INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Chelo's 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Chelo's 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CHELO'S 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. Description of the Plan

The following description of the Chelo's 401(k) Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant directed defined contribution plan covering all employees of the Chelo Management Company, Inc., Chelo's of Warwick, Inc., Chelo's Beef Hearth of Cranston, Inc., and Beef Hearth of Providence, Inc., (collectively, the Employer) who are at least twenty-one (21) years old and have completed 1,000 hours or one year of service as defined in the Plan provisions. Participants are allowed to enter the Plan on January 1 or July 1, following the completion of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Employer is also the administrator of the Plan. As administrator, the Employer has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Three owners of the Employer serve as trustees of the Plan. The appointed trustees of the Plan act at the direction of the Plan Administrator.

Contributions

Effective January 1, 2022, participants may elect to contribute up to 90% (previously 99%) of eligible compensation, not to exceed annual limitations as provided by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Employer matches 25% of the amount that a participant contributes to the Plan, up to 10% of the participant's eligible compensation. The Employer may also make additional discretionary contributions to the Plan as approved by the Employer's Board of Directors. The contributions will be allocated based on a calculation factoring individual Plan participants' compensation in proportion to total compensation of all Plan participants. There were no additional discretionary contributions made to the Plan during the year ended December 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Employer's contributions and Plan earnings and losses. The allocation of earnings and losses is performed based on individual participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CHELO'S 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

Vesting

Participants are immediately vested in their voluntary contributions plus the allocation of Plan earnings on those contributions, at the time of allocation. Participants become fully vested in Employer matching and discretionary contributions, and the allocation of Plan earnings on those contributions as follows: 20% after 1 year, 40% after 2 years, 60% after 3 years, 80% after 4 years, and 100% after 5 years. Each participant shall be 100% vested in their Employer account upon death.

Participant Notes Receivable

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may only have one outstanding loan at a time. Note terms range from one to five years, or up to a reasonable time for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant with a vested benefit exceeding \$5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Upon termination of service, if a participant's vested balance is less than \$1,000, the participant will receive an immediate cash-out of their vested account balance. If a participant's vested balance exceeds \$1,000 but is less than \$5,000, the amount will be rolled over to an individual retirement plan designated by the Plan Administrator.

Participants, by written notice to the Employer, may request a financial hardship withdrawal from their participant deferral accounts, subject to limitations imposed by the IRC. Participants who have attained age 59½ may elect to withdraw all or a portion of their vested account while still employed.

Forfeitures

Participants in the Plan who leave the employment of the Employer before completing five years of service forfeit the non-vested portion of their accounts. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$21,781 and \$8,221, respectively, and are available to reduce future Employer contributions or to pay administrative expenses of the Plan. No forfeitures were used to reduce Employer contributions or pay administrative expenses during 2022.

CHELO'S 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

Plan Termination

The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan or contributions thereto, at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants. Any Plan termination would be subject to the provisions of ERISA. If the Plan is terminated, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for amounts allocated to the insurance company general account investment which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest, and are secured by the balance in the respective participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent notes receivable from participants are reclassified as distributions based on terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Excess Contributions Payable

Amounts refundable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants subsequent to year end.

CHELO'S 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

Contributions

Employee contributions are recorded weekly when the Employer remits the payroll deductions for investment into the Plan. Employer matching contributions and any additional Employer discretionary contributions are recorded as a receivable at year end and are remitted to the Plan during the following year.

Payment of Benefits

Benefits are recorded when paid to participants or their designated beneficiaries.

Administrative Expenses

Expenses incurred in the administration of the Plan are paid by the Employer unless the Employer directs that such expenses shall be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management and recordkeeping fees, if applicable, are paid by the Plan as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market risk and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single custodian. The Plan's exposure to credit risk is associated with the outside entity's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

Subsequent Events

The Plan Administrator has evaluated subsequent events through September 28, 2023 which is the date these financial statements were available to be issued.

CHELO'S 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

Pooled Separate Accounts: Valued using the net asset value (NAV) provided by the administrator of the fund based on the valuation of the underlying investments.

Self-directed Brokerage Account: Valued at the closing price reported on the active market on which the individual securities are traded.

The Plan's level 1 investments at December 31, 2022 and 2021 are reported at fair value as follows:

	2022	2021
Self-directed brokerage accounts	\$ 62,183	\$ 81,556
Total assets in the fair value hierarchy	62,183	81,556
Investment measured at NAV (a)	7,265,843	9,163,083
Investments at fair value	\$ 7,328,026	\$ 9,244,639

CHELO'S 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

(a) In accordance with Subtopic 820-10, the pooled separate accounts investment that was measured at NAV per share (or its equivalent) has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the line items presented in the Statements of Net Assets Available for Plan Benefits.

4. Investment Contract with Insurance Company

The Plan has entered into an investment contract with Voya. Amounts held in connection with this contract may be held in Voya's general account or separate accounts which invest in mutual funds advised by Voya, mutual funds sub-advised by third parties, mutual funds managed by external mutual fund companies or invested directly in securities.

Contributions allocated to the Fixed account are invested in the general account of, and are guaranteed by Voya. All other contributions allocated to any investment fund become part of separate accounts and are maintained separately from the general assets of Voya. The value of these contracts included in the financial statements, as reported to the Plan by Voya, is equal to the sum of the contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses.

The contract value of funds allocated to the traditional general account investment with Voya at December 31, 2022 and 2021 was \$266,607 and \$16,534, respectively. The minimum credit rate under the contract was 1.00% for each of the years ended December 31, 2022 and 2021. Withdrawals from this investment for other than the payment of benefits may be subject to a market value adjustment and a surrender charge and the ability to move funds out of this investment may be restricted by Voya.

The guarantee of values provided for investments made with Voya under the Plan's investment contract are based on the financial strength and claims paying ability of Voya.

5. Income Tax Status

The Plan has been designed using a non-standardized pre-approved profit sharing plan, in which the IRS stated in a letter dated June 30, 2020 that the Plan satisfies the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter in order to comply with the latest applicable tax laws and regulations. The Employer and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

CHELO'S 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

6. Summary of Financial Data Certified by the Custodian

The following is a summary of financial information and data certified by custodian, Voya:

Statements of Net Assets Available for Plan Benefits at December 31, 2022 and 2021, except for contributions receivable and liabilities;

Investment income, interest income from participant notes receivable and net depreciation in the value of investments on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2022 and;

Investment information provided on the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2022.

7. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

8. Related Party Transactions and Party-in-Interest Transactions

Plan investments are held and managed by Voya, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payment to Voya for administrative services of \$2,030 for the year ended December 31, 2022. In addition, Participant notes receivable qualify as party-in-interest transactions. Three owners of the Employer serve as trustees of the Plan.

CHELO'S 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

9. Non-exempt Transactions

During 2022, the Employer failed to remit participant contributions of \$16,078 and loan repayments of \$3,554 to the Plan on a timely basis as prescribed in the applicable Department of Labor Regulations 29 CFR 2510.3-102. Defined contribution plans must remit employee contributions to the Plan as soon as they can be reasonably segregated from the Employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Employer.

During 2022, the Employer remitted untimely participant contributions and loan repayments of \$19,187 due to the Plan for the year ended December 31, 2022. During 2023, the Employer remitted untimely participant contributions of \$445 due to the Plan for the year ended December 31, 2022. The Employer is currently working with its third-party administrator to calculate and remit any lost earnings associated with these late remittances.
