Independent Auditors' Report

To the Participants and Plan Administrator of
Watt, Tieder, Hoffar & Fitzgerald, L.L.P. Profit Sharing 401(k) Plan and Trust

Opinion

We have audited the financial statements of Watt, Tieder, Hoffar & Fitzgerald, L.L.P. Profit Sharing 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time but no less than 12 months from the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Profit Sharing 401(k) Plan and Trust

Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan

The following description of the Watt, Tieder, Hoffar & Fitzgerald, L.L.P. Profit Sharing 401(k) Plan and Trust (the Plan), established January 1, 1986, provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The Plan was last amended and restated effective January 1, 2022. Watt, Tieder, Hoffar & Fitzgerald, L.L.P. (the Partnership) is the sponsor of the Plan.

The Plan is a defined contribution plan covering all full-time employees of the Partnership who have at least six months and 1,000 hours of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan's Pension Investment Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each participant may contribute up to 100% of his or her compensation subject to limitations imposed by the Internal Revenue Service (IRS). Participants may elect to have deferrals made on a pre-tax or post-tax basis. The employer matching contribution is discretionary with the matching percentage determined on an annual basis. Participants who are not classified as attorneys are eligible for the employer matching contribution. The Partnership matched 25% of a non-attorney participant's deferrals for the years ended December 31, 2022 and 2021. If the Plan is determined to be top heavy, the Partnership is required to make a 3% contribution to those participants who are not eligible to participate in the Partnership's other profit sharing plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of partnership contributions, plan earnings and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct their accounts to invest in the available investment funds selected by the plan trustee.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. Participants vest on a graduated scale, beginning with 20% after two years and increasing 20% each year, with full vesting after six years.

Forfeitures

The nonvested percentage of a participant's account is forfeited by the participant upon distribution of his or her account or after five consecutive years following the date of the participant's termination of employment with the Partnership, whichever is earlier. Participant forfeitures are retained in the Plan and are used to reduce future Partnership contributions. If the participant is re-hired within a five year period, any undistributed forfeited amounts will be restored to his or her account. As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$55,561 and \$19,699, respectively. For the plan years ended December 31, 2022 and 2021, the Partnership used \$36,464 and \$19,514, respectively, of the forfeiture account balance to reduce employer matching and top heavy contributions made to the Plan.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or required minimum distributions upon reaching retirement age. If the value of a participant's account upon termination of service is greater than \$1,000 but less than \$5,000 and, if the participant does not elect to have such distribution paid directly or rolled over into an eligible retirement plan, then the plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the plan administrator in the participant's name. Amounts less than \$1,000 will be automatically distributed as a lump-sum, unless otherwise elected by the participant.

Notes Receivable From Participants

Each participant may borrow no less than \$1,000 up to the lesser of (a) 50% of his or her vested interest in the Plan, or (b) \$50,000 reduced by the excess of the highest outstanding balance of notes receivable from the participant during the one-year period ending on the day before the note is issued, over the outstanding balance of notes receivable from the participant on the date the note is issued. The loans are secured by the balance in the participant's account. All notes must be approved by the plan administrator, are payable over a term of five years unless for the purchase of a primary residence, and bear interest based at a commercially reasonable rate. Principal and interest are typically paid through payroll deductions. No more than five notes per participant may be outstanding at any point in time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, consultants and custodians. See Note 3 for discussion of fair value measurements.

Net appreciation or depreciation of investments included in the accompanying Statements of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments, unrealized appreciation or depreciation in fair value of investments, and fees netted against net appreciation or depreciation of investments representing fees charged by the trustee and sponsoring mutual fund companies for services provided in connection with investment management. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investment held during the period. The net realized gains or losses on the sale of the investment represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the costs of the investment if purchased during the year.

Notes to Financial Statements
December 31, 2022 and 2021

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan agreement. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Partnership. Expenses that are paid by the Partnership are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 10, 2023, the date the financial statements were available to be issued.

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Watt, Tieder, Hoffar & Fitzgerald, L.L.P.
Profit Sharing 401(k) Plan and Trust

Notes to Financial Statements
December 31, 2022 and 2021

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust represents the Plan's stable value product. The common/collective trust invests primarily in short-term and long-term investment contracts issued by insurance companies (GICS), investment contracts issued by commercial banks, synthetic investment contracts comprising underlying assets and a "wrapper" contract issued by a third party, and cash equivalents represented by units in the trustee's money market portfolios, all of which are subject to the credit quality standard established by the trustee. The objective of the common/collective trust is to provide a low-risk, moderate-yield investment. The fund is managed to earn a consistent level of return, while providing for preservation of capital, high credit quality and liquidity to pay plan benefits. Fair value is determined using the NAV of the funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Partnership is responsible for the determination of fair value. Accordingly, the Partnership performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Partnership has not historically adjusted the prices obtained from the pricing services.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at NAV (a)				1,411,895
Total investments at fair value				\$ 39,237,267

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investment Measured Using NAV per Share Practical Expedient

The following table summarizes the investment for which fair value is measured using NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

5. Concentrations

As of December 31, 2022 and 2021, the Plan had investments of \$10,495,006 and \$13,363,471, respectively, that were concentrated in two funds.

6. Administration of Plan Assets

The Plan's assets are administered under contracts with Newport Trust Company and Charles Schwab Trust Bank, the custodians of the Plan. The custodians invest funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

7. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

8. Tax Status

The Plan adopted a pre-approved plan offered by CCH Incorporated, DBA ftwilliam.com. The pre-approved plan received an IRS Opinion Letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Related-Party and Party in Interest Transactions

Certain of the Plan's investments are managed by an affiliate of one of the custodians, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net (depreciation) appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Partnership. No such officer or employee receives compensation from the Plan.

10. Delinquent Participant Contributions

For the year ended December 31, 2021, the Partnership did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions, which totaled \$37,506, were corrected outside the Department of Labor Voluntary Fiduciary Correction Program in 2022. Additionally, the Partnership has compensated participants for lost earnings resulting from the delay in contributions, if necessary.
