INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Bitzer US, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Bitzer US, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institutions in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions which management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bitzer US, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of Plan

The following description of the Bitzer US, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective January 1, 2022.

Eligibility

The Plan is a defined contribution plan covering all employees except leased employees, certain nonresident aliens, and certain members of a collective bargaining unit of Bitzer US, Inc. (the Company or the Employer). Employees who have attained age 18 or older are eligible to participate in the Plan following the completion of one month of service. Non-elective deferrals are allowed for certain employees. Additionally, the Plan will include an automatic enrollment feature for all eligible participants. The participants will automatically be enrolled at 4% unless a written statement is signed by the participant to opt-out of Plan participation or the employer amends the Plan.

Contributions

Each participant may make pre-tax and/or Roth contributions of up to 90% of eligible compensation as defined by the Plan document, not to exceed \$20,500 in 2022, plus a catch-up contribution of up to \$6,500 for participants age 50 and older by the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company will make a safe harbor matching contribution equal to 100% of the participants' elective deferrals, not to exceed 4% of their annual eligible compensation. The Company may also make discretionary profit sharing contributions. Certain participants must complete 1,000 hours of service during the relevant eligibility computation period and all participants must be employed on the last day of the Plan year to receive discretionary profit sharing contributions. If a participant terminates before the last day of the Plan year, they are eligible to receive discretionary profit sharing contributions if termination was due to death, retirement, or disability. For the 2022 Plan year, the Company made \$571,834 in safe harbor matching contributions and \$1,782,258, net of \$41,741 in forfeitures, in discretionary profit sharing contributions. The 2022 Plan year discretionary profit sharing contribution was partially funded during 2022 with \$794,333 funded and maintained in the Guaranteed Interest Account as of December 31, 2022, with the remaining amount funded in 2023. The 2022 Plan year discretionary profit sharing contribution was allocated to participant's accounts in September 2023.

Bitzer US, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, and earnings on the investments in their account, and is charged with withdrawals, losses on the investments in their account, and certain administrative expenses. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants vest immediately in their contributions, rollovers, and the Company's safe harbor matching contributions plus earnings thereon. Discretionary profit sharing contributions and the related earnings thereon vest 20% per year of service beginning at the completion of two years of service and are fully vested after six years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account balance. A participant may have one note receivable outstanding at any time. The notes receivable are secured by the balance in the participant's account and must bear a reasonable rate of interest, as defined by the Plan. As of December 31, 2022, notes receivable had fixed rates ranging from 4.25% to 8.00% for the term of the notes receivable, not to exceed five years, unless used for the purchase of a residence. Principal and interest are paid through payroll deductions.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$823,533 and \$978,668, respectively. Included in the forfeited non-vested account balances at December 31, 2022 and 2021 was \$794,333 and \$839,344, respectively, related to the funding of the 2022 and 2021 discretionary profit sharing contributions. The 2021 discretionary profit sharing contributions were allocated to participant accounts in October of 2022, and the 2022 discretionary profit sharing contributions were allocated to participant accounts in September of 2023. The remaining forfeited non-vested account balance may be used to pay administrative expenses or to reduce future Company contributions. The Plan used \$41,741 and \$163,166 of forfeitures during 2022 and 2021 to reduce the Company's discretionary profit sharing contribution and \$14,300 and \$10,891, respectively, to pay administrative expenses.

Bitzer US, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their respective account in a lump sum distribution. The participant's vested account may also be withdrawn for in-service distributions upon reaching age 59½ or for certain hardship situations when certain conditions are met. If the account balance is \$1,000 or less, the Plan could, upon termination of service, pay the benefits owed in a lump sum. Participants' account balances between \$1,000 and \$5,000 could be automatically rolled over to an individual retirement account unless the participant directed otherwise.

Administrative Expenses

Certain transaction fees related to distributions are charged directly to the participant that initiated the transaction. The Plan document permits certain administrative expenses to be paid by the Plan. These expenses are paid to service providers of the Plan and therefore qualify as party-in-interest transactions. All other expenses are paid by the Company. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The employer safe harbor matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. The employer discretionary profit sharing contributions are considered payable to the Plan after approval by the administrative committee and are typically funded in the following year. Any unfunded participant or employer contributions are included in the employee or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2022 and 2021.

Bitzer US, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2022 and 2021

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the Guaranteed Interest Account, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net decrease in fair value of investments includes interest, dividends, and realized and unrealized gains and losses, and fees charged for investment management and administrative services on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make note receivable repayments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a deemed distribution is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 10, 2023, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institutions

All investment information in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments held and notes receivable from participants at December 31, 2022 and 2021, and the net change in fair value and contract value of investments and interest income for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Trust Company, LLC (formerly, Great-West Trust Company, LLC), and Empower Annuity Insurance Company of America (formerly, Great-West Life & Annuity Insurance Company) (collectively, Empower), the Plan's qualified institutions.

Bitzer US, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

4. Investments

Certain Plan investments include a Guaranteed Interest Account (GIA), which is managed by Empower. Empower is a service provider to the Plan; therefore, transactions in this investment qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net change in fair value or contract value of investments, as they are paid through revenue sharing rather than a direct payment.

Investments are exposed to various risks, such as market, currency, interest rate, and credit risks. Market risks include U.S. and global events that could impact the value of Plan investments. Such events may include public health emergencies such as a pandemic, as well as international conflicts, cybersecurity attacks, supply chain disruptions, global monetary policy decisions, inflation, significant economic influences, and other adverse credit and market events and conditions. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Investments in mutual funds are stated at quoted market prices for the identical security in an active market (Level 1).

Bitzer US, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

The Plan invests in an Empower Guaranteed Interest Account. The Guaranteed Interest Account is considered to be a fully-benefit responsive investment contract issued by Empower. The Guaranteed Interest Account is backed by the general account assets of Empower. The Plan's investment in this account is stated at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Contract value is the relevant measure for fully-benefit responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contracts. Investment income of this account is presented on a contract value basis.

The Plan's investments at fair value at December 31, 2022 and 2021 are comprised of the following:

	Level 1	
	2022	2021
Mutual funds	\$ 16,858,198	\$ 18,596,384
Total investments, at fair value	\$ 16,858,198	\$ 18,596,384

5. Income Tax Status

The Plan uses a non-standardized pre-approved plan document sponsored by Great-West Trust Company, LLC (now Empower Trust Company, LLC). Great-West Trust Company, LLC received an opinion letter from the Internal Revenue Service dated June 30, 2020, which states that the non-standardized pre-approved document design satisfies the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has not received an individual determination letter and has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.
