Independent Auditors' Report

To the Plan Administrator
Advanced Solutions International, Inc. 401(k) Retirement Plan
Austin, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Advanced Solutions International, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended, stating that the certified investment information, as described in Note 1 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Advanced Solutions International, Inc. 401(k) Retirement Plan

Summary of Significant Accounting Policies

Description of Plan

The following brief description of the Advanced Solutions International, Inc. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan available to qualifying employees of Advanced Solutions International, Inc. (the “Company”). Employees who have attained the age of 21 are eligible to participate in the Plan and are eligible to commence salary reductions the first day of the month coinciding with the date the eligibility requirements are satisfied. Each participant who is subject to the automatic deferral provisions will have compensation deferred by 3% for each payroll period, unless otherwise elected by the participant. The Plan is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”).

Investments and Investment Options

The Company selects and makes available as investment options various mutual funds and stable value common trust funds. The contributions related to these accounts are invested in accordance with directives from the individual participants in shares of registered investment companies available through the administrator as approved by the trustee. These investments are reported at the quoted market price for such mutual funds and the closing net asset value per unit for such stable value common trust funds on the last business day of the year.

The Plan provides for investments in numerous mutual funds and stable value common trust funds, which in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain mutual funds and stable value common trust funds, it is reasonably possible that changes in the values of mutual funds and stable value common trust funds will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Contributions

Participants may contribute a percentage of their annual compensation, up to the maximum allowable under the Internal Revenue Code, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make a discretionary employer matching contribution to each participant’s account equal to a uniform percentage of the participant’s salary deferrals, as determined each year by the Company. Participants not employed at the end of the Plan year will not share in the allocation, regardless of service. Total employer matching contributions, net of forfeitures, were \$397,597 and \$330,029 for the years ended December 31, 2022 and 2021, respectively. Total employee contributions receivable were \$325 and \$0 for the years ended December 31, 2022 and 2021, respectively.

Advanced Solutions International, Inc. 401(k) Retirement Plan

Summary of Significant Accounting Policies

The Plan also allows for an additional discretionary profit-sharing contribution as determined by the Company. Participants must be employed on the last day of the Plan year or be termed and have had worked more than 1,000 hours in order to be eligible to receive a profit-sharing contribution (unless employment was terminated due to death, normal or early retirement or total and permanent disability in which the employee is automatically eligible). The Company did not declare any profit-sharing contributions during the years ended December 31, 2022 and 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of the Company's contributions and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers thirty-one mutual funds, one stable value common trust fund and two interest-bearing cash accounts as investment options for participants.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and profit-sharing contributions portion of their accounts is based on continuous years of service. Participants vest 20% each year and are fully vested after five years.

Notes Receivable from Plan Participants

Participants may borrow from their accounts up to a maximum of 50% of their nonforfeitable account balance. The maximum aggregate dollar amount of loans outstanding to any participant may not exceed \$50,000, reduced by the excess of the participant's highest outstanding loan balance during the 12-month period ending on the date of the loan over the participant's current outstanding participant loan balance on the date of the loan. No loan in an amount less than \$1,000 will be granted to any participant. A participant can only have 2 loan(s) currently outstanding from the Plan. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates. Current interest rates range from 4.25% to 8%. Loan repayments are made ratably through payroll deductions over a period not to exceed five years, unless the loans were used to purchase a primary residence in which case the loan terms may exceed five years.

Payment of Benefits

Upon separation of service, due to death, disability, or retirement, a participant will receive their benefits as a lump-sum amount equal to the value of the participant's vested interest. Participants can request a distribution from the Plan of their vested interest in the Plan before termination if they satisfy financial hardship criteria. Participants will receive their benefits as a lump-sum amount equal to the value of the participant's vested interest or in periodic installments over a period of years (only with respect to minimum required distributions with a minimum distributions) or in a rollover to another eligible retirement plan.

Advanced Solutions International, Inc.

401(k) Retirement Plan

Summary of Significant Accounting Policies

The Bipartisan Budget Act (“BBA Act”) of 2018 requires participants to certify in writing or electronically that they have insufficient cash or other liquid assets available to meet the financial hardship need. Additionally, participants are not required to suspend contributions to the Plan after taking a hardship distribution or obtain loans before receiving a hardship distribution.

