INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Hoover Group, Inc. Employee's Profit Sharing and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hoover Group, Inc. Employee's Profit Sharing and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets Held at End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Hoover Group, Inc. Employee's Profit Sharing and Savings Plan

Notes to Financial Statements

December 31, 2022

Note 1 - Description of Plan

The following description of the Hoover Group, Inc. Employee's Profit Sharing and Savings Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan established effective January 1, 1986, with its latest amendment effective January 1, 2022, is a defined contribution plan generally covering all employees of Hoover Group, Inc. and participating employers as defined in the *Plan Document* (collectively the "Company" or "Employer"). John Hancock Trust Company LLC ("Trustee") is the Plan trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility and service

The Plan allows participation upon employment to generally all employees except those specifically excluded in the *Plan Document*. The Plan has an automatic enrollment feature for all newly eligible employees starting at 3% of eligible compensation unless the employee affirmatively elects otherwise. The Plan also provides for an automatic 1% annual increase in the deferral rate, up to a maximum 6%, for all participants who have been automatically enrolled in the Plan unless the participant affirmatively elects otherwise.

Participant and employer contributions

The Plan provides for voluntary pre-tax and after-tax participant contributions expressed as a percentage of the participant's eligible compensation, as defined, up to the maximum amount allowed by law. The contributions are not to exceed the limits set by the Internal Revenue Code (the "IRC"), which limits the annual amount of salary deferrals that may be made by any participant. Eligible participants may also make catch-up contributions upon attaining 50 years of age, as defined by the IRC.

Effective January 1, 2021, the Company reinstated the safe harbor matching contributions under the Plan.

The Company may also make discretionary match and profit-sharing contributions, in addition to any safe harbor matching contributions (allocated to eligible employees whether or not the employee makes a contribution). The Company did not make any discretionary matching or profit sharing contributions during 2022.

Participant and employer contributions are presented net of returned excess contributions paid to certain active participants or forfeited in order to satisfy the relevant nondiscrimination provisions of the Plan. During the year ended December 31, 2022, there were no excess contributions that were refunded.

Note 1 Description of Plan (Continued)Participant accounts

Each participant's account is credited with the participant's contribution, an allocation of the Employer's contributions, Plan earnings and losses, and administrative expenses. Allocations are based on participant compensation and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are 100% vested at all times in their voluntary contributions and discretionary matching contributions. Safe harbor contributions are 100% vested after participants attain 2 years of service with the Company. Each participant whose employment terminated for reasons other than death, disability, attainment of normal or early retirement age, is entitled to a non-forfeitable right to his or her employer discretionary profit sharing contribution account based on a graded vesting schedule.

Discretionary profit sharing contributions become vested based on years of service as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

Forfeitures

Upon termination of service, a participant's vested account balance will be distributed to the participant or directly rolled into other qualified plans depending on the status of the original contribution and participant direction. The unvested amount is forfeited and maintained in the forfeiture cash account and will be used to reduce future employer contributions payable in accordance with Plan provisions. Total forfeitures used to reduce employer contributions were \$59,469 for the year ended December 31, 2022. As of December 31, 2022 and 2021, there were \$12,538 and \$39,986, respectively, of forfeitures available for use.

Investment options

Plan participants can direct the investment of their account balances into any or all of the investment options available under the Plan. Participants can change their investment allocation among the various investment options either through direct transfer from one option to another or by changing the percentage allocation of future contributions.

Note 1 - Description of Plan (Continued)Administrative expenses

All administrative expenses, unless paid by the Company, are paid by the Plan.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 reduced by the highest outstanding note receivable balance in the participant's account during the prior 12-month period or 50% of the participant's vested account balances. Additionally, a participant may not have more than one note receivable outstanding at any time. Each note receivable under the Plan must mature within five years from the date on which it was made unless the note receivable is used to acquire a principal residence, in which case the note receivable may permit a longer repayment term. The notes receivable are secured by the balance in the participants' accounts and bear interest at a rate commensurate with similar types of loans by other lenders as determined by the Plan administrator.

Distributions to participants

Participants are eligible for distributions of their vested account balances upon the event of death, disability, retirement, termination of employment, or other reasons.

Distributions may be made in a lump-sum payment or in substantially equal installments. If the vested balance of the participant's account is less than \$5,000, and no election is made, the amount will be automatically rolled over into an individual retirement account established on behalf of the participant. The payment will be made in a single lump-sum payment. Any taxable distribution paid directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Plan termination

Although it has not expressed any intent to do so, management of the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested and the net assets of the Plan are to be distributed to participants. Effective November 30, 2020, the Plan entered into a partial plan termination, as a result of Company divestitures, in which all affected employees became 100% vested regardless of the Plan's vesting schedule.

As a result of the partial plan termination, forfeitures of approximately \$18,700 previously accumulated for affected participants were reallocated during 2021 to their accounts from the Plan's forfeiture account.

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation along with realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants, if any, are reclassified as distributions based upon terms of the *Plan Document*.

Financial instruments and credit risk

Financial instruments which are potentially subject to credit risk include investments in money market funds, mutual funds, and common/collective trusts. Investments are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from these estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)Distributions to participants

Distributions are recorded when paid.

Subsequent events

Management has evaluated subsequent events through October 9, 2023, which was the date that the financial statements were available to be issued and has determined that there were no other subsequent events to be reported (see Note 7).

Note 3 - Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held as of December 31, 2022 and 2021, and net depreciation in value fair of investments and interest on notes receivable from participants for the year ended December 31, 2022, was obtained by the Company and agreed to or derived from information certified as complete and accurate by John Hancock Trust Company LLC.

Note 4 - Fair Value Measurements

The Plan uses a three-level hierarchy for disclosure of fair value measurements of its assets and liabilities, depending on the observability of the inputs employed in the measurement. The hierarchy of fair value measurements is described below:

- Level 1 – quoted prices in active markets for identical assets or liabilities;
- Level 2 – inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 - Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

- Money market funds - Valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual fund that is registered with the Securities and Exchange Commission ("SEC"). This fund is required to publish its daily net asset value and to transact at that price. The money market fund is deemed to be actively traded.
- Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Common/collective trusts - these investments are valued at the net asset value ("NAV") of the fund. The NAV is calculated by the fund based on "net assets" which includes fully benefit-responsive investment contracts at contract value comingled with other investments. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value for the common/collective trust. The investment can be redeemed daily with no prescribed redemption notice period and has no unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Money market funds	\$ 63,168	\$ -	\$ -	\$ 63,168
Mutual funds	<u>5,831,207</u>	<u>-</u>	<u>-</u>	<u>5,831,207</u>
Total investments in the fair value hierarchy	<u>\$ 5,894,375</u>	<u>-</u>	<u>-</u>	<u>\$ 5,894,375</u>

Note 4 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Money market funds	\$ 45,071	-	-	\$ 45,071
Mutual funds	6,548,935	-	-	6,548,935
Total investments in the fair value hierarchy	\$ 6,594,006	-	-	\$ 6,594,006
Investment measured at NAV ^(a)				1,889,791
Investments at fair value				\$ 8,483,797

- (a) The common/collective trust is measured at NAV per share (or its equivalent) as a practical expedient and has not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5 - Tax Status

The prototype plan adopted by the Company received its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
