INDEPENDENT AUDITOR'S REPORT

To the Investment Committee
Mylan Profit Sharing 401(k) Plan
Canonsburg, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Mylan Profit Sharing 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The Supplemental of Schedule of Assets (Held at End of Year) as of December 31, 2022 and the Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**MYLAN PROFIT SHARING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2022 AND 2021 AND FOR THE YEAR ENDED DECEMBER 31, 2022**

1. DESCRIPTION OF THE PLAN

General — The Mylan Profit Sharing 401(k) Plan (the “Plan”) is a defined contribution plan covering all regular U.S., non-bargaining unit employees of Mylan Inc. (the “Company”) and any “affiliated employer” (i.e., any corporation which is a member of a controlled group of corporations (as defined in Section 414(b) of the Internal Revenue Code of 1986, as amended (the “Code”)) who meet the eligibility requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Company (the “Plan Sponsor” or “Plan Administrator”) is the Plan’s Sponsor. The following description of the Plan provides only general information. For a complete description of the provisions of the Plan, please refer to the Plan document. The Plan document was restated effective January 1, 2016. During 2021, the Company’s Morgantown facility ceased manufacturing operations and the facility was sold in March 2022. Mylan Inc. is a wholly owned subsidiary of Viatris Inc. Effective April 1, 2020, the Plan was amended to permit in-Plan Roth rollovers.

Prior to 2019, the Company made a decision to merge the Meda Savings Plan (“Meda Plan”) with the Plan and the net assets were transferred into the Plan. The provisions for former participants of the Meda Plan are the same as the Plan as of the date of merger, except loans provided before the merger date will be administered under the provisions of the Meda Plan. Additionally, if the Plan were to terminate, the participants would be entitled to the greater of the benefit under the Plan or the benefit under the Meda Plan.

Contributions — Eligible employees of the Company are automatically enrolled in the Plan on the next scheduled payroll date following 30 days from their date of hire, unless the participant affirmatively elects to opt out of the Plan. Unless the participant elects otherwise, after 30 days from the date of hire the Company will automatically begin deducting 4% of compensation from an employee’s pay on a pre-tax basis for contribution to the Plan.

Each year, participants may contribute up to 50% of pre-tax annual compensation into the Plan. In addition, participants may contribute up to 10% of after-tax annual compensation in the Plan. Participant’s pre-tax annual contributions cannot exceed the Internal Revenue Service (“IRS”) maximum for 2022 of \$20,500. Participants who are age 50 or older by the end of the Plan year are eligible to contribute an additional pre-tax catch-up contribution, up to the IRS maximum of \$6,500 for 2022. Participants direct the investment of their contributions into various investment options offered by the Plan. If participants do not make an investment selection at enrollment, contributions will be directed to the JP Morgan Smart Retirement Fund that most closely corresponds to the participant’s age and a projected retirement date based on retirement at age 65.

The Company contributes a matching contribution equal to 100% of the participant’s salary deferral contribution, up to a maximum of 4% of the participant’s annual eligible compensation. In addition, the Company may contribute, at its sole discretion, an additional amount (“Discretionary Contribution”) to the Plan each fiscal year, to be allocated among the participants based on a uniform percentage of each participant’s annual compensation for that year. The Company authorized approximately \$23,650,000 in discretionary contributions for the year ended December 31, 2022. Total employer and employee contributions to all of an employer’s plans are subject to an IRS overall annual limitation of the lesser of 100% of the employee’s annual compensation or \$61,000 for 2022 (\$67,500 including catch-up contributions). The employer contributions are invested at the same allocations as the employee contributions.

Trustee and Recordkeeper — Bank of America N.A. (the “Trustee”) is the trustee of the Plan. Merrill Lynch, Pierce, Fenner, and Smith Incorporated (the “Recordkeeper”) is the recordkeeper.

