Independent Auditors' Report

To the Plan Administrator
Keim Lumber Company 401(k) Retirement Plan
Charm, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Keim Lumber Company 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the

Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule as of and for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Keim Lumber Company 401(k) Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Keim Lumber Company 401(k) Retirement Plan provides only general information. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan's provisions.

General

Keim Lumber Company (the Plan Sponsor) established the Keim Lumber Company 401(k) Retirement Plan effective January 1, 2000. The Plan is a defined contribution plan covering substantially all non-union employees of the Plan Sponsor who are 18 years of age and have three months of service. Keim Lumber Company is the Plan's administrator and has appointed Mid Atlantic Trust Company and Ohio National Financial Services as custodians of the Plan. The Plan is subject to the provisions of the ERISA.

Contributions

Each year participants may contribute the maximum amount which will not cause the Plan to violate the actual deferral percentage test, the maximum annual additions allowed pursuant to the Internal Revenue Code (IRC) or cause the Plan to exceed the maximum amount allowable as a deduction under the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also accepts Roth elective deferrals. The Plan provides for an automatic enrollment deferral percentage of 3% of compensation for newly eligible participants. There is no automatic escalation feature. The new participant may affirmatively elect a different percentage or elect not to make an elective deferral contribution. Participants direct all contributions into their accounts into the various investment offerings of the Plan.

The Plan Sponsor may make a discretionary matching contribution equal to a uniform percentage of the amount of the salary reduction the participants elected to defer. For the year ended December 31, 2022, the Plan Sponsor elected to contribute 50% of the participant's elective deferral for the first 6% of eligible compensation, which was \$619,775. Additional non-elective profit-sharing contributions may be contributed by the Plan Sponsor. These contributions are allocated to the participant's account in the proportion that each participant's compensation for the Plan year bears to the total compensation of all participants within the same group for such year. The Plan Sponsor made no discretionary profit-sharing contributions for each year ended December 31, 2022.

Vesting

A participant is 100% vested immediately in their contributions (including rollover contributions). Vesting for employer matching and non-elective profit-sharing contributions is as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Keim Lumber Company 401(k) Retirement Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is increased or decreased as appropriate with (a) the participant's contributions, (b) the Plan Sponsor's contributions, (c) net investment earnings based on the participant's account balance and composition, (d) administrative expenses, and (e) benefit payments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments of the Plan are fully participant directed.

Notes Receivable from Participants

Participants are permitted to borrow from their vested interest of their individual account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the participants' vested account balance. These loans are generally payable in equal installments through payroll deductions and carry an interest rate (4.25% to 6.50% at December 31, 2022) based on a bank or other professional lender's rate charged for a loan with similar characteristics. Loan terms typically range from 1-5 years but can be longer if for the purchase of a primary residence.

Payment of Benefits

Upon termination of service, a participant having an account balance of less than \$5,000 may elect to receive a lump-sum distribution as soon as administratively possible. If no election is made, a lump sum distribution will automatically be made when the participant terminates and receives the proper notice. Participants with more than \$5,000 may elect to receive a distribution in the form of a lump-sum distribution or a partial lump-sum distribution.

Non-terminated employees who have reached age 59 ½ may make withdrawals of up to 100% of their vested account balance. Non-terminated employees may also make withdrawals from their elective deferral account balance as a hardship withdrawal prior to reaching normal retirement age. Hardship withdrawals are subject to additional rules and conditions as outlined in the Plan agreement.

Forfeitures

Forfeitures may be used to reduce administrative expenses or future employer contributions. As of December 31, 2022 and 2021, unallocated forfeitures of \$22,116 and \$24,055, respectively, were available to reduce administrative expenses or future employer contributions. During the year ended December 31, 2022, \$8,209 was transferred into the forfeitures account and \$10,148 of forfeitures were used to reduce administrative expenses or future employer contributions.

2. Summary of Significant Accounting Policies

Basis of Reporting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts in the financial statements and accompanying notes. Accordingly, actual results may differ from these estimates.

Keim Lumber Company 401(k) Retirement Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid using Plan assets, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of benefit payments and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Information Provided by Custodians

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and investment income (loss), interest income on notes receivable from participants, and benefit payments for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan Sponsor and certified as complete and accurate by the Mid Atlantic Trust Company and Ohio National Financial Services, the custodians of the Plan.

4. Fair Value Measurements

The authoritative accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest

Keim Lumber Company 401(k) Retirement Plan

Notes to Financial Statements

priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative accounting guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs include quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

Stable value collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value (NAV) of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a partial or full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Insurance company separate account: Direct investments in separate accounts. These accounts are unit investment trusts that hold variable portfolios that correspond with the Plan's investment choices. The fair value of the Plan's investment in the separate account is based on the fair value of the underlying variable portfolios chosen. The fair value of the underlying variable portfolios is based on the closing NAV of the corresponding fund shares. There are no liquidity or redemption restrictions, and participants are able to transact based on the NAV published daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Keim Lumber Company 401(k) Retirement Plan

Notes to Financial Statements

The Plan's assets in the following tables, set forth by level within the fair value hierarchy, are as follows:

December 31, 2022:	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Registered invested companies	\$ 19,512,844	\$ -	\$ -	\$ 19,512,844
Investments, measured at NAV:				
Stable value collective trust				845,129
Insurance company separate account				8,756
Total investments at fair value				<u>\$ 20,366,729</u>

December 31, 2021:	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Registered invested companies	\$ 21,525,804	\$ -	\$ -	\$ 21,525,804
Investments, measured at NAV:				
Stable value collective trust				1,271,449
Insurance company separate account				7,706
Total investments at fair value				<u>\$ 22,804,959</u>

The following sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of:

December 31, 2022:	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust	\$ 845,129	\$ -	Daily	1 day
Insurance company separate account	8,756	-	Daily	1 day
December 31, 2021:	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust	\$ 1,271,449	\$ -	Daily	1 day
Insurance company separate account	7,706	-	Daily	1 day

Investment strategy for these investments, valued using NAV per share, is not being presented since it is a fund that files a Form 5500 as a direct filing entity (DFE).

5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

6. Tax Status

The Plan has adopted a non-standardized, prototype plan document sponsored by July Business Services. The prototype plan obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the prototype plan, as then designed, was in compliance with the applicable requirements

Keim Lumber Company 401(k) Retirement Plan

Notes to Financial Statements

of the IRC. The Plan has been amended since receiving the opinion letter, however the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Transactions With Parties in Interest

Mid Atlantic Trust Company and Ohio National Financial Services are the custodians of the Plan and hold all of the Plan's investments. The custodians are parties in interest of the Plan as defined by ERISA Section 3(14), and accordingly, investment transactions in the funds are parties in interest transactions. Certain legal and accounting fees and certain administrative expenses relating to the maintenance of participant eligibility records are absorbed by the Plan Sponsor.

8. Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Subsequent Events

Subsequent events have been evaluated by the Plan Sponsor through October 6, 2023, which is the date that the financial statements were available to be issued.

Effective January 1, 2023, the Plan was amended to become a qualified automatic contribution arrangement (QACA) safe harbor 401(k) plan. The Plan provides for an QACA automatic enrollment deferral percentage of 6% for newly eligible participants. There is no automatic escalation feature. The new participant may affirmatively elect a different percentage or elect not to make an elective deferral contribution. The QACA safe harbor matching contribution is 100% of the participant's elective deferral for the first 1% of plan compensation and 50% of the participant's elective deferral up to the next 5% of plan compensation. Vesting for QACA safe harbor matching contributions is subject to 2-year cliff vesting.
