Independent Auditors' Report

To the Plan Administrator of
Institute for Applied Network Security 401(k) Plan
Boston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Institute for Applied Network Security 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Institute for Applied Network Security 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Institute for Applied Network Security 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Institute for Applied Network Security 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Institute for Applied Network Security 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Institute for Applied Network Security 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2021 Financial Statement

Plan management is responsible for the accompanying financial statement of Institute for Applied Network Security 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2021. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statement of Institute for Applied Network Security 401(k) Plan as of and for the year ended December 31, 2021.

Institute for Applied Network Security 401(k) Plan
Notes to Financial Statements
December 31, 2022

A. Description of Plan

The following description of Institute for Applied Network Security 401(k) Plan (the “Plan”) provides only general information. A more complete description of the Plan's provisions is in the Plan Document.

1. General - The Plan is a qualified defined contribution plan with a cash deferral arrangement covering all eligible employees (“participants”) of Institute for Applied Network Security (the “Company”). The Plan was established on April 21, 2006 and is administered on the basis of the Plan year, which is the 12 month period commencing each January 1 and ending on December 31. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Participants are offered a selection of mutual funds for the placement of their contributions (“participant-directed funds”). The determination of the participant-directed funds made available to participants is made by the Plan's administrator.

In September 2022, the Plan was amended to reflect the statutory changes pursuant to the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and any related guidance. The amendment is intended to comply with the requirements of the CARES Act.

2. Eligibility - Employees of the Company, as defined in the Plan, are eligible to participate in the Plan upon attaining age 21. Participants may begin salary deferrals the first day of the month following or coinciding with the date they satisfy the eligibility requirements.
3. Contributions - Participants may elect to defer up to ninety percent of their annual compensation as defined in the Plan, subject to limits set by the Internal Revenue Code (“IRC”). Participants that have met requirement age of 50 or older may elect to defer additional amounts as catch-up contributions, subject to limits set by the IRC. Participants may also contribute distributions from other qualified retirement plans (“Rollovers”).

The Company may make discretionary matching contributions based on a percentage of the participant's eligible contributions, excluding catch-up contributions, during the Plan year determined by the Company annually. The Company may limit the eligible contributions up to a specified percentage of compensation or dollar amount or may provide for matching contributions to be made in a different ratio for eligible contributions above and below a specified percentage of compensation or dollar amount. A participant is eligible if they are an active participant during the Plan year and make an eligible contribution. For the year ended December 31, 2022, the Company made a discretionary matching contribution of fifty percent of eligible contributions up to six percent of compensation limited to \$3,000.

4. Notes receivable from participants - Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account subject to certain Internal Revenue Service (“IRS”) limitations. Participants may only have one loan outstanding at any given time. Loans are to be repaid within five years, unless the loan is for a primary residence.

Institute for Applied Network Security 401(k) Plan
Notes to Financial Statements
December 31, 2022

A. Description of Plan (continued)

4. Notes receivable from participants (continued) - Loans are secured by the remaining vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are repaid through after-tax payroll deductions on a semi-monthly basis.
5. Vesting - Participants are fully vested in their deferral contributions, rollover contributions, and any earnings thereon. Vesting of matching contributions and earnings is achieved through a four year formula based on whole years of continuous service and date of hire using the elapsed time method. Vesting of contributions defined as top heavy by the Plan are vested over six whole years of continuous service using the elapsed time method.
6. Forfeitures - Contributions made by the Company which are not vested at the time employees cease to be participants in the Plan may first be used to pay any administrative expenses, then to reduce future contributions by the Company. As of December 31, 2022 and 2021, there were unallocated forfeitures of \$33,605 and \$21,639, respectively.
7. Payment of benefits - Upon termination of service, retirement, or disability, distributions under the Plan shall be paid through a single lump sum amount. The Plan also allows for hardship withdrawals and in-service withdrawals upon normal retirement age, performing qualified military service or reaching age 59 1/2 of all or a portion of a participant's vested account as defined in the Plan.
8. Participant accounts - Each participant's account is credited with (a) the participant's pre-tax elective deferrals, and rollover contributions, (b) Company's matching non-elective contributions, and (c) net investment earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.
9. Plan administration - The Company is the plan administrator and has the authority to appoint persons or entities to carry out the operations of the Plan. Fidelity Management Trust Company ("FMTC") is the Plan's trustee and Fidelity Workplace Services LLC provides recordkeeping services for the Plan.
10. Plan termination - The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participant's accrued benefits become fully vested and non-forfeitable.

