To the Plan Administrator, Trustee, and Plan Participants
Midwest Eye Institute, P.C. 401(k) Plan
Carmel, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Midwest Eye Institute, P.C. 401(k) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2; and

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement

when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter —Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2022, and the schedule of assets (held at end of year) (modified cash basis) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The

information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules (modified cash basis) agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Midwest Eye Institute, P.C. 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Midwest Eye Institute, P.C. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement or the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on July 1, 1983, covering substantially all employees of Midwest Eye Institute, P.C. (the Plan Sponsor) who have 90-days of service and are age 21 or older. Adopting employers that are members of the same affiliated service group as the Plan Sponsor are allowed to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In September 2022, the Plan document was retroactively restated and amended with an effective date of January 1, 2020, to comply with new laws and regulations of Coronavirus Aid, Relief, and Economic Security Act of 2020.

Contributions

Participants may contribute up to 100% of their pretax annual compensation as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (IRC). Participants may designate all or a portion of elective deferrals as Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective February 1, 2022, the Plan document was amended to exclude from compensation amounts paid to, or on behalf of, an employee to reduce or offset student loans.

The Plan Sponsor contributes a non-discretionary matching contribution equal to 50% of employee deferrals up to 4% of the participant's annual compensation. To comply with safe harbor provisions, the Plan Sponsor makes a safe harbor profit sharing match equal to 3% (not less than 3% nor more than 25%) of each eligible employee's annual compensation. Additionally, the Plan Sponsor contributes a discretionary contribution equal to a specified percentage of each participant's annual compensation. Participants who have one year of continuous service, worked a minimum of 1,000 hours, and are employed as of the end of the Plan year are deemed eligible and receive the discretionary contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Plan Sponsor's contributions and Plan earnings, losses, and expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their account balances into various investment options offered by the Plan which are comprised of 28 mutual funds, one managed income portfolio, and one self-directed brokerage account option.

Vesting

Participants are immediately vested in their contributions and the employer's safe harbor nonelective contributions, plus actual earnings/losses thereon which is in compliance with the

Midwest Eye Institute, P.C. 401(k) Plan

Notes to Financial Statements

required provisions to operate a Safe Harbor 401(k) plan. Vesting in the Plan Sponsor's matching and other nonelective contributions are based on years of continuous service as follows:

<u>Years of Service</u>	<u>Percentage</u>
1	10%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts and bear interest at the prime interest rate plus 100 basis points as of the beginning of the quarter the loan was originated. The interest rates on the loans varied from 4.25% to 7.25% at December 31, 2022. Repayments of interest are applied to the respective participant accounts. Equal loan repayments are made through payroll deductions over a period not to exceed five years, unless the loans were used to purchase a primary residence, in which case the loan may be repaid over a reasonable period of time (longer than five years).

Payment of Benefits

On termination of service, death, disability, or retirement, a participant or beneficiary has an option to be paid by lump-sum payment, installment payments, or an annuity in the amount equal to the value of the participant's or beneficiary's vested interest in his or her account. If, at termination, the participant's vested balance is \$5,000 or less, the Plan may distribute the entire vested balance out of the Plan, as allowable by the Plan. Participant account balances greater than \$5,000 are allowed to remain in the Plan. Participants are not permitted to withdraw funds from the Plan for financial hardship under the Plan's provisions.

Effective May 12, 2022, the Plan document was amended to allow partial withdrawals from the Plan.

Forfeitures

In the event of termination of employment before full vesting, the nonvested portion of the employer contribution account is forfeited and may be used to reduce future employer contributions or Plan expenses. Forfeited nonvested accounts were \$17,131 and \$16,616 at December 31, 2022 and 2021, respectively. Forfeitures of \$11,887 were used to reduce administrative expenses in 2022.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan Sponsor and are excluded from the accompanying financial statements. Fees paid by the Plan and directly deducted from the

Midwest Eye Institute, P.C. 401(k) Plan

Notes to Financial Statements

participant's accounts include loan setup and maintenance fees, self-directed brokerage account fees, and overnight check fees.

Reclassifications

Certain 2021 amounts have been reclassified to conform to the current year presentation. These reclassifications have no impact on net assets available for benefits or the change in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (US GAAP). The presentation is permitted by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Cash basis financial statements that adjust securities investments to fair value are considered to be prepared on a modified cash basis of accounting. Under the modified cash basis of accounting, certain revenue and related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred.

The principal items that would be required to be reflected in the financial statements by US GAAP (the amounts of which are not practicable to determine) are as follows:

- Accrual of all contributions owed at each year-end but not received until the following year.
- Accrual of dividends declared but not paid.
- Accrual of interest income from participant loans earned at each year-end but not received until the following year.
- Accrual of the Plan expenses and management fees incurred at year-end but not paid until the following year.

Notes Receivable from Participants

Participant loans are reported as notes receivable from participants and are measured at the unpaid principal balance. The Plan classifies all participant loans with no payments received for six months as in default. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits (modified cash basis) in the year of default. Deemed distributions were \$4,354 during 2022.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Midwest Eye Institute, P.C. 401(k) Plan

Notes to Financial Statements

Cash Equivalents

The Plan considers all liquid investments with original maturities of three months or less to be cash equivalents. At December 31, 2022 and December 31, 2021, cash equivalents consist primarily of money market securities of \$25,001 and \$2,679, respectively.

Fair Value Measurements

The Plan has determined the fair value of investments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end, quoted in an active markets. As a result, the fair value of the account is classified as Level 1.

