Plan Administrator and Participants
Inova Health System Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Inova Health System Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a

material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Inova Health System Retirement Savings Plan

Notes to Financial Statements

December 31, 2022

1. Plan Description

The following description of the Inova Health System Retirement Savings Plan (the Plan) provides general information about the Plan's provisions. Plan participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan administrator.

General

Effective July 1, 1998, Inova Health System Foundation (the System) established the Plan pursuant to Section 401(k) of the Internal Revenue Code of 1986, as amended (the Code). The Plan covers substantially all employees of the System. Effective December 31, 2003, all active participants in the Inova Health System Services Matching Savings Plan (the MSP), a 401(k) plan sponsored by the System, became eligible to participate in the Plan. Effective December 28, 2007, the MSP, the Inova Medical Group Retirement Savings Plan, and the Loudoun Hospital 401(k) Plan were merged into, and their assets and liabilities were transferred to, the Plan. Effective January 1, 2022, all eligible employees hired on or after that date are automatically enrolled in the Plan following a minimum period of 30 days and notification of automatic enrollment at 5% unless they opt out or enroll with a different deferral period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the Code. The Retirement Administration Committee is responsible for the general administration of the Plan. Fidelity Management Trust Company (Fidelity) is the trustee for the Plan.

Contributions

Participants may contribute up to 50% of their annual compensation, as defined by the Plan, or 80% of their annual compensation when combined with contributions to the 403(b) Plan, subject to annual limitations defined by the Code. The System makes matching contributions to the Plan. For the plan years ended December 31, 2022 and 2021, the System made a 100% matching contribution on the first 5% of compensation that the participant contributes to the Plan. Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. Participants who are automatically enrolled have their contributions invested in the applicable lifecycle fund based on their age until they change their election. The System's contributions are invested in the same manner as that of the participant's elective contributions. For the plan years ended December 31, 2022 and 2021, if automatically enrolled, a participant's deferral is set at 5% of eligible compensation until changed by the participant. This deferral rate increases annually at 1% increments, up to a maximum

Notes to Financial Statements (continued)

1. Plan Description (continued)

deferral rate of 10%, unless the participant affirmatively opts out of auto escalation. Additional discretionary matching contributions may be contributed at the discretion of the System's board of directors. No such amounts were contributed for 2022 and 2021. All contributions are subject to certain limitations of the Code.

Participant Accounts

Each participant's account is credited with the participant's contributions, the System's matching contributions, and an allocation of the Plan's earnings and losses and administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on participant earnings, losses, and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions and the associated earnings and losses. Participants vest in the System's matching contributions and associated earnings and losses after completing three years of service for amounts earned, pursuant to the plan amendment. Participants also become fully vested upon attainment of normal retirement age, death, or disability.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. Forfeitures of employee contributions are used to reduce future employer contributions and to pay plan expenses. During 2022 and 2021, forfeited amounts of \$5,592,012 and \$4,169,448, respectively, were used to reduce employer contributions and \$1,526,375 and \$1,966,453, respectively, were used to pay plan expenses. As of December 31, 2022 and 2021, unallocated forfeited balances totaled \$686,941 and \$792,101, respectively.

Payment of Benefits

Upon retirement or termination of service, participants may receive periodic payments or a lump-sum distribution equal to the vested balance in their account. At age 59½, the participants also may elect an in-service withdrawal. Upon separation from service with the System due to death,

disability, retirement, or termination, a participant whose vested account balance exceeds \$1,000 may elect to receive either a lump-sum or installment payments on a quarterly or annual basis. A participant whose vested account balance is \$5,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to their vested account balance.

Loans and Hardship Withdrawals

The Plan allows participants to borrow against their accounts. Interest on loans is based on the prime rate as stated in The Wall Street Journal on the first business day of the month for which the loan was approved. Participants have up to five years to repay a general-purpose loan and up to ten years for residential loans. Interest and principal are paid ratably through payroll deductions. The minimum loan amount permitted is \$500; the maximum loan amount permitted is the lesser of one-half of the current value of the vested portion of the participant's account or \$50,000 (exclusive of employer contributions). The outstanding balance of loans to a participant at any time includes the aggregate of the outstanding balance of loans from the Plan and the Inova Health System 403(b) Plan.

Participants may make hardship withdrawals under certain circumstances, as defined by the Plan. There is no dollar minimum on hardship withdrawals. The maximum withdrawal amount is equal to the total vested amount available to cover the actual expense, plus any tax withholding that may apply. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS).

The Plan implemented certain requirements by the Setting Every Community Up for Retirement Enhancement (SECURE) Act and the Coronavirus Aid, Relief, and Economic Security (CARES) Act, which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. As a result of the CARES Act, the System elected to allow hardship withdrawal distributions up to \$100,000 and deferment on outstanding loan payments for the 2020 plan year. Participants who took a hardship withdrawal distribution have the right to repay it to the plan within 3 years of taking the withdrawal. Written amendments to the Plan to reflect these operational changes were adopted in accordance with applicable law and IRS requirements.

Notes to Financial Statements (continued)

1. Plan Description (continued)

Investment Options

Upon enrollment in the Plan, a participant may direct employer and employee contributions in any of the available investment options. The investment options include common/collective trusts and mutual funds offered by the Fidelity platform. Participants may change their investment options at any time.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the System, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the System. Expenses that are paid by the System are excluded from these financial statements.

Plan Termination

Although it has not expressed any intent to do so, the System has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, all participants will become fully vested in their accounts, and the net assets of the Plan shall be distributed among the participants in accordance with ERISA.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements and supplemental schedule of the Plan are presented on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Inova Health System Retirement Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayment and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Shares of mutual funds are valued based on quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. Units of common/collective trusts are valued based on the NAV as reported by the issuer. These trusts can be redeemed on a daily basis with no redemption restrictions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule at December 31, 2022 and 2021, and net (depreciation) appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity, the trustee of the Plan.

Inova Health System Retirement Savings Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements

Fair value is defined under Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy in ASC 820 are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk)

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measurement in its entirety.

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments carried at fair value:

	<u>Total</u>	<u>Level 1</u>
December 31, 2022		
Investments at fair value:		
Mutual funds	\$ 1,878,835,513	\$ 1,878,835,513
Common/collective trusts	441,689,899	441,689,899
Total investments at fair value	<u>\$ 2,320,525,412</u>	<u>\$ 2,320,525,412</u>
December 31, 2021		
Investments at fair value:		
Mutual funds	\$ 1,056,332,318	\$ 1,056,332,318
Common/collective trusts	1,653,655,208	1,653,655,208
Total investments at fair value	<u>\$ 2,709,987,526</u>	<u>\$ 2,709,987,526</u>

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

5. Related-Party Transactions

The Plan holds units of common/collective trusts and mutual funds managed by Fidelity, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

Inova Health System Retirement Savings Plan

Notes to Financial Statements (continued)

6. Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS), dated September 23, 2022, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Subsequent Events

Management evaluated subsequent events for the Plan through July 31, 2023, the date the financial statements were available to be issued. No significant events occurred through that date.