B. Summary of Significant Accounting Policies

1. Basis of accounting - The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Institute for Applied Network Security 401(k) Plan
Notes to Financial Statements
December 31, 2022

B. Summary of Significant Accounting Policies (continued)

2. Use of estimates - The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
3. Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, see Note D. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.
4. Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.
5. Benefits paid - Benefits are recorded when paid.
6. Administrative expenses - Certain administrative expenses incurred in maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses, recordkeeping, and other plan administration expenses are paid by the Plan and are recorded in the net appreciation (depreciation) in fair value of investments and in administrative expenses.

C. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year), including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments, and interest and dividend income for the year ended December 31, 2022 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by FMTC, the trustee of the Plan.

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

D. Fair Value Measurements (continued)

The three levels of the fair value hierarchy under Topic 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date. |
| Level 2 | Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: <ul style="list-style-type: none">a. Quoted market prices for similar assets or liabilities in active markets.b. Quoted prices for identical or similar assets or liabilities in inactive markets.c. Inputs other than quoted prices that are observable for the asset or liability.d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |
| Level 3 | Inputs that are unobservable inputs for the asset or liability. |

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

All investments at fair value at December 31, 2022 and 2021 were Level 1 investments in mutual funds.

For the year ended December 31, 2022, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3 investments.

E. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

F. Related Party and Party-In-Interest Transactions

Plan investments include mutual funds managed by FMTC, the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Administrative fees related to the trustees' administration of the Plan are paid by the Plan.

Certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services to the plans at no cost to the Plan.

G. Reconciliation of Financial Statements to Form 5500

Per the accompanying financial statements, net assets available for benefits totaled \$7,379,091, contributions totaled \$1,389,684, and the net decrease in net assets available for benefits totaled \$436,270, as of and for the year ended December 31, 2022. Per the Form 5500, net assets available for benefits totaled \$7,093,284, contributions totaled \$1,246,266, and the net decrease in net assets available for benefits totaled \$579,687, as of and for the year ended December 31, 2022. The reconciling amounts relate to contributions receivable of \$285,807 and \$142,389 for the years ended December 31, 2022 and 2021, respectively, and a rounding variance of \$1.

Per the accompanying financial statements, net assets available for benefits totaled \$7,815,361 as of and for the year ended December 31, 2021. Per the Form 5500, net assets available for benefits totaled \$7,672,971, as of and for the year ended December 31, 2021. The reconciling amounts relate to contributions receivable of \$142,389 as of and for the year ended December 31, 2021, and a rounding variance of \$1.

H. Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

I. Operational Failures

In accordance with the Plan adoption agreement, active participants who make contributions during the Plan year are eligible to receive employer matching contributions. For Plan years 2014 through 2022, the Company excluded participants that had made contributions during the Plan year from employer matching contributions if they had terminated employment by the end of the Plan year. In addition, errors were made in calculating eligible wages for purposes of calculating the employer matching contributions. The Plan has recorded employer contributions and employer contributions receivable of \$69,921 as of December 31, 2022, for the estimated employer matching contributions of \$52,204 and lost earnings of \$17,717 due to the Plan. The plan sponsor has begun the process of correcting the operational failure using the IRS Employee Plans Compliance Resolution System (“EPCRS”) and continues to operate the Plan as a qualified plan.

The Company determined there was a failure to withhold certain participant’s 401(k) deferred contributions due to delayed processing of participant elections during 2022. Subsequent to year end, the Company intends to correct this failure by funding the applicable participant accounts with a qualified non-elective contributions for the missed deferral and lost earnings. The plan administrator determined the receivable was immaterial to the financial statements and was not recorded in the accompanying statements of net assets available for plan benefits as of December 31, 2022.

J. Subsequent Events

The Plan has evaluated all subsequent events through October 10, 2023, the date the financial statements were available to be issued, and determined that no additional subsequent events has occurred that would require recognition or disclosure in these financial statements, except as discussed below.

Effective August 14, 2023, the adoption agreement was amended to permit after-tax Roth 401(k) contributions and rollovers of designated Roth contributions.
