Independent Auditor's Report

RSM US LLP

Board of Directors
RAS Logistics Inc. Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of RAS Logistics Inc. Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RAS Logistics Inc. Savings and Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the RAS Logistics Inc. Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of RAS HCH Holdings LLC and subsidiaries (the Company). Employees who have completed three months of service and are at least 21 years of age are eligible to participate. The Plan defines three months of service as the completion of at least 250 hours during the computation period. Employees who have completed one year of service are eligible to receive Company matching contributions. The Plan defines one year of service as the completion of at least 1,000 hours during the computation period. Plan entry dates are the first of every month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, individual participants may elect to contribute a percentage of their annual compensation as defined in the Plan Agreement limited to the maximum amount allowed by the Internal Revenue Service (IRS). Participants can contribute through pre-tax deferrals or after-tax Roth contributions. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Automatically enrolled participants have their deferral rate increased at a rate of 1% per year up to a maximum of 5% of the eligible compensation, unless otherwise elected by the participant.

The Company matches 100% of the portion of participant contributions which do not exceed 3% of compensation plus 50% of the portion of participant contributions which exceed 3% of compensation but do not exceed 5% of compensation. These contributions represent safe-harbor matching contributions. Participants direct the investment of safe-harbor matching contributions into various investment options offered by the Plan.

Contributions are subject to certain limitations as mandated by the Internal Revenue Code (IRC).

Investment options: Upon enrollment in the Plan, participants direct the investment of their contributions into a variety of investment options, as more fully described in the Plan's literature. Participants may change their investment options at any time.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contribution, (b) Plan earnings, and charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions and the Company's safe-harbor contributions, and qualified nonelective contributions plus actual earnings thereon.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

RAS Logistics Inc. Savings and Retirement Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Active participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest loan balance outstanding in the 12 months prior to the loan or 50% of their vested account balance, less defaulted loans (if any). One outstanding loan is permitted per participant at any time. The maximum loan term allowed is five years unless the loan proceeds will be used to acquire the principal residence of the participant. The loans are collateralized by the balance in the participant's account and bear interest at rates commensurate with prevailing rates. Principal and interest are payable each pay period, primarily through payroll deduction.

Payment of benefits: Upon resignation, disability, termination or retirement from the Company, a participant may elect to receive either a lump-sum amount equal to the vested value of his or her account or equal annual installments. Participants may withdraw the vested balance of their account upon attainment of age 59½, even if still employed. Under certain conditions participants may receive a hardship distribution. In the event of a participant's death, the decedent's beneficiary will receive a lump-sum amount as soon as administratively feasible. Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Loan administration and distribution fees are charged directly to the participant's account and are included in administrative expenses. The Plan also pays certain investment advisory and plan administration expenses from plan assets. Certain investment-related expenses are included in net appreciation (depreciation) of fair value of the investments.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported to the statement of net assets available for benefits.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

RAS Logistics Inc. Savings and Retirement Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Fair value measurements: Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Shares of pooled separate accounts: Valued at the total of the net asset value (NAV) of shares of mutual funds held by the account at year-end. The Plan's interest in the pooled separate accounts is valued based on the information reported by the investment advisor.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methods or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 10, 2023, the date the financial statements were available to be issued.

In May 2023, the Plan switched third party administrators from John Hancock Retirement Plan Services, LLC (John Hancock) to The Vanguard Group, Inc. (Vanguard). Vanguard now acts as the custodian and third party administrator. All of the assets held by the Plan were transferred from John Hancock to Vanguard during this process. The only change to the plan provisions is the age requirement for eligibility is now 18 years of age.

RAS Logistics Inc. Savings and Retirement Plan

Notes to Financial Statements

Note 3. Investments Certified by John Hancock Life Insurance Company (U.S.A.) (John Hancock)

The following is a summary of the plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by John Hancock, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate as it relates to the assets of the Plan held under the contract.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2022	2021
Investments, at fair value:		
Pooled separate accounts	\$ 2,863,636	\$ 3,156,974

The value of notes receivable from participants certified by John Hancock at December 31, 2022 and 2021 was \$31,157 and \$33,374, respectively.

John Hancock has also certified to the completeness and accuracy of \$575,389 of net depreciation in the fair value of investments and \$1,967 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts—measured at NAV				\$ 2,863,636

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts—measured at NAV				\$ 3,156,974

In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

RAS Logistics Inc. Savings and Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

For investments in certain entities that calculate the NAV per share as the investment's fair value measurement, the following table provides an overview, by major classification, of the nature and risks associated with such investments as well as whether it is probable those investments are being sold at amounts different from their reported NAV per share based on redemption restrictions, if any.

Investment Category	2022 Fair Value	2021 Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Period Notice
Shares of pooled separate accounts	\$ 2,863,636	\$ 3,156,974	\$ -	Daily	None

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there was no transfers in or out of Level 3.

Note 5. Related-Party Transactions

Certain Plan investments are units of pooled separate accounts managed by John Hancock. John Hancock performs services for the Plan, and therefore, these transactions qualify as party-in-interest. Fees paid to John Hancock by the Plan for the year ended December 31, 2022, were approximately \$28,000.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status and Uncertain Tax Positions

The prototype plan sponsor has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the restated prototype plan document was in compliance with applicable requirements of the IRC. The plan administrator timely adopted the restated prototype plan. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is designed and is being operated in compliance with applicable requirements of the IRC.

The Plan's administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2019.
