Independent Auditors' Report

To the Plan Administrator
of National Instruments 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the National Instruments 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held for Investment Purposes at End of Year as of December 31, 2022 and schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter

The financial statements of the Plan as of December 31, 2021, were audited by another auditor, who expressed an unmodified opinion on those statements dated December 5, 2022.

National Instruments 401(k) Plan

Notes to Financial Statements

As of December 31, 2022 and 2021 and for the year ended December 31, 2022

1. Description of the Plan

General

National Instruments 401(k) Plan (the "Plan") became effective July 1, 1985 and covers substantially all eligible employees of National Instruments Corporation and certain adopting employers (collectively the "Company" or "Plan Sponsor"). The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. All Plan assets are held by Charles Schwab Trust Bank.

The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more comprehensive description of the Plan's provisions, a copy of which is available from the Company.

Plan Amendment and Transfer of Assets

Effective January 1, 2022, the Sixth Amendment to the Plan adds NH Research Incorporated ("NHR") as an adopting employer. All the assets of the NHR 401(k) Retirement Plan participant accounts were transferred into the Plan on August 2, 2022. Participants investments in the NHR plan were mapped to the appropriate target date funds in the Plan.

On June 21, 2022, the Company adopted Interim Compliance Amendments to comply with the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") and the Bipartisan Budget Act of 2018. Effective July 1, 2022, the Plan was amended and restated to comply with legislative and regulatory changes set forth in IRS notice 2017 37. No significant plan provisions were modified upon restatement.

Eligibility

Employees are eligible to participate upon the attainment of 18 years of age and date of hire. Under the enrollment provisions of the Plan, eligible employees are allowed to enter the Plan on the first day of each calendar month after meeting the eligibility requirements. To be eligible for Company contributions, a participant must complete one year of service. Union employees, non-resident employees, leased employees, interns, and employees classified as co-ops, are not eligible to participate in the Plan.

Contributions

Participants may contribute up to 80% pre-tax of their annual compensation, as defined by the Plan. Roth contributions, catch-up contributions, and after-tax contributions up to 80% are allowed as well. Participant contributions are subject to certain Internal Revenue Code (the "Code") limits. Participants may also contribute amounts representing distributions from other qualified defined contribution plans or individual retirement accounts ("rollovers"). The Plan also allows for in-plan Roth rollovers.

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at a non-escalating 6% unless the employee elects a different percentage or elects not to participate.

1. Description of the Plan (continued)

The Company may make matching contributions to the Plan equal to a discretionary percentage, to be determined by the Company, of the participant's contributions. For 2022, the Company made matching contributions of 50% of the first 8% of pre-tax and Roth contributions. All contributions are participant-directed into the investment options disclosed in Note 3. Employer contributions are subject to certain limitations.

Participant Accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) participant's contributions, (b) an allocation of employer contributions and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in both participant and Company contributions, including rollover contributions, plus actual earnings thereon.

As part of the NHR acquisition, the Plan adopted the following vesting schedule which is applied to the Profit-Sharing Contribution account that was transferred for participants who terminated employment with NHR prior to July 1, 2022:

Years of Service	Vesting Percentage
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Active employees with NHR shall be accelerated to 100% vesting (noted above) in their NHR Plan's Profit-Sharing Contribution account which was transferred to this Plan on July 1, 2022.

Forfeited Accounts

Forfeited non-vested accounts totaled $56,679 and $63,202 as of December 31, 2022 and 2021, respectively. Forfeited accounts may be used to reduce future Plan administrative expenses and employer contributions. The non-vested portion of terminated participants' account balances become forfeitures on the earlier of a requested distribution or five consecutive years without credit service at the Plan Sponsor, not on the date of termination. In 2022, the Plan Sponsor utilized $32,456 from forfeited non-vested accounts to reduce employer contributions and administrative expenses.

1. Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 and up to a maximum of i) $50,000 reduced by the highest outstanding note receivable balance over the prior twelve months or ii) 50% of their vested account balance, whichever is less. Notes receivable from participants are collateralized by the vested balance in the participant's account. Interest rates on participant loans are established at the prevailing prime interest rate at the time the loan is made plus 2%. Participants may only have one note receivable outstanding at a time. Principal and interest is paid through payroll deductions with equal installments made each pay period. The repayment period cannot exceed five years unless the funds are used for purchase of a principal residence in which case repayment terms may be extended.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount, installment, or partial payments equal to the vested interest in his or her account. For termination of service for other reasons, a participant may receive a lump-sum amount, installment, or partial payments equal to the value of his or her account balance beginning upon termination of service. In general, if a participant's vested account balance, as defined by the Plan, is greater than $5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement without the participant's consent. Participants' account balances that are less than $5,000 will be paid in cash or as a direct rollover to an individual retirement account.

In-service distributions may be made in the event of a hardship or if the participant has attained age 59.5. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service ("IRS"). Distributions are subject to the applicable provisions of the Plan agreement.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Risks and Uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedule.

2. Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments in mutual fund accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Deemed distributions are reported as a taxable distribution and remain part of the participant’s account balance until a distributable event occurs.