Participant Accounts — Each participant’s account is funded with the participant’s contributions and allocations of the Company’s contributions and Plan earnings or losses. Allocations are based on participant account balances or compensation, as defined by the Plan. The participant is entitled to the vested portion of his or her account. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting — Participants are vested immediately in their contributions and Company matching contributions plus actual earnings. Vesting in the Company’s discretionary contribution is based on years of continuous service. Participants become vested in the Company’s discretionary contributions after three years of service. Additionally, a participant becomes fully vested in the Company’s discretionary contributions if, while employed, the participant reaches age 65, becomes disabled or dies. Former participants of the Meda Plan were credited with service upon the merger date. During 2021, the Plan experienced a partial plan termination as a result of various restructuring activities including the closure of the Morgantown facility. Accordingly, participants that left the Company during that time period became 100% vested (See Note 2).

Notes Receivable from Participants — Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000, or 50% of their account balance, whichever is lower. Loan transactions are treated as transfers between the investment fund and the loan fund. The maximum term of a loan is 15 years for primary residence loans and five years for other general purpose loans. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate, as determined by the Plan Administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits — Upon termination of service, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or choose to leave the balance in the account for withdrawal at a later point in time. Benefits are recorded by the Plan when paid. The Plan's minimum automatic distribution of a terminated participant's account is \$1,000.

During 2020, the Plan elected to adopt the hardship provision associated with the Coronavirus Aid, Relief and Economic Security Act (CARES Act). Under this provision, the additional 10% tax for early withdrawals was waived for hardship distributions related to participants diagnosed with COVID-19, participants with a spouse or dependent diagnosed with COVID-19, and participants who had experienced adverse financial consequences as a result of COVID-19. Participants who met one of these requirements could withdraw up to \$100,000; spread the tax on income due to the distribution over three years; and repay the amount to the Plan over the next three years.

Forfeitures — Excluding the effect of the partial plan termination, Company Discretionary Contributions that are not vested upon termination of employment are forfeited and may be used to reduce the Company's contributions or offset plan expenses. For the year ended December 31, 2022, forfeitures used to reduce employer contributions were not significant. The forfeiture balance at December 31, 2022 or 2021 was not significant.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan Administrator in the preparation of the accompanying statements of net assets available for benefits and related statement of changes in net assets available for benefits and the related notes to the financial statements (financial statements) follows:

Basis of Presentation — The financial statements of the Plan have been prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates — The preparation of the financial statements in conformity with U.S. GAAP requires the Plan Sponsor to make estimates and assumptions that could affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses have been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Sponsor deems the notes to be in default, the note receivable is treated as a deemed distribution. Related fees are recorded as administrative expenses and are expensed as incurred. The loan provisions for the transferred Meda Plan participants are consistent, except loans must be repaid in five years and the loan bears interest at the Prime rate.

Risks and Uncertainties — The Plan utilizes various investment instruments. Investment securities, in general, are subject to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses — The Plan pays all reasonable and necessary costs to manage and operate the Plan as determined by the Plan Administrator. These expenses, including recordkeeping fees and administrative charges, are paid from the assets of the Plan. The Plan Administrator has adopted uniform and nondiscriminatory procedures to allocate these expenses to participant accounts. Expenses incurred by the investments are netted against earnings of the respective investments in the Statement of Changes in Net Assets Available for Benefits. Other administrative expenses, including trustee, legal, auditing and other fees, are paid by the Company. Expenses paid by the Company are not material. Loan administration fees are paid by the participant electing the loan.

Payment of Benefits — Payments to participants are recorded when paid.

Plan Termination — Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Due to various restructuring activities, including the cessation of operations at the Morgantown, WV facility, a partial plan termination occurred during the 2021 Plan year. Terminations continued during 2022. All affected participants were 100% vested in their accounts. Affected participants are participants that left employment with the Company during 2021 and 2022. In the event of Plan termination, participants not affected by the partial plan termination will become 100% vested in their accounts.

3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee of the Plan's assets.

4. INVESTMENTS (FAIR VALUE MEASUREMENTS)

Fair value is based on the price that would be received from the sale of an identical asset or paid to transfer an identical liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy has been established that prioritizes observable and unobservable inputs used to measure fair value into three broad levels, which are described below:

Level 1 — Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2 — Inputs to the valuation methodology are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual term), the Level 2 input must be observable for substantially the full term of the asset or liability. None of the Plan's financial assets measured at fair value on a recurring basis are valued using Level 2 inputs.

