## Independent Auditor's Report

The Plan Administrator  
Commercial Contracting Corporation Employee Stock Ownership Plan  
Auburn Hills, Michigan

### Opinion

We have audited the financial statements of Commercial Contracting Corporation Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets (deficit) available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets (deficit) available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets (deficit) available for benefits of Commercial Contracting Corporation Employee Stock Ownership Plan as of December 31, 2022 and 2021, and the changes in its net assets (deficit) available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Commercial Contracting Corporation Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Correction of Error

As discussed in Note 10 to the financial statements, certain errors resulting in an understatement of amounts previously reported for investments at fair value as of December 31, 2021, were discovered by management of the Company during the current year. Accordingly, amounts reported for investments at fair value have been restated in the 2021 financial statements now presented, and an adjustment has been made to net assets (deficit) available for benefits as of December 31, 2021, to correct the error. Our opinion is not modified with respect to that matter.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Commercial Contracting Corporation Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Commercial Contracting Corporation Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Commercial Contracting Corporation Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

## **Note 1 - Description of Plan**

The following brief description of the Commercial Contracting Corporation Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### **General**

Atlantic Boulevard Holdings, Inc. (the Company) established the Plan effective as of January 1, 2021. The Plan operates, in relevant part, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (IRC), as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by an Administrator appointed by the Company which consists of the Chief Financial Officer. An independent third party is the Plan's Trustee, as appointed by the Company.

In November 2021, the Plan purchased the Company's common stock using the proceeds of a note (Note 6) and holds the common stock in a trust established under the Plan. As the Plan makes debt payments, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under IRC.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, present separately the assets and liabilities and changes therein pertaining to:

1. Accounts of employees with vested rights in allocated common stock (allocated).
2. Common stock not yet allocated to employees (unallocated).

### **Eligibility**

Employees are eligible to participate in the Plan if they have completed one year of service and are 21 years of age. A year of service for purposes of eligibility is a consecutive 12-month period during which the employee has 1,000 or more hours of service. Leased employees, interns, union members not covered by a collective bargaining agreement, and non-resident aliens are not eligible to participate in the Plan. An eligible employee who has completed 1,000 hours during the Plan year and is employed on the last day of the Plan year will share in the allocation for that Plan year.

### **Entry Date**

Employees may enter the Plan on the first day of January or July coinciding with or following the date they satisfy the Plan's eligibility requirements.

## **Contributions**

The Company is obligated to make contributions in cash or in Company stock to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Employee contributions are not permitted.

## **Voting Rights**

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

## **Put Option**

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

## **Participant Accounts**

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year, with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. A participant who terminates employment during the Plan year due to normal retirement, disability, or death shall be deemed to be an eligible participant for that Plan year. Allocations are based on a participant's eligible compensation, relative to the total eligible compensation. Plan earnings and losses are allocated to each participant's account based on the ratio of the participant's account balance.

## Vesting

Vesting is based on years of credited service as set forth in the following table:

Participant's Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are 100% vested in their account balances upon retirement, death, or disability.

## Forfeitures

At December 31, 2022 and 2021, there was no balance in the forfeited non-vested account as all forfeitures are used in the same year they are forfeited. Forfeited accounts are re-allocated to eligible participants based on a participant's eligible compensation, relative to the total eligible compensation for the Plan year. During the year ended December 31, 2022, forfeited non-vested accounts totaling \$17,721 were allocated to eligible participants.

## Payment of Benefits

Participants will receive a lump-sum amount equal to the value of their vested interest as defined in the plan document upon retirement, termination of employment, death or disability. Participants with account balances less than \$5,000 may be paid out within 180 days of the plan year end. Participants with accounts over \$5,000 may be distributed to a qualified Individual Retirement Account (IRA) as soon as administratively feasible without the consent of the Participant.

Any distributions in excess of \$1,000 will be distributed to a qualified Individual Retirement Account (IRA) as soon as administratively feasible without the consent of the Participant.

Distributions can be made in substantially equal annual installments over five years if the vested account balance is equal to or less than \$1,230,000. For vested balances over \$1,230,000 the company may extend the payment out for an additional year over the 5 years for every \$245,000 over the \$1,230,000 up to an additional 5 years.

## **Diversification**

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified.

Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the participant's last qualified election period, the percentage changes to 50 percent. The election to diversify is made subsequent to year-end based upon the shares of employer stock in the participant's account at year-end.

## **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their account. Upon termination of the Plan, the ESOP committee directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale will be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

## **Note 2 - Significant Accounting Policies and Use of Estimates**

### **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

### **Use of Estimates**

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

### **Allocations**

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

### **Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year. The Plan sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors.