Payment of Benefits

Benefits to participants are recorded by the Plan when actual payment is made.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant’s account and are included in administrative expenses.

Subsequent Events

The Company evaluated events occurring between the end of the most recent fiscal year and October 10, 2023, the date the financial statements and supplemental schedules were available to be issued.

2. Significant Accounting Policies (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. After deducting all charges and expenses, the balances of all individual accounts will be adjusted, and the remaining assets distributed.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value, including a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan.

	Assets at Fair Value as of December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds[(a)]	$ 281,194,386	$ –	$ –	$ 281,194,386
Self-brokerage account[(b)]	23,321,912	–	–	23,321,912
Money market account[(c)]	448,758	–	–	448,758
Total assets in the fair value hierarchy	$ 304,965,056	$ –	$ –	$ 304,965,056
Investments measured at net asset values[(d)]				320,918,577
Total assets at fair value				$ 625,883,633

3. Fair Value Measurements (continued)

	Assets at Fair Value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds[a]	$ 729,312,623	$ –	$ –	$ 729,312,623
Self-brokerage account[b]	18,438,068	–	–	18,438,068
Total assets in the fair value hierarchy	$ 747,750,691	$ –	$ –	$ 747,750,691
Investments measured at net asset values[d]				29,489,858
Total assets at fair value				$ 777,240,549

a. The mutual funds consist of U.S. equities, international equities, fixed income and mixed/specialty style with valuations based on quoted prices in active markets.

b. These accounts include mutual funds, which are valued based on quoted prices in active markets in which the securities are traded.

c. This money market account is estimating fair value to be carrying value.

d. This category includes common/collective trust funds that are designed to deliver safety and stability by preserving principal and accumulating earnings. The fair value of the funds are valued at the net asset value of units held at year-end in accordance with the practical expedients available under ASC 820. Participant transactions (purchases and sales) may occur daily, however, the Plan has potential limitations on redemption which can delay complete redemption for a period of one year. Participant redemptions for common collective trusts are permitted with no other restrictions or notice periods and there are no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

Investments measured at net asset value	Fair Value at December 31, 2022	Fair Value at December 31, 2021	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Noticed Period
Common collective trusts	$ 320,918,577	$ 29,489,858	Not applicable	Daily	None

4. Information Certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Total investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2022.

The Plan administrator has requested that the Plan's independent auditor perform no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

5. Related-Party Transactions and Party-In-Interest Transactions

Plan assets include investments in funds managed by Charles Schwab Trust Bank, the custodian of the Plan, and notes receivable from participants. Therefore, these transactions qualify as party-in-interest transactions under ERISA and are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

6. Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated September 21, 2020 stating that the form of the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is tax-exempt. The Plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for three years.

During the year ended December 31, 2022, the Plan administrator determined that certain operational errors existed with respect to the Plan. The Plan Sponsor is in the process of quantifying and correcting these operational errors in accordance with applicable IRS guidelines to maintain the Plan's tax-qualified status.

7. Qualified Non-Elective Contribution

During 2022 and 2021, the Plan Sponsor failed to withhold participant contributions and related employer match on certain payroll periods for certain participants. The Plan Sponsor identified missed contributions and related lost earnings of $3,602 and $1,033 for the years ended December 31, 2022 and 2021, respectively. During 2022, the Plan Sponsor made four Qualified Non-Elective Contributions for the missed contributions and related lost earnings to the Plan on behalf of the affected participants. As of December 31, 2022, the Plan Sponsor has made all necessary corrections.

8. Excess Contributions Payable

During the year ended December 31, 2022, the Plan received contributions of $14,399 in excess of certain IRC code sections. The excess contributions were related to participants exceeding IRS annual limits elective deferrals and/or annual additions to the participants' accounts. The Plan administrator is in the process of forfeiting the contributions from the accounts and making the corrective distributions to meet the IRS requirements for the Plan year ended December 31, 2022.

9. Prohibited Transactions

During 2022, the Plan Sponsor failed to remit participant contributions in a timely manner. The Plan Sponsor identified one instance during the year ended December 31, 2022, where $3,138 in participant contributions were remitted to the Plan in violation of DOL regulations. The Plan Sponsor submitted the missed earnings and interest to the Plan in accordance with the DOL's Voluntary Fiduciary Correction Program in May 2023.

A summary of nonexempt prohibited transactions related to delinquent remittances is shown in the attached supplemental schedule of delinquent participant contributions for the years ended December 31, 2022.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2022 and 2021:

	2022	2021
Net assets available for benefits per financial statements	$ 628,132,038	$ 780,881,094
Excess contributions payable	14,399	-
Net assets available for benefits per Schedule H of Form 5500	$ 628,146,437	$ 780,881,094

The following is a reconciliation of net increase per the financial statements to net income per Form 5500 for the year ended December 31, 2022:

Net decrease per financial statements	$ (152,749,056)
Corrective distributions	14,399
Net loss per Form 5500	$ (152,734,657)
