Required Communications Regarding Our Audit Strategy & Approach (AU-C 260)

Overview & Responsibilities

Matter	Discussion
Section 103(a)(3)(C) – 29 CFR 2520.103-8	Management has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. An audit performed in accordance with ERISA Section 103(a)(3)(C) does not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Management has determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. Management has also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.
Purpose	The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Our responsibility also includes communicating to you any information we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

Other Matters

SECURE Act 2.0

The *Setting Every Community Up for Retirement Enhancement Act 2.0* was passed on December 29, 2022. Better known as “**SECURE 2.0**”, this sweeping legislation has a significant impact on individuals planning for retirement as well as plan administrators. Certain changes are effective in 2023 while other provisions are phased in over the next several years.

Nearer term provisions of the SECURE 2.0 Act impacting qualified retirement plans:

- **Student Loan Payments & Matching Contributions** – In an effort to allow those paying down student debt to also save for retirement, the SECURE 2.0 Act allows an employee to receive available matching contributions by way of paying down student loan debt. Employers are permitted to make matching contributions under 401(k), 403(b) or SIMPLE IRAs with respect to “qualified student loan payments.” This provision will generally begin in 2024.
- **Elimination of Required Minimum Distributions (RMDs) for Roth 401(k) Plans** – Roth 401(k) owners will no longer be required to take RMDs from those accounts beginning in 2024. Roth IRAs continue to have no RMD requirements.
- **Early Withdrawals** – Currently, withdrawals from retirement plans prior to age 59 ½ are subject to a 10% penalty on top of any income tax due on the withdrawal. Starting in 2024, the legislation allows for certain exceptions (with limitations) to be exempt from the additional penalty:
 - Terminally ill account holders (some administrative questions are an issue including if self-certification is allowed)
 - Domestic abuse survivors (self-certification allowed)
 - Payment of specific types of long-term care policy premiums
 - Survivors of federally declared disasters
- **Increase in Mandatory Cash Out Limit** – Effective in 2024, the mandatory cash out amount will increase from \$5,000 to \$7,000. This is an optional provision but should help employers manage the number of terminated participants in the plan.
- **Roth Employer Matching Contributions** – Participants may now elect for their employer matching contributions to be on a Roth basis. There are many procedural questions regarding the administrative challenges of updating payroll systems to handle the payroll tax implications of this type of arrangement. This provision is effective in 2024.
- **Roth Catch Up Contributions** – Beginning in 2024, certain highly-compensated employees will be required to have their catch-up contributions classified as Roth contributions.
 - Effective August 25, 2023, the Internal Revenue Service (IRS) announced a two-year administrative transition related to the Roth catch-up requirement. Additionally, the IRS clarified the Act does not prohibit plans from permitting catch-up contributions, so plan participants who are age 50 or over can continue to make catch-up contribution after 2023, regardless of income.
- **Employee Self-Certification of Hardships** – Participants are allowed to self-certify their hardship to qualify for a hardship withdrawal. This provision is effective for plan years beginning after the date of the enactment of SECURE 2.0.
- **Emergency Savings Provision** – One of the most impactful changes is the provision that is effective January 1, 2024, which allows employers to establish retirement plan linked emergency savings accounts for nonhighly

compensated employees. Employers will be able to automatically enroll participants up to a 3% participant Roth contribution (maximum limit of \$2,500). Employers could elect to set the maximum contribution at a lower dollar amount. Employers may also match the contributions (subject to the same \$2,500 cap); however, those contributions would have to flow into their retirement account and not the account for the emergency fund. Participants are limited to four withdrawals within a calendar plan year. Upon separation of service, the benefits are not taxable given their Roth nature.

- **Improved Self Correction of Auto Enrollment Errors** – Starting in 2024, plan sponsors are given more flexibility to correct errors. Plan management will have up to 9.5 months after the end of the year when the error occurred to correct the issue. The update also extends to auto-increase provisions as well.
- **De Minimis Financial Incentives** – Employers can incentivize participants to enroll in retirement plans with gift cards. Employers will need to assess the impact of the incentives on their plan's definition of eligible compensation. This feature is essentially effective in 2023.

Provisions of the SECURE 2.0 Act that impact plan sponsors further down the road (2025 or later):

- **Increased Catch Up Contributions for ages 60-63** – Beginning in 2025, older 401(k) and 403(b) plan participants will be able to contribute more to their plan in the nature of catch up contributions. The amount will be limited to \$10,000 or half of the catch up limit for that applicable year. The catch-up contribution limit in 2023 for all other 401(k) and 403(b) participants over age 50 is \$7,500.
- **Auto Enrollment / Auto Increase Required for New Plans** – Starting in 2025, new 401(k) and 403(b) plans will be required to automatically enroll new participants in a range of 3-10%, including an auto-increase provision of 1% per year up to a cap of 10-15%. **Existing plans as well as smaller employers will be grandfathered and not required to make this change.**
- **Department of Labor (DOL) System for Lost Participants** – The DOL is essentially establishing a database for plan participants who have lost track of their retirement savings at various employers to identify the contact person at the applicable plan sponsor or third-party administrator. The goal is for this system to be up and running by the end of 2024.
- **Long-Term Part-Time (LTPT) Employee Participation** – As a follow up to the initial SECURE legislation, the LTPT guidance has been reduced from 3 years of having 500 hours of service to 2 years. As this provision only applies to employee deferrals, many employers may loosen up their eligibility requirement but will also need to assess certain excludable employees and whether they should be included as a plan participant.