The classification of investment earnings (losses) reported in the statement of changes in net assets (deficit) available for benefits may differ from the classification of earnings (losses) on Form 5500 due to different reporting requirements on Form 5500.

### **Payment of Benefits**

Benefits payments to participants are recorded when paid.

### **Expenses**

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements.

### **Subsequent Events**

The Plan sponsor has evaluated subsequent events through October 9, 2023, the date which the financial statements were available to be issued.

## Note 3 - Investments

The Plan's investments as of December 31, 2022 and 2021, are as follows:

	2022		Total
	Allocated	Unallocated	
Company Common Stock			
Number of Shares	50,000	950,000	1,000,000
Cost	\$ 4,750,000	\$ 90,250,000	\$ 95,000,000
Fair Value	2,901,500	55,128,500	58,030,000
	2021 (Restated)		Total
	Allocated	Unallocated	
Company Common Stock			
Number of Shares	25,000	975,000	1,000,000
Cost	\$ 2,375,000	\$ 92,625,000	\$ 95,000,000
Fair Value	79,250	3,090,751	3,170,001

In November 2021, the Plan purchased 1,000,000 shares of common stock for \$95,000,000.

## Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

# Commercial Contracting Corporation Employee Stock Ownership Plan

Notes to Financial Statements  
December 31, 2022 and 2021

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Common stock: The fair value of the Company common stock held in the Plan is valued at estimated fair value based upon an independent appraisal. The appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, discount rates, return on assets, return on equity, market comparables and estimated fair value of Company assets and liabilities, including certain discounts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	2022			Total
	Level 1	Level 2	Level 3	
Common Stock	\$ -	\$ -	\$ 58,030,000	\$ 58,030,000
Total investments at fair value	\$ -	\$ -	\$ 58,030,000	\$ 58,030,000
	2021			Total
	(Restated)			
	Level 1	Level 2	Level 3	Total
Common Stock	\$ -	\$ -	\$ 3,170,001	\$ 3,170,001

## Note 5 - Tax Status

The Company has filed Form 5300 Application for Determination for Employee Benefit Plan and is waiting for a final determination letter. However, the Company and Plan management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and, therefore believe the Plan is qualified and the related trust continues to be tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## Note 6 - Note Payable

In November 2021, the Plan entered into a \$95,000,000 term loan agreement with the Company. The proceeds of the loan were used to purchase Company common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 25,000 shares being released and allocated for the Plan year ended December 31, 2022.

The balance due on the note payable as of December 31, 2022 and 2021, was \$90,194,933 and \$91,818,591, respectively. The loan agreement bears interest at 1.86% and provides for the loan to mature on December 31, 2060. The scheduled amortization of the loan for the next five years and thereafter is as follows:

<u>Years Ended December 31,</u>	<u>Amount</u>
2023	\$ 1,653,858
2024	1,684,619
2025	1,715,953
2026	1,747,870
2027	1,780,380
Thereafter	81,612,253
	<u><u>\$ 90,194,933</u></u>

Interest expense paid to the Company totaled \$1,707,826 for the year ended December 31, 2022.

## **Note 7 - Related Party and Party-In-Interest Transactions**

The Plan invests in Company common stock and has indebtedness with or guaranteed by the Company. These are related party and party-in-interest transactions.

## **Note 8 - Risks and Uncertainties**

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and other such techniques. Market risks include global events which could impact the value of investments, such as a pandemic or international conflict. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets (deficit) available for benefits.

## **Note 9 - First Right of Refusal**

Company stock that has been distributed to a participant and not immediately repurchased by the Company or Trust, may be subject to a right of first refusal if so, determined by the Company. Prior to any subsequent transfer, the shares must first be offered by written offer to the Company, and then, if refused by the Company, to the Trust at fair market value as determined by an independent appraiser appointed by the Administrator.

## Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of investment income per the financial statements for the year ended December 31, 2022 to Form 5500:

Investment Income per the Financial Statements	\$ 54,860,000
Add appreciation in fair value due to 2021 restatement (Note 11)	<u>2,410,001</u>
Total investment income per the Form 5500	<u><u>\$ 57,270,001</u></u>

## Note 11 - Restatement

During 2022, the Company identified misstatements within the 2021 valuation of company common stock related to adjustments for related party transactions which increased total assets and total fair market value.

The Company restated its previously issued financial statements to appropriately reflect the December 31, 2021 investments at fair value and net assets (deficit) available for benefits. Total 2021 net decrease in the statement of changes in net assets (deficit) available for benefits increased from a deficit of \$91,058,591 to a deficit of \$88,648,590 due to this restatement.

The following is a summary of the effect of the restatement in the Company's December 31, 2021 Statement of Net Assets (Deficit) Available for Benefits:

	As Previously Reported	Adjustment	As Restated
As of December 31, 2021