Level 3 — Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs. None of the Plan's financial assets measured at fair value on a recurring basis are valued using Level 3 inputs.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible, as well as considers counterparty credit risk in its assessment of fair value.

Financial assets carried at fair value are classified in the tables below:

Common/Collective Trusts	—	329,320,052
Total Assets at Fair Value	\$ 808,971,342	\$ 1,138,291,394

⁽¹⁾ In accordance with ASU 2015-07, certain investments that are measured at fair value using net asset value per share (or its equivalent) practical expedient have not been classified on the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy.

At December 31, 2022 and 2021, there were no liabilities held by the Plan. While the Plan believes its valuation methods used to assess the classification of financial instruments within the hierarchy are appropriate, the use of different methodologies or assumptions could result in a change in a financial instrument's fair value tier from year to year. In such instances, a transfer would be reported at the beginning of the reporting period.

Below is a summary of valuation techniques for investments. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- *Cash and cash equivalents* — The Company considers to be cash and cash equivalents all highly liquid investments and demand deposits in banks and financial institutions with an initial maturity of 90 days or less.
- *Mutual funds* — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Common stock* — Valued at the closing price reported on the active market on which the individual securities are traded. Effective January 1, 2008, the Plan suspended purchases of the Mylan N.V.'s ordinary shares (since converted to Viatis Inc. common stock). Amounts already invested in the Company's shares were permitted to remain invested. However, from that date forth, no new contributions were permitted to be invested in the Company's shares.

- *Common/collective trusts* — Valued at the net asset value (“NAV”) of units of a bank collective trust. The NAV as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The redemption frequency of assets for which fair value is estimated using NAV per share is immediate, and there is no redemption notice period. There are no unfunded commitments at December 31, 2022 and 2021. At December 31, 2022, the Plan invested in the following collective funds: Northern Trust S&P 500 Tier 3, Galliard Stable Return Fund E, Northern Trust S&P MCAP Tier 3, and Northern Trust Collective EAFE Index Tier 3. At December 31, 2021, the Plan invested in the Wells Fargo Stable Value Fund CL E, Northern Trust S&P 500 Tier 3, Northern Trust Collective EAFE Index Tier 3, and Northern Trust S&P MCAP Tier 3. These funds invest in a diversified pool of high quality stocks, bonds, and other short-term investments, together with book value contracts and guaranteed investment contracts, of varying maturity, size and yield.

5. TAX STATUS

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As the Plan is tax-exempt, the Plan Administrator has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

The IRS determined and informed the Company by a letter, dated February 12, 2018, that the Plan and related trust are designed in accordance with the applicable sections of the Code. The Plan has been amended since receiving the letter however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of Viatris Inc.'s common stock. Mylan Inc., a wholly-owned indirect subsidiary of Viatris Inc., is the Plan Sponsor and therefore qualifies as a related party. At December 31, 2022 and 2021, the Plan held an investment of 254,687 and 290,155 shares, respectively, of Viatris Inc.'s common stock with a fair value of \$2,834,671 and \$3,925,795, respectively. During the year ended December 31, 2022, the Plan sold 33,782 shares of Viatris Inc. with proceeds of \$383,389 and distributed 1,686 in-kind shares with a market value of \$18,731. During the year ended December 31, 2021, the Plan sold 49,937 shares of Viatris Inc. with proceeds of \$731,429 and distributed 11,628 in-kind shares with a market value of \$149,431.

Certain Plan investments are managed by Merrill Lynch, Pierce, Fenner, and Smith Incorporated. Merrill Lynch, Pierce, Fenner, and Smith Incorporated is the recordkeeper of the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund. At December 31, 2022 and 2021, the Plan held \$1,151,238 and \$711,174, respectively, of cash and cash equivalents maintained by BlackRock Liquidity Fund and BlackRock Liquidity Fund, Pending Settlement Fund, which are managed by Merrill Lynch, Pierce, Fenner, and Smith Incorporated.

Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan.

7. SUBSEQUENT EVENTS

Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through October 9, 2023, the date that the financial statements were issued and determined that there have been no events that have occurred that would require adjustments to the disclosures in the financial statements.
