INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Elite Restaurant Management Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Elite Restaurant Management Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Elite Restaurant Management Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

DRAFT

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Elite Restaurant Management Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Elite Restaurant Management Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material

DRAFT

misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Elite Restaurant Management Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Elite Restaurant Management Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of or for

DRAFT

the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the Elite Restaurant Management Retirement Plan (the "Plan") of Omakase Restaurant Group dba Elite Restaurant Management (the "Company") provides general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan and was established on August 5, 2019 covering all eligible employees of the Company who are age 21 and older. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The following employees are excluded from the Plan:

- an employee who is included in a unit of employees covered by a collective bargaining agreement; or
- a leased employee

All salaried employees who are 21 years of age or older are eligible to contribute to the Plan. Any employee who has worked at least 1,000 hours each year and is employed on the last day of the Plan year is eligible to receive the employer's matching contributions and profit sharing contribution in an amount and allocation formula as determined by the Company in its sole discretion. Employees who are included in a unit of employees covered by a collective bargaining agreement and leased employees are not eligible to participate in the Plan. Each eligible participant will be automatically enrolled in the Plan and the minimum default pre-tax elective deferral is 2%.

b. Participant Contributions

Each year, participants may contribute pre-tax elective deferrals up to 100% of eligible compensation, as defined in the. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution was $6,500 for 2022. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Contributions are subject to certain IRS limitations, which is $20,500 for 2022.

c. Company's Contributions

The Company may at its sole discretion, make matching contributions to all eligible participants at a certain percentage of the participant's elective deferrals at the end of the plan year. In addition, the Company may also make non-safe harbor matching contributions, profit-sharing contributions, and qualified non-elective contributions to the benefit of participants determined at the discretion of the Company. For the year ended December 31, 2022, the Company made contributions of $89,387.

Note 1 - Description of Plan (continued)

d. Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of any administrative expenses that are paid by the Plan to the extent that not paid by the Company. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Rollovers

With the approval of the plan administrator, the Plan may receive any amounts received by an employee as a distribution from another qualified plan provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

f. Vesting

Participants are immediately and fully vested in their contributions and gains or losses thereon allocated to their accounts. Participants vest in the employer's discretionary matching contributions according to the following schedule:

Years of Service	Vested Percentages
Less than Two years	25%
Two Years but less than Three Years	50%
Three Years but less than Four Years	75%
Four Years or More Years	100%

Participants will be fully vested with the employer's discretionary contributions in the event of death, disability, attainment of normal retirement age or complete or partial termination of the Plan.

g. Investment Options

Participants may direct the investment of their contributions into various investment options offered by the Plan, and make changes on their investment options and allocations at any time.

Note 1 - Description of Plan (continued)

h. Forfeited Accounts

Forfeitures are created when participants terminate employment before they become 100% vested. Forfeitures can be applied to reduce the employer's matching contribution or administrative expenses payable under the Plan.

i. Notes Receivable from Participants

Participants may borrow from their accounts. Each participant may have no more than one loan outstanding at any one time. Loan fees and interest due are paid by the participants. The minimum loan amount is $1,000. The maximum loan amount cannot exceed the lesser of:

- one-half of the present value of the vested account balance; or
- $50,000 minus the highest outstanding balance of loans in the past 12 months

The maximum repayment period is generally not more than 5 years for a general purpose loan. If the loan is obtained for the purpose of purchasing a primary residence, the loan will be repaid within a period not to exceed 30 years. The loan will bear interest at the prime rate plus 1%. All loans must be secured by not more than 50% of the participant's vested account balance.

j. Deemed Distributions

The Plan treats participant loans that are in default due to a missed payment and outstanding loan balances when a terminated participant takes a distribution as deemed distributions. A loan to an active participant is considered in default on the last business day of the calendar quarter following the calendar quarter in which the loan repayment was due. In accordance with Internal Revenue Service ("IRS") regulations, a participant who repays a loan after a deemed distribution will receive tax basis credits for repayment of a loan pursuant to IRS rules.

k. Payment of Benefits

A participant may withdraw his or her vested account balance on their retirement date, or make withdrawals based on hardship, death, disability, loans, and termination of employment, as defined in the Plan agreement.

A participant who attains normal retirement age shall be entitled to payment of the balance in his or her account. A participant who remains employed after attainment of normal retirement age shall continue to participate under the same terms and conditions as applied prior to reaching normal retirement age. A participant, unless he or she is a more than 5% owner of the Company, must begin receiving distributions no later than April 1 of the calendar year following the calendar year he or she turns 70 1/2 or he or she retires.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

d. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance companies. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

e. Note Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are recorded as benefit payments based on terms of the plan document.

DRAFT

Note 2 - Summary of Significant Accounting Policies (continued)

f. Excess Contributions Payable

Accounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. In the Plan year 2022, ineligible employees who should be excluded from the Plan made contribution to the Plan. The ineligible employees had contributed a total of $19,762 into the Plan. The excess contribution of $19,762 was accrued as of December 31, 2022 and 2021; the Plan will distribute the excess contributions to the applicable participants in 2023.

g. Payment of Benefits

Benefits are recorded when paid.

h. Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation or depreciation in fair value of investments.
Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

i. Date of Management's Review of Subsequent Events

Management has evaluated subsequent events through October 3, 2023, the date at which the financial statements were available to be issued.

Note 3 - Information Prepared and Certified by Trustee

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

The Pooled Separate Accounts ("PSA") are investments represented by a unit of account whose per unit value is the result of the accumulated values of the underlying investments. The underlying investments are public investment vehicles valued using the net asset value (NAV). The NAV is based upon the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The plan has concluded that the NAVs reported by investment companies approximate the fair value of the investments. There are currently no redemption restrictions or unfunded commitments on those investments.

Note 4 - Fair Value Measurements (continued)

The following table lists the fair value of investment assets as of December 31, 2022 and 2021:

	2022	2021
Pooled separate accounts measured at net asset value	$ 511,784	$ 247,402
Investments at fair value	$ 511,784	$ 247,402

Note 5 - Tax Status of the Plan

The Plan was adopted as a prototype plan, which received a determination letter from the Internal Revenue Service stating that the Plan, as then designed, complied with the applicable requirements of the Internal Revenue Code. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position is more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

For the year 2022, the Plan Custodian was not able to perform the compliance testing for the Plan due to the Plan not providing with a completed census.

DRAFT

Note 6 - Party-in-Interest Transactions

Certain Plan investments are managed by John Hancock Life Insurance Company. John Hancock Company is the plan asset trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Sponsor Company pays directly for other expenses related to the Plan’s operation.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated asset of the Plan should be allocated to the participant account and distributed in such a manner as the Company may determine.

Note 8 - Plan Suspension and Reinstatement

The Company had suspended the 401K Retirement Plan contributions on August 1, 2020, because the Company did not have the infrastructure to maintain and administer the Plan at that time. The plan was reinstated on September 1, 2021.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for plan benefits as reported in the accompanying financial statements at December 31, 2022, and 2021, to the Form 5500:

	2022	2021
