INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Lakeside International Trucks, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Lakeside International Trucks, Inc. Retirement Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Lakeside International Trucks, Inc. Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Lakeside International Trucks, Inc. Retirement Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2022 through October 7, 2023, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Lakeside International Trucks, Inc. is the plan administrator, plan sponsor and employer. Lakeside International, LLC is a participating employer. Associated Trust Company, N.A. ("Associated") is the trustee of the plan that holds custody of the plan's investment assets, record keeper that maintains participant investment records, third party administrator that maintains plan documents and tax counsel that performs various required compliance tests. Spectrum Investment Advisors, Inc. is the plan's investment advisor.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in fair value of investments bought, sold and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

The following are descriptions of the valuation methodologies used for investments measured at fair value:

Mutual funds - Valued at the daily quoted market prices as reported by the fund. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Notes to Financial Statements

December 31, 2022 and 2021

Common collective trust funds - The plan invests in the Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25157 which invests entirely in a MetLife group annuity contract. The primary objective of the fund is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments. The plan also invests in the Associated Money Market Common Trust Fund. The funds are direct filing entities valued at NAV based on the underlying unit values as reported by the funds. The NAVs are used as practical expedients to estimate fair values. The practical expedients would not be used if it is determined to be probable that the funds would sell the investments for amounts different from the reported NAVs.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$16,386,871	\$ -	\$ -	\$16,386,871
Investments in the fair value hierarchy	\$16,386,871	\$ -	\$ -	16,386,871
Investments measured at NAV (a)				3,190,972
Total investments at fair value				\$19,577,843

Investments at fair value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$18,591,137	\$ -	\$ -	\$18,591,137
Investments in the fair value hierarchy	\$18,591,137	\$ -	\$ -	18,591,137
Investments measured at NAV (a)				3,199,723
Total investments at fair value				\$21,790,860

- (a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV as a practical expedient. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

As of December 31, 2022	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common collective trust funds:

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General - The plan was established as a defined contribution plan on November 1, 1986. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible to participate in the plan on the first day of the month immediately following the employee's date of hire.

Contributions - Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (salary reduction contributions). The plan also permits Roth salary reduction contributions. New employees are automatically enrolled in the plan and have 5% of compensation withheld as salary reduction contributions. Deferral percentages then automatically increase 1% on January 1 each year up to a maximum of 10%. Such participants have the option to increase, decrease or stop the deferral by completing the necessary documentation.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. Effective January 1, 2022, the plan adopted safe harbor provisions that require employer contributions equal to 100% of the first 4% of employee compensation contributed to the plan as salary reduction contributions.
- d. Prior to January 1, 2022, matching contributions could be made at the plan sponsor's discretion. The discretionary matching contributions were equal to 50% of the first 5% of employee compensation contributed to the plan as salary reduction contributions from January 1, 2021 through August 31, 2021 and 100% of the first 4% of employee compensation contributed to the plan as salary reduction contributions from September 1, 2021 through December 31, 2021.
- e. Nonmatching contributions may be made at the plan sponsor's discretion. There were no such contributions in 2022 or 2021.

Participant accounts - Each participant's account is credited with the participant's salary reduction contributions, rollover contributions, and an allocation of employer contributions. Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Participants are allowed to transfer funds between the various investment options daily and change their deferral percentage each payroll period.

Vesting - Participants begin vesting in any employer matching and nonmatching contributions and related earnings upon one year of service, at which time they are 20% vested. Participants then vest at the rate of 20% for each year thereafter. Upon death, disability, or attainment of normal retirement age while still employed, participants become 100% vested. Participants are always 100% vested in their salary reduction, rollover and safe harbor matching contributions and related earnings.

Lakeside International Trucks, Inc. Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability or retirement. Distributions may be in the form of a single lump sum or installment payments. In addition, hardship withdrawals are permitted under certain circumstances. In-service withdrawals can commence upon attaining the age of 59½.

Administrative fees - Certain administrative fees of the plan are paid by the plan sponsor and excluded from these financial statements. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in these financial statements. Such expenses include participant directed charges for distribution and loan fees and nonparticipant directed charges for service and administrative and investment management fees. Nonparticipant charges, paid quarterly, that are not paid with forfeiture balances are allocated to participants on an account value basis.

Forfeitures - Forfeitures can be used to reduce employer contributions or pay plan expenses. Forfeitures used to pay plan expenses were \$27,000 in 2022 and \$26,000 in 2021. Unapplied forfeitures were \$28,000 and \$36,000 as of December 31, 2022 and 2021.

Notes receivable from participants - Participants may take out loans against their account. The minimum loan amount is \$1,000 and total outstanding loans cannot exceed the lesser of 50% of the participant's vested account balance or \$50,000. Participants can only have one loan outstanding at any given time. The repayment term generally cannot exceed five years unless used for the purchase of a principal residence. As of December 31, 2022, loans outstanding had various repayment schedules through December 2030, with interest rates ranging from 5.25% to 8.25%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. PARTY-IN-INTEREST TRANSACTIONS

Associated manages the plan's Associated Money Market Common Trust Fund investment and also acts as the trustee of the plan. As such, transactions between Associated and the plan qualify as party-in-interest transactions. Direct fees paid by the plan to Associated were \$37,000 in 2022 and \$34,000 in 2021. In addition, Associated receives revenue from mutual fund service providers for services Associated provides to the funds ("indirect compensation"). This indirect compensation is used to offset certain amounts that would otherwise be owed by the plan to Associated for its administrative services provided to the plan.

Notes receivable from participants transactions also qualify as party-in-interest transactions.

All of the above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, all participant balances would become fully vested.

5. INCOME TAX STATUS

The plan is operating under an Associated Trust Company non-standardized pre-approved profit sharing plan that received a favorable opinion letter on June 30, 2020. The opinion letter provided by the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan; however, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Notes to Financial Statements

December 31, 2022 and 2021

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2022 and 2021. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

6. INFORMATION CERTIFIED BY ASSOCIATED

Management has obtained certifications from Associated, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held for the plan and the fair values of such as of December 31, 2022 and 2021;
- b. Dividends from investments and net appreciation (depreciation) of investments during 2022 and 2021;
- c. Purchases and sales of investments during 2022 and 2021; and
- d. Contributions to, investment income credited to, benefits paid from and transfers between investment accounts during 2022 and 2021.
