Citizens Bank 401(k) Retirement Plan
Farmington, New Mexico

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Citizens Bank 401(k) Retirement Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Notes C and D to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Citizens Bank 401(k) Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Citizens Bank 401(k) Retirement Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Citizens Bank 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Citizens Bank 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Citizens Bank 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF PLAN

The following description of the Citizens Bank 401(k) Retirement Plan ("Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Citizens Bankshares, Inc. and its subsidiaries, Citizens Bank and Citizens Trust and Investment Corporation, (collectively "the Company"). Employees of the Company are generally eligible for participation in the Plan after one year of service providing they complete at least 1,000 hours of service during the first twelve months after the employee begins employment. The Plan is subject to the provisions of ERISA.

Contributions

Each year, participants may contribute up to one hundred percent of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Company matching and profit sharing amounts may be contributed at the option of the Company's board of directors and are invested in a portfolio of investments as directed by the participants. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings, and may be charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the employer matching contribution account at 20% per year of continuous service from the second through the sixth year and are 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or fifty percent of their vested account balance reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period. The loans are secured by the vested balance in the participant's account and bear interest at the Wall Street Journal prime rate at the time the loan is made. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, though loans for the purpose of purchasing the participant's primary residence may have longer repayment terms if permitted by the Plan Administrator.

Payment of Benefits

Upon retirement, disability, death, or termination of service, a participant may receive a lump-sum amount equal to the value of the vested account balance, net of any penalties or income taxes required to be withheld.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$4,001 and \$5,306, respectively. These amounts are reallocated to participant accounts as additional matching contributions.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2022 and 2021

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes unrealized gains and losses related to the change in fair value of investments held, as well as realized gains and losses on investment sold.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Expenses of maintaining the Plan are paid by the Company and the Plan.

Subsequent Events

The Plan evaluates events occurring subsequent to the balance sheet date, through the date the financial statements are eligible to be issued, to determine whether the events require recognition or disclosure in the financial statements. If a subsequent event evidences conditions existing at the balance sheet date, the effects are recognized in the financial statements (recognized subsequent event). If a subsequent event evidences conditions arising after the balance sheet date, the effects are not recognized in the financial statements but rather disclosed in the notes to the financial statements (non-recognized subsequent events). The effects of subsequent events are only recognized if material, or disclosed if the financial statements would otherwise be misleading.

With respect to the December 31, 2022 financial statements, the Plan has evaluated subsequent events through September 27, 2023.

NOTE C – INVESTMENTS

The following is a summary of the investment information regarding the Plan as of December 31, 2022 and 2021, included in the Plan's financial statements and supplementary schedule, which was prepared by or derived from information prepared by Hand Benefits and Trust, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

	<u>2022</u>	<u>2021</u>
Fund type		
Mutual funds	\$ 8,880,104	\$10,780,952
Collective investment trusts	3,119,105	4,334,471
Omnibus demand deposit account	<u>179,535</u>	<u>20,166</u>
Total investments	<u><u>\$12,178,744</u></u>	<u><u>\$15,135,589</u></u>

During 2022 and 2021, the Plan's investments (depreciated) appreciated by (\$2,686,806) and \$1,680,704 respectively. Net appreciation or depreciation includes unrealized gains and losses related to the change in fair value of investments held, as well as realized gains and losses on investment sold.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board's Accounting Standards Codification 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Citizens Bank 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2022 and 2021

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts – Valued at the daily closing price as reported by the trusts. The value of each unit is determined by subtracting total liabilities from the total value of the assets, and dividing the amount remaining by the number of units outstanding on the valuation date. There are no restrictions as to the redemption of these investments nor does the Plan have any contractual obligations to further invest in any of these funds. The NAV is a quoted price in a market that is not active and classified within Level 2 of the valuation hierarchy.

Omnibus Demand Deposit Account – Account that allows participants to adjust the cash holdings in their Plan by making deposits to and transfers from the account each business day. There are no restrictions as to the redemption of these investments nor does the Plan have any contractual obligations to further invest this account. Multiple plans may invest in the account, and the account is valued at the Plan's allocated share of the aggregate end of day account balance. The account is classified within Level 2 of the valuation hierarchy as it is not a marketable investment.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Assets and liabilities measured at fair value on a recurring basis

NOTE E- RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by Hand Benefits and Trust. Hand Benefits and Trust Company is wholly owned by Benefit Plans Administrators, the Plan's custodian. As such, these investments qualify as party-in-interest transaction. Fees paid by the Plan for administrative services amounted to \$61,268 and \$67,239 for the years ended December 31, 2022 and 2021, respectively.

Certain administrative functions for the Plan are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan. The Company generally pays expenses applicable to maintaining the Plan, other than administrative fees charged directly to the Plan.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE G - TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator does not believe the Plan has any uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