Forfeitures

Forfeitures are first used to restore returning participants’ (within one year after separation) employer account balance in accordance with the terms of the Plan. Remaining forfeitures are used to pay administrative expenses and to reduce future employer contributions. As of December 31, 2022 and 2021, net forfeitures totaled \$3,836 and \$44,398, respectively, which are included in the statements of net assets available for benefits, respectively. For the years ended December 31, 2022 and 2021, \$45,094 and \$0 of forfeitures were used to offset employer contributions, respectively.

Administrative Expenses

Generally, the Company pays the expenses associated with the administration of the Plan, except for certain investment management fees, and loan fees which are deducted directly from the participant’s account. For the years ended December 31, 2022 and 2021, \$99,229 and \$0 of forfeitures were used to pay administrative expenses of the Plan and is included in administrative expenses and other in the statements of the changes in net assets available for benefits.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts (which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments purchased and sold as well as held during the year.

Advanced Solutions International, Inc. 401(k) Retirement Plan

Summary of Significant Accounting Policies

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are recorded as deemed distributions on the basis of the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

1. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2022	2021
Stable value common trust fund	\$ 3,544,953	\$ 3,838,545

Net investment gain from stable value common trust fund	63,698	82,764
Net investment (loss) gain from mutual funds	(9,145,720)	2,423,908

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

2. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by T. Rowe Price Associates, Inc. T. Rowe Price Associates, Inc. is an affiliate of the trustee of the Plan and, therefore, these transactions qualify as party-in-interest.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Notes to Financial Statements

4. Fair Value Measurements

The Plan follows the provisions of Financial Accounting Standards Board Accounting Standards Codification (“FASB ASC 820”) *Fair Value Measurements*, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Advanced Solutions International, Inc.

401(k) Retirement Plan

Notes to Financial Statements

Stable value common trust fund ("Trust"): Valued at the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the trustee, is issued as a practical expedient to estimate fair value. The NAV is based on fair value of the underlying investments held by the fund less its liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

<i>December 31, 2022</i>	Level 1	Level 2	Level 3	Total

Notes to Financial Statements

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022.

<i>December 31, 2022</i>	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value common trust fund	\$ 3,289,032	N/A	Daily	12-30 months

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021.

<i>December 31, 2021</i>	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value common trust fund	\$ 3,879,172	N/A	Daily	12-30 months

5. Fully Benefit Responsive Investment Contracts

The Plan holds a portfolio of investment contracts that comprises a portfolio of synthetic investment contracts, and short-term investments. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan:

Advanced Solutions International, Inc.

401(k) Retirement Plan

Notes to Financial Statements

<i>December 31,</i>		2022		2021
Synthetic investment contracts	\$	3,435,059	\$	3,750,258
Short-term investments		109,894		88,287
Total	\$	3,544,953	\$	3,838,545

All investment contracts held by the Trust are entered into directly between the Trust and the issuer of the contract and are nontransferable. Permitted participant-initiated withdrawals refer to withdrawals from the Trust by the Plan as a result of participant transactions allowed by the Plan, such as participant withdrawals for benefits, loans, or transfers to other funds or trusts within the Plan.

The synthetic investment contracts held by the Trust include wrapper contracts that provide a guarantee that the credit rate will not fall below zero percent. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. The crediting rate is based, in part, on the relationship between the contract value and the market value of the underlying assets, as well as previously realized gains and losses on underlying assets. The crediting rate generally will reflect, over time, movements in prevailing interest rates. Crediting rates are reviewed quarterly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The existence of certain conditions can limit the Plan's ability to transact at contract value with the contract issuer. Specifically, any event outside the normal operation of the Plan that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the Trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Advanced Solutions International, Inc. 401(k) Retirement Plan

Notes to Financial Statements

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

6. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated January 31, 2006 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the Internal Revenue Service ("IRS"). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax period in progress. As of December 31, 2022, the Plan's tax years that are subject to income tax examination are 2020 through 2022.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

The Plan has evaluated subsequent events occurring after December 31, 2022, the date of the most recent statement of net assets available for benefits date, through September 20, 2023, the date the financial statements were available to be issued.

The Plan does not believe any subsequent events have occurred that would require further disclosure or adjustment to the financial statements.
