INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator
Klosterman Baking Company Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Klosterman Baking Company Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Klosterman Baking Company Profit Sharing Plan and to meet our other ethical

responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Klosterman Baking Company Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Klosterman Baking Company Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Klosterman Baking Company Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN:

The following description of the Klosterman Baking Company (Company) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Klosterman Baking Company Profit Sharing Plan was first adopted on July 1, 1970. The Klosterman Baking Company as well as KBI, Inc., KBO, Inc., Klosterman Baking Cincinnati, Inc., Hearth Grains Bakery, LLC, Klosterman Organic Baking, LLC, Whitehall, Inc., KBCB, LLC and Klosterman Transportation Services, Inc. are participating employers in the Plan. The defined contribution plan covers substantially all employees who are not participants in union sponsored plans of the above named companies.

Effective with the collective bargaining agreement dated February 23, 2019 with the BCTGM Local No. 57, eligible employees of KBO, Inc. who are employed at the Springfield, Ohio location and are covered by this collective bargaining agreement, may make deferral contributions to the Plan. However, these participants are not eligible to participate in any Company contributions to the Plan.

General

The Plan is a defined contribution plan covering all eligible employees of the Company who have attained age 18 and have one month of service. Participants are eligible to receive employer contributions when they attain age 18 and have one year of service in which they have completed at least 1,000 hours of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Company may contribute a discretionary match as well as a discretionary non-elective profit sharing contribution to the Plan on an annual basis. The contributions of the Company to the Plan are determined by resolution of the Board of Directors. The Board of Directors approved a 1% non-elective profit sharing contribution for year ended December 31, 2022. For the year ended December 31, 2022, the Company set a discretionary matching contribution amount based on participants' years of service with the Company as follows:

One to five years of service	50% of first \$1,000 contributed by the participant
Six to ten years of service	60% of first \$1,000 contributed by the participant
Ten or more years of service	70% of first \$1,000 contributed by the participant

Participants may contribute to their 401(k) account based on a minimum or maximum contribution uniformly established by the Company for any pay period or any year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Certain participants may also elect to contribute unused flex credits to the 401(k) Plan. Flex credit contributions are comprised of 50% Company matching contributions which are awarded quarterly and 50% employee contributions which are awarded weekly. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participant accounts

Each participant's account is credited with the participant's contributions and related Company discretionary match and discretionary non-elective profit sharing contributions, if any, as well as allocations of Plan earnings. Allocations of Plan earnings are based upon the performance of the investment funds chosen by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their employee pre-tax contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company match, flex match, and discretionary profit sharing contributions is based on years of continuous service. A participant is 100% vested after six consecutive years of service, as follows:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures of non-vested balances of withdrawn participants are used to reduce Company contributions.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

In addition to normal retirement benefits commencing at the age of 60, the Plan provides for full benefits upon death or disability. If an employee is terminated for any other reason, benefits will be based upon the vested percentage of the participant's account. A participant eligible for benefits may elect to receive payments: (a) in a lump sum, (b) in annual installments over a specified number of years not in excess of fifteen, or (c) by the purchase of a single life annuity contract or a qualified joint and survivor annuity. Additionally, prior to termination from employment, a participant may withdraw all or a portion of his or her vested account balance at their election upon reaching age 59½. The Plan allows hardship distributions if certain financial requirements are satisfied. Upon termination, if the participant's vested interest in his or her account is between \$1,000 and \$5,000 and the participant does not direct the plan administrator to make the distribution directly to him or her or into a selected Individual Retirement Account (IRA), then the lump-sum distribution will be rolled over into an IRA established by the plan administrator in the participant's name.

Forfeited accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$73,416 and \$97,547, respectively. In 2022, the Company used \$95,262 from forfeited nonvested accounts to reduce Company contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Basis of accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through August 31, 2023, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE:

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified to the completeness and accuracy of all investments and participant notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and the supplemental schedule of assets (held at end of year) as of December 31, 2022 and the related investment activity and interest income from participant notes receivable reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Mutual and money market funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual and money market funds managed by Fidelity Investments. Fidelity Investments is an affiliate of Fidelity Management Trust Company, trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the plan's operations.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. TAX STATUS:

The Plan adopted a volume submitter plan designed by Fidelity Management Trust Company. The volume submitter plan has received a favorable opinion letter from the IRS dated June 30, 2022, stating that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC) and, therefore, the Plan is exempt from taxation. The Plan has since been amended, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, to Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per financial statements	\$ 20,958,236	24,527,003

Net assets available for benefits per Form 5500	\$ <u>20,892,515</u>	<u>24,242,546</u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements for the year ended December 31, 2022, to Form 5500:

Net change per financial statements	\$ (3,568,767)
Change in contributions receivable	231,074
Change in adjustment of investments from contract value to fair value	(30,913)
Interest income on loans deemed distributed	(6,413)
Deemed distributions	(1,768)
Offset of previously defaulted loans	<u>26,756</u>
Net change per Form 5500	\$ <u>(3,350,031)</u>

10. SUBSEQUENT EVENT:

Effective April 23, 2023 the Plan was amended to remove KBI, Inc. and KBO, Inc. as participating employers. Klosterman Baking Indiana, LLC and Klosterman Baking Ohio, Inc. were added as participating employers.

11. PLAN AMENDMENT CARES ACT:

On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans. The provisions of the CARES Act were able to be effective and operationalized immediately, prior to amending the plan document.

The Plan administrator has adopted the distribution relief provisions included in the CARES Act which permitted qualified individuals to request a pre-approved distribution, through participant self-certification of eligibility. The maximum dollar amount that could be requested per participant was \$100,000, until December 30, 2020.

The Plan administrator had also adopted the loan repayment relief provisions which permitted qualified individuals to defer loan repayments, through participant self-certification of eligibility. Interest continued to accrue at the applicable interest rate and loan repayments were to restart on January 1, 2021. At that time, subsequent payments plus the applicable interest would be re-amortized over the extended repayment period.

The Company intends to formally amend the Plan before the end of the applicable remedial amendment period to reflect such provisions.

12. NONEXEMPT TRANSACTIONS:

During 2022 and 2021, certain participant elective deferral contributions totaling \$38,715 and \$28,597, respectively, were not remitted to the Plan on a timely basis within the Department of Labor guidelines. These late remittances constituted nonexempt prohibited transactions.