Self-Directed Brokerage Accounts: Plan investments held in the Fidelity BrokerageLink® may include mutual funds, common stock, Fidelity and External unit investments, and certificates of deposit which are classified as Level 1 assets. The fair values of mutual funds are based on quoted prices in active markets. Cash is reported at carrying value which approximates fair value. As a result, the fair value of the accounts is classified as Level 1.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the fair value of the Plan's investment assets using the fair value hierarchy:

Midwest Eye Institute, P.C. 401(k) Plan

Notes to Financial Statements

	Level 1	Total
<u>December 31, 2022</u>		
Mutual funds	\$ 34,137,898	\$ 34,137,898
Self-directed brokerage accounts	2,819,958	2,819,958
Total investments at fair value	\$ 36,957,856	\$ 36,957,856
	Level 1	Total
<u>December 31, 2021</u>		
Mutual funds	\$ 47,300,085	\$ 47,300,085
Self-directed brokerage accounts	6,949,164	6,949,164
Total investments at fair value	\$ 54,249,249	\$ 54,249,249

There were no level 2 or 3 assets at December 31, 2022 and 2021.

Risks, Uncertainties, and Concentrations

The Plan provides investment options in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

The Plan had concentrations in individual investment funds greater than 10% in three funds totaling \$18,538,557 and \$22,820,246 at December 31, 2022 and 2021, respectively.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2022 and 2021, and for the year ended December 31, 2022. Accordingly, the following investment information included in the accompanying financial statements and supplemental schedules as of December 31, 2022 and 2021, and for the year ended December 31, 2022, was obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan's trustee, Fidelity Management Trust Company (FMTC):

Midwest Eye Institute, P.C. 401(k) Plan

Notes to Financial Statements

	December 31,	
	2022	2021

	Year Ended December 31, 2022

Net depreciation in fair value of self-directed brokerage accounts	(583,593)
Interest and dividend income from mutual funds	1,966,509
Interest and dividend income from self-directed brokerage accounts	147,564
Interest income from common/collective trust	22,965
Interest income from cash and cash equivalents	2,222
Interest income on notes receivable from participants	4,886

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. Common/Collective Trust, at Contract Value

The Plan's participants may invest in the Fidelity Managed Income Portfolio (the MIP), which is a common/collective trust. It is a commingled pool of the Fidelity Group Trust for Employee Benefit Plans and is managed by FMTC, which is also the trustee of the Plan. This fund seeks to preserve principal investments while earning interest income. This fund will attempt to maintain a net asset value of \$1 per unit. The portfolio invests in investment contracts issued by insurance companies and other financial institutions, and in fixed income securities. A portion of the portfolio is invested in a money market fund to provide daily liquidity. Investment contracts provide for the payment of a specified rate of interest to the portfolio and for the repayment of principal when the contract matures.

Investments in the MIP are deemed to be fully benefit-responsive investment contracts. Because the investment is fully benefit-responsive, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Midwest Eye Institute, P.C. 401(k) Plan

Notes to Financial Statements

All investment contracts and fixed income securities purchased for the MIP must satisfy the credit quality standards of FMTC. The average yield and crediting interest rate was approximately 0.75% for 2022. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with FMTC. The Plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with Plan participants is not probable.

5. Related-Party Transactions and Party-in-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are trusts managed by Fidelity Management Trust Company, which is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions for the year ended December 31, 2022. The Plan allows participants to obtain loans from the Plan, which are also considered party-in-interest transactions. These party-in-interest transactions are not prohibited under ERISA. Fees paid by the Plan for administrative services were \$14,045 for the year ended December 31, 2022.

The Plan received revenue credits from FMTC on a quarterly basis through December 31, 2022. The revenue credit account can be used to pay Plan expenses or can be allocated to eligible Plan participants as defined in the services agreement with FMTC and its affiliates. Revenue credits earned from this agreement are recorded as other income in the statement of changes of net assets available for benefits (modified cash basis). The revenue credit account balance was \$24,973 and \$2,649 at December 31, 2022 and 2021, respectively. During 2022, the Plan received \$22,082 of revenue credits.

6. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts and the balance of the net assets of the Plan would be allocated among the participants and beneficiaries as prescribed by ERISA.

7. Tax Status

The Plan has adopted a Non-Standardized Prototype Plan Document sponsored by FMTC that obtained a favorable opinion on June 30, 2020, in which the Internal Revenue Service stated that the Prototype Plan Document, as then designed, was in compliance with the applicable requirements of the IRC, and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the opinion letter. The Plan administrator believes that the Plan is

Midwest Eye Institute, P.C. 401(k) Plan

Notes to Financial Statements

currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes is included in the Plan's financial statements.

The Plan reviews its tax positions for uncertainty and records a provision for tax positions which may not be sustained based on their technical merits if examined by taxing authorities. At December 31, 2022 and 2021, there were no matters requiring a provision for uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation to Form 5500

For purposes of preparing the Plan's Form 5500, the MIP (a common/collective trust which is a fully benefit-responsive investment contract) is recorded at fair value. For financial statement purposes, the MIP is recorded at contract value. See Note 4.

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements to Form 5500:

Notes to Financial Statements

9. Late Remittances

The Plan remitted certain employee deferrals late totaling \$2,483 and \$4,586 during 2022 and 2021, respectively. Lost earnings of \$11 related to the 2021 late remittances were contributed in February 2022. Lost earnings of \$56 related to the 2022 late remittances were contributed in December 2022.

10. Subsequent Events

Subsequent events were evaluated through October 9, 2023, the date the financial statements were available to be issued.