This legislation is expected to create an additional burden on those in human resources to determine the additional administrative requirements triggered by this Act. Plan amendments generally need not be made until the end of the first plan year beginning on or after January 1, 2025. We would encourage you to consult with your third-party administrator and/or your ERISA legal counsel to amend your plan appropriately for this legislation.

40. Significant estimates that may be subject to a material change in the near term have been properly disclosed in the financial statements. We understand that “near term” means the period within one year of the date of the financial statements. In addition, we have no knowledge of concentrations, which refer to volumes of loans, investments, or deposits, existing at the date of the financial statements that would make the Plan vulnerable to the risk of severe impact in the near term that have not been properly disclosed in the financial statements.

- a. The underlying assumptions are reasonable and they appropriately reflect management’s intent and ability to carry out its stated course of action.

Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Allergy Partners, PLLC Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Allergy Partners, PLLC Retirement Savings Plan (the "Plan"), and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the Allergy Partners, PLLC Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Allergy Partners, PLLC (the "Company") who have one year of service and are age 21 or older. The Finance Committee of the Board of Directors of the Company controls and manages the operation and administration of the Plan. Principal Trust Company serves as the trustee and recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute compensation, as defined in the plan document, subject to certain Internal Revenue Code ("IRC") limitations. Participant salary deferrals may be traditional 401(k) (pretax) or Roth 401(k) (after-tax). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes 50% percent of the first 6% percent of compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the discretion of the Company's Board of Directors. For the year ended December 31, 2022, the Company made a \$3,377,001 profit sharing contribution to the Plan subsequent to year end. Contributions are subject to certain limitations.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and common collective trust funds as options. In addition, participants may utilize an individual self-directed brokerage option, through which participants are able to invest in a variety of securities including cash, stocks, mutual funds and unit trust investments in accordance with the Plan document.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings (losses) and charged with benefit payments and transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company's profit sharing contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after six years of credited service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2022, outstanding loans bore interest rates ranging from 4.25% to 9.25%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participant reaches the age of 59.5 years.

Forfeitures

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$114,094 and \$71,846, respectively. These accounts will be used to reduce future Company contributions and pay plan related expenses. During 2022, no forfeitures were used to reduce Company contributions. However, \$60,000 was used in 2023 towards the 2022 profit sharing contribution contributed in 2023.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable and distributions) are charged directly to the participant's account.

Subsequent events

The Plan has evaluated the effects subsequent events would have on the financial statements through October 10, 2023, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1:** Observable inputs such as quoted prices in active markets.
- Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3:** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Allergy Partners, PLLC Retirement Savings Plan
Notes to Financial Statements

Common collective trust funds

These funds are valued at the net asset value ("NAV") of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts

Accounts primarily consist of mutual funds, common stocks, corporate bonds, exchange traded funds, and other funds that are valued on the basis of readily determinable market prices. Also included in self-directed brokerage accounts are certificates of deposit and interest-bearing cash, which are not publicly traded and valued at cost, which approximates fair value.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 60,973,917	\$ -	\$ -	\$ 60,973,917

Total assets in the fair value hierarchy	<u>\$ 66,989,715</u>	<u>\$ -</u>	<u>\$ -</u>	<u>66,989,715</u>
Investments measured at NAV (a)				<u>26,209,212</u>
Investments at fair value				<u>\$ 93,198,927</u>

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 70,360,922	\$ -	\$ -	\$ 70,360,922
Self-directed brokerage account	<u>8,565,445</u>	<u>-</u>	<u>-</u>	<u>8,565,445</u>
Total assets in the fair value hierarchy	<u>\$ 78,926,367</u>	<u>\$ -</u>	<u>\$ -</u>	<u>78,926,367</u>
Investments measured at NAV (a)				<u>28,772,478</u>
Investments at fair value				<u>\$ 107,698,845</u>

(a) In accordance with Topic GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The Plan has \$1,712,309 and \$365,161 of cash and cash equivalents included in interest-bearing cash accounts on the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, respectively, which was not classified as a level as prescribed within GAAP.

Allergy Partners, PLLC Retirement Savings Plan
Notes to Financial Statements

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair Value at December 31, 2022</u>	<u>Fair Value at December 31, 2021</u>	<u>Unfunded Commitments</u>	<u>Other Redemption Restrictions</u>	<u>Redemption Notice Period</u>
Common collective trust fund	\$ 26,209,212	\$ 28,772,478	None	Daily	12 months

The Plan recognizes transfers between the levels as of the actual date of the event or change in circumstances that caused the transfer. There were no gross transfers between the levels for the year ended December 31, 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2022 and 2021 and for the year ended December 31, 2022 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee.

	<u>2022</u>	<u>2021</u>
Investments, excluding self-directed brokerage accounts	\$ 87,183,129	\$ 99,133,400
Notes receivable from participants	\$ 756,738	\$ 750,717
Net depreciation in fair value of investments	\$ (18,084,476)	
Interest and dividends	\$ 911,967	
Interest income on notes receivable from participants	\$ 34,570	

5. Exempt Party-in-Interest Transactions

Certain plan investments are shares of mutual funds managed Principal Trust Company (the "trustee" as defined by the Plan). Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to the trustee by the Plan for administrative services were \$143,361 for the year ended December 31, 2022.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the “IRS”) stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the prototype (or volume submitter) plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated June 30, 2020 that the prototype (or volume submitter) plan document was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2022 and 2021 financial statements to Schedule H of Form 5500 as of December 31:
