REPORT OF INDEPENDENT AUDITORS

Plan Administrator and Plan Trustees
Trends International, LLC 401(k) Plan
Indianapolis, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Trends International, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

REPORT OF INDEPENDENT AUDITORS (Continued)

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statement's section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

REPORT OF INDEPENDENT AUDITORS (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i, Schedule of Assets (Held at End of Year), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in

REPORT OF INDEPENDENT AUDITORS (Continued)

the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRENDS INTERNATIONAL, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN

The following description of the Trends International, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Trends International, LLC (the Employer or Plan Sponsor) and covers employees who are age 21 years or older and have completed three months of service. Employees must also be a participant in the Plan for at least one day of the Plan year to be eligible for discretionary profit-sharing contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may defer a portion of their annual compensation, as defined in the Plan, up to the maximum amount allowable by the Internal Revenue Code. These contributions can be made through a combination of pre-tax contributions (traditional 401(k)) and after-tax contributions (Roth 401(k)). Participants may also contribute amounts representing qualified rollover distributions from other qualified plans. Participants direct the investment of their contributions and their respective allocation of the Employer's contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions invested in mutual funds qualifying as default investment alternatives under Department of Labor regulations until changed by the participant.

The Employer contributes 50 percent of the first 6 percent of elective deferrals that the participant contributes to the Plan. The Plan also allows for discretionary matching and nonelective (profit sharing) contributions as determined by the Plan Sponsor. Contributions are subject to certain IRS limitations. During the year ended December 31, 2022, there were no discretionary matching or nonelective contributions made by the Employer to the participants of the Plan.

Automatic Deferral Escalation

The Plan has an automatic escalation of deferral percentage provision whereby employees contributing to the Plan under the auto-enrollment provision automatically increase their deferral percentage by 1 percent annually, up to a maximum of 12 percent, unless they expressly decline the increase. Automatic deferral percentage increases become effective on April 1st of each year going forward.

TRENDS INTERNATIONAL, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Participant Accounts

Each participant's account is credited with the participant's contributions as well as allocations of the Employer's contributions and the Plan's earnings and expenses. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Participants become vested in the Employer's matching and profit sharing contribution portions of their accounts plus actual earnings (or losses) thereon based on years of service. A participant vests on a graduated schedule and becomes fully vested after five years of credited service. If not already vested, a participant becomes fully vested upon the occurrence of the participant's attainment of Normal Retirement Age, death while employed by the Employer, or satisfying the requirements for Disability Retirement.

Payment of Benefits

On termination of service due to attainment of Normal Retirement Age (as defined), death, disability, or other reasons, a participant with an account balance greater than \$5,000 may elect to receive a lump-sum distribution, installment payments, have the balance directly rolled over to an eligible retirement plan, or leave the funds in the Plan for a distribution at a later time. A participant who has terminated employment and has a vested balance that does not exceed \$1,000 will receive a lump-sum distribution. A participant who has terminated employment and has a vested balance between \$1,000 and \$5,000 may elect to receive either a lump-sum distribution or have the account balance rolled over to an eligible retirement plan.

Forfeited Accounts

Upon termination of employment and distribution of a participant's entire vested account balance for any reason other than death, disability, or attainment of Normal Retirement Age, the Employer's contributions on their behalf, not then vested, are transferred to a forfeiture account. Forfeited accounts are used to pay Plan expenses, or to reduce the Employer's contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$31,930 and \$28,345, respectively. For the year ended December 31, 2022, Employer contributions of \$16,540 were utilized from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements and supplemental schedule of the Plan have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Consequently, expenses are recognized when paid rather than when the obligation is incurred. The modified

TRENDS INTERNATIONAL, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

cash basis differs from the pure cash basis in that the investments are recorded as assets at fair value as discussed below and income and related assets are recognized when earned rather than when received. Because this method of accounting differs from the accrual method of accounting, these statements are not intended to be presented in conformity with accounting principles generally accepted in the United States of America.

Although the modified cash basis of accounting represents a departure from accounting principles generally accepted in the United States of America, it is an allowable method of accounting for employee benefit plans under the reporting requirements of ERISA.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits, disclosure of commitments at the date of the financial statements and the changes in net assets available for Plan benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded as of the settlement date, which does not differ materially from the trade date. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Expenses of the Plan

The Plan Sponsor provides administrative and accounting services to the Plan at no cost. Certain administrative expenses of the Plan are paid directly by the Plan Sponsor including legal and other expenses of the plan. Administrative expenses incurred by the Plan include third party administrator fees, independent investment advisor fees, distribution fees charged directly to participants' accounts and audit fees.

Subsequent Events

Subsequent events were evaluated through October 10, 2023, which is the date the financial statements were available to be issued.

TRENDS INTERNATIONAL, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and investment related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

- *Money Market Mutual Fund* – Generally transact subscription and redemption activity at a \$1 stable net asset value (NAV); however, on a daily basis, the funds are valued at their daily NAV calculated using the amortized cost of the securities held in the fund.
- *Mutual Funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and

TRENDS INTERNATIONAL, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The investment in a money market mutual fund is considered to be a Level 2 investment. All remaining investments are considered to be Level 1 assets within the preceding fair value hierarchy.

5. TAX STATUS

The Plan is based on a volume submitter plan which has received a favorable opinion letter from the Internal Revenue Service stating that the volume submitter plan is designed to qualify as being exempt from Federal income taxes. The Plan Sponsor has not separately applied for a determination letter from the Internal Revenue Service. However, the Plan Sponsor believes that the Plan was designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan's tax returns are subject to routine examination by the appropriate regulatory authorities. However, as of the date the financial statements are available to be issued, there were no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate or amend the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

7. PARTIES-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others.

Fidelity Management Trust Company is the trustee of the Plan, and receives payments for contract administrative services, as well as direct payment from participants on a transactional basis for processing distributions. Blue & Co., LLC is the independent auditor for the Plan and receives payment from the Plan for its services, which are recorded as administrative expenses.

TRENDS INTERNATIONAL, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Morgan Stanley is the investment advisor for the Plan and receives payment from the Plan for these services.

8. RISKS AND UNCERTAINTIES

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

REPORT OF INDEPENDENT AUDITORS

Plan Administrator and Plan Trustees
Trends International, LLC 401(k) Plan
Indianapolis, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Trends International, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

REPORT OF INDEPENDENT AUDITORS (Continued)

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statement's section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

REPORT OF INDEPENDENT AUDITORS (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i, Schedule of Assets (Held at End of Year), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in

REPORT OF INDEPENDENT AUDITORS (Continued)

the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRENDS INTERNATIONAL, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN

The following description of the Trends International, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Trends International, LLC (the Employer or Plan Sponsor) and covers employees who are age 21 years or older and have completed three months of service. Employees must also be a participant in the Plan for at least one day of the Plan year to be eligible for discretionary profit-sharing contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may defer a portion of their annual compensation, as defined in the Plan, up to the maximum amount allowable by the Internal Revenue Code. These contributions can be made through a combination of pre-tax contributions (traditional 401(k)) and after-tax contributions (Roth 401(k)). Participants may also contribute amounts representing qualified rollover distributions from other qualified plans. Participants direct the investment of their contributions and their respective allocation of the Employer's contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions invested in mutual funds qualifying as default investment alternatives under Department of Labor regulations until changed by the participant.

The Employer contributes 50 percent of the first 6 percent of elective deferrals that the participant contributes to the Plan. The Plan also allows for discretionary matching and nonelective (profit sharing) contributions as determined by the Plan Sponsor. Contributions are subject to certain IRS limitations. During the year ended December 31, 2022, there were no discretionary matching or nonelective contributions made by the Employer to the participants of the Plan.

Automatic Deferral Escalation

The Plan has an automatic escalation of deferral percentage provision whereby employees contributing to the Plan under the auto-enrollment provision automatically increase their deferral percentage by 1 percent annually, up to a maximum of 12 percent, unless they expressly decline the increase. Automatic deferral percentage increases become effective on April 1st of each year going forward.

