40,444,170