TRENDS INTERNATIONAL, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Participant Accounts

Each participant's account is credited with the participant's contributions as well as allocations of the Employer's contributions and the Plan's earnings and expenses. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Participants become vested in the Employer's matching and profit sharing contribution portions of their accounts plus actual earnings (or losses) thereon based on years of service. A participant vests on a graduated schedule and becomes fully vested after five years of credited service. If not already vested, a participant becomes fully vested upon the occurrence of the participant's attainment of Normal Retirement Age, death while employed by the Employer, or satisfying the requirements for Disability Retirement.

Payment of Benefits

On termination of service due to attainment of Normal Retirement Age (as defined), death, disability, or other reasons, a participant with an account balance greater than \$5,000 may elect to receive a lump-sum distribution, installment payments, have the balance directly rolled over to an eligible retirement plan, or leave the funds in the Plan for a distribution at a later time. A participant who has terminated employment and has a vested balance that does not exceed \$1,000 will receive a lump-sum distribution. A participant who has terminated employment and has a vested balance between \$1,000 and \$5,000 may elect to receive either a lump-sum distribution or have the account balance rolled over to an eligible retirement plan.

Forfeited Accounts

Upon termination of employment and distribution of a participant's entire vested account balance for any reason other than death, disability, or attainment of Normal Retirement Age, the Employer's contributions on their behalf, not then vested, are transferred to a forfeiture account. Forfeited accounts are used to pay Plan expenses, or to reduce the Employer's contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$31,930 and \$28,345, respectively. For the year ended December 31, 2022, Employer contributions of \$16,540 were utilized from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements and supplemental schedule of the Plan have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Consequently, expenses are recognized when paid rather than when the obligation is incurred. The modified

TRENDS INTERNATIONAL, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

cash basis differs from the pure cash basis in that the investments are recorded as assets at fair value as discussed below and income and related assets are recognized when earned rather than when received. Because this method of accounting differs from the accrual method of accounting, these statements are not intended to be presented in conformity with accounting principles generally accepted in the United States of America.

Although the modified cash basis of accounting represents a departure from accounting principles generally accepted in the United States of America, it is an allowable method of accounting for employee benefit plans under the reporting requirements of ERISA.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits, disclosure of commitments at the date of the financial statements and the changes in net assets available for Plan benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded as of the settlement date, which does not differ materially from the trade date. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Expenses of the Plan

The Plan Sponsor provides administrative and accounting services to the Plan at no cost. Certain administrative expenses of the Plan are paid directly by the Plan Sponsor including legal and other expenses of the plan. Administrative expenses incurred by the Plan include third party administrator fees, independent investment advisor fees, distribution fees charged directly to participants' accounts and audit fees.

Subsequent Events

Subsequent events were evaluated through October 10, 2023, which is the date the financial statements were available to be issued.

TRENDS INTERNATIONAL, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and investment related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

- *Money Market Mutual Fund* – Generally transact subscription and redemption activity at a \$1 stable net asset value (NAV); however, on a daily basis, the funds are valued at their daily NAV calculated using the amortized cost of the securities held in the fund.
- *Mutual Funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and

Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The investment in a money market mutual fund is considered to be a Level 2 investment. All remaining investments are considered to be Level 1 assets within the preceding fair value hierarchy.

5. TAX STATUS

The Plan is based on a volume submitter plan which has received a favorable opinion letter from the Internal Revenue Service stating that the volume submitter plan is designed to qualify as being exempt from Federal income taxes. The Plan Sponsor has not separately applied for a determination letter from the Internal Revenue Service. However, the Plan Sponsor believes that the Plan was designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan's tax returns are subject to routine examination by the appropriate regulatory authorities. However, as of the date the financial statements are available to be issued, there were no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate or amend the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

7. PARTIES-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others.

Fidelity Management Trust Company is the trustee of the Plan, and receives payments for contract administrative services, as well as direct payment from participants on a transactional basis for processing distributions. Blue & Co., LLC is the independent auditor for the Plan and receives payment from the Plan for its services, which are recorded as administrative expenses.

Morgan Stanley is the investment advisor for the Plan and receives payment from the Plan for these services.

8. RISKS AND UNCERTAINTIES

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
